

PLATFORM HG FINANCING PLC

(Incorporated in England and Wales with limited liability under the Companies Act 2006, registered number 12743517)

£350,000,000 1.625 per cent. Secured Bonds due 2055

Issue Price: 97.872 per cent.

The £350,000,000 1.625 per cent. Secured Bonds due 2055 (the **Bonds**) are issued by Platform HG Financing plc (the **Issuer**).

Application has been made to the London Stock Exchange plc (the **London Stock Exchange**) for the Bonds to be admitted to the London Stock Exchange's International Securities Market (the **ISM**). The ISM is not a regulated market for the purposes of Directive 2014/65/EU (as amended or superseded, **MiFID II**).

The ISM is a market designated for professional investors. Bonds admitted to trading on the ISM are not admitted to the Official List of the Financial Conduct Authority. The London Stock Exchange has not approved or verified the contents of these Admission Particulars.

References in these Admission Particulars to the Bonds being **admitted to trading** (and all related references) shall mean that the Bonds have been admitted to trading on the ISM, so far as the context permits.

An investment in the Bonds involves certain risks. For a discussion of these risks see "Risk Factors".

Subject as set out below, the net proceeds from the issue of the Bonds or, in the case of £50,000,000 in principal amount of the Bonds (the **Retained Bonds**) which will be immediately purchased by the Issuer on the Issue Date (as defined below), the net proceeds of the sale of the Bonds to a third party, will be advanced by the Issuer to Platform Housing Limited (the **Original Borrower**) pursuant to a bond loan agreement between the Original Borrower and the Issuer to be dated on or around the Issue Date (the **Original Loan Agreement**) to be applied in accordance with the Original Borrower's constitutional documents.

The Initial Commitment (as defined below) may be drawn in one or more drawings, each in a principal amount up to an amount which corresponds to the sum of the Minimum Value of the Apportioned Properties multiplied by the Issuer's Security Percentage (each as defined below), less the principal amount of all previous drawings in respect of the Initial Commitment. For so long as insufficient security has been granted (or procured to be granted) by the Original Borrower in favour of the Security Trustee, for the benefit of the Issuer, to permit the drawing of the Initial Commitment in full or the Original Borrower has not otherwise drawn any part of the Initial Commitment, the amount of the Initial Commitment that remains undrawn shall be retained in a charged account (the **Initial Cash Security Account**) of the Issuer in accordance with the terms of the Account Agreement (as defined below) (and may be invested in Permitted Investments (as defined below)) (the **Retained Proceeds**). For the avoidance of doubt, in the event that the Original Borrower has not drawn any part of the Initial Commitment on the Issue Date, the Retained Proceeds at that date shall be the entire amount of the Initial Commitment (less any amount which is to be funded by a sale of Retained Bonds). Any Retained Proceeds (and any net sale proceeds from a sale by the Issuer of Retained Bonds (less any Retained Bond Premium Amount (as defined below)) and any net issue proceeds from a further issue of Bonds pursuant to Condition 19 (*Further issues*)) shall be advanced to the Original Borrower and/or any other charitable (or exempt charitable) Registered Providers of Social Housing of the Group (each as defined below) that have acceded to the Security Trust Deed (as defined below) as a borrower in accordance with the terms thereof (together, the **Additional Borrowers** and, each, an **Additional Borrower** and, together with the Original Borrower, the **Borrowers** and, each, a **Borrower**) at a later date pursuant to the Original Loan Agreement or an additional bond loan agreement between an Additional Borrower and the Issuer (each, an **Additional Loan Agreement** and, together with the Original Loan Agreement, the **Loan Agreements** and, each, a **Loan Agreement**), as applicable, to the extent that Properties of a corresponding value have been charged in favour of the Security Trustee, and allocated for the benefit of the Issuer, and, if applicable, subject to the sale by the Issuer of Retained Bonds and/or the issue by the Issuer of further Bonds.

Interest on the Bonds is payable semi-annually in arrear in equal instalments on 10 February and 10 August in each year at the rate of 1.625 per cent. per annum, commencing on 10 February 2021, as described in Condition 7 (*Interest*). Payments of principal of, and interest on, the Bonds will be made without withholding or deduction on account of United Kingdom taxes unless required by law. In the event that any such withholding or deduction is so required, the Issuer may opt to gross up payments due to the Bondholders in respect thereof as described in Condition 10 (*Taxation*).

The Bonds may be redeemed at any time upon the prepayment by a Borrower of its loan (each, a **Loan**) in whole or in part in accordance with the terms of its Loan Agreement at the higher of their principal amount and an amount calculated by reference to the sum of (i) the yield on the relevant outstanding United Kingdom Government benchmark gilt having the nearest maturity date to that of the Bonds and (ii) 0.20 per cent., together with accrued interest. The Bonds will also be redeemed at their principal amount, plus accrued interest, (a) in an aggregate principal amount equal to the principal amount of the relevant Loan in the event of a mandatory prepayment of a Loan following the relevant Borrower ceasing to be a Registered Provider of Social Housing

(other than if such Borrower regains its status as a Registered Provider of Social Housing within 180 days), or a Loan becoming repayable as a result of a Borrower Default (as defined in each Loan Agreement) or (b) in full in the event of any withholding or deduction on account of United Kingdom taxes being required and the Issuer not opting to pay (or having so opted to pay having notified the Bond Trustee (as defined below) of its intention to cease to pay) additional amounts in respect of such withholding or deduction.

Unless previously redeemed, or purchased and cancelled, the Bonds will be redeemed at their principal amount on 10 August 2055 (the **Maturity Date**).

The Group has been assigned a credit rating of "A+", and it is expected that the Bonds will also be rated "A+", by S&P Global Ratings Europe Limited (**S&P**). As of the date of these Admission Particulars, S&P is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**). As such, S&P is included in the list of credit rating agencies published by the European Securities and Markets Authority (**ESMA**) on its website (at <https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension, reduction or withdrawal at any time by the assigning rating agency.

The Bonds will be issued in denominations of £100,000 and integral multiples of £1,000 in excess thereof.

The Bonds will initially be represented by a temporary global bond (the **Temporary Global Bond**), without interest coupons, which will be deposited on or about 10 August 2020 (the **Issue Date**) with a common safekeeper for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**). Interests in the Temporary Global Bond will be exchangeable for interests in a permanent global bond (the **Permanent Global Bond** and, together with the Temporary Global Bond, the **Global Bonds**), without interest coupons, on or after 19 September 2020 (the **Exchange Date**), upon certification as to non-U.S. beneficial ownership. Interests in the Permanent Global Bond will be exchangeable for definitive Bonds only in certain limited circumstances. See "*Form of the Bonds and Summary of Provisions relating to the Bonds while in Global Form*".

The date of these Admission Particulars is 6 August 2020.

These Admission Particulars comprise admission particulars in respect of the Bonds in accordance with the ISM Rulebook.

The Issuer accepts responsibility for the information contained in these Admission Particulars. Having taken all reasonable care to ensure that such is the case, the information contained in these Admission Particulars is, to the best of the knowledge of the Issuer, in accordance with the facts and contains no omission likely to affect its import.

The Original Borrower accepts responsibility for the information contained in these Admission Particulars relating to it and the security created and to be created by it including, without limitation:

- (a) the information under the heading "*Factors which may affect the Borrowers' ability to fulfil their obligations under the Loan Agreements*" in the section headed "*Risk Factors*";
- (b) the information contained in the sections headed "*Description of the Group and the Original Borrower*" and "*Description of the Regulation and Funding Environment applicable to the Borrowers*";
- (c) the financial statements referred to in the section headed "*Financial Statements*";
- (d) the information relating to the security created (and to be created) pursuant to the Legal Mortgages (as defined below) *under the heading "Underlying Security" in the section headed "Overview"*, under the heading "*Considerations relating to the Issuer Security and the Underlying Security*" in the section headed "*Risk Factors*" and contained in the section headed "*Description of the Legal Mortgages and the Security Trust Deed*"; and
- (e) the information relating to it under the headings "*Significant Change*", "*Material Change*" and "*Litigation*" in the section headed "*General Information*".

Having taken all reasonable care to ensure that such is the case, such information and financial statements are, to the best of the knowledge of the Original Borrower, in accordance with the facts and contain no omission likely to affect their import.

The figures and information referred to under the heading "*Operational Profile*" in the section headed "*Description of the Group and the Original Borrower*" were obtained from Statista. The Issuer and the Original Borrower each confirms that such figures and information have been accurately reproduced and that, as far as the Issuer and the Original Borrower are aware and are able to ascertain from information published by Statista, no facts have been omitted which would render the reproduced figures or information inaccurate or misleading.

Savills Advisory Services Limited (the *Valuer*) accepts responsibility for the information contained in the section headed "*Valuation Report*". Having taken all reasonable care to ensure that such is the case, such information is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import. With the exception of the information contained in the section headed "*Valuation Report*", the Valuer does not accept any liability in relation to the information contained in these Admission Particulars or any other information provided by the Issuer in connection with the issue of the Bonds. The Valuation Report refers to the position at the date stipulated therein (being the date of these Admission Particulars), and the Valuer is not obliged to take any action after the date of these Admission Particulars to review or to update the Valuation Report. To the extent that the Issuer has summarised or included any part of the Valuation Report in these Admission Particulars, such summaries or extracts should be considered in conjunction with the entire Valuation Report.

The figures referred to in the Valuation Report in the sections entitled "*Market Commentary*" and "*Valuation Advice*" were obtained from HM Land Registry, Social Housing and the Ministry of Housing, Communities and Local Government. The Issuer confirms that such figures have been accurately reproduced and that, as far as the Issuer is aware and is able to ascertain from information published by HM Land Registry, Social Housing and Ministry of Housing, Communities and Local Government, no facts have been omitted which would render the reproduced figures inaccurate or misleading.

None of the Joint Bookrunners, the Bond Trustee and the Security Trustee has independently verified (a) the information contained herein or (b) any matter which is the subject of any statement, representation, warranty or covenant of the Issuer or Original Borrower contained in the Bonds or any of the Transaction Documents (as defined below). Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Joint Bookrunners, the Bond Trustee or the Security Trustee as to (i) the accuracy, adequacy or completeness of the information contained in these Admission Particulars or any other information provided by the Issuer, the Original Borrower or any other person in connection with the offering of the Bonds or (ii) the execution, legality, effectiveness, genuineness, validity, enforceability or admissibility in evidence of the Bonds, the Issuer Security, the Underlying Security or any Transaction Document. None of the Joint Bookrunners, the Bond Trustee and the Security Trustee or any of their respective affiliates accepts any liability in relation to the information contained in these Admission Particulars or any other information provided by the Issuer, the Original Borrower or any other person in connection with the offering of the Bonds.

No person is or has been authorised by the Issuer, the Joint Bookrunners, the Bond Trustee or the Security Trustee or any of their respective affiliates to give any information or to make any representation not contained in or not consistent with these Admission Particulars or any other information supplied in connection with the offering of the Bonds and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Joint Bookrunners, the Bond Trustee or the Security Trustee.

To the fullest extent permitted by law, none of the Joint Bookrunners, the Bond Trustee and the Security Trustee or any of their respective affiliates accepts any responsibility for the contents of these Admission Particulars or for any other statement made or purported to be made by it or on its behalf in connection with the Issuer, the Original Borrower or the issue and offering of the Bonds. Each of the Joint Bookrunners, the Bond Trustee and the Security Trustee accordingly disclaims all and any liability whether arising in tort or contract or otherwise which it might otherwise have in respect of these Admission Particulars or any such statement.

Neither these Admission Particulars nor any other information supplied in connection with the Bonds (a) is intended to provide the basis of any credit or other evaluation, (b) should be considered as a recommendation by the Issuer, the Original Borrower, the Joint Bookrunners, the Bond Trustee or the Security Trustee that any recipient of these Admission Particulars or any other information supplied in connection with the Bonds should purchase any Bonds or (c) should be construed as legal, business, tax or other advice. Each investor contemplating purchasing any Bonds should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and the Original Borrower. In addition, each investor contemplating purchasing any Bonds should consult its own advisors as to the legal, tax, business, financial, regulatory and other aspects of an investment in the Bonds.

Neither these Admission Particulars nor any other information supplied in connection with the offering of the Bonds constitutes an offer or invitation by or on behalf of the Issuer, the Original

Borrower, the Joint Bookrunners, the Bond Trustee or the Security Trustee to any person to subscribe for or to purchase the Bonds.

Neither the delivery of these Admission Particulars nor the offering, sale or delivery of the Bonds shall in any circumstances imply that the information contained herein concerning the Issuer or the Original Borrower is correct at any time subsequent to the date hereof or that any other information supplied in connection with the offering of the Bonds is correct as of any time subsequent to the date indicated in the document containing the same. The Joint Bookrunners, the Bond Trustee and the Security Trustee expressly do not undertake to review the financial condition or affairs of the Issuer, the Borrowers or any Eligible Group Member (as defined below) during the life of the Bonds or to advise any investor in the Bonds of any information coming to their attention.

The Bonds have not been and will not be registered under the U.S. Securities Act of 1933, as amended, (the *Securities Act*) or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons as defined in Regulation S under the Securities Act unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction.

These Admission Particulars do not constitute an offer to sell or the solicitation of an offer to buy any Bonds in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of these Admission Particulars and the offer or sale of Bonds may be restricted by law in certain jurisdictions. The Issuer, the Original Borrower, the Joint Bookrunners, the Bond Trustee and the Security Trustee do not represent that these Admission Particulars may be lawfully distributed, or that the Bonds may be lawfully offered or sold, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Original Borrower, the Joint Bookrunners, the Bond Trustee or the Security Trustee or any of their respective affiliates which is intended to permit a public offering of the Bonds or the distribution of these Admission Particulars in any jurisdiction where action for that purpose is required. Accordingly, no Bonds may be offered or sold, directly or indirectly, and neither these Admission Particulars nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession these Admission Particulars or any Bonds may come must inform themselves about, and observe, any such restrictions on the distribution of these Admission Particulars and the offering and sale of Bonds. In particular, there are restrictions on the distribution of these Admission Particulars and the offer or sale of Bonds in the United States, the United Kingdom and the European Economic Area (see "*Subscription and Sale*").

PRESENTATION OF FINANCIAL AND OTHER INFORMATION

Presentation of Financial Information

Unless otherwise indicated, the financial information in these Admission Particulars has been derived from the Financial Statements (as defined below).

The Issuer's and the Original Borrower's financial year ends on 31 March, and references in these Admission Particulars to any specific year are to the 12-month period ended on 31 March of such year. The Financial Statements have been prepared and audited in accordance with FRS 102 the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland, the Statement of

Recommended Practice, "Accounting by registered social housing providers" 2014 and the Accounting Direction for Private Registered Providers of Social Housing 2019 (together, the **Original Borrower Accounting Standards**).

Certain Defined Terms and Conventions

Capitalised terms which are used but not otherwise defined in any particular section of these Admission Particulars will have the meanings attributed to them in the section headed "*Conditions of the Bonds*" or any other section of these Admission Particulars. In addition, all references in these Admission Particulars to **Sterling** and **£** refer to pounds sterling and all references to a **billion** refer to a thousand million.

Certain figures and percentages included in these Admission Particulars have been subject to rounding adjustments; accordingly, figures shown in the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

SUITABILITY OF INVESTMENT

The Bonds may not be a suitable investment for all investors. Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained in these Admission Particulars;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact the Bonds will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Bonds and is familiar with the behaviour of financial markets;
- (v) is able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (vi) understands the accounting, legal, regulatory and tax implications of a purchase, holding and disposal of an interest in the Bonds.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review and regulation by certain authorities. Each potential investor should consult its legal and/or other advisers to determine whether and to what extent (a) Bonds are legal investments for it, (b) Bonds can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Bonds under any risk-based capital or similar rules.

IN CONNECTION WITH THE ISSUE OF THE BONDS, NATWEST MARKETS PLC AS STABILISATION MANAGER (THE *STABILISATION MANAGER*) (OR PERSONS ACTING ON BEHALF OF THE STABILISATION MANAGER) MAY OVER-ALLOT BONDS OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE BONDS AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION ACTION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE BONDS IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE BONDS AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE BONDS. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE STABILISATION MANAGER (OR PERSONS ACTING ON BEHALF OF THE STABILISATION MANAGER) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPs ONLY TARGET MARKET – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Bonds has led to the conclusion that: (a) the target market of the Bonds is eligible counterparties and professional clients only, each as defined in MiFID II; and (b) all channels for the distribution of the Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Bonds (a *distributor*) should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the *EEA*) or in the United Kingdom) (the *UK*). For these purposes, a *retail investor* means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the *Insurance Distribution Directive*), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the *PRIPs Regulation*) for offering or selling the Bonds or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Bonds or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIPs Regulation.

OVERVIEW

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of these Admission Particulars.

This overview must be read as an introduction to these Admission Particulars and any decision to invest in the Bonds should be based on a consideration of these Admission Particulars as a whole.

Words and expressions defined in "*Form of the Bonds and Summary of Provisions relating to the Bonds while in Global Form*", "*Conditions of the Bonds*" and "*Description of the Loan Agreements*" shall have the same meanings in this overview.

Issuer:	Platform HG Financing plc Legal Entity Identifier (LEI): 213800UCFCI3SEDD1530
Description of the Bonds:	£350,000,000 1.625 per cent. Secured Bonds due 2055 (the Bonds) to be issued by the Issuer on 10 August 2020 (the Issue Date). £50,000,000 in principal amount of the Bonds will be immediately purchased by or on behalf of the Issuer on the Issue Date (the Retained Bonds).
Status of the Bonds:	The Bonds and the Coupons will constitute direct, secured, unsubordinated obligations of the Issuer and will rank <i>pari passu</i> among themselves.
Use of Proceeds:	The net proceeds of the issue of the Bonds or, in the case of the Retained Bonds, the net proceeds of the sale of the Bonds to a third party (after deduction of expenses payable by the Issuer), will be applied by the Issuer to provide finance for the Original Borrower or (to the extent that the Original Borrower has reduced its Initial Commitment) to an Additional Borrower. Subject as described in " <i>Initial Cash Security Account</i> " below, the Issuer will lend such proceeds to the Original Borrower and/or one or more Additional Borrowers pursuant to the relevant Loan Agreement to be applied in accordance with such Borrower's constitutional documents. The Issuer may from time to time invest the funds held in the Initial Cash Security Account and the Ongoing Cash Security Account in Permitted Investments (as defined below) until such time as such funds are on-lent, or returned, to a Borrower pursuant to the relevant Loan Agreement.
Issue Price:	97.872 per cent.
Form of Bonds:	The Bonds will be issued in bearer form as described in " <i>Form of the Bonds and Summary of Provisions relating to the Bonds while in Global Form</i> ".

- Interest:** The Bonds will bear interest at a fixed rate of 1.625 per cent. per annum payable semi-annually in arrear in equal instalments on 10 February and 10 August of each year, commencing on 10 February 2021. Interest will accrue from (and including) the Issue Date to (but excluding) 10 August 2055 (the **Maturity Date**), subject to adjustment in accordance with Condition 8.5 (*Payment Day*) (each, an **Interest Payment Date**).
- Final Redemption:** Unless previously redeemed or purchased and cancelled in accordance with Condition 9 (*Redemption and Purchase*), the Bonds will be redeemed at their principal amount on the Maturity Date.
- Early Redemption:** Subject as described in "*Mandatory Early Redemption*" below, the Bonds may be redeemed in whole or in part at any time prior to the Maturity Date upon the optional prepayment by a Borrower of its Loan or a part thereof in accordance with the terms of the relevant Loan Agreement at the higher of their principal amount and an amount calculated by reference to the sum of:
- (a) the yield on the relevant outstanding UK Government benchmark conventional gilt having the nearest maturity date to that of the Bonds; and
 - (b) 0.20 per cent..
- Early Redemption for Tax Reasons:** The Issuer shall redeem the Bonds in whole, but not in part, at their principal amount, together with any interest accrued, if, as a result of any actual or proposed change in tax law, the Issuer determines that it would be required to make a withholding or deduction on account of tax in respect of payments to be made by it in respect of the Bonds and the Issuer does not opt to pay additional amounts pursuant to Condition 10.2 (*No obligation to pay additional amounts*) or, having so opted, notifies the Bond Trustee of its intention to cease paying such additional amounts.
- Mandatory Early Redemption:** The Bonds shall be redeemed at their principal amount, plus accrued interest, in an aggregate principal amount equal to the principal amount of the relevant Loan, upon the mandatory prepayment of a Loan following the relevant Borrower ceasing to be a Registered Provider of Social Housing (other than if such Borrower regains its status as a Registered Provider of Social Housing within 180 days).
- In addition, if a Loan becomes repayable as a result of a Borrower Default, the Bonds shall be redeemed at their principal amount, plus accrued interest, in an aggregate principal amount equal to the principal amount of the relevant Loan.
- A **Borrower Default** includes non-payment, breach of other obligations, cross-acceleration, winding-up, cessation of business, insolvency, unlawfulness and breach of the asset cover ratio, in each case as set out in Clause 14 (*Borrower Default*) of

the Original Loan Agreement (or as will be set out in the corresponding clause of each Additional Loan Agreement) and described further in "*Description of the Loan Agreements*".

Purchase:

The Retained Bonds will be immediately purchased by the Issuer on the Issue Date.

Any Borrower and any other member of the Group (other than the Issuer) may at any time purchase Bonds in the open market or otherwise at any price. Any Bonds so purchased by any Borrower or other member of the Group may be surrendered to the Issuer for cancellation in consideration for an amount equal to the principal amount of the Bonds being surrendered being deemed to be prepaid under the relevant Loan Agreement or, to the extent that the relevant Loan is not then outstanding, an amount of the Undrawn Commitment (as defined below) in respect of such Loan Agreement equal to the Outstanding Balance of the Bonds surrendered being deemed to be cancelled.

For so long as any Bonds are held by or on behalf of or for the benefit of the Issuer (including, for the avoidance of doubt, the Retained Bonds for so long as they are held by or on behalf of the Issuer), a Borrower or any other member of the Group, in each case as beneficial owner, such Bonds shall (unless and until ceasing to be so held) be deemed not to be outstanding for the purpose of, *inter alia*, voting in accordance with the Bond Trust Deed.

Retained Bonds:

Pursuant to the terms of the Retained Bond Custody Agreement, the Retained Bond Custodian will hold the Retained Bonds on the Issuer's behalf (see "*Account Agreement, Custody Agreement and Retained Bond Custody Agreement*" below), and the Issuer has instructed the Retained Bond Custodian to waive its rights to receive payments (of interest, principal or otherwise) on the Retained Bonds for so long as the Retained Bonds are held on the Issuer's behalf. Such waiver may not be revoked without the consent of the Bond Trustee.

Pursuant to the Bond Trust Deed, the Issuer has covenanted with the Bond Trustee that it will, immediately prior to a sale of any Retained Bonds by the Issuer, deliver to the Bond Trustee a certificate in writing signed by two directors of the Issuer addressed to the Bond Trustee confirming that, immediately following the sale of such Retained Bonds, the Borrowers will be in compliance with the Asset Cover Test. For the purpose of giving such confirmation, the Issuer will require the Borrowers to deliver a Retained Bond Compliance Certificate pursuant to the Loan Agreement, as described further in "*Description of the Loan Agreement*".

The Retained Bonds may only be held on the Issuer's behalf until the date falling five years after the Issue Date, and the Issuer must therefore sell the Retained Bonds within that three-year period, or

else any Retained Bonds that have not been so sold will be cancelled in accordance with Condition 9.9 (*Cancellation of purchased or redeemed Bonds*).

Events of Default:

Following an Event of Default, the Bond Trustee may, and if so requested by the holders of at least one-fourth in principal amount of the Bonds then outstanding shall (subject to it being secured and/or indemnified and/or pre-funded to its satisfaction and, upon certain events, the Bond Trustee having certified to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Bondholders), give notice to the Issuer and the Bonds shall become immediately due and repayable.

The Events of Default include, *inter alia*, non-payment of any principal and interest due in respect of the Bonds, failure of the Issuer to perform or observe any of its other obligations under the Conditions and the Bond Trust Deed, insolvency, unlawfulness and acceleration, or non-payment, in respect of other indebtedness in an aggregate amount equal to or in excess of £15,000,000 (or its equivalent).

Upon the Bonds becoming repayable prior to the Maturity Date (other than as a result of a prepayment or termination of any Loan Agreement), each Borrower is required to prepay its Loan in full together with accrued interest and commitment fee to and including the date of redemption. Each Borrower is also required to pay to the Issuer, within three Business Days of demand, its *pro rata* share of the Issuer's reasonable costs, expenses and liabilities throughout the life of the Bonds.

Issuer Security:

The Issuer's obligations in respect of the Bonds are secured pursuant to the Bond Trust Deed in favour of the Bond Trustee for the benefit of itself and the Bondholders and the other Secured Parties by the following (the **Issuer Security**):

- (a) an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Agreements, the Legal Mortgages, the Security Trust Deed, the Agency Agreement, the Account Agreement and the Custody Agreement, in each case to the extent that they relate to the Bonds;
- (b) a charge by way of first fixed charge over all moneys and/or securities from time to time standing to the credit of the Transaction Account, the Ongoing Cash Security Account, the Initial Cash Security Account and the Custody Account and all debts represented thereby; and
- (c) a charge by way of first fixed charge over all sums held from time to time by the Paying Agents for the payment of principal or interest in respect of the Bonds.

Initial Cash Security Account: For so long as insufficient security has been granted (or procured to be granted) by the Original Borrower in favour of the Security Trustee, and allocated for the benefit of the Issuer, to permit the drawing of the Initial Commitment in full or the Original Borrower has not otherwise drawn any part of the Initial Commitment, the amount of the Initial Commitment that remains undrawn (in respect of each Commitment, the **Undrawn Commitment**) shall (subject, in the case of any portion of the Original Commitment which is to be funded by a sale of Retained Bonds, to receipt by the Issuer of the net sale proceeds thereof) be retained in a charged account (the **Initial Cash Security Account**) of the Issuer (and may be invested in Permitted Investments) in accordance with the terms of the Account Agreement and the Custody Agreement (the **Retained Proceeds**).

For the avoidance of doubt, in the event that the Original Borrower has not drawn any part of the Initial Commitment on the Issue Date, the Retained Proceeds at that date shall be the entire amount of the Initial Commitment (less any amount which is to be funded by a sale of Retained Bonds). Any Retained Proceeds shall be advanced to one or more Borrowers at a later date pursuant to the relevant Loan Agreement(s) to the extent that Properties of a corresponding value have been charged in favour of the Security Trustee, and allocated for the benefit of the Issuer, and, if applicable, subject to the sale by the Issuer of Retained Bonds.

Funds standing to the credit of the Initial Cash Security Account may:

- (a) be held on deposit, in which case it shall accrue interest at the positive, negative or zero rate set by the Account Bank (as defined below) pursuant to the Account Agreement; or
- (b) be invested in Permitted Investments in accordance with the Custody Agreement.

See "*Permitted Investments*" below.

Pursuant to the Loan Agreements, each Borrower shall pay to the Issuer a commitment fee in respect of its Undrawn Commitment on each Loan Payment Date in an amount equal to its *pro rata* share of:

- (a) the aggregate of the interest payable by the Issuer under the Bonds on the following Interest Payment Date less:
- (b)
 - (i) the aggregate of the interest received from the Borrowers under the Loan Agreements on such Loan Payment Date; and

- (ii) the interest otherwise received by the Issuer in respect of the Retained Proceeds during the relevant Loan Interest Period (including, but not limited to, any income received by the Issuer in respect of any Permitted Investments in which any Retained Proceeds are, for the time being, invested).

See "*Description of the Loan Agreements*" below.

Ongoing Cash Security Account:

Pursuant to the Loan Agreements, each Borrower is (or will be) required to procure that the specified asset cover ratio is maintained (see "*Description of the Loan Agreements*" below). In the event that the value of the Apportioned Property multiplied by the Issuer's Security Percentage is insufficient to maintain the relevant asset cover ratio, the Borrowers may deposit (or procure the deposit of) moneys into the Ongoing Cash Security Account. Such moneys will be charged in favour of the Bond Trustee pursuant to the terms of the Bond Trust Deed.

Funds standing to the credit of the Ongoing Cash Security Account may:

- (a) be held on deposit, in which case they shall accrue interest at the positive, negative or zero rate set by the Account Bank pursuant to the Account Agreement; or
- (b) be invested in Permitted Investments in accordance with the Custody Agreement.

See "*Permitted Investments*" below.

Moneys standing to the credit of the Ongoing Cash Security Account may be withdrawn:

- (i) to be applied in the acquisition of Property to be charged in favour of the Security Trustee, and allocated for the benefit of the Issuer; or
- (ii) otherwise, to the extent that the specified asset cover ratio would not be breached immediately after such withdrawal,

and, in any event, if no Borrower Default or Potential Borrower Default has occurred and is continuing.

Permitted Investments:

Permitted Investments shall consist of:

- (a) direct obligations of the United Kingdom or of any agency or instrumentality of the United Kingdom which are guaranteed by the United Kingdom;
- (b) demand and time deposits in, certificates of deposit of and bankers' acceptances issued by any depositary

institution or trust company with a maturity of no more than 360 days subject to, *inter alia*, such issuer's debt obligations having:

- (i) any two of the following long term debt credit ratings: (A) not less than "AA" from S&P, (B) not less than "Aa2" from Moody's Investors Service Limited (**Moody's**) and (C) not less than "AA" from Fitch Ratings Ltd (**Fitch**) or (in each case), if lower, the UK sovereign rating (together, the **Permitted Investments Minimum Long-Term Rating**); or
- (ii) any two of the following short term debt or issuer (as applicable) credit ratings: (A) not less than "A-1" from S&P, (B) not less than "P-1" from Moody's and (C) not less than "F1" from Fitch or (in each case), if lower, the UK sovereign rating (together, the **Permitted Investments Minimum Short-Term Rating**);
- (c) securities bearing interest or sold at a discount to the face amount thereof issued by any corporation that has a credit rating of not less than the Permitted Investments Minimum Long-Term Rating;
- (d) commercial paper or other short-term obligations which, *inter alia*, have a credit rating of not less than the Permitted Investments Minimum Short-Term Rating;
- (e) triple-A rated off-shore money market funds; and
- (f) any other investments similar to (a) to (e) above, in respect of which confirmation has been received by each rating agency which has assigned a solicited rating to the Bonds at the relevant time as to its inclusion as a Permitted Investment and which has, in the case of an investment with a maturity of longer than 360 days, a long-term credit rating of not less than the Permitted Investments Minimum Long-Term Rating or, in the case of an investment with a maturity of 360 days or less, a short-term credit rating of not less than the Permitted Investments Minimum Short-Term Rating,

provided that, in the case of (a) to (d) (and (f) insofar as it relates to the investments described in (a) to (d)) above, such investment shall be an investment which is an obligation of the United Kingdom or a company incorporated in the United Kingdom, and (i) in all cases, such investment shall be an investment which is denominated in Sterling and (ii) in all cases other than where a Permitted Investment is the Benchmark Gilt (as defined in

Condition 9.2 (*Early Redemption*) such investment shall have a maturity which is no later than the Maturity Date.

In the event that any Permitted Investments are sold to fund a drawing by a Borrower pursuant to a Loan Agreement and such sale results in a loss realised by the Issuer, such drawing to be made by the Issuer to such Borrower pursuant to such Loan Agreement shall be advanced at a discount in an amount equal to the Actual Advance Amount (as defined in each Loan Agreement).

In the event that any Permitted Investments are sold to fund an advance to a Borrower pursuant to a Loan Agreement and such sale results in a gain realised by the Issuer (such gain, the **Permitted Investment Profit**), the Issuer shall advance monies to such Borrower in an amount equal to the Actual Advance Amount and may (at its discretion) make a Gift Aid Payment to a charitable member of the Group which is connected with the Group Parent (the Issuer being its wholly owned subsidiary) for the purposes of section 939G of the Corporation Tax Act 2010 (a **Charitable Group Member**) in an amount equal to the Permitted Investment Profit.

Immediately prior to the end of each accounting period, to the extent that the Issuer would otherwise be required to recognise a profit for tax purposes in respect of its Permitted Investments and/or Retained Bonds as a result of the movement in the fair value recognised in its accounts of such Permitted Investments and/or Retained Bonds for that accounting period, the Issuer shall sell Permitted Investments in an aggregate amount equal to the amount required to offset or discharge any corporation tax liability (either by the payment of such corporation tax liability or by making a Gift Aid Payment to a Charitable Group Member) in respect of the Accounting Profit and may (at its discretion), in the same accounting period or such later period permitted under section 199 of the Corporation Tax Act 2010, make a Gift Aid Payment to any Charitable Group Member in an amount equal to the Accounting Profit.

The Issuer's right to make a Gift Aid Payment exists to the extent that there are distributable reserves available for such purpose in the Issuer and, prior to taking into account the Gift Aid Payment, the Issuer has taxable profits for corporation tax purposes in the accounting period in which the Gift Aid Payment is or would but for the above otherwise be made or treated as made by section 199 of the Corporation Tax Act 2010.

See "*Description of the Loan Agreements – Facility*".

Account Agreement, Custody Agreement and Retained Bond Custody Agreement:

The Issuer has appointed HSBC Bank plc as its account bank (the **Account Bank**), its custodian in respect of its Permitted Investments (the **Custodian**) and its custodian in respect of the Retained Bonds (the **Retained Bond Custodian**) pursuant to the

Account Agreement, the Custody Agreement and the Retained Bond Custody Agreement, respectively.

Pursuant to the Account Agreement, the Account Bank shall maintain three accounts for the Issuer in respect of the Bonds: the Transaction Account, the Initial Cash Security Account and the Ongoing Cash Security Account. Pursuant to the Account Agreement and the Bond Trust Deed, the Issuer has entered into certain covenants in respect of the monies which may be credited to and debited from each Account.

Pursuant to the Custody Agreement, the Custodian shall, subject to receipt of such documents as it may require, open the Custody Account (consisting of the Initial Cash Security Custody Sub-Account, the Ongoing Cash Security Custody Sub-Account, the Initial Cash Security Cash Sub-Account and the Ongoing Cash Security Cash Sub-Account). The Issuer has authorised the Custodian to make payments and delivery out of the Custody Account only for the purpose of any acquisition or sale of Permitted Investments or as set out therein.

Pursuant to the Retained Bond Custody Agreement, the Retained Bond Custodian shall, subject to receipt of such documents as it may require, open the Retained Bond Custody Account (consisting of the Retained Bond Custody Sub-Account and the Retained Bond Cash Sub-Account). The Retained Bond Custodian has agreed not to effect a transfer of any Retained Bonds except with the prior written consent of the Bond Trustee, and the Issuer has authorised the Retained Bond Custodian to make other payments and delivery out of the Retained Bond Custody Account only as set out therein.

See "*Description of the Account Agreement, the Custody Agreement and the Retained Bond Custody Agreement*" below.

Guarantee and Indemnity:

Pursuant to the Loan Agreements, the Original Borrower has (and each Additional Borrower will have) irrevocably and unconditionally:

- (a) guaranteed to the Issuer the punctual performance by each other Borrower of all such Borrowers' obligations under, *inter alia*, their respective Loan Agreements, the Security Trust Deed and their respective Legal Mortgages, other than each other Borrowers' obligations to repay principal and any prepayment premium thereon pursuant to their respective Loan Agreements (such amounts being the **Guaranteed Interest and Fee Amounts**);
- (b) undertaken with the Issuer that, whenever any other Borrower does not pay any Guaranteed Interest and Fee Amounts when due under its respective Loan Agreement, the Security Trust Deed or its respective Legal Mortgage(s), it must, promptly on demand by the Security

Trustee and/or the Issuer, pay the Guaranteed Interest and Fee Amounts as if it were the principal obligor;

- (c) undertaken with the Issuer that, to the extent that the proceeds of the enforcement of the Underlying Security are insufficient to satisfy the Borrowers' obligations under their respective Loan Agreements in full (the shortfall being the **Guaranteed Principal Amount**), it must, promptly on demand by the Security Trustee and/or the Issuer, pay the Guaranteed Principal Amount as if it were the principal obligor; and
- (d) agreed to indemnify the Issuer immediately on demand against any loss or liability suffered by the Issuer if any obligation guaranteed by it is or becomes illegal or invalid.

Underlying Security:

Pursuant to the Legal Mortgages and the Security Trust Deed, the Original Borrower has created or procured the creation (and each Additional Borrower may, upon such entity becoming a Borrower in accordance with the terms of the Security Trust Deed, create or procure the creation) by an Eligible Group Member of the following security in favour of the Security Trustee and allocated for the benefit of, *inter alios*, itself and the Issuer:

- (a) first fixed legal mortgages over all of the right, title and interest from time to time in the properties specified in each Legal Mortgage; and
- (b) first fixed charges over, *inter alia*, the benefit of all plant and machinery, the Insurances (as defined in the Legal Mortgages) and all present and future licences, consents and authorisations in respect thereof,

and has (or will have) also covenanted that it will (following an Enforcement Event (as defined in the Legal Mortgages) which has occurred and is continuing unremedied or unwaived and has not been remedied within any applicable grace period) assign or procure the assignment to the Security Trustee for the benefit of itself and, *inter alios*, the Issuer, all of the rights, title and interest in and to certain agreements and covenants held by such Borrower, together, the **Underlying Security**.

The Issuer has secured its rights, title and interest in respect of the Underlying Security in favour of the Bond Trustee pursuant to the Bond Trust Deed.

See "*Description of the Legal Mortgages and the Security Trust Deed*" below.

Additions, substitution and release of Apportioned Properties:

The Borrowers and any Eligible Group Members may charge (and/or allocate) or release (and/or reallocate) Charged Properties from the Underlying Security (and the Issuer shall consent to such charging (and/or allocation) or release (and/or

reallocation)) subject to, and in accordance with, the requirements of the Loan Agreements and the Security Trust Deed.

See "*Description of the Loan Agreements*" and "*Description of the Legal Mortgages and the Security Trust Deed*" below.

Enforcement of the Underlying Security and the Issuer Security:

Following a Borrower Default, the Issuer may declare the Underlying Security immediately enforceable and/or declare the Loan immediately repayable. Pursuant to Clause 6 (*Default procedure*) of the Security Trust Deed, the Security Trustee shall only be required to take action to enforce or protect the security in respect of the Loan Agreements if instructed to do so by the Issuer (and then only if it has been indemnified and/or secured and/or pre-funded to its satisfaction).

The Issuer has assigned its rights under, *inter alia*, the Legal Mortgages and the Security Trust Deed, and, pursuant to Condition 6.3, has covenanted not to take any action or direct the Security Trustee to take any action pursuant thereto except with the prior consent of the Bond Trustee. The Bond Trustee may, but is not obliged to, seek the consent of the Bondholders in accordance with the Bond Trust Deed prior to giving any such consent.

In enforcing the Issuer Security (including the Issuer's rights, title and interests in the Legal Mortgages and the Security Trust Deed insofar as they relate to the Bonds) the Bond Trustee may act in its discretion. It is, however, required to take action, pursuant to Condition 12.2, where so directed by the requisite majority of the Bondholders provided, however, that it is secured and/or indemnified and/or pre-funded to its satisfaction.

See "*Description of the Legal Mortgages and the Security Trust Deed*" below.

Priorities of Payments:

Prior to the enforcement of the Issuer Security, the Issuer shall apply the monies standing to the credit of the Transaction Account on each Interest Payment Date and such other dates on which a payment is due in respect of the Bonds in the following order of priority (the **Pre-enforcement Priority of Payment**):

- (a) first, in payment of any taxes due and owing by the Issuer to any taxing authority (insofar as they relate to the Bonds);
- (b) second, in payment of any unpaid fees, costs, charges, expenses and liabilities incurred by the Bond Trustee and any Appointee (including remuneration payable to the Bond Trustee and any such Appointee) in carrying out its functions under the Bond Trust Deed;
- (c) third, in payment of any unpaid fees, costs, charges, expenses, liabilities and indemnity payments of the Issuer

owing to the Paying Agents under the Agency Agreement, the Account Bank under the Account Agreement, the Custodian under the Custody Agreement and the Retained Bond Custodian under the Retained Bond Custody Agreement on a *pro rata* and *pari passu* basis;

- (d) fourth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees, expenses and liabilities of the Issuer (in so far as they relate to the Bonds);
- (e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any interest due and payable in respect of the Bonds;
- (f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any principal due and payable in respect of the Bonds;
- (g) seventh, in payment, on a *pro rata* and *pari passu* basis, to the Borrowers of any amounts due and payable under the terms of the Loan Agreements; and
- (h) eighth, in payment of any Permitted Investment Profit, Accounting Profit or Retained Bond Premium Amount, as the case may be, to any Charitable Group Member.

Following the enforcement of the Issuer Security, all monies standing to the credit of the Transaction Account, the Ongoing Cash Security Account and the Initial Cash Security Account and the net proceeds of enforcement of the Issuer Security shall be applied in the following order of priority (the **Post-enforcement Priority of Payment**):

- (a) first, in payment of any unpaid fees, costs, charges, expenses and liabilities incurred by the Bond Trustee, any Appointee or any receiver in preparing and executing the trusts under the Bond Trust Deed (including the costs of realising any Issuer Security and the Bond Trustee's, any such Appointee's and any such receiver's remuneration);
- (b) second, in payment, on a *pro rata* and *pari passu* basis, of all amounts owing to the Paying Agents under the Agency Agreement, the Account Bank under the Account Agreement, the Custodian under the Custody Agreement and the Retained Bond Custodian under the Retained Bond Custody Agreement;
- (c) third, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any interest due and payable in respect of the Bonds;

- (d) fourth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any principal due and payable in respect of the Bonds;
- (e) fifth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer (insofar as they relate to the Bonds);
- (f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Borrowers of any amounts due and payable under the terms of the Loan Agreements; and
- (g) seventh, in payment of any Permitted Investment Profit, Accounting Profit or Retained Bond Premium Amount, as the case may be, to any Charitable Group Member.

Covenants:

Pursuant to Condition 6 (*Covenants*), the Issuer has covenanted not to engage in any activity or do anything other than carry out the business of a company which has as its purpose raising finance and on-lending such finance to or for the benefit of the Group or perform any act incidental to or necessary in connection with the aforesaid, without the consent of the Bond Trustee.

The Issuer has also covenanted to deliver to the Bond Trustee and, upon request by a Bondholder to the Issuer, to make available to any of the Bondholders, a copy of the Compliance Certificates received from the Borrowers pursuant to the terms of the Loan Agreements and a copy of the annual reports of each Borrower following publication of the same. In addition to the rights of Bondholders to convene a meeting pursuant to Condition 17 (*Meetings of Bondholders, Modification and Waiver*), at the request of the requisite majority of the Bondholders, the Issuer shall hold a meeting of the Bondholders to discuss the financial position of the Issuer and the Group, provided that the Issuer shall not be required to hold any such meeting more than once in any calendar year.

In addition, the Issuer has covenanted that, for so long as any of the Bonds remain outstanding, it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, the Loan Agreements, the Legal Mortgages or the Security Trust Deed except with the prior consent of the Bond Trustee. The Bond Trustee may seek the consent of the Bondholders in accordance with the Bond Trust Deed prior to giving any such consent.

Taxation:

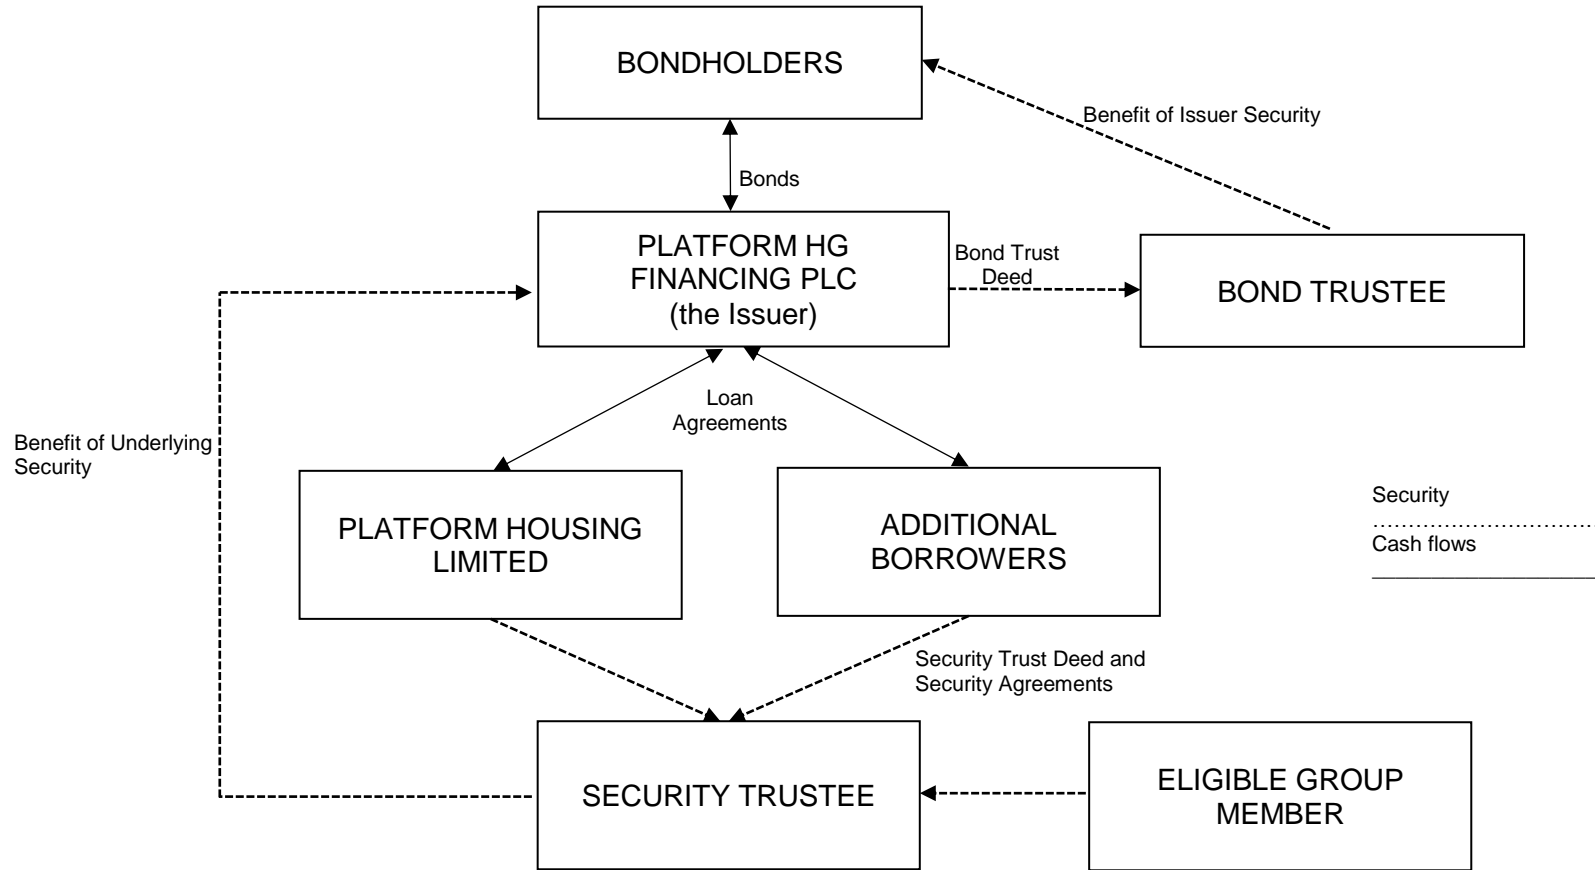

All payments in respect of the Bonds will be made without withholding or deduction for, or on account of, any taxes unless a tax deduction is required by law. In the event that any such withholding or deduction is required, the Issuer may at its option, but will not be obliged to, pay to Bondholders such additional amounts as may be necessary in order that the net amounts received by the Bondholders after such withholding or deduction

will equal the amounts of principal and interest which would have been received in respect of the Bonds in the absence of such withholding or deduction. In the event that the Issuer does not opt to pay, or opts to pay and thereafter notifies the Bond Trustee and the Bondholders of its intention to cease paying, such additional amounts the Bonds shall be redeemed at their principal amount, together with any accrued interest, in accordance with Condition 9.3 (*Early Redemption for Tax Reasons*).

Meetings of Bondholders:	The Conditions of the Bonds and the Bond Trust Deed contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.
Risk Factors:	<p>There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Bonds. These are set out under "<i>Risk Factors</i>" below and include factors which may affect the Issuer's and/or a Borrower's and/or an Eligible Group Member's ability to fulfil their obligations under the Bonds and/or the Loan Agreements and/or Legal Mortgages, respectively, factors which are material for the purpose of assessing the market risks associated with the Bonds, risks relating to the security for the Bonds and risks relating to the market generally.</p> <p>See "<i>Risk Factors</i>" below.</p>
Rating:	The Group is rated "A+" by S&P. It is expected that the Bonds will be rated "A+" by S&P. As of the date of these Admission Particulars, S&P is established in the European Union and is registered under the CRA Regulation. As such, S&P is included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension, reduction or withdrawal at any time by the assigning rating agency.
Listing and admission to trading:	Application has been made to the London Stock Exchange for the Bonds to be admitted to trading on the ISM.
Joint Bookrunners:	Barclays Bank PLC Lloyds Bank Corporate Markets plc NatWest Markets Plc
Principal Paying Agent, Account Bank, Custodian and Retained Bond Custodian:	HSBC Bank plc
Bond Trustee and Security Trustee:	Prudential Trustee Company Limited
Original Borrower:	Platform Housing Limited

Borrowers:	The Original Borrower and any other member of the Group that has charitable (or exempt charitable) status, is a Registered Provider of Social Housing and has acceded to the Security Trust Deed as an Additional Borrower in respect of the Bonds.
Eligible Group Member:	Any entity which has created (and which is subsisting) or will create security pursuant to the Security Trust Deed which is allocated for the benefit of the Issuer. Unless otherwise approved by the Security Trustee, each acceding Eligible Group Member must be a member of the Group and a Registered Provider of Social Housing.
Selling Restrictions:	There are restrictions on the offer, sale and transfer of the Bonds in the United States and the United Kingdom and a prohibition on the sale of any Bonds to retail investors in the EEA and the UK. See " <i>Subscription and Sale</i> " below.
MiFID II Product Governance:	Solely for the purposes of each manufacturer's product approval processes, the manufacturers have concluded that: (a) the target market for the Bonds is eligible counterparties and professional clients only; and (b) all channels for distribution of the Bonds to eligible counterparties and professional clients are appropriate.
Governing Law:	The Bonds and any non-contractual obligations arising out of or in connection with them shall be governed by, and construed in accordance with, English law.

STRUCTURE DIAGRAM OF TRANSACTION

NOTE: As at the Issue Date, Platform Housing Limited is the only Borrower and there will be no Eligible Group Members. However, Additional Borrowers and/or Additional Eligible Group Members may accede to the structure at a future date.

RISK FACTORS

The Issuer believes that the following factors (which include factors which may affect the ability of the Borrowers to fulfil their obligations under the Loan Agreements, the Legal Mortgages and the Security Trust Deed) may affect its ability to fulfil its obligations under the Bonds.

In addition, factors which are material for the purpose of assessing the market risks associated with the Bonds issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in the Bonds, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Bonds may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. This section is not intended to be exhaustive and prospective investors should also read the detailed information set out elsewhere in these Admission Particulars and reach their own views prior to making any investment decision. If any of the following risks actually materialise, the Issuer's and/or the Borrowers' business, financial condition and/or prospects could be materially and adversely affected. No assurance can be given that prospective Bondholders will receive full and/or timely payment of interest and principal or ultimate recovery in relation to the Bonds.

Factors which may affect the Issuer's ability to fulfil its obligations under the Bonds

Special Purpose Vehicle Issuer: The Issuer is a special purpose finance entity with no business operations other than the incurrence of financial indebtedness, including the issuance of the Bonds, on-lending the proceeds thereof to or for the benefit of the Group and investing in Permitted Investments. As such the Issuer is entirely dependent upon receipt of funds from the Borrowers in order to fulfil its obligations under the Bonds.

Credit Risk: The Issuer, and therefore payments by the Issuer in respect of the Bonds, will be subject to the credit risk of the Borrowers. The Issuer will be subject to the risk of delays in the receipt, or risk of defaults in the making, of payments due from the Borrowers in respect of the Loan Agreements. Delays in the receipt of payments due from any Borrower under its Loan Agreement could adversely affect the ability of the Issuer to fulfil its payment obligations under the Bonds.

Effect of Losses on Loan on Interest Payments and Repayments on the Bonds: There can be no assurance that the levels or timeliness of payments or collections received in respect of the Loans will be adequate to ensure fulfilment of the Issuer's obligations to the Bondholders in respect of the Bonds on each Interest Payment Date or on the Maturity Date. In addition, a default by a Borrower under its Loan Agreement could ultimately result in the enforcement of the Underlying Security in relation to the Bonds. The proceeds of any such enforcement may be insufficient to cover the full amount due from the Borrowers resulting in a shortfall in funds available to repay the Bonds. However, it is expected that, in the event that any Borrower's payment obligations under its Loan Agreement are not fulfilled, the other Borrowers will fulfil such obligations, in accordance with their respective guarantees, without the need to enforce the Underlying Security or seek recourse through the courts.

Factors which may affect the Borrowers' ability to fulfil their obligations under the Loan Agreements

Risks Related to the Borrowers' Business Activities and Industry

Risks related to the housing market: The majority of the properties developed or owned by the Original Borrower are social rented (general needs social rent, affordable rent and supported housing). There are also properties developed by the Original Borrower for shared ownership first tranche sales

or, generally less frequently and on a more modest scale, open market sale. As a result, the Original Borrower has some exposure to housing rental market risks and more modest exposure to housing sales market risk. In the financial year ended 31 March 2020, the Original Borrower's turnover from social housing lettings was £215.1 million (2019: £209.3 million) whilst turnover from shared ownership first tranche sales or open market sales was £29.0 million (2019: £52.1 million) in the context of total turnover for the year of £250.7 million (2019: £267.1 million).

Market risks which may impact the housing rental market include overall conditions in the economy and changes in government legislation, including, but not limited to, regulation relating to planning, taxation, landlords and tenants and welfare benefits.

Market risks which may impact the values of properties for partial or full sale include overall conditions in the economy; political factors and systemic events, including the condition of the financial markets; the cost and availability of mortgage finance to prospective purchasers; fiscal and monetary policies; changes in government legislation; political developments, including changes in regulatory or tax regimes; changes in unemployment, gilt yields, interest rates and credit spreads; levels of prevailing inflation; changes in consumer spending; infrastructure quality; the returns from alternative assets as compared to residential property; environmental considerations; changes in planning laws and practices; the impact of a pandemic and the perceived threat from terrorism.

The residential housing rental and sales markets are also affected by factors that can be both national in nature or specific to each local market in which the property is located, including an increase in the supply of, or a reduction in demand for, available residential property.

Among other things, the Original Borrower perceives that particularly the sales market risks have been heightened as a result of the UK leaving the EU on 31 January 2020 and these risks have the potential to impact upon the value of the Group's assets, the rental income produced by these properties and the ability to sell properties (see the risk factor headed "*Risks relating to withdrawal of the UK withdrawal from the European Union*" below).

Any of the above factors could adversely affect the ability of a Borrower to meet its payment obligations on a timely basis under its Loan Agreement which, in turn, may have an adverse effect on the Issuer's ability to meet its obligations to the Bondholders in respect of the Bonds.

Income collection: The Original Borrower's turnover depends (and any Additional Borrower's turnover will depend) on its ability to collect rents due and to let properties that are void – if either increase it could adversely affect its ability to meet its payment obligations.

The majority of the Original Borrower's turnover is derived from social housing rents. The tenants of the social housing properties are personally responsible for their rental payments. Therefore, the Original Borrower is (and any Additional Borrower will be) exposed to the risk of arrears and bad debts. The Original Borrower receives a substantial proportion of its rental income from housing benefit payable by local authorities. Any welfare reform that reduces rental income from local authorities could expose the Original Borrower and any other Borrower to the risk of a reduction in rental income and an increase in arrears.

The ability of the Original Borrower to let properties that are void depends on demand for the Original Borrower's properties, which is a function of local housing need and property condition relative to alternatives. A net reduction in demand for the Original Borrower's properties could reduce overall rental income. However, UK household formation historically and presently outpaces the provision of new housing supply and there is high demand for rented housing regionally and nationally. Additionally, the Original Borrower strives to deliver excellent maintenance services, the majority of which is delivered through its property care business, in order to maintain the attractiveness of its properties in the rental market.

The Original Borrower's turnover depends on permitted levels of rent and its ability to collect rents due and to let properties that are void. These factors are influenced by either or both effective operations and a sound policy framework.

Registered Providers were required to reduce rents in respect of most of their tenancies by 1 per cent. per annum from April 2016 for a four year period. From April 2020, these rents are currently permitted to increase by CPI+1 per cent. per annum for five years. As at the date of these Admission Particulars, all of the required rent changes have been applied. Any adverse change in the current arrangements and, in particular, any medium or long term misalignment of turnover and costs could adversely affect the ability of a Borrower to comply with its obligations under its Loan Agreement, which in turn, could affect the ability of the Issuer to comply with its obligations under the Bonds.

The tenants of a Borrower's properties are personally responsible for the rental payments on the relevant occupied properties, and consequently the Original Borrower is (and each Additional Borrower will be) exposed to the risk of arrears and bad debts. For the financial year ended 31 March 2020, the Original Borrower's turnover from social housing lettings was £215.1 million of the Original Borrower's £250.7 million of total turnover, and operating surpluses from social housing lettings were £91.0 million of £97.7 million of total operating surpluses (excluding gains on disposal of property, plant and equipment). As at 31 March 2020, the Original Borrower's tenant arrears balance was £9.7 million of which £4.6 million has been fully provided for.

The Original Borrower receives (and any Additional Borrower is expected to receive) a proportion of its regulated rental income from housing benefit payable by local authorities. For the financial year ended 31 March 2020, 37.9 per cent. of the Original Borrower's rental income was received in the form of housing benefit. The Welfare Reform and Work Act 2016, which received royal assent on 16 March 2016 and came into force in stages through various commencement orders, makes provision for social housing rents, the household benefit cap and social security and tax credits to be replaced by Universal Credit that expose the Original Borrower (and any Additional Borrower) to the risk of a reduction in rental income and an increase in arrears.

The roll out of Universal Credit is likely to increase transaction costs and the receipt of rental payments by the Borrowers, as landlord, may be delayed by the failure of the tenant to apply for Universal Credit and/or regularly pay rent which is due in addition to the housing benefit and/or, in circumstances where the housing benefit is not paid directly to the landlord, a failure to pass on the housing benefit payments to the landlord.

As at 30 June 2020, the Original Borrower has 10,120 customers in receipt of Universal Credit, whose average arrears are 8.11 per cent. (as a percentage of rental income for customers in receipt of Universal Credit). Universal Credit customers have alternative payment arrangements (see section headed "*Description of the Regulation and Funding Environment applicable to the Borrowers*" below for further information concerning this risk factor category).

The ability of the Borrowers to let properties that are void depends on demand for the Borrowers' properties, which is a function of local housing need and property condition relative to alternatives. A net reduction in demand for the Borrowers' properties could reduce overall rental income. However, UK household formation historically and presently outpaces the provision of new housing supply and there is high demand for rented housing regionally and nationally. Additionally, the Original Borrower strives to deliver excellent maintenance services, delivering the majority of which through the property care business, in order to maintain the attractiveness of its properties in the rental market.

The Original Borrower has a number of operational procedures in place to mitigate the risks related to arrears and voids such as a dedicated rent support team, customer experience team and its focus on timely quality repairs through its expanding property care business.

Despite these measures, arrears, bad debts or voids could increase and poor operational performance could have the same effect. If any or a combination occurred, it could adversely affect the ability of a Borrower to meet its payment obligations on a timely basis under its Loan Agreements which, in turn, may have an adverse effect on the Issuer's ability to meet its obligations to the Bondholders in respect of the Bonds.

Costs: Against turnover of £250.7 million in its financial year ended 31 March 2020, the Original Borrower's combined cost of sales and operating costs were £153.0 million. As owners and operators of residential accommodation, each Borrower has a principal risk exposure to the cost of acquiring housing development sites and the costs of construction, maintenance and repair of buildings. Costs in these areas may increase due to factors such as changes to materials costs, health and safety regulation, planning regulations and/or energy efficiency regulation.

A sustained period in which cost inflation exceeded income inflation or significant unforeseen costs would put a Borrower's business under financial strain and ultimately adversely affect its ability to meet its payment obligations on a timely basis under its Loan Agreement which, in turn, may have an adverse effect on the Issuer's ability to meet its obligations to the Bondholders in respect of the Bonds.

Dependence on third party suppliers and contractors: The Original Borrower depends (and any Additional Borrower is expected to depend) on an extensive network of contracted third party suppliers, in particular in relation into its asset management activities and its housing development programme. The Borrowers' ability to meet their obligations are in part a function of the capacity and capability of these suppliers.

The Original Borrower's maintenance of its properties is therefore (and any Additional Borrower's maintenance of its properties is expected to therefore be) partially dependent on the timely performance by third party maintenance contractors of their obligations under maintenance contracts with the Original Borrower. The Original Borrower works closely with these contractors to avoid asset management - related problems, but there can be no assurances that the Original Borrower (or any Additional Borrower) will not experience problems in the future. The performance of contracts by a Borrower's maintenance contractors may be subject to disruption for a variety of reasons, including, but not limited to, availability of materials, work stoppages, labour relations and breakdown in machinery. In addition, a Borrower could experience contractor failures due, for example, to breach of contract or financial default that could leave the Borrower exposed in relation to compliance risks and/or significant financial costs in finding alternative contractors and resolving any issues arising. The Original Borrower is mitigating this risk by the transfer of much of its maintenance programme to Platform Property Care Limited. The same contractor risks exist under contracts issued by the Original Borrower in relation to its housing development programme. Any such failure by contractors to fulfil their contractual obligations or any such disruption could, if significant, interrupt a Borrower's ability to provide social housing and this could adversely affect its ability to meet its payment obligations under its Loan Agreement, and therefore adversely affect the ability of the Issuer to meet its obligations under the Bonds.

Risks related to business mergers and acquisitions: The Original Borrower, itself the product of an amalgamation between Fortis Living Limited (**Fortis Living**) and Waterloo Housing Group Limited (**Waterloo Housing**), has, in the past, merged, and may, in the future, merge, with other businesses (or make business acquisitions) that could impact on the performance and risk profile of the Borrowers.

Mergers and acquisitions can involve a number of risks, such as the underlying business performing less well than expected after a merger or an acquisition, the possibility of the integration diverting management's attention, the possible loss of key personnel within the merged or acquired business and other risks inherent in the systems of the merged or acquired business and associated with unanticipated events or liabilities. In addition, the Borrowers may incur significant merger or acquisition, administrative and other costs in connection with any such transactions, including costs related to the

integration of merged or acquired businesses. These costs may include unanticipated costs or expenses, legal, regulatory and contractual costs, and expenses associated with eliminating duplicate facilities. Anticipated synergies may not materialise, revenue improvements and cost savings may be less than expected or delayed and the housing stock acquired as part of the merger may not meet expectations requiring, in turn, substantial investment. The Original Borrower cannot guarantee that the merger of the Fortis Living and Waterloo Housing groups in October 2018 and the subsequent consolidation of the Registered Providers within the Group or the integration of any future mergers or acquisitions will generate benefits for the Original Borrower that are sufficient to justify the expenses it incurred or will incur in completing such mergers or acquisitions. All of the factors above could have a material adverse effect on the business, results of operations, financial condition or prospects of such merger or acquisition. In turn, this could have a material adverse effect on the ability of the Borrowers to repay to the Issuer the amounts outstanding under their respective Loan Agreement, and, ultimately, the ability of the Issuer to meet its payment obligations on a timely basis under the Bonds.

Risks Relating to the Borrower's Financial Situation

Fire Safety Cost Risk: Following the tragic events at Grenfell Tower in the Royal Borough of Kensington and Chelsea, the Original Borrower completed additional comprehensive checks on all of the blocks it owns with six storeys or more. The Original Borrower has no blocks with cladding made from Aluminium Composite Material. In total, the Original Borrower has six blocks over six storeys high and no further such blocks currently under construction. In January 2020, the Secretary of State for Housing, Communities and Local Government announced the introduction of a new building safety regulator and indicated further testing of the cladding of properties below six storeys and over 11 metres high would be expected.

If a Borrower was faced with material unforeseen renovation, maintenance and modernisation costs which it could not effectively fund, this could have an adverse impact on such Borrower's ability to meet its payment obligations on a timely basis under its Loan Agreement and, in turn, the ability of the Issuer to meet its payment obligations on a timely basis under the Bonds.

Risks relating to withdrawal of the UK withdrawal from the European Union: On 31 January 2020 the UK formally left the European Union (the EU) after invoking Article 50 of the Lisbon Treaty by notifying the EU of its decision to withdraw from the EU on 29 March 2017 and a process of negotiation thereafter to agree the terms of a withdrawal agreement. The UK is currently in a transition period which is expected to last until 31 December 2020, during which time negotiations in respect of a long-term relationship between the UK and the EU will take place.

Due to the on-going political uncertainty with regards to such transition period and the structure of the future relationship, the precise impact on the business of the Borrowers is difficult to determine. As such, no assurance can be given that such matters would not adversely affect the ability of the Borrowers to meet their respective payment obligations under the Loan Agreements, and therefore adversely affect the ability of the Issuer to meet its obligations under the Bonds.

Disruption due to outbreak of COVID-19 (coronavirus): The outbreak, or threatened outbreak, of any severe communicable disease such as COVID-19 (caused by the virus commonly referred to as coronavirus) and regulators' or market fears about the same, may adversely affect the business of the Borrowers. The Original Borrower has taken, and continues to take, preparations and precautions to address potential effects of the disease on its workforce, residents and tenants, and will continuously monitor the situation to ensure those preparations and precautions are regularly updated as necessary having regard to national scientific and health advice.

The Original Borrower's profits may decline during the outbreak and recovery period. Potential causes are as follows:

- Rental income receipts may be lower than expected during the period of outbreak and thereafter. This may arise due to delays in newly completed units coming into management and generating rent. For the months of April, May and June 2020, the Original Borrower's total income declined by mid single digit percentages compared to management expectations, driven by a temporary shortfall in shared ownership first tranche sales
- Rental arrears and bad debts may increase if residents are unable to maintain their own household budgets to meet rent obligations. For the months of April, May and June 2020, there was some evidence of these factors with current arrears across the Original Borrower's social housing activities increasing from 2.87 per cent. as at 31 March 2020 to 3.01 per cent. as at 30 June 2020. There is also a risk of increases in rental arrears and bad debts due, for example, to further waves of the pandemic and any longer term economic consequences of the pandemic such as furlough schemes unwinding and/or unemployment rates increasing.
- The number of unlet void properties may rise, including across the independent living portfolio due to the more acute risks of the pandemic to the age profile represented by this group of residents, and the general needs social housing portfolio due for example to social distancing measures impacting turnaround times.
- The Original Borrower generates a portion of its revenue from its housing for sale programmes (primarily first tranche sales of shared ownership properties together with generally more modest and infrequent open market sales) and fixed asset sales (staircasing of shared ownership properties and asset management disposals) and is, therefore, exposed to market risk in relation to housing for sale, including both demand and pricing risks and sales taking longer than expected to realise. As a consequence of the measures to contain the coronavirus outbreak, the UK housing market was effectively put on hold in late March 2020, as property visits by prospective buyers, surveyors and agents were stopped. The market has recently gradually reopened but there have been impacts to date in relation to the factors outlined above (particularly relating to shared ownership first tranche sales volumes as noted above) and these may continue into the future.
- Availability of supplies and operating costs may rise for a number of reasons. For example, national and international supply chain shortages for materials could cause significant interruption to the Original Borrower's business and a need to pay more to secure supplies. There is also the risk of contractors facing financial hardship, although support measures have been put in place by the UK Government. In addition, if any of the Original Borrower's employees are suspected of contracting a pandemic disease, this could require the Original Borrower to quarantine some or all of those employees, relocate employees or have employees work from home or disinfect the facilities used for its operations, which could in turn result in additional costs. If significant employee absence due to illness, or government steps to contain the spread of the disease or by virtue of closure of schools, occurred for a period of weeks, critical activities would be prioritised and employees deployed in order to limit the impact on service and compliance. It is recognised that certain internal rules may need to be relaxed in the event of a prolonged pandemic. Costs may rise due to a need to delay planned savings, for example, related to integration following the merger of Fortis Living and Waterloo Housing, and other costs may rise due to the costs of implementing new remote working methods. For the months of April, May and June 2020, the Original Borrower's total operating costs declined by mid-teens percentages compared to management expectations driven primarily by reduced maintenance costs due to a temporary focus on fulfilling just critical maintenance. Routine maintenance has more recently resumed so operating costs may no longer decline in subsequent periods.

- Work at many of the Original Borrower's development sites was temporarily suspended around the time that the UK implemented its strictest lockdown measures in late March 2020. These delays have resulted in lower than planned capital expenditure that have also reduced Borrowers' incremental debt requirements. However, the delay in selling completed units could impact upon the Original Borrower's cash flow and its ability to satisfy any covenants which it is required to maintain pursuant to the terms of existing facility arrangements. The vast majority of development sites are once more operational.
- In addition to potential impacts on the Original Borrowers' profits, the pandemic has had or could have impacts on the Original Borrower's assets and liabilities. For example, the Original Borrower owns a small portfolio of market rented units whose values might be temporarily reduced.
- It is currently impossible to forecast with any certainty the overall longer term effects of the coronavirus pandemic on the Borrowers' business and although the financial effects to date noted above have not severely reduced the expected net operating revenues of the Original Borrower these may worsen in the future due, for example, to further waves of the pandemic and any longer term economic consequences of the pandemic.

If any of the above factors occur, this may adversely affect the ability of a Borrower to meet its payment obligations on a timely basis under its Loan Agreement which, in turn, may have an adverse effect on the Issuer's ability to meet its obligations to Bondholders in respect of the Bonds.

Capital resources: The ability of the Borrowers to operate their business depends in part on their being able to raise funds. An increase in the cost, or lack of availability, of finance (whether for macroeconomic reasons, such as a lack of liquidity in the debt markets, or the inability of a financing counterparty to provide new facilities, extend existing facilities or honour pre-existing lending arrangements, or reasons specific to the Borrowers such as operational or financial issues or a reduction in the Group's credit rating) could impact the Borrowers' ability to progress its business objectives, deliver the expected rates of return on investments and the day-to-day financing (or refinancing) requirements of their businesses over the longer term.

In addition, the Borrowers are subject to the risk that it will be unable to generate sufficient cash flows, or be unable to obtain sufficient funding, to satisfy their obligations to service and/or refinance their indebtedness. Further, any covenants contained in a Borrower's borrowing arrangements may limit or prohibit operational and financial flexibility. Any event of default, cross default, breach of a covenant or the inability to vary or waive any covenants could generally have a material adverse effect on a Borrower's business, results of operations, financial condition and/or prospects.

To help manage these risks, the Original Borrower's treasury strategies aim to ensure that a significant liquidity buffer in the form of cash and undrawn but committed revolving credit facilities and term loan facilities is available, funding is procured in advance of need and sufficient headroom against covenants is maintained. As at 31 March 2020, the Original Borrower had available £81 million cash and liquid resources and £394 million undrawn loan facilities with 6 financial institutions.

Despite this, if any of the above risks were to materialise, this may adversely affect the ability of a Borrower to meet its payment obligations on a timely basis under its Loan Agreement which, in turn, may have an adverse effect on the Issuer's ability to meet its obligations to Bondholders in respect of the Bonds.

Defined benefit pensions:

Overview

The Group participates in defined benefit pension schemes which are in deficit and may be required to contribute to other defined benefit pension schemes to which it is connected or with which it is associated.

The Group participates in the following 6 defined benefit pension schemes, all of which are closed to new members:

- Lincolnshire Pension Fund (LPF);
- Leicestershire County Council Pension Fund (LCCPF);
- Derbyshire Pension Fund (DPF);
- Worcestershire Pension Fund (WPF);
- The Social Housing Pension Scheme (SHPS); and
- The Pensions Trust 2016 Waterloo Housing Association Benefits Plan (WHABP).

In accordance with government regulations, all eligible employees are auto-enrolled into a qualifying pension scheme. As at 31 March 2020 1,283 of the Group's 1,324 employees are currently enrolled in a pension scheme.

Pension scheme deficits

The combined defined benefit pension scheme deficit of the above 6 schemes, together with a modest amount of unfunded pension liabilities, reported in the Original Borrower's financial statements at 31 March 2020 was £47.9 million assessed on an FRS102 basis.

Each of LPF, LCCPF, DPF, WPF and SHPS are defined benefit multi-employer pension schemes whilst WHABP is a scheme solely for the benefit of current and former employees of the Group.

LPF: The FRS102 valuation as at 31 March 2020 shows that the Original Borrower's share in LPF's net deficit was assessed to be £8.0 million.

LCCPF: The FRS102 valuation as at 31 March 2020 shows that the Original Borrower's share in LCCPF's net deficit was assessed to be £0.8 million.

DPF: The FRS102 valuation as at 31 March 2020 shows that the Original Borrower's share in DPF's net deficit was assessed to be £1.7 million.

WPF: The FRS102 valuation as at 31 March 2020 shows that the Original Borrower's share in WPF's net deficit was assessed to be £28.3 million.

SHPS

The Group participates in SHPS, a defined benefit multi-employer pension scheme administered by TPT Retirement Solutions (TPT).

The triennial valuation of SHPS at 30 September 2017 showed the market value of the whole scheme's assets as £4,553 million, revealing a shortfall of assets compared with the value of liabilities of £1,522

million. Following this valuation, SHPS agreed a recovery plan with the employers who participate in the scheme (the **Recovery Plan**).

Under the Recovery Plan, in addition to employer contributions to fund future service, the Group will pay an annual deficit contribution in order to meet the shortfall within the scheme. For the year ended 31 March 2020 this was £2.0 million, with the contribution increasing by 2 per cent. on 1 April 2020 and on each 1 April thereafter. Deficit contributions under the Recovery Plan are currently scheduled to be paid until September 2026, however the next triennial valuation is due to be carried out as at 30 September 2020 and may result in these deficit contribution requirements changing.

The FRS102 valuation as at 31 March 2020 shows that the Original Borrower's share in SHPS's net deficit was assessed to be £4.7 million.

WHABP

The WHABP is a defined benefit scheme. WHABP was closed to future accrual for all existing members on 31 March 2016 but with those members still employed by the company retaining the final earnings link on their benefits. The employer has agreed with the trustees that it will aim to eliminate WHABP's deficit over a period of 7 years 6 months from 30 September 2017 by making annual contributions of £0.8 million.

The FRS102 valuation as at 31 March 2020 shows that WHABP's net deficit was assessed to be £4.4 million.

Pension scheme contributions

The total employer contributions made by the Original Borrower into the pension schemes in the year ended 31 March 2020 was £6.7 million.

The total contributions made by the Group to LPF, LCCPF, DPF and WPF in the year ended 31 March 2020 were £3.2 million of which employer's contributions were £2.8 million and employees' contributions were £0.4 million.

The total contributions made by the Original Borrower to SHPS in the year ended 31 March 2020 were £2.0 million of which employer's contributions were £1.8 million and employees' contributions were £0.2 million. The employer contributions include the deficit contribution referenced above.

Contributions are also made to a defined contribution scheme with SHPS that is operated by TPT and in the year ended 31 March 2020 such contributions were £1.6 million of which employer's contributions were £1.3 million and employees' contributions were £0.3 million.

The total contributions made by the Original Borrower to WHABP in the year ended 31 March 2020 were £0.8 million, all relating to the deficit elimination plan agreed with the scheme's trustees.

The Original Borrower may be required to contribute to pension schemes

There may be certain circumstances in which the sponsoring employers of the pension arrangements listed above are required to make good the funding deficit. Certain forms of restructuring of any Borrower may result in circumstances in which a funding deficit has to be met. For example, a transfer of engagements or a transfer under the Transfer of Undertakings (Protection of Employment) Regulations 2006 (SI 2006/246) could trigger a net pension liability. However, the Borrowers always carefully consider the pension implications of restructuring proposals and wherever possible ensures that such restructurings are organised to avoid pension liabilities crystallising.

There is also a risk that a Borrower could be required to contribute to pension schemes on the basis that they are parties "connected to" or "associated with" the relevant employers, whether or not they themselves are classified as "employers".

The Pensions Regulator may require certain parties to make contributions to certain pension schemes that have a deficit. A contribution notice could be served on a Borrower if it is, or is connected/associated with, a defined benefit scheme (which could include SHPS), and if it was a party to an act, or a deliberate failure to act, the main purpose or one of the main purposes of which was either (i) to prevent the recovery of the whole or any part of a debt which was, or might become, due from the employer under Section 75 of the Pensions Act 1995; (ii) to prevent such a debt becoming due, to compromise or otherwise settle such a debt, or to reduce the amount of such a debt which would otherwise become due; or (iii) where the effect (regardless of intention) of the act was to materially weaken the respective pension scheme by detrimentally affecting in a material way the likelihood of accrued scheme benefits being received by or in respect of members unless the Pensions Regulator is satisfied that such Borrower has a statutory defence. A contribution notice can only be served where the Pensions Regulator considers it is reasonable to do so.

A financial support direction could be served on a Borrower if such Borrower is connected to/associated with a defined benefit scheme (which could include SHPS) which is insufficiently resourced. An employer is insufficiently resourced if the value of its resources is less than 50 per cent. of the pension scheme's deficit calculated on an annuity buy-out basis and the aggregate value of the resources of the persons who are connected to or associated with the employer and each other, when added to the value of the employer's resources, would be 50 per cent. or more of the combined pension scheme deficit calculated on an annuity buy-out basis. A financial support direction can only be served where the Pensions Regulator considers it is reasonable to do so.

If a contribution notice or financial support direction was to be served on a Borrower this could have an adverse impact on its cash flow. Specifically, if the amount payable under a contribution notice or support direction was material, this could adversely affect the ability of a Borrower to meet its payment obligations on a timely basis under its Loan Agreement which, in turn, may have an adverse effect on the Issuer's ability to meet its obligations to Bondholders in respect of the Bonds.

Housing grant. The Original Borrower has historically received (and may receive in the future) grant funding from a variety of sources, including Homes England. Due to the nature of grant funding, there is a risk that the amount of funding available and the terms of grants will vary.

Following approval of a grant there is a risk that Homes England may revise the terms of a grant and reduce entitlement, suspend or cancel any instalment of such a grant. In certain circumstances set out in the "*Capital Funding Guide and the Recovery of Capital Grants and Recycled Capital Grant Fund General Determination 2017*" of the Regulator, including, but not limited to, failure to comply with conditions or a disposal of the property funded by a grant, the grant may be required to be repaid or reused.

In April 2016, Homes England announced that it was making available £4.7 billion of capital grant between 2016-2021 under the Shared Ownership and Affordable Homes Programme 2016-2021. That marked a decisive shift towards support for home ownership. However, the Autumn Statement 2016 announced that an additional £1.4 billion would be made available to build 40,000 affordable homes and that the Shared Ownership and Affordable Homes Programme 2016-2021 will support a variety of tenures which now includes affordable rent, shared ownership and rent to buy. This, together with the publication of the Housing White Paper "*Fixing our broken housing market*" published in February 2017, has marked a shift of emphasis in UK Government investment priorities back towards rented housing. Under this programme, the Original Borrower is currently benefitting from £72 million in grant funding

over the period to March 2023 to enable the Original Borrower to deliver an additional 1,800 affordable homes.

Any material repayment of historical grant funding required to be made by the Borrowers would have a potential impact on the Borrowers' cash flow that could, in turn, adversely impact the ability of a Borrower to make repayment due under its Loan Agreement which, in turn, may have an adverse effect on the Issuer's ability to meet its obligations to Bondholders in respect of the Bonds.

Factors which are material for the purpose of assessing the market risks associated with the Bonds

Interest rate risk: The Bonds bear interest at a fixed rate and therefore involve the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

Redemption prior to maturity: In the event that the Bonds become repayable prior to maturity either following a Loan becoming repayable as a result of a Borrower Default (which includes, *inter alia*, failure by the relevant Borrower to make payments of interest under the relevant Loan Agreement) or a Borrower ceasing to be a Registered Provider of Social Housing or an Event of Default (as defined in Condition 12 (*Events of Default and Enforcement*)) or due to taxation pursuant to Condition 9.3 (*Early Redemption for Tax Reasons*), the Bonds will be redeemed in full at their principal amount, plus accrued interest. In such circumstances it may not be possible for an investor to reinvest the redemption proceeds at an effective rate of interest as high as the interest rate on the Bonds.

Modification, waivers and substitution: The Conditions of the Bonds and the Bond Trust Deed contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders, including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

The Conditions of the Bonds and the Bond Trust Deed also provide that the Bond Trustee may, without the consent of the Bondholders, (a) agree to any modification (except as stated in the Bond Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Bonds or any Transaction Document (to which it is a party) or (b) determine without the consent of the Bondholders that any Potential Event of Default or Event of Default shall not be treated as such or (c) agree to the substitution of another company, registered society or other entity as principal debtor under the Bonds in place of the Issuer, in the circumstances described in the Conditions, provided, in each case, that the Bond Trustee is of the opinion that to do so would not be materially prejudicial to the interests of Bondholders.

Denominations involve integral multiples: definitive Bonds: The Bonds have denominations consisting of a minimum of £100,000 plus one or more higher integral multiples of £1,000. It is possible that the Bonds may be traded in amounts that are not integral multiples of £100,000. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than £100,000 in his account with the relevant clearing system at the relevant time may not receive a definitive Bond in respect of such holding (should definitive Bonds be printed) and would need to purchase a principal amount of Bonds such that its holding amounts to £100,000.

If definitive Bonds are issued, holders should be aware that definitive Bonds which have a denomination that is not an integral multiple of £100,000 may be illiquid and difficult to trade.

Change in Law: Changes in law may affect the rights of Bondholders as well as the market value of the Bonds. The structure of the issue of the Bonds is based on English law and regulatory and administrative practice in effect as at the date of these Admission Particulars. No assurance can be given as to the impact of any possible judicial decision or change to English law or regulatory or administrative practice in the United Kingdom after the date of these Admission Particulars. Such

changes in law may include changes in statutory, tax and regulatory regimes during the life of the Bonds, which may have an adverse effect on an investment in the Bonds.

Taxation: Under the Conditions of the Bonds (see Condition 10 (*Taxation*) below), the Issuer may, but will not be obliged to, gross up payments in respect of the Bonds if any deduction or withholding on account of tax is imposed. In the event that any deduction or withholding on account of tax is imposed and the Issuer does not opt to gross up payments in respect of the Bonds (or, if having previously opted to gross up notifies the Bond Trustee and the Bondholders of its intention to cease grossing up payments in respect of the Bonds), the Bonds will be redeemed in accordance with Condition 9.3 (*Early Redemption for Tax Reasons*). In such circumstances an investor may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the Bonds. In addition, any amounts in respect of accrued interest which fall due on any such redemption of the Bonds (and, where the redemption follows the next following Interest Payment Date, such Interest Payment Date) shall be paid subject to the required withholding or deduction and the Issuer shall not be obliged to pay any additional amounts in respect thereof. The Bondholders will therefore bear the risk of any such withholding or deduction in respect of the period from the previous Interest Payment Date to the date of redemption.

The Original Loan Agreement requires, and each Additional Loan Agreement will require, that if any withholding or deduction is required by law to be made by the relevant Borrower thereunder, the amount of the payment due from such Borrower shall be increased to an amount which (after making the tax deduction) leaves an amount equal to the payment which would have been due if no tax deduction had been required.

For a description of the current United Kingdom law and practice relating to withholding tax treatment of the Bonds, see below in "*Taxation*".

Exchange rate risks and exchange controls: The Issuer will pay principal and interest on the Bonds in Sterling. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than Sterling. These include the risk that exchange rates may significantly change (including changes due to devaluation of Sterling or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to Sterling would decrease (a) the Investor's Currency-equivalent yield on the Bonds, (b) the Investor's Currency-equivalent value of the principal payable on the Bonds and (c) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Risks Relating to the Security of the Bonds

Considerations relating to the Issuer Security and the Underlying Security: The validity of any Underlying Security given by the Borrowers and the Eligible Group Members in connection with additions and substitutions of Apportioned Properties may depend on the solvency of the relevant Borrower or Eligible Group Member at the time of the grant. If any Underlying Security is found to be invalid as a result, this will affect the amounts available to Bondholders in the event of a default under the Bonds.

Environmental Considerations: Under relevant UK environmental legislation, liability for environmental matters can be imposed on the "owner" or any "person in control" of land. The term "owner" is not specifically defined and could include anyone with a proprietary interest in a property, which could include a representative of a trustee as a mortgagee in possession (in respect of which see the risk factor entitled "*Mortgagee in Possession Liability*" below). Environmental laws may impose

liability on the owner for clean-up costs if a property is or becomes contaminated. The Borrowers and the Eligible Group Members may therefore be liable for the entire amount of the clean-up and redemption costs for a contaminated site regardless of whether the contamination was caused by it or not. These costs may be significant and may affect the ability of the Borrowers to meet their payment obligations under their respective Loan Agreements and, in turn, the ability of the Issuer to meet its payment obligations under the Bonds.

In addition, the presence of hazardous or toxic substances, or the failure to adequately remedy adverse environmental conditions at an Apportioned Property, may adversely affect the market value of the Apportioned Property, as well as the Borrowers' or the Eligible Group Members' ability to sell, lease or refinance the Apportioned Property. Any environmental liability imposed on a Borrower could also affect the ability of such Borrower to meet its payment obligations under its respective Loan Agreement and, in turn, the ability of the Issuer to meet its payment obligations under the Bonds.

Sufficiency of Insurance: Although each Apportioned Property is required to be insured at appropriate levels and against customary risks, there can be no assurance that any loss incurred will be of a type covered by such insurance, nor can there be any assurance that the loss will not exceed the limits of such insurance. Any reduction in income or any loss or damage caused to an Apportioned Property not adequately covered by insurance could result in a shortfall in funds available to meet the Borrowers' payment obligations under the Loan Agreements and, in turn, a shortfall in funds available to meet the Issuer's payment obligations under the Bonds.

Investment of Retained Proceeds and Charged Cash in Permitted Investments: For so long as any part of the net proceeds of the issue of the Bonds remains undrawn pursuant to the Loan Agreements, the Issuer may invest such amounts in Permitted Investments in accordance with the Custody Agreement. The Issuer may also invest the Charged Cash in Permitted Investments.

Although Permitted Investments are limited to highly rated securities which satisfy certain specified criteria (which, other than with respect to any investment in the Benchmark Gilt, includes a requirement that the investments have a maturity date which is no later than the Maturity Date), the Issuer may be required to liquidate such Permitted Investments (a) prior to the enforcement of the Issuer Security, (in the case of the Permitted Investments purchased with Retained Proceeds) to fund advances to a Borrower pursuant to a Loan Agreement or to fund redemptions of the Bonds in accordance with the Conditions or (b) following the enforcement of the Issuer Security, to make payments in accordance with the Post-enforcement Priority of Payment, in either case at a time when the disposal proceeds of such Permitted Investments is less than the price paid by the Issuer upon the acquisition thereof.

Prior to the enforcement of the Issuer Security, any losses realised by the Issuer in respect of a sale of Permitted Investments purchased with Retained Proceeds are passed on to the Borrowers pursuant to the terms of the Loan Agreements as a result of (i) the Issuer's obligation to fund a principal amount of an advance being such that it may be satisfied by funding such advance at a discount in proportion to any such losses and (ii) each Borrower's obligation to make further payments to the Issuer in respect of any prepayment of the loan in full to enable the Issuer to fund any shortfall on a redemption of the Bonds. However, following the enforcement of the Issuer Security, any losses in respect of the Permitted Investments will reduce the amounts available to the Issuer to satisfy its payment obligations in respect of the Bonds. For the purpose of calculating the Borrowers' compliance with the Asset Cover Test, the value of such Permitted Investments will be the purchase price thereof and the Borrowers shall not be required to monitor the market value of such Permitted Investments. Consequently, the value attributed to the Permitted Investments for this purpose may be more than the realisable value from time to time.

In the event that the enforcement of the Issuer Security takes place prior to the Apportioned Properties being charged with an aggregate Minimum Value equal (when multiplied by the Issuer's Security Percentage) to the principal amount of the Bonds, and/or at a time when the Permitted Investments

have been acquired with the Charged Cash or otherwise charged by a Borrower as security, the value of the proceeds of enforcement of the Underlying Security, together with such amounts, may be insufficient to enable the Issuer to pay its obligations under the Bonds in full.

There is no limit as to the proportion of the Asset Cover Test which may be satisfied by Permitted Investments in the form of Retained Proceeds and/or Charged Cash (although in respect of Retained Proceeds, these will be deemed to be zero after the Final Charging Date).

The Issuer's ability to meet its obligations under the Bonds after enforcement under a Loan:

Following default by a Borrower, the Security Trustee shall be entitled to call for payments of any unpaid sums by such Borrower to be made by one or more of the other Borrowers (if any) under and in accordance with the guarantee given by such other Borrowers pursuant to their respective Loan Agreement (subject to the limitations of each guarantee). If there are no other Borrowers or the other Borrowers do not make payment (or are not required to make payment as a result of the limitation of the relevant guarantee) of such amounts to the Issuer pursuant to their respective Loan Agreements the Security Trustee may enforce the Underlying Security and appoint a Receiver pursuant to its powers under the Security Trust Deed.

The Issuer's ability to continue to pay principal and interest on the Bonds following default by a Borrower under a Loan is dependent upon the ability of the Issuer to receive from the Security Trustee pursuant to the collection of rental income or a disposal of the Underlying Security, sufficient funds to make such payment.

Fixed charges may take effect under English law as floating charges: Pursuant to the Bond Trust Deed, the Issuer has purported to grant fixed charges over, amongst other things, all moneys and/or securities from time to time standing to the credit of the Transaction Account, the Ongoing Cash Security Account and the Initial Cash Security Account. English law relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than assignment of security) may take effect under English law only as floating charges if, for example, it is determined that the Bond Trustee does not exert sufficient control over the charged assets for the security to be said to "fix" over those assets. If the charges take effect as floating charges instead of fixed charges, then the claims of the Bond Trustee will be subject to claims which are given priority over a floating charge by law, including, amongst other things, prior charges, certain subsequent charges, the expenses of any winding up or administration and the claims of preferential creditors. Consequently, there may be less moneys available to pay Bondholders what is owed to them under the Bonds.

Mortgagee in Possession Liability: There is a risk that the Security Trustee may be deemed to be a mortgagee in possession if it physically enters into possession of an Apportioned Property or performs an act of control or influence which may amount to possession, such as submitting a demand direct to tenants requiring them to pay rents to the Security Trustee. In such circumstances the Security Trustee may incur further costs and expenses which will be recoverable by it from the enforcement proceeds prior to any payment being made to the Issuer, thereby reducing the amounts available to the Issuer to pay amounts owing under the Bonds.

Moratorium and housing administration: The Security Trustee must notify the Regulator of its intention to enforce its security and cannot enforce its security during the resulting moratorium without the consent of the Regulator. This may adversely affect the Security Trustee's ability to enforce the security over the Apportioned Properties.

The Security Trustee's ability to enforce the security over the Apportioned Properties may also be adversely affected for so long as any housing administration order is in place in respect of a Borrower or could result in a housing administrator disposing of Apportioned Property belonging to a Borrower at a time when proceeds are not sufficient to discharge the Issuer's obligations under the Bonds.

Risks Relating to the Market Generally

Potential Limited Liquidity: The Bonds may not have an established market when issued. There can be no assurance of a secondary market for the Bonds or the continued liquidity of such market if one develops. The development or continued liquidity of any secondary market for the Bonds will be affected by a number of factors such as the state of credit markets in general and the creditworthiness of the Group, as well as other factors such as the time remaining to the maturity of the Bonds.

Credit ratings may not reflect all risks: It is expected that the Bonds will be rated "A+" by S&P. This rating may not reflect the potential impact of all risks related to the structure, market and other factors that may affect the value of the Bonds. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended, reduced or withdrawn by the assigning rating agency at any time.

The on-going creditworthiness of the Group depends on many factors, including the link to national government, industry, competitive, financial and operational performance, economic factors, the level of drawn debt, the ability to access new debt and the strength of the Group's management and governance structure. Actual deterioration or a perceived deterioration in any of these factors or a combination of these factors may result in a downgrade in the Group's perceived creditworthiness as indicated by the Group's issued credit ratings that could, in turn, cause the trading price of the Bonds to decline and may result in a loss of all or part of an investment in the Bonds.

As with any rated entity, the rating of the Group may be susceptible to further adjustments (whether upward or downward) and, in particular, any adjustments which may be made as a result of a rating agency's methodology as applied to the Issuer or any other member of the Group.

As at the date of these Admission Particulars, S&P is established in the EU and is registered under the CRA Regulation. As such, S&P is included in the list of credit rating agencies published by the ESMA on its website in accordance with the CRA Regulation.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended). If the status of S&P changes, European regulated investors may no longer be able to use the relevant rating for regulatory purposes and the Bonds may have a different regulatory treatment. This may result in European regulated investors selling Bonds held by them which may have an impact on the value of the Bonds in the secondary market.

CONDITIONS OF THE BONDS

The following are the Conditions of the Bonds which will be endorsed on each Bond in definitive form (if issued).

The £350,000,000 1.625 per cent. Secured Bonds due 2055 (the **Bonds**, which expression shall in these Conditions, unless the context otherwise requires, include any further bonds issued pursuant to Condition 19 (*Further issues*) and forming a single series with the Bonds) of Platform HG Financing plc (the **Issuer**) are constituted by a Bond Trust Deed (as amended and/or supplemented and/or restated from time to time, the **Bond Trust Deed**) dated 10 August 2020 made between the Issuer and Prudential Trustee Company Limited (the **Bond Trustee**, which expression shall include any successor as Bond Trustee) as trustee for the holders of the Bonds (the **Bondholders**) and the holders of the interest coupons appertaining to the Bonds (the **Couponholders** and the **Coupons** respectively, which expressions shall, unless the context otherwise requires, include the talons for further interest coupons (the **Talons**) and the holders of the Talons).

The Bonds have the benefit of an Agency Agreement dated 10 August 2020 (as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) and made between the Issuer, the Bond Trustee, HSBC Bank plc as principal paying agent (the **Principal Paying Agent**, which expression shall include any successor agent) and the other paying agents named therein (together with the Principal Paying Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents).

Copies of the Bond Trust Deed, the Agency Agreement, the Loan Agreements (as defined below), the Legal Mortgages (as defined below) and the Security Trust Deed (as defined below) are available for inspection during normal business hours at the registered office for the time being of the Bond Trustee being at the date of the issue of the Bonds at 10 Fenchurch Avenue, London EC3M 5AG and at the specified office of each of the Paying Agents. The Bondholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Bond Trust Deed and the Agency Agreement. The statements in these Conditions include summaries of, and are subject to, the detailed provisions and definitions of the Bond Trust Deed, which includes the form of the Bonds.

1 DEFINITIONS

Words and expressions defined in the Bond Trust Deed or the Agency Agreement shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated.

In these Conditions:

Account Agreement means the Account Agreement dated 10 August 2020 and made between the Issuer, the Bond Trustee and the Account Bank, as amended and/or supplemented and/or restated from time to time;

Account Bank means HSBC Bank plc as account bank pursuant to the Account Agreement or any successor account bank appointed thereunder;

Accounting Profit means, in respect of each accounting period of the Issuer, the aggregate amount which the Issuer would be required to recognise for corporation tax purposes as profit in respect of its Permitted Investments and/or Retained Bonds as a result of:

- (a) the movement in the fair value recognised in its accounts of such Permitted Investments and/or Retained Bonds for that accounting period, plus

(b) any further profit arising from the sale of Permitted Investments, (ignoring, for this purpose, any Gift Aid Payment to be made pursuant to a Loan Agreement);

Additional Borrower means any entity which:

- (a) has charitable (or exempt charitable) status;
- (b) is a Registered Provider of Social Housing;
- (c) is a member of the Group; and
- (d) has acceded to the Security Trust Deed as a borrower in respect of the Bonds;

Additional Loan Agreement means a loan agreement between the Issuer, an Additional Borrower and the Security Trustee entered into in connection with the issue proceeds of the Bonds, as amended and/or supplemented and/or restated from time to time;

Appointee means any attorney, manager, agent, delegate, nominee, custodian, receiver or other person appointed by the Bond Trustee under, or pursuant to, these Conditions or the Bond Trust Deed;

Asset Cover Test has the meaning given to it in the Loan Agreements;

Bondholder Specific Withholding means any withholding or deduction of Taxes which is required in respect of any payment in respect of any Bond or Coupon:

- (a) presented for payment by or on behalf of a holder who is liable to the Taxes in respect of the Bond or Coupon by reason of his having some connection with the Relevant Jurisdiction other than the mere holding of the Bond or Coupon; or
- (b) presented for payment more than 30 days after the Relevant Date except to the extent that a holder would have been entitled to additional amounts on presenting the same for payment on the last day of the period of 30 days assuming, whether or not such is in fact the case, that day to have been a Payment Day (as defined in Condition 8.5 (Payment Day)).

Borrower Default has the meaning given to it in the Loan Agreements;

Borrowers means the Original Borrower and any Additional Borrower, in each case for so long as it is a borrower under a Loan Agreement;

Business Day means, for the purpose of Condition 9 (*Redemption and Purchase*), a day (other than a Saturday, Sunday or public holiday) on which commercial banks are open for general business in London;

Cancelled Retained Proceeds has the meaning given to it in the Loan Agreements;

Charged Cash means, at any time, the aggregate of all amounts (whether representing proceeds of disposal or other moneys) standing to the credit of the Ongoing Cash Security Account and, to the extent invested in Permitted Investments in accordance with the Custody Agreement, such Permitted Investments and any income received by the Issuer in respect of such Permitted Investments, provided however that, for the purpose of determining the compliance of the Borrowers with the Asset Cover Test, the value to be attributed to such Permitted Investments shall be the purchase price thereof;

Charitable Group Member means a charitable member of the Group which is connected with the Group Parent for the purposes of section 939G of the Corporation Tax Act 2010;

Commitment has the meaning given to it in the Loan Agreements;

Compliance Certificate has the meaning given to it in the Loan Agreements;

Custodian means HSBC Bank plc as custodian pursuant to the Custody Agreement or any successor custodian appointed thereunder;

Custody Account means the account of the Issuer set up with the Custodian in respect of the Permitted Investments in accordance with the Custody Agreement;

Custody Agreement means the Custody Agreement dated 10 August 2020 relating to the Permitted Investments and made between the Issuer, the Bond Trustee and the Custodian, as amended and/or supplemented and/or restated from time to time;

Eligible Group Member means any entity which, unless otherwise approved by the Security Trustee, is:

- (a) a member of the Group; and
- (b) a Registered Provider of Social Housing,

and which, in each case, has created (and which is subsisting) or will create security pursuant to the Security Trust Deed which is allocated for the benefit of the Issuer;

Gift Aid Payment means a qualifying charitable donation for the purposes of Part 6 of the Corporation Tax Act 2010;

Group means the Group Parent and any other present or future, direct or indirect, subsidiaries of the Group Parent (which includes, for the avoidance of doubt, any entity with which the Group Parent may merge or be consolidated with at any time);

Group Parent means Platform Housing Group Limited;

Initial Cash Security Account means the account of the Issuer set up with the Account Bank in respect of the Retained Proceeds in accordance with the Account Agreement;

Issue Date means 10 August 2020;

Issuer Charged Property has the meaning given to it in Condition 4 (*Security*);

Issuer Security has the meaning given to it in Condition 4 (*Security*);

Legal Mortgages means:

- (a) the two Legal Mortgages dated 10 August 2020, each entered into between the Original Borrower and the Security Trustee pursuant to which the Original Borrower provides security in respect of, *inter alia*, its obligations under the Original Loan Agreement; and
- (b) any additional legal mortgage entered into between a Borrower or an Eligible Group Member and the Security Trustee substantially in the form set out in the Security Trust Deed pursuant to which such Borrower or Eligible Group Member provides security in respect of a Borrower's obligations under a Loan Agreement;

Loan Agreements means the Original Loan Agreement and each Additional Loan Agreement;

Loan Payment Day means a day on which principal or interest in respect of a Loan is due and payable by a Borrower to the Issuer in accordance with the terms of a Loan Agreement;

Loans means the principal amount of each Commitment which has been advanced to a Borrower pursuant to the terms of a Loan Agreement or the outstanding balance thereof for the time being (ignoring, for these purposes, any Actual Advance Amount or Retained Bond Actual Advance Amount (as defined in the Loan Agreements));

Ongoing Cash Security Account means the account of the Issuer set up with the Account Bank in respect of the Charged Cash in accordance with the Account Agreement;

Original Loan Agreement means the Loan Agreement dated 10 August 2020 between the Original Borrower, the Issuer and the Security Trustee, as amended and/or supplemented and/or restated from time to time;

Original Borrower means Platform Housing Limited, as borrower under the Original Loan Agreement;

Permitted Investment Profit means, in respect of any sale of Permitted Investments, the amount of any net profits or gains arising from such sale which are within the charge to corporation tax (if any);

Permitted Investments has the meaning given to it in the Loan Agreements;

Permitted Reorganisation has the meaning given to it in the Loan Agreements;

Potential Event of Default means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the forming of an opinion and/or the fulfilment of any similar condition, would constitute an Event of Default;

Registered Provider of Social Housing means a person listed in the register of providers of social housing established under Chapter 3 of Part 2 of the Housing and Regeneration Act 2008 (as amended from time to time) or a person having a status which, in the opinion of the Issuer and the Bond Trustee, is substantially equivalent under any replacement or successor legislation;

Relevant Date means, in respect of a payment, the date on which the payment first becomes due but, if the full amount of the money payable has not been received by the Principal Paying Agent or the Bond Trustee on or before the due date, it means the date on which, the full amount of the money having been so received, notice to that effect has been duly given to the Bondholders by the Issuer in accordance with Condition 15 (*Notices*);

Relevant Jurisdiction means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or any political subdivision or any authority thereof or therein having power to tax to which the Issuer becomes subject in respect of payments made by it of principal and interest on the Bonds or Coupons;

Retained Bond Custodian means HSBC Bank plc as custodian pursuant to the Retained Bond Custody Agreement or any successor custodian appointed thereunder;

Retained Bond Custody Agreement means the Retained Bond Custody Agreement dated 10 August 2020 relating to the Retained Bonds and made between the Issuer, the Bond Trustee and the Retained Bond Custodian, as amended and/or supplemented and/or restated from time to time;

Retained Bond Premium Amount means, in respect of any sale by the Issuer of Retained Bonds, the amount of any net profits or gains arising from such sale which are within the charge to corporation tax (if any);

Retained Bonds means £50,000,000 in principal amount of the Bonds purchased by the Issuer on the Issue Date;

Retained Proceeds means, at any time:

- (a) an amount of the net issue proceeds of the Bonds (other than the Retained Bonds) which have not been advanced to a Borrower pursuant to a Loan Agreement at such time (if any), plus
- (b) an amount of the net sale proceeds of the Retained Bonds (less any Retained Bond Premium Amount) which are not advanced to a Borrower pursuant to a Loan Agreement immediately following receipt thereof by the Issuer and have not subsequently been advanced to a Borrower (if any);

Secured Parties means the Bond Trustee (for itself and on behalf of the Bondholders and Couponholders), the Principal Paying Agent, the other Paying Agents, the Account Bank, the Custodian and the Retained Bond Custodian;

Security Trust Deed means the Security Trust Deed dated 10 August 2020 between the Issuer, the Original Borrower and the Security Trustee, as amended and/or supplemented and/or restated from time to time;

Security Trustee means Prudential Trustee Company Limited as security trustee under the Security Trust Deed for, *inter alios*, the Issuer;

Taxes has the meaning given to it in Condition 10.1 (*Payments without withholding*);

Transaction Account means the account of the Issuer set up with the Account Bank in respect of the Bonds in accordance with the Account Agreement;

Transaction Documents means the Loan Agreements, the Bond Trust Deed, the Security Trust Deed, the Agency Agreement, the Account Agreement, the Custody Agreement and the Retained Bond Custody Agreement;

Transaction Parties means any person who is party to a Transaction Document;

UK Government Gilt means Sterling denominated gilts or stock issued by or on behalf of Her Majesty's Treasury; and

Undrawn Commitment has the meaning given to it in the Loan Agreements.

2 FORM, DENOMINATION AND TITLE

The Bonds are in bearer form, serially numbered, in the denominations of £100,000 and integral multiples of £1,000 in excess thereof up to and including £199,000, with Coupons and Talons attached on issue. No Bonds will be issued with a denomination above £199,000.

Title to the Bonds and Coupons will pass by delivery. The Issuer, any Paying Agent and the Bond Trustee will (except as otherwise required by law) deem and treat the bearer of any Bond or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes.

3 STATUS

The Bonds and Coupons are direct obligations of the Issuer, secured in the manner set out in Condition 4 (*Security*), and rank *pari passu* without preference or priority amongst themselves.

4 SECURITY

The Issuer's obligations in respect of the Bonds are secured (subject as provided in these Conditions and the Bond Trust Deed) pursuant to the Bond Trust Deed in favour of the Bond Trustee for the benefit of itself and the Bondholders and the other Secured Parties as follows:

- (a) by an assignment by way of security of the Issuer's rights, title and interest arising under the Loan Agreements, the Security Trust Deed, the Legal Mortgages, the Agency Agreement, the Custody Agreement and the Account Agreement, in each case to the extent that they relate to the Bonds;
- (b) by a charge by way of first fixed charge over all moneys and/or securities from time to time standing to the credit of the Transaction Account, the Ongoing Cash Security Account, the Initial Cash Security Account and the Custody Account and all debts represented thereby; and
- (c) by a charge by way of first fixed charge over all sums held from time to time by the Paying Agents for the payment of principal or interest in respect of the Bonds.

The property charged and assigned pursuant to the Bond Trust Deed listed in (a) to (c) above, together with any other property or assets held by and/or assigned to the Bond Trustee and/or any deed or document supplemental thereto, is referred to herein as the **Issuer Charged Property** and the security created thereby, the **Issuer Security**.

5 ORDER OF PAYMENTS

5.1 Pre-enforcement

Prior to the enforcement of the Issuer Security, the Issuer shall apply the monies standing to the credit of the Transaction Account on each Interest Payment Date and such other dates on which a payment is due in respect of the Bonds in the following order of priority (the **Pre-enforcement Priority of Payment**):

- (a) first, in payment of any taxes due and owing by the Issuer to any taxing authority (insofar as they relate to the Bonds);
- (b) second, in payment of any unpaid fees, costs, charges, expenses and liabilities incurred by the Bond Trustee and any Appointee (including remuneration payable to the Bond Trustee and any such Appointee) in carrying out its functions under the Bond Trust Deed;
- (c) third, in payment of any unpaid fees, costs, charges, expenses, liabilities and indemnity payments of the Issuer owing to the Paying Agents under the Agency Agreement, the

Account Bank under the Account Agreement, the Custodian under the Custody Agreement and the Retained Bond Custodian under the Retained Bond Custody Agreement on a *pro rata* and *pari passu* basis;

- (d) fourth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees, expenses and liabilities of the Issuer (in each case in so far as they relate to the Bonds);
- (e) fifth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any interest due and payable in respect of the Bonds;
- (f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any principal due and payable in respect of the Bonds;
- (g) seventh, in payment, on a *pro rata* and *pari passu* basis, to the Borrowers of any amounts due and payable under the terms of the Loan Agreements; and
- (h) eighth, in payment of any Permitted Investment Profit, Accounting Profit or Retained Bond Premium Amount, as the case may be, to any Charitable Group Member.

5.2 **Post-enforcement**

Following the enforcement of the Issuer Security, all monies standing to the credit of the Transaction Account, the Ongoing Cash Security Account and the Initial Cash Security Account and the net proceeds of enforcement of the Issuer Security shall be applied in the following order of priority (the **Post-enforcement Priority of Payment**):

- (a) first, in payment or satisfaction of the fees, costs, charges, expenses and liabilities incurred by the Bond Trustee, any Appointee or any receiver in preparing and executing the trusts under the Bond Trust Deed (including the costs of realising any Issuer Security and the Bond Trustee's, any such Appointee's and any such receiver's remuneration);
- (b) second, in payment, on a *pro rata* and *pari passu* basis, of all amounts owing to the Paying Agents under the Agency Agreement, the Account Bank under the Account Agreement, the Custodian under the Custody Agreement and the Retained Bond Custodian under the Retained Bond Custody Agreement;
- (c) third, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any interest due and payable in respect of the Bonds;
- (d) fourth, in payment, on a *pro rata* and *pari passu* basis, to the Bondholders of any principal due and payable in respect of the Bonds;
- (e) fifth, in payment, on a *pro rata* and *pari passu* basis, of any other unpaid fees and expenses of the Issuer (in each case insofar as they relate to the Bonds);
- (f) sixth, in payment, on a *pro rata* and *pari passu* basis, to the Borrowers of any amounts due and payable under the terms of the Loan Agreements; and
- (g) seventh, in payment of any Permitted Investment Profit, Accounting Profit or Retained Bond Premium Amount, as the case may be, to any Charitable Group Member.

6 COVENANTS

6.1 General Covenants

In addition to the covenants of the Issuer set out in the Bond Trust Deed, for so long as any of the Bonds remain outstanding, the Issuer covenants that it will not, without the consent in writing of the Bond Trustee, engage in any activity or do anything other than:

- (a) carry out the business of a company which has as its purpose raising finance and on-lending such finance to or for the benefit of the Group (including, without limitation, as envisaged by the Transaction Documents); and
- (b) perform any act incidental to or necessary in connection with (a) above.

The Issuer also covenants, for so long as any of the Bonds remain outstanding, not to create or permit to subsist, over any of the security constituted by or created pursuant to the Bond Trust Deed, any mortgage or charge or any other security interest ranking in priority to, or *pari passu* with, the security created by or pursuant to the Bond Trust Deed.

6.2 Information Covenants

For so long as any of the Bonds remain outstanding, the Issuer shall:

- (a) send to the Bond Trustee and, upon request by any Bondholder to the Issuer, make available to such Bondholder at the Issuer's registered office during normal business hours, a copy of the Compliance Certificates promptly upon receipt of the same from the Borrowers pursuant to the terms of their respective Loan Agreements;
- (b) send to the Bond Trustee and, upon request by any Bondholder to the Issuer, make available to such Bondholder at the Issuer's registered office during normal business hours, a copy of the audited annual financial statements of each Borrower (consolidated if available) promptly upon publication of the same by each Borrower; and
- (c) at the request of Bondholders holding not less than 33 per cent. in principal amount of the Bonds for the time being outstanding, convene a meeting of the Bondholders to discuss the financial position of the Issuer and the Group, provided, however, that the Issuer shall not be required to convene any such meeting pursuant to this Condition 6.2(c) more than once in any calendar year. Upon the request of Bondholders to convene any such meeting, as aforesaid, the Issuer shall notify all Bondholders of the date (which such date shall be no more than 21 days following such request), time and place of the meeting in accordance with Condition 15 (*Notices*). The Issuer shall act in good faith in addressing any questions regarding the financial position of itself or any other member of the Group raised at any such meeting, provided, however, that the Issuer shall not be obliged to disclose any information which it, in its absolute discretion, considers to be of a confidential nature. For the avoidance of doubt, the provisions of this Condition 6.2(c) are in addition to the meetings provisions set out in Condition 17 (*Meetings of Bondholders, Modification and Waiver*).

6.3 Loan Agreements, Legal Mortgages and Security Trust Deed Consents Covenant

For so long as any of the Bonds remain outstanding, the Issuer covenants that it shall not consent to any waiver, amendment or modification of, or take any action or direct the Security Trustee to take any action pursuant to, the Loan Agreements, the Legal Mortgages or the Security Trust Deed except with the prior consent of the Bond Trustee. The Bond Trustee may

seek the consent of the Bondholders in accordance with the Bond Trust Deed prior to giving any such consent.

7 INTEREST

7.1 Interest Rate and Interest Payment Dates

The Bonds bear interest from (and including) 10 August 2020 at the rate of 1.625 per cent. per annum, payable semi-annually in arrear in equal instalments on 10 February and 10 August in each year (each, an **Interest Payment Date**), commencing on 10 February 2021.

7.2 Interest Accrual

Each Bond will cease to bear interest from (and including) its due date for redemption unless, upon due presentation, payment of the principal in respect of the Bond is improperly withheld or refused or unless default is otherwise made in respect of payment, in which event interest shall continue to accrue as provided in the Bond Trust Deed.

7.3 Calculation of Broken Interest

When interest is required to be calculated in respect of a period of less than a full half year, it shall be calculated on the basis of:

- (a) the actual number of days in the period from (and including) the date from which interest begins to accrue (the **Accrual Date**) to (but excluding) the date on which it falls due, divided by
- (b) the actual number of days from and including the Accrual Date to (but excluding) the next following Interest Payment Date multiplied by 2,

and multiplying the resulting fraction by the rate of interest specified in Condition 7.1 above and the relevant principal amount of the Bonds.

8 PAYMENTS

8.1 Payments in respect of Bonds

Subject as follows, payments of principal and interest in respect of each Bond will be made against presentation and surrender (or, in the case of part payment only, endorsement) of the Bond. Payments of interest on an Interest Payment Date will be made against presentation and surrender (or in the case of part payment only, endorsement) of the relevant Coupon, in each case at the specified office outside the United States of any of the Paying Agents.

8.2 Method of Payment

Payments will be made by credit or transfer to an account in Sterling maintained by the payee with, or, at the option of the payee, by a cheque in Sterling drawn on, a bank in London.

8.3 Missing Unmatured Coupons

Each Bond should be presented for payment together with all relative unmatured Coupons (which expression shall, for the avoidance of doubt, include Coupons falling to be issued on exchange of matured Talons), failing which the full amount of any relative missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the full amount of the missing unmatured Coupon which the amount so paid bears to the total amount due) will be

deducted from the amount due for payment. Each amount so deducted will be paid in the manner mentioned above against presentation and surrender (or, in the case of part payment only, endorsement) of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date in respect of the relevant Bond (whether or not the Coupon would otherwise have become void pursuant to Condition 11 (*Prescription*)) or, if later, five years after the date on which the Coupon would have become due, but not thereafter.

8.4 **Payments subject to Applicable Laws**

Payments in respect of principal and interest on the Bonds are subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*).

8.5 **Payment Day**

If the date for payment of any amount in respect of any Bond or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

For these purposes, **Payment Day** means any day which (subject to Condition 11 (*Prescription*)):

- (a) is, or falls after, the relevant due date;
- (b) is, or falls at least one Business Day after, the corresponding Loan Payment Day;
- (c) is a Business Day in the place of the specified office of the Paying Agent at which the Bond or Coupon is presented for payment; and
- (d) in the case of payment by a credit or transfer to a Sterling account in London as referred to above, is a Business Day in London.

In this Condition, **Business Day** means, in relation to any place, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in that place.

8.6 **Initial Paying Agents**

The names of the initial Paying Agents and their initial specified offices are set out at the end of these Conditions. The Issuer reserves the right, subject to the prior written approval of the Bond Trustee, at any time to vary or terminate the appointment of any Paying Agent and to appoint additional or other Paying Agents provided that:

- (a) there will at all times be a Principal Paying Agent; and
- (b) there will at all times be at least one Paying Agent (which may be the Principal Paying Agent) having its specified office in a European city which so long as the Bonds are admitted to trading on the International Securities Market of the London Stock Exchange shall be London or such other place as the London Stock Exchange may approve.

Notice of any termination or appointment and of any changes in specified offices will be given to the Bondholders promptly by the Issuer in accordance with Condition 15 (*Notices*).

In acting under the Agency Agreement, the Paying Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Bond Trustee and do not assume any obligation to, or relationship of agency or trust with, any Bondholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Paying Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor paying agent.

8.7 Interpretation of principal and interest

Any reference in these Conditions to principal in respect of the Bonds shall be deemed to include, as applicable:

- (a) any additional amounts which may be payable with respect to principal under Condition 10 (*Taxation*); and
- (b) any specific redemption price referred to in Condition 9 (*Redemption and Purchase*) which may be payable by the Issuer under or in respect of the Bonds.

Any reference in these Conditions to interest in respect of the Bonds shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 10 (*Taxation*).

9 REDEMPTION AND PURCHASE

9.1 Redemption at Maturity

Unless previously redeemed or purchased and cancelled as specified in these Conditions, the Bonds will be redeemed by the Issuer at their principal amount on 10 August 2055.

9.2 Early Redemption

Subject to Condition 9.4 (*Mandatory Early Redemption*) below, if in accordance with a Loan Agreement a Borrower elects to prepay its Loan in whole or in part prior to the repayment date specified in the relevant Loan Agreement, then (if no replacement Commitment is put in place with another Borrower) the Issuer shall redeem the Bonds in whole or, in respect of a prepayment in part, in an aggregate principal amount equal to the nominal amount of the relevant Loan to be repaid on the date which is two Business Days after that on which payment is made by the relevant Borrower under the relevant Loan Agreement (the **Loan Prepayment Date**).

Redemption of the Bonds pursuant to this Condition 9.2 shall be made at the higher of the following:

- (a) par; and
- (b) the amount (as calculated by a financial adviser nominated by the Issuer and approved by the Bond Trustee, and appointed at the expense of the Issuer, (the **Nominated Financial Adviser**) and reported in writing to the Issuer and the Bond Trustee) which is equal to the principal amount of the Bonds to be redeemed multiplied by the price (expressed as a percentage and calculated by the Nominated Financial Adviser) (rounded to three decimal places (0.0005 being rounded upwards)) at which the Gross Redemption Yield on the Bonds (if the Bonds were to remain outstanding until their original maturity) on the Determination Date would be equal to the sum of (i) the Gross

Redemption Yield at 3:00 pm (London time) on the Determination Date of the Benchmark Gilt and (ii) 0.20 per cent.,

together with any interest accrued up to (but excluding) the Loan Prepayment Date.

For the purposes of this Condition:

Benchmark Gilt means the 4¼% Treasury Gilt 2055 or such other conventional (i.e. not index-linked) UK Government Gilt as the Issuer (with the advice of the Nominated Financial Adviser) may determine (failing such determination, as determined by the Bond Trustee with such advice) to be the most appropriate benchmark conventional UK Government Gilt;

Determination Date means three Business Days prior to the Loan Prepayment Date; and

Gross Redemption Yield means a yield calculated by the Nominated Financial Adviser on the basis set out by the United Kingdom Debt Management Office in the paper "*Formulae for Calculating Gilt Prices from Yields*" page 5, Section One: Price/Yield Formulae (Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date) (published on 8 June 1998 and updated on 15 January 2002 and 16 March 2005) (as amended or supplemented from time to time).

9.3 **Early Redemption for Tax Reasons**

If as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement), and certifies to the Bond Trustee, that it would, on the next following Interest Payment Date, be required to make a withholding or deduction in respect of payments to be made on such Interest Payment Date (other than in respect of a Bondholder Specific Withholding) and the Issuer does not opt to pay additional amounts pursuant to Condition 10.2 (*No obligation to pay additional amounts*) or, having so opted, notifies the Bond Trustee and the Bondholders, in accordance with Condition 15 (*Notices*), of its intention to cease paying such additional amounts, the Issuer shall redeem the Bonds in whole, but not in part, at their principal amount, plus accrued interest to (but excluding) the date of redemption, as soon as reasonably practicable prior to the next following Interest Payment Date or, if it is not reasonably practicable for the Issuer to redeem the Bonds prior to the next following Interest Payment Date, within three Business Days thereafter. For the avoidance of doubt, any amounts in respect of accrued interest which fall due on any such redemption of the Bonds (and, where the redemption follows the next following Interest Payment Date, such Interest Payment Date) shall be paid subject to the required withholding or deduction and the Issuer shall not be obliged to pay any additional amounts in respect thereof.

9.4 **Mandatory Early Redemption**

If a Loan becomes repayable:

- (a) as a result of a Borrower Default; or
- (b) following a Borrower ceasing to be a Registered Provider of Social Housing (other than if such Borrower regains its status as a Registered Provider of Social Housing within 180 days),

then (unless the Issuer has agreed with another Borrower to increase its Commitment by the relevant amount of the Loan to be prepaid not later than the date on which the relevant amount of Bonds would otherwise be redeemed) the Issuer shall redeem the Bonds in an aggregate principal amount equal to the nominal amount of the relevant Loan at their principal amount,

plus accrued interest to (but excluding) the date on which the Loan is repaid (the **Loan Repayment Date**), on the date which is two Business Days after the Loan Repayment Date.

9.5 **Notice of Early Redemption**

Notice of any early redemption in accordance with Condition 9.2 (*Early Redemption*), Condition 9.3 (*Early Redemption for Tax Reasons*) or Condition 9.4 (*Mandatory Early Redemption*) above shall be given by the Issuer to the Bond Trustee, the Paying Agents and the Bondholders, in accordance with Condition 15 (*Notices*), as promptly as practicable.

In the case of a partial redemption of Bonds, Bonds to be redeemed will be selected in such place as the Bond Trustee may approve and in such manner and at such time as the Bond Trustee may deem appropriate and fair. Notice of any such selection will be given by the Issuer to the Bondholders as promptly as practicable. Each notice will specify the date fixed for redemption, the early redemption amount and the aggregate principal amount of the Bonds to be redeemed, the serial numbers of the Bonds called for redemption, the serial numbers of Bonds previously called for redemption and not presented for payment and the aggregate principal amount of the Bonds which will be outstanding after the partial redemption.

9.6 **Calculations**

Each calculation by or on behalf of the Issuer for the purposes of this Condition 9 shall, in the absence of manifest error, be final and binding on all persons. If the Issuer does not at any time for any reason calculate amounts referred to in this Condition 9, such amounts may be calculated by the Bond Trustee, or an agent appointed (at the expense of the Issuer) by the Bond Trustee for this purpose, (without any liability accruing to the Bond Trustee as a result) based on information supplied to it by the Issuer and each such calculation shall be deemed to have been made by the Issuer.

9.7 **Purchase of Bonds by Borrowers or other members of the Group**

Any Borrower and any other member of the Group (other than the Issuer) may at any time purchase Bonds in the open market or otherwise at any price. Following any such purchase, such Borrower or such other member of the Group, as the case may be, may (but is not obliged to) surrender the Bonds to the Issuer for cancellation. An amount equal to the principal amount of the Bonds being surrendered shall be deemed to be prepaid under the Loan Agreement specified by such Borrower or such other member of the Group (but, for the avoidance of doubt, without triggering a redemption under Condition 9.2 (*Early Redemption*)) or, to the extent that the relevant Loan is not then outstanding, an amount of the Undrawn Commitment of the relevant Borrower equal to the Outstanding Balance of the Bonds surrendered shall be deemed to be cancelled for the purposes of such Loan Agreement and an amount of Retained Proceeds equal to the Cancelled Retained Proceeds shall be paid by the Issuer to such Borrower or such other member of the Group, as the case may be.

9.8 **Purchase of Bonds by the Issuer**

The Issuer may not at any time purchase Bonds other than the Retained Bonds on the Issue Date.

9.9 **Cancellation of purchased or redeemed Bonds**

All Bonds redeemed by the Issuer pursuant to Condition 9.2 (*Early Redemption*), Condition 9.3 (*Early Redemption for Tax Reasons*) or Condition 9.4 (*Mandatory Early Redemption*) or

surrendered to the Issuer for cancellation pursuant to Condition 9.7 (*Purchase of Bonds by Borrowers or other members of the Group*) shall be cancelled and may not be reissued or resold.

The Issuer:

- (a) may cancel any Retained Bonds held by it or on its behalf following a request by a Borrower, pursuant to a Loan Agreement, to cancel a corresponding amount of such Borrower's Undrawn Commitment;
- (b) shall cancel all Retained Bonds held by or on behalf of the Issuer:
 - (i) forthwith upon notice that the Bonds are to be redeemed (and, in any event, prior to such redemption) in accordance with Condition 9.3 (Early Redemption for Tax Reasons) or Condition 12 (Events of Default and Enforcement); and
 - (ii) by no later than the date falling five years after the Issue Date; and
- (c) shall, forthwith upon notice that the Bonds are to be redeemed in full or in part in accordance with Condition 9.4 (*Mandatory Early Redemption*), cancel Retained Bonds held by or on behalf of the Issuer in an aggregate principal amount equal to the principal amount of the Undrawn Commitment (if any) of the relevant Borrower whose Loan has become repayable.

10 TAXATION

10.1 Payments without withholding

All payments of principal and interest in respect of the Bonds and Coupons by or on behalf of the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (**Taxes**) imposed or levied by or on behalf of the Relevant Jurisdiction, unless such withholding or deduction is required by law in which case the relevant payment will be made subject to such withholding or deduction.

10.2 No obligation to pay additional amounts

Subject as follows, neither the Issuer, the Bond Trustee nor any Paying Agent shall be obliged to pay any additional amounts to the Bondholders or Couponholders as a result of any withholding or deduction made in accordance with Condition 10.1 (*Payments without withholding*).

Notwithstanding the foregoing, in the event that the Issuer would, on the next Interest Payment Date, be required to make a withholding or deduction in respect of tax (other than in respect of a Bondholder Specific Withholding), the Issuer may, provided that it has given notice to the Bond Trustee and the Bondholders, in accordance with Condition 15 (*Notices*), of its intention to do so prior to such Interest Payment Date, pay to Bondholders such additional amounts as may be necessary in order that the net amounts received by the Bondholders after such withholding or deduction will equal the amounts of principal and interest which would have been received in respect of the Bonds in the absence of such withholding or deduction. If at any time the Issuer intends to cease paying such additional amounts it may do so by giving notice to the Bondholders and the Bond Trustee of its intention to do so with effect from the next Interest Payment Date.

11 PRESCRIPTION

The Bonds and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 8 (*Payments*) or any Talon which would be void pursuant to Condition 8 (*Payments*).

12 EVENTS OF DEFAULT AND ENFORCEMENT

12.1 Events of Default

The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least one-fourth in principal amount of the Bonds then outstanding or if so directed by an Extraordinary Resolution shall (subject in each case to being secured and/or indemnified and/or pre-funded to its satisfaction), (but in the case of the happening of any of the events described in paragraphs (b), (c) and (j) below, only if the Bond Trustee shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Bondholders), give notice in writing to the Issuer that the Bonds are, and the Bonds shall thereupon immediately become, due and repayable at their principal amount together with accrued interest as provided in the Bond Trust Deed if any of the following events (each an **Event of Default**) shall occur:

- (a) if default is made in the payment of any principal or interest due in respect of the Bonds or any of them and the default continues for a period of seven days in the case of principal and 14 days in the case of interest; or
- (b) if the Issuer fails to perform or observe any of its other obligations under the Conditions or the Bond Trust Deed or if any representation given by the Issuer to the Bond Trustee in the Bond Trust Deed is found to be untrue, incorrect or misleading as at the time it was given and (except in any case where, in the opinion of the Bond Trustee, the failure or inaccuracy is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure or inaccuracy continues for the period of 30 days next following the service by the Bond Trustee on the Issuer of notice requiring the same to be remedied; or
- (c)
 - (i) any other present or future indebtedness of the Issuer for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described);
 - (ii) any such indebtedness is not paid when due or, as the case may be, within any originally applicable grace period; or
 - (iii) the Issuer fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in

paragraph (i), (ii) or (iii) above have occurred equals or exceeds £15,000,000 or its equivalent in other currencies (as reasonably determined by the Bond Trustee); or

- (d) if any order is made by any competent court or resolution passed for the winding up or dissolution of the Issuer save for the purposes of reorganisation on terms previously approved in writing by the Bond Trustee or by an Extraordinary Resolution; or
- (e) if the Issuer ceases or threatens to cease to carry on the whole or, in the opinion of the Bond Trustee, substantially all of its business, save for the purposes of reorganisation on terms previously approved in writing by the Bond Trustee or by an Extraordinary Resolution; or
- (f) if the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent; or
- (g) if:
 - (i) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, or an application is made (or documents filed with a court) for the appointment of an administrative or other receiver, manager, liquidator, administrator or other similar official, or an administrative or other receiver, manager, liquidator, administrator or other similar official is appointed, in relation to the Issuer or, as the case may be, in relation to all or substantially all of the Issuer's undertaking or assets, or an encumbrancer takes possession of all or substantially all of the Issuer's undertaking or assets, or a distress, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against all or substantially all of the Issuer's undertaking or assets; and
 - (ii) in any case (other than the appointment of an administrator) is not discharged within 14 days; or
- (h) if the Issuer initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including the obtaining of a moratorium); or
- (i) if the Issuer makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or
- (j) if it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Bonds, the Bond Trust Deed or any Loan Agreement.

12.2 Enforcement

The Bond Trustee may at any time, at its discretion and without notice, take such proceedings and/or other steps or action (including lodging an appeal in any proceedings) against or in relation to the Issuer as it may think fit to enforce the provisions of the Bond Trust Deed, the Bonds, the Coupons and/or any of the other Transaction Documents or otherwise, but it shall not be bound to take any such proceedings or other steps or action unless (i) it shall have been

so directed by an Extraordinary Resolution or so requested in writing by the holders of at least one-fourth in principal amount of the Bonds then outstanding and (ii) it shall have been secured and/or indemnified and/or pre-funded to its satisfaction.

The Bond Trustee may refrain from taking any action in any jurisdiction if the taking of such action in that jurisdiction would, in its opinion based upon legal advice in the relevant jurisdiction, be contrary to any law of that jurisdiction. Furthermore, the Bond Trustee may also refrain from taking such action if it would otherwise render it liable to any person in that jurisdiction or if, in its opinion based upon such legal advice, it would not have the power to do the relevant thing in that jurisdiction by virtue of any applicable law in that jurisdiction or if it is determined by any court or other competent authority in that jurisdiction that it does not have such power.

No Bondholder, Couponholder or any Secured Party (other than the Bond Trustee) shall be entitled (i) to take any steps or action against the Issuer to enforce the performance of any of the provisions of the Bond Trust Deed, the Bonds, the Coupons or any of the other Transaction Documents or (ii) to take any other action (including lodging an appeal in any proceedings) in respect of or concerning the Issuer, in each case unless the Bond Trustee, having become bound so to take any such steps, actions or proceedings, fails so to do within a reasonable period and the failure shall be continuing.

13 REPLACEMENT OF BONDS, COUPONS AND TALONS

Should any Bond, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (subject to all applicable laws and the requirements of the London Stock Exchange) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Bonds, Coupons or Talons must be surrendered before replacements will be issued.

14 EXCHANGE OF TALONS

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Bond to which it appertains) a further Talon, subject to the provisions of Condition 11 (*Prescription*).

15 NOTICES

All notices regarding the Bonds will be deemed to be validly given if published in a leading English language daily newspaper of general circulation in London. It is expected that any such publication in a newspaper will be made in the Financial Times in London. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or other relevant authority on which the Bonds are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If, in the opinion of the Bond Trustee, publication as provided above is not practicable, a notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe.

Notices to be given by any Bondholder shall be in writing and given by lodging the same, together with the relative Bond or Bonds, with the Principal Paying Agent.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of the Bonds in accordance with this Condition 15 (*Notices*).

16 SUBSTITUTION

The Bond Trust Deed contains provisions permitting the Bond Trustee, subject to any required amendment of the Bond Trust Deed, without the consent of the Bondholders or the Couponholders or any Secured Party, to agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Bonds, the Coupons and the Bond Trust Deed of another company, registered society or other entity subject to:

- (a) the Bond Trustee being satisfied that the interests of the Bondholders will not be materially prejudiced by the substitution; and
- (b) certain other conditions set out in the Bond Trust Deed being complied with.

Any such substitution shall be notified to the Bondholders in accordance with Condition 15 (*Notices*) as soon as practicable thereafter.

17 MEETINGS OF BONDHOLDERS, MODIFICATION AND WAIVER

17.1 Meetings of Bondholders

The Bond Trust Deed contains provisions for convening meetings of the Bondholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Bonds, the Coupons or any of the provisions of the Bond Trust Deed (as more particularly described in the Bond Trust Deed). Such a meeting may be convened by the Issuer or the Bond Trustee and shall be convened by the Issuer if required in writing by Bondholders holding not less than ten per cent. in principal amount of the Bonds for the time being remaining outstanding (other than in respect of a meeting requested by Bondholders to discuss the financial position of the Issuer and the Group, which shall be requested in accordance with, and shall be subject to, Condition 6.2(c) (*Information Covenants*)). The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing in aggregate more than 50 per cent. in principal amount of the Bonds for the time being outstanding, or at any adjourned meeting one or more persons being or representing Bondholders whatever the principal amount of the Bonds so held or represented, except that at any meeting the business of which includes any matter defined in the Bond Trust Deed as a Basic Terms Modification, including, *inter alia*, modifying the date of maturity of the Bonds or any date for payment of interest thereon, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Bonds or altering the currency of payment of the Bonds or the Coupons, the quorum shall be one or more persons holding or representing in aggregate not less than 75 per cent. in principal amount of the Bonds for the time being outstanding, or at any such adjourned meeting one or more persons holding or representing in aggregate not less than 25 per cent. in principal amount of the Bonds for the time being outstanding. The Bond Trust Deed provides that:

- (a) a resolution passed at a meeting duly convened and held in accordance with the Bond Trust Deed by a majority consisting of not less than 75 per cent. of the votes cast on such resolution;
- (b) a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in principal amount of the Bonds for the time being outstanding; or

- (c) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Bond Trustee) by or on behalf of the holders of not less than 75 per cent. in principal amount of the Bonds for the time being outstanding,

shall, in each case, be effective as an Extraordinary Resolution of the Bondholders. An Extraordinary Resolution passed by the Bondholders shall be binding on all the Bondholders, whether or not (in the case of Extraordinary Resolutions passed at any meeting) they are present at any meeting and whether or not they voted on the resolution (or, in the case of a written resolution, whether or not they signed such written resolution), and on all Couponholders.

For so long as any Bonds are held by or on behalf of or for the benefit of the Issuer (including, for the avoidance of doubt, the Retained Bonds for so long as they are held by or on behalf of the Issuer), a Borrower or any other member of the Group, in each case as beneficial owner, such Bonds shall (unless and until ceasing to be so held) be deemed not to be outstanding for the purpose of, *inter alia*, voting in accordance with the Bond Trust Deed.

17.2 **Modification, Waiver, Authorisation and Determination**

The Bond Trustee may agree, without the consent of the Bondholders, Couponholders or any Secured Party, to any modification (except as stated in the Bond Trust Deed) of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Bonds, the Bond Trust Deed, any Legal Mortgage or any other Transaction Document, or determine, without any such consent as aforesaid, that any Potential Event of Default or Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion of the Bond Trustee, materially prejudicial to the interests of the Bondholders so to do or may agree, without any such consent as aforesaid, to any modification which, in the opinion of the Bond Trustee, is of a formal, minor or technical nature or to correct a manifest error or an error which is, in the opinion of the Bond Trustee, proven. Any such modification, waiver, authorisation or determination shall be binding on the Bondholders, the Couponholders and the Secured Parties and (unless the Bond Trustee agrees otherwise) shall be notified to the Bondholders in accordance with Condition 15 (*Notices*) as soon as practicable thereafter.

17.3 **Bond Trustee to have regard to interests of Bondholders as a class**

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorisation, determination or substitution), the Bond Trustee shall have regard to the general interests of the Bondholders (excluding the Issuer, for so long as it holds any Retained Bonds) as a class (but shall not have regard to any interests arising from circumstances particular to individual Bondholders or Couponholders whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Bondholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Bond Trustee shall not be entitled to require, nor shall any Bondholder or Couponholder be entitled to claim, from the Issuer, the Bond Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Bondholders or Couponholders.

18 INDEMNIFICATION AND PROTECTION OF THE BOND TRUSTEE AND BOND TRUSTEE CONTRACTING WITH THE ISSUER

The Bond Trust Deed contains provisions for the indemnification of the Bond Trustee and for its relief from responsibility and liability towards the Issuer, the Bondholders and the Couponholders, including:

- (a) provisions relieving it from taking action unless secured and/or indemnified and/or pre-funded to its satisfaction; and
- (b) provisions limiting or excluding its liability in certain circumstances.

The Bond Trustee is exempted from any liability in respect of any loss, diminution in value or theft of all or any part of the Issuer Charged Property, from any obligation to insure all or any part of the Issuer Charged Property (including, in either such case, any documents evidencing, constituting or representing the same or transferring any rights, benefits and/or obligations thereunder), or to procure the same to be insured.

The Bond Trust Deed also contains provisions pursuant to which the Bond Trustee is entitled, *inter alia*:

- (a) to enter into or be interested in any contract or financial or other transaction or other arrangement with the Issuer and/or any other Transaction Party or any person or body corporate associated with the Issuer and/or any Transaction Party; and
- (b) to accept or hold the trusteeship of any other trust deed constituting or securing any other securities issued by or relating to the Issuer and/or any Transaction Party or any such person or body corporate so associated or any other office of profit under the Issuer and/or any Transaction Party or any such person or body corporate so associated.

The Bond Trustee shall not be bound to take any step or action in connection with the Bond Trust Deed or the Bonds or obligations arising pursuant thereto or pursuant to the other Transaction Documents, where it is not satisfied that it is indemnified and/or secured and/or pre-funded against all its liabilities and costs incurred in connection with such step or action and may demand, prior to taking any such step or action, that there be paid to it in advance such sums as it considers (without prejudice to any further demand) shall be sufficient so as to indemnify it.

The Bond Trustee shall have no responsibility for the validity, sufficiency or enforceability of the Issuer Security. The Bond Trustee shall not be responsible for monitoring the compliance by any of the other Transaction Parties with their obligations under the Transaction Documents, neither shall the Bond Trustee be responsible for monitoring the compliance by the Borrowers or the Eligible Group Members or any of the other parties to the Legal Mortgages and the Security Trust Deed of their obligations under the Legal Mortgages, the Security Trust Deed or any other document.

19 FURTHER ISSUES

The Issuer shall be at liberty from time to time without the consent of the Bondholders or the Couponholders to create and issue further bonds having terms and conditions (and backed by the same assets) the same as the Bonds or the same in all respects save for the amount and date of the first payment of interest thereon and so that the same shall be consolidated and form

a single series with the outstanding Bonds. Any further bonds so created and issued shall be constituted by a trust deed supplemental to the Bond Trust Deed.

20 CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person shall have any right to enforce any term or condition of this Bond under the Contracts (Rights of Third Parties) Act 1999, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

21 GOVERNING LAW

The Transaction Documents, the Bonds and the Coupons, and any non-contractual obligations or matters arising from or in connection with them, shall be governed by, and construed in accordance with, English law.

22 SUBMISSION TO JURISDICTION

- (a) Subject to Condition 22(c) below, the English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with the Bond Trust Deed, the Bonds and/or the Coupons, including any dispute as to their existence, validity, interpretation, performance, breach or termination or the consequences of their nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Bond Trust Deed, the Bonds and/or the Coupons (a **Dispute**) and accordingly each of the Issuer and the Bond Trustee and any Bondholders or Couponholders in relation to any Dispute submits to the exclusive jurisdiction of the English courts.
- (b) For the purposes of this Condition 22, the Issuer waives any objection to the English courts on the grounds that they are an inconvenient or inappropriate forum to settle any Dispute.
- (c) To the extent allowed by law, the Bond Trustee, the Bondholders and the Couponholders may, in respect of any Dispute or Disputes, take (i) proceedings in any other court with jurisdiction; and (ii) concurrent proceedings in any number of jurisdictions.

FORM OF THE BONDS AND SUMMARY OF PROVISIONS RELATING TO THE BONDS WHILE IN GLOBAL FORM

Form of the Bonds

Form, Exchange and Payments

The Bonds will be in bearer new global note (**NGN**) form and will be initially issued in the form of a temporary global bond (a **Temporary Global Bond**) which will be delivered on or prior to the Issue Date to a common safekeeper for Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**).

The Bonds are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Bonds are intended, upon issue, to be deposited with Euroclear or Clearstream, Luxembourg as common safekeeper and does not necessarily mean that the Bonds will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life.

Whilst the Bonds are represented by the Temporary Global Bond, payments of principal, premium, interest (if any) and any other amount payable in respect of the Bonds due prior to the Exchange Date (as defined below) will be made only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Global Bond are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date which is 40 days after the Temporary Global Bond is issued (the **Exchange Date**), interests in the Temporary Global Bond will be exchangeable (free of charge) upon a request as described therein for interests recorded in the records of Euroclear or Clearstream, Luxembourg, as the case may be, in a permanent global bond (the **Permanent Global Bond** and, together with the Temporary Global Bond, the **Global Bonds**), against certification of beneficial ownership as described above unless such certification has already been given. The holder of the Temporary Global Bond will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Bond for an interest in the Permanent Global Bond is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on the Permanent Global Bond will be made through Euroclear and/or Clearstream, Luxembourg without any requirement for certification.

On each occasion of a payment in respect of a Global Bond the Principal Paying Agent shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records to reflect such payment.

The Global Bonds will be exchangeable (free of charge), in whole but not in part, for definitive Bonds with interest coupons and talons attached only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that:

- (a) an Event of Default (as defined in Condition 12.1 (*Events of Default*)) has occurred and is continuing;
- (b) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory

or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Bond Trustee is available; or

- (c) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Bonds represented by the relevant Global Bond in definitive form.

The Issuer will promptly give notice to Bondholders in accordance with Condition 15 (*Notices*) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event as described in (a) or (b) above, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Global Bond) or the Bond Trustee may give notice to the Principal Paying Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (c) above, the Issuer may also give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

Legend concerning United States persons

The following legend will appear on all Bonds (other than the Temporary Global Bond) and on all interest coupons relating to the Bonds:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on the Bonds or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of the Bonds or interest coupons.

Summary of Provisions relating to the Bonds while in Global Form

Notices

For so long as all of the Bonds are represented by one or both of the Global Bonds and such Global Bond(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, notices to Bondholders (which includes, for this purpose, any Compliance Certificates or annual reports required to be made available pursuant to a request by any of the Bondholders pursuant to Condition 6.2 (*Information Covenants*)) may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg (as the case may be) for communication to the relative Accountholders (as defined below) rather than by publication as required by Condition 15 (*Notices*) provided that, so long as the Bonds are admitted to trading on the ISM, all requirements of the London Stock Exchange have been complied with. Any such notice shall be deemed to have been given to the holders of the Bonds on the second day after the day on which such notice was delivered to Euroclear and/or Clearstream, Luxembourg (as the case may be) as aforesaid.

For so long as all of the Bonds are represented by one or both of the Global Bonds and such Global Bond(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, notices to be given by any Bondholder may be given to the Principal Paying Agent through Euroclear and/or Clearstream, Luxembourg and otherwise in such manner as the Principal Paying Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

Accountholders

For so long as any of the Bonds is represented by a Global Bond held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular principal amount of such Bonds (the **Accountholder**) (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated as the holder of such principal amount of such Bonds for all purposes other than with respect to the payment of principal or interest on such principal amount of such Bonds, for which purpose the bearer of the relevant Global Bond shall be treated as the holder of such principal amount of such Bonds in accordance with and subject to the terms of the relevant Global Bond and the expressions **Bondholder** and **holder of Bonds** and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular principal amount of Bonds as aforesaid, the Bond Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

Bonds which are represented by a Global Bond will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be.

Prescription

Claims against the Issuer in respect of principal and interest on the Bonds represented by a Global Bond will be prescribed after 10 years (in the case of principal) and five years (in the case of interest) from the Relevant Date.

Cancellation

Cancellation of any Bond represented by a Global Bond and required by the Conditions of the Bonds to be cancelled following its redemption or purchase will be effected by entry in the records of Euroclear or Clearstream, Luxembourg, as the case may be.

Partial Redemption

For so long as all of the Bonds are represented by one or both of the Global Bonds and such Global Bond(s) is/are held on behalf of Euroclear and/or Clearstream, Luxembourg, no selection of Bonds will be required under Condition 9.5 (*Notice of Early Redemption*) in the event that the Bonds are to be redeemed in part pursuant to Condition 9.2 (*Early Redemption*) or Condition 9.4 (*Mandatory Early Redemption*). In such event, the standard procedures of Euroclear and/or Clearstream, Luxembourg shall operate to determine which interests in the Global Bond(s) are to be subject to such redemption (and such redemption shall be reflected in the records of Euroclear and Clearstream, Luxembourg as either a reduction in the principal amount of the Bonds or a reduction by the application of a pool factor at the discretion of Euroclear and Clearstream, Luxembourg).

USE OF PROCEEDS

Subject as set out below, the net proceeds from the issue of the Bonds or, in the case of the Retained Bonds, the net proceeds of the sale of the Bonds to a third party (after deduction of expenses payable by the Issuer), will be advanced by the Issuer to the Borrowers pursuant to the Loan Agreements to be applied in accordance with the Borrowers' constitutional documents (including, for the avoidance of doubt, the repayment of any existing indebtedness of the Borrowers and any other amounts due and payable thereunder).

For so long as insufficient security has been granted (or procured to be granted) by the Borrowers in favour of the Security Trustee, for the benefit of the Issuer, to permit the drawing of the Initial Commitment in full, the Retained Proceeds shall (subject, in the case of any portion of the Initial Commitment which is to be funded by a sale of Retained Bonds, to receipt by the Issuer of the net sale proceeds thereof) be retained in the Initial Cash Security Account in accordance with the terms of the Account Agreement and the Custody Agreement (and may be invested in Permitted Investments). For the avoidance of doubt, in the event that the Original Borrower has not drawn any part of the Initial Commitment on the Issue Date, the Retained Proceeds at that date shall be the entire amount of the Initial Commitment (less any amount which is to be funded by a sale of Retained Bonds). Any Retained Proceeds (and any net sale proceeds from a sale by the Issuer of Retained Bonds (less any Retained Bond Premium Amount)) shall be advanced to the Borrowers at a later date pursuant to the Loan Agreements to the extent that Properties of a corresponding value have been charged in favour of the Security Trustee, and allocated for the benefit of the Issuer. In addition, in the event that any losses are made in respect of any Retained Proceeds which have been invested in Permitted Investments, each drawing to be made by the Issuer to any Borrower pursuant to its Loan Agreement shall be advanced at a discount in an amount equal to the Actual Advance Amount (as defined in such Loan Agreement).

DESCRIPTION OF THE LOAN AGREEMENTS

The following description of the Loan Agreements consists of a summary of certain provisions of the Loan Agreements and is qualified by reference to the detailed provisions thereof. The Loan Agreements are not, however, incorporated by reference into, and therefore do not form part of, these Admission Particulars.

Definitions used in this section but not otherwise defined in these Admission Particulars have the meanings given to them in the Loan Agreements.

Facility

On or around the Issue Date, the Issuer shall enter into a loan agreement between the Issuer, the Original Borrower and the Security Trustee (the **Original Loan Agreement**).

Subject to the provisions of the Original Loan Agreement, the Issuer shall commit to make a loan to the Original Borrower in the principal amount of £350,000,000 (the **Initial Commitment** and, together with any further lending commitments to the Original Borrower under the Original Loan Agreement, the **Original Borrower Commitment**). The **Loan**, in respect of the Original Loan Agreement, is the principal amount of the Original Borrower Commitment that has been advanced to the Original Borrower or the outstanding balance thereof.

Upon the issue by the Issuer of any further Bonds pursuant to Condition 19 (*Further issues*), the Issuer may commit to making a loan to the Original Borrower and/or one or more other charitable (or exempt charitable) Registered Providers of Social Housing within the Group (together, the **Additional Borrowers** and, each, an **Additional Borrower** and, together with the Original Borrower, the **Borrowers**) in a nominal amount which reflects such issue proceeds (each, a **Commitment** and, together with the Original Borrower Commitment, the **Commitments**) pursuant to the Original Loan Agreement or to one or more additional bond loan agreements (each, an **Additional Loan Agreement** and, together with the Original Loan Agreement, the **Loan Agreements**). The **Loan**, in respect of each Additional Loan Agreement, is the principal amount of the Commitment that has been advanced to the relevant Additional Borrower or the outstanding balance thereof.

Each Commitment may be drawn in one or more drawings and the maximum principal amount of each drawing shall be an amount which corresponds to the Minimum Value of the Apportioned Properties multiplied by the Issuer's Security Percentage (in each case as at the date of such drawing), less the aggregate amount of all Commitments which have previously been drawn.

The initial drawing of the Initial Commitment shall be advanced at a discount in an amount equal to the nominal amount of such drawing multiplied by the Issue Price of the Bonds (and, for the avoidance of doubt, the difference between the nominal amount of such drawing and the actual advance amount thereof shall be ignored in determining the amount of the Loan under the Original Loan Agreement and, *inter alia*, the calculation of interest, principal and premium payments payable in respect thereon).

No Commitment may be drawn by a Borrower until it has satisfied the conditions set out in Clause 2.3 (*Facility*) of the Original Loan Agreement (or any such corresponding clause in any Additional Loan Agreement) in respect of the first drawing in respect of a Loan Agreement and the conditions set out in Clause 11.1 (*Addition, Substitution and Release of Apportioned Properties*) of the Original Loan Agreement (or any such corresponding clause in any Additional Loan Agreement) in respect of any subsequent drawings of amounts of the relevant Commitment which exceed the Minimum Value of the Apportioned Properties multiplied by the Issuer's Security Percentage.

In addition, the Issuer and the Original Borrower have each acknowledged (and each Additional Borrower will be required to acknowledge) that any drawing of a Commitment shall be subject to the

Security Trustee being satisfied (based solely on the relevant confirmation from the Original Borrower of the Minimum Value of the Apportioned Properties multiplied by the Issuer's Security Percentage (which itself shall be evidenced by the relevant Valuation), which the Security Trustee is entitled to rely upon without further enquiry or investigation in respect thereof) that the Asset Cover Test is satisfied immediately following such drawing.

The Original Borrower has acknowledged (and each Additional Borrower will be required to acknowledge) that the Issuer may invest all or any part of the Retained Proceeds in Permitted Investments in accordance with the Custody Agreement and that, as a result of:

- (a) any losses made by the Issuer in respect of such Permitted Investments; and/or
- (b) any issue or sale of Bonds by the Issuer made at a discount to the principal amount of such Bonds,

the amount of Retained Proceeds held by the Issuer, at the time of any drawdown request, may be less than the Undrawn Commitment which is to be funded from such Retained Proceeds. In such circumstances, each drawing to be funded from the Retained Proceeds shall be advanced in an amount equal to the Actual Advance Amount (which may be at a discount to the principal amount requested).

For this purpose, **Actual Advance Amount** means, in respect of each drawing funded from Retained Proceeds, the principal amount of such drawing multiplied by the result of dividing (i) the amount of Retained Proceeds held by the Issuer at the time of the drawdown request (for the avoidance of doubt, after taking into account any losses suffered by the Issuer as a result of investing in Permitted Investments, but, for this purpose, excluding any Permitted Investment Profit) by (ii) the Undrawn Commitment which is to be funded from such Retained Proceeds.

For the avoidance of doubt:

- (a) no Borrower shall be required to monitor the market value of any Permitted Investments;
- (b) any difference between the principal amount of a drawing and the relevant Actual Advance Amount shall be ignored in determining the amount of the relevant Loan and, *inter alia*, the calculation of interest, principal and premium payments payable in respect thereon; and
- (c) any income received by the Issuer in respect of Permitted Investments shall not be credited to the Initial Cash Security Account but shall instead be credited to the Transaction Account in accordance with the Account Agreement.

The Issuer and the Original Borrower have agreed (and each Additional Borrower shall agree) that:

- (a) where the Issuer is required to sell any Permitted Investments to fund a drawing under the Loan Agreement and such sale results in a Permitted Investment Profit, the Issuer may (at its discretion) make a Gift Aid Payment to a Charitable Group Member in an amount equal to the Permitted Investment Profit and, for the avoidance of doubt, such drawing shall be advanced at the Actual Advance Amount (provided that such right exists only to the extent that there are distributable reserves available for such purpose in the Issuer and, prior to taking into account the Gift Aid Payment, the Issuer has taxable profits for corporation tax purposes in the accounting period in which the Gift Aid Payment is or would but for this paragraph (a) otherwise be made or treated as made by section 199 of the Corporation Tax Act 2010); and
- (b) immediately prior to the end of each accounting period, to the extent that the Issuer would otherwise be required to recognise a profit for tax purposes in respect of its Permitted Investments and/or Retained Bonds as a result of the movement in the fair value recognised in

its accounts of such Permitted Investments and/or Retained Bonds for that accounting period, the Issuer shall sell Permitted Investments in an aggregate amount equal to the amount required to offset or discharge any corporation tax liability (either by the payment of such corporation tax liability or by making a Gift Aid Payment to a Charitable Group Member) in respect of the Accounting Profit and may (at its discretion), in the same accounting period or such later period permitted under section 199 of the Corporation Tax Act 2010, make a Gift Aid Payment to a Charitable Group Member in an amount equal to the Accounting Profit (provided that such right only exists to the extent that there are distributable reserves available for such purpose in the Issuer and, prior to taking into account of the Gift Aid Payment, the Issuer has taxable profits for corporation tax purposes in the accounting period in which the Gift Aid Payment is or would but for this paragraph (b) otherwise be made or treated as made by section 199 of the Corporation Tax Act 2010).

The Issuer and the Original Borrower have also agreed (and each Additional Borrower shall agree, to the extent that any Retained Bonds are held by the Issuer upon the date of its accession as a Borrower) that, upon a sale (if any) of the Retained Bonds by the Issuer:

- (a) in the event that such sale produces a Retained Bond Premium Amount, the Issuer may (at its discretion) make a Gift Aid Payment to a Charitable Group Member in an amount equal to the Retained Bond Premium Amount (provided that such right only exists to the extent that there are distributable reserves available for such purpose in the Issuer and, prior to taking account of the Gift Aid Payment, the Issuer has taxable profits for corporation tax purposes in the accounting period in which the Gift Aid Payment is or would but for this paragraph (a) otherwise be made or treated as made by section 199 of the Corporation Tax Act 2010) and, for the avoidance of doubt, where the Issuer is required to sell such Retained Bonds to directly fund a drawing under a Loan Agreement, such drawing shall be advanced at the Retained Bond Actual Advance Amount; and
- (b) where the Issuer is required to sell any Retained Bonds to directly fund a drawing under a Loan Agreement and such sale is made at a discount to the principal amount of such Retained Bonds, such drawing shall be advanced at a discount in an amount equal to the Retained Bond Actual Advance Amount.

For this purpose, **Retained Bond Actual Advance Amount** means, in relation to each drawing under a Loan Agreement which is funded directly by a sale of Retained Bonds, the principal amount of such drawing multiplied by the result of dividing (i) the net proceeds of sale of such Retained Bonds by (ii) the principal amount of such Retained Bonds.

For the avoidance of doubt:

- (a) no Borrower shall be required to monitor the market value of any Retained Bonds; and
- (b) any difference between the principal amount of a drawing and the relevant Retained Bond Actual Advance Amount shall be ignored in determining the amount of the relevant Loan and, *inter alia*, the calculation of interest, principal and premium payments payable in respect thereon.

The Original Borrower has agreed (and each Additional Borrower shall agree, to the extent that any Retained Bonds are held by the Issuer upon the date of its accession as a Borrower) that, where the Issuer is required to sell any Retained Bonds in order to fund a drawdown request, the Issuer's obligations to fund such drawdown will be subject to the ability of the Issuer to sell such Retained Bonds to a third party.

For so long as any Retained Bonds are held by or on behalf of the Issuer, a Borrower may request that an amount of its Commitment be cancelled (provided that such amount does not exceed the principal amount of Retained Bonds held by or on behalf of the Issuer at that time). As soon as practicable following any such request, the Issuer shall cancel Retained Bonds in a corresponding amount. Such cancellation of the relevant Commitment shall take effect upon the cancellation of such Retained Bonds.

Subject to the conditions precedent set out in Clause 4.1 (*Request for Further Commitments*) of the Original Loan Agreement and any corresponding clause in any Additional Loan Agreement, the Issuer may make further commitments to any Borrower, each in an amount to be agreed between the Issuer, the relevant Borrower and the Security Trustee, following the issuance of further bonds pursuant to Condition 19 (*Further issues*).

Purpose

The proceeds of each Loan may only be used by a Borrower in accordance with such Borrower's Constitutional Documents, including, for the avoidance of doubt, the repayment of any existing indebtedness of such Borrower and any other amounts due and payable thereunder.

Interest

Rate of Interest

Following its advance, each Loan will carry interest from (and including) the date of its initial advance at the rate of 1.625 per cent. per annum, payable in arrear by equal half yearly instalments on each Loan Payment Date (being four Business Days prior to each Interest Payment Date).

Interest Periods

Notwithstanding the fact that interest is payable on each Loan Payment Date, interest will accrue on each Loan from (and including) an Interest Payment Date (or, in the case of the first interest period of a Loan, the date of its initial advance) to (but excluding) the immediately following Interest Payment Date (each, a **Loan Interest Period**).

Commitment Fee

Each Borrower shall pay to the Issuer a commitment fee in respect of its Undrawn Commitment on each Loan Payment Date in an amount equal to its *pro rata* share (based on the aggregate amount of all Undrawn Commitments of all Borrowers) of the interest payable by the Issuer under the Bonds on the following Interest Payment Date less (a) the aggregate of the interest received from the Borrowers under all Loan Agreements on such Loan Payment Date and (b) the interest otherwise received by the Issuer in respect of the Retained Proceeds in the relevant Loan Interest Period (including, but not limited to, any income received by the Issuer in respect of any Permitted Investments in which any Retained Proceeds are, for the time being, invested). The commitment fee shall accrue on a daily basis.

Repayment, Purchase and Prepayment

Repayment

Each Borrower must repay its Loan in full four Business Days prior to the Interest Payment Date in August 2055 (the **Loan Maturity Date**).

Bond Purchase Option

Each Borrower and any other member of the Group (other than the Issuer) may at any time purchase Bonds on the London Stock Exchange, by tender (available to all Bondholders alike) or by private treaty at any price.

Following any such purchase, such Borrower or such other member of the Group, as the case may be, may (but is not obliged to) surrender the Bonds to the Issuer to be cancelled. An amount of the outstanding balance of the relevant Loan equal to the principal amount of the Bonds surrendered shall be deemed to be prepaid (or, to the extent that no Loan is then outstanding, then an amount of the relevant Undrawn Commitment equal to the principal amount of the Bonds surrendered shall be deemed to be cancelled for the purposes of the relevant Loan Agreement and a corresponding portion of the Retained Proceeds shall be paid by the Issuer to the relevant Borrower or such other member of the Group, as the case may be).

The Original Borrower has acknowledged (and each Additional Borrower shall acknowledge) that the terms of the Bond Trust Deed provide that any Bonds which are for the time being held by or on behalf of, *inter alios*, a Borrower or any other member of the Group as beneficial owner shall be deemed not to remain outstanding for the purpose of, *inter alia*, the right to attend and vote at any meeting of the Bondholders.

Optional Prepayment

Pursuant to Clause 5.3 (*Repayment, Purchase and Prepayment*) of the Original Loan Agreement and the corresponding clause in any Additional Loan Agreement, each Borrower may, at any time (a) on or after the Final Retained Bond Disposal Date and (b) before the Loan Maturity Date, by giving not less than 45 nor more than 60 days' notice in writing to the Issuer and the Security Trustee, prepay the whole or (as the case may be) any part of the outstanding balance of its Loan, together with any interest accrued up to and including the date of prepayment and the relevant Prepayment Premium (being, for so long as any Bonds are outstanding, an amount equal to the excess (if any) of the amount notified to such Borrower by the Issuer as being the price determined under the Bond Trust Deed for the redemption of a corresponding principal amount of the Bonds over par).

Mandatory Prepayment – Redemption of Bonds

If the Bonds become redeemable prior to the Maturity Date, other than as a result of a prepayment or termination of a Loan Agreement, each Borrower shall prepay, at least one Business Day prior to the relevant date of redemption of the Bonds, the outstanding balance of the Loan, together with accrued interest and accrued commitment fee thereon up to and including the date of redemption.

Mandatory Prepayment – Cancellation of Status

Pursuant to Clause 5.6 (*Repayment, Purchase and Prepayment*) of the Original Loan Agreement and the corresponding clause in any Additional Loan Agreement, each Borrower shall promptly notify the Issuer and the Security Trustee if it ceases to be a Registered Provider of Social Housing. Within 180 days of such notification, such Borrower shall prepay the whole of the outstanding balance of its Loan, together with any interest and commitment fee accrued up to and including the date of prepayment, provided, however, that if such Borrower regains its status as a Registered Provider of Social Housing within such period of 180 days, it shall no longer be required to prepay the Loan in accordance with the above-mentioned Clause 5.6 (*Repayment, Purchase and Prepayment*) or such corresponding clause.

Redemption of Bonds – Further Payment in Respect of Retained Proceeds Par Amount

In the event that a Borrower elects to, or is otherwise required to, prepay the whole of the outstanding balance of its Loan and the Issuer is required to notify such Borrower of the price determined under the Conditions for the redemption of a corresponding principal amount of the Bonds, then the Issuer shall be entitled to also take account of the redemption of such principal amount of the Bonds (if no commitment is put in place with another Borrower) that shall correspond to the Retained Proceeds Par Amount (being an amount equal to the Retained Proceeds including, where any Retained Proceeds are invested in Permitted Investments, the purchase price of the relevant Permitted Investments and ignoring, for these purposes, any increase or decrease in such Retained Proceeds as a result of gains or losses in respect of such Permitted Investments and/or any discount on a sale of Retained Bonds by the Issuer), and the price notified to such Borrower shall be increased accordingly.

Warranties and Covenants

Each Borrower will make various warranties and covenants pursuant to, in the case of the Original Borrower, Clause 8 (*Warranties and Covenants by the Original Borrower*) of the Original Loan Agreement and, in the case of any Additional Borrower, the corresponding clause in its Additional Loan Agreement. These warranties and covenants include (or will include, as the case may be), *inter alia*, the following:

Information Covenants

Each Borrower must supply to the Issuer and the Security Trustee not later than 180 days after the end of each relevant financial year:

- (a) copies of the audited financial statements of such Borrower (consolidated if available) for such financial year; and
- (b) a certificate setting out, among other things, calculations in respect of the asset cover ratio substantially in the form set out in Schedule 2 to the Original Loan Agreement and, in the case of any Additional Borrower, the corresponding schedule in its Additional Loan Agreement (the **Compliance Certificate**) signed by two Authorised Signatories of such Borrower.

Each Borrower must, following receipt of a notice from the Issuer stating that it intends to sell any Retained Bonds, supply to the Issuer and the Bond Trustee not later than three Business Days prior to the date of such sale, a certificate setting out, among other things, calculations in respect of the Asset Cover Test substantially in the form set out in Schedule 8 to the Original Loan Agreement and, in the case of any Additional Borrower, the corresponding schedule in its Additional Loan Agreement signed by two Authorised Signatories of such Borrower confirming whether, immediately following such sale, the Borrowers will be in compliance with the Asset Cover Test.

Negative Pledge

No Borrower shall create or allow to exist (and shall procure that no Eligible Group Member creates or allows to exist) any Security Interest on any assets which are Security Assets, except as set out, in the case of the Original Borrower, in Clause 8.6 of the Original Loan Agreement and, in the case of any Additional Borrower, the corresponding clause in its Additional Loan Agreement which includes (or will include, as the case may be) the Security Interests created pursuant to, *inter alia*, the Security Trust Deed and the Legal Mortgages and any Security Interests created with the prior written consent of the Issuer or by operation of law.

Charged Properties

Each Borrower shall obtain (and shall procure that each Eligible Group Member obtains) any authorisation or licence required in order to enable the Security Trustee pursuant to the powers of enforcement conferred on it by the Security Documents to sell vacant Apportioned Properties and maintain insurances on and in relation to its Apportioned Properties.

Covenants

Each Borrower shall comply (and shall procure that each Eligible Group Member complies) (unless the Security Trustee otherwise agrees in writing) in all material respects with any covenants or restrictive covenants relating to an Apportioned Property which are binding on it.

Guarantee and Indemnity

Pursuant to Clause 9 (*Guarantee and Indemnity*) of the Original Loan Agreement and the corresponding clause in each Additional Loan Agreement, each Borrower has (or will have) irrevocably and unconditionally:

- (a) guaranteed to the Issuer the punctual performance by each other Borrower of all such Borrowers' obligations under, *inter alia*, their respective Loan Agreements, the Security Trust Deed and their respective Legal Mortgages, other than each other Borrowers' obligations to repay principal and any prepayment premium thereon pursuant to their respective Loan Agreements (such amounts being, the **Guaranteed Interest and Fee Amounts**);
- (b) undertaken with the Issuer that, whenever any other Borrower does not pay any Guaranteed Interest and Fee Amounts when due under its respective Loan Agreement, the Security Trust Deed or its respective Legal Mortgage(s), it must, promptly on demand by the Security Trustee and/or the Issuer, pay the Guaranteed Interest and Fee Amounts as if it were the principal obligor;
- (c) undertaken with the Issuer that, to the extent that the proceeds of the enforcement of the Underlying Security are insufficient to satisfy the Borrowers' obligations under their respective Loan Agreements in full (the shortfall being, the **Guaranteed Principal Amount**), it must, promptly on demand by the Security Trustee and/or the Issuer, pay the Guaranteed Principal Amount as if it were the principal obligor; and
- (d) agreed to indemnify the Issuer immediately on demand against any loss or liability suffered by the Issuer if any obligation guaranteed by it is or becomes illegal or invalid.

Asset Cover Ratio

Pursuant to Clause 10 (*Asset Cover Ratio*) of the Original Loan Agreement or the corresponding clause in each Additional Loan Agreement, each Borrower shall procure that at all times the sum of:

- (a) the Minimum Value of Apportioned Properties multiplied by the Issuer's Security Percentage;
- (b) the Retained Proceeds Par Amount; and
- (c) the Charged Cash,

will not be less than the Aggregate Funded Commitment, provided however, that from and including the Final Charging Date, the Retained Proceeds Par Amount shall be deemed to be zero for the purpose of determining the Borrowers' compliance with the Asset Cover Test.

Interpretation

For these purposes:

Aggregate Funded Commitment means the aggregate amount of all Commitments under all Loan Agreements, less the aggregate principal amount of Retained Bonds held by or on behalf of the Issuer;

Apportioned Properties means:

- (a) unless and until the Charged Properties securing the obligations of the Borrowers under the Loan Agreements are apportioned, at such time, on the Specific Apportionment Basis following a request of the Issuer in the limited circumstances permitted in the Security Trust Deed, the Units comprising the Residual Properties (as defined in the Security Trust Deed); and
- (b) in the event that the Charged Properties securing the obligations of the Borrowers under the Loan Agreements are apportioned, at such time, on the Specific Apportionment Basis following a request of the Issuer in the limited circumstances permitted in the Security Trust Deed, such of the Units comprising the Charged Properties as have been allocated in respect of the Loan Agreements pursuant to the Security Trust Deed from time to time;

EUV-SH means a valuation made on the basis of existing use value for social housing ("EUV-SH") as defined by the RICS at UK VPGA 7 of the RICS Valuation – Global Standards 2017 UK National Supplement (or, if a subsequent edition of the RICS Valuation Standards has been published at the relevant time, the relevant valuation standard of the then most recently published edition of the RICS Valuation Standards) (effectively assuming that the properties will continue to be let as social housing and that any vacant Units will be re-let to tenants on normal social housing terms) or, if the RICS Valuation Standards are no longer published at such time, on a basis agreed between the Borrowers, the Issuer, the Security Trustee and a Valuer, and **EUV-SH Apportioned Properties** shall be construed accordingly;

Final Charging Date means:

- (a) in relation to the Initial Commitment, 10 February 2021; and
- (b) in relation to any further Commitments, the date (if any) as agreed between the Issuer, the relevant Borrower and the Security Trustee.

Issuer's Security Percentage means:

- (a) where the Charged Properties securing the obligations of the Borrowers under the Loan Agreements are apportioned on the Numerical Apportionment Basis, the number of Units allocated to the Issuer in relation to the Loan Agreements under the Numerical Apportionment Basis from time to time divided by the total number of Units comprising the Residual Properties from time to time, multiplied by 100 (and expressed as a percentage); and
- (b) where the Charged Properties securing the obligations of the Borrowers under the Loan Agreements are apportioned on the Specific Apportionment Basis, 100 per cent.;

Minimum Value means, in relation to the Apportioned Properties:

$$\left(\frac{A}{105} + \frac{B}{115} \right) \times 100$$

A = the Value of the residential EUV-SH Apportioned Properties determined on the basis of EUV-SH; and

B = the Value of the residential MV-ST Apportioned Properties determined on the basis of MV-ST.

The Apportioned Properties shall each be treated as EUV-SH Apportioned Properties for the purpose of determining the Minimum Value unless and until a Value, determined on the basis of MV-ST, is given by a Valuer in respect of any such Apportioned Property and the Valuer has confirmed that it has reviewed a Certificate of Title in respect of such Apportioned Property certifying that it may be disposed of by the relevant Guarantor on an unfettered basis (meaning subject only to any existing tenancies disclosed in the Certificate of Title but not subject to any security interest, option or other encumbrance or to any restriction preventing or restricting its sale to, or use by, any person for residential use);

MV-ST means a valuation made on the basis of the current Market Value as defined by the RICS at VPS4 of the RICS Valuation - Global Standards 2017 UK National Supplement (or, if a subsequent edition of the RICS Valuation Standards has been published at the relevant time, the relevant valuation standard of the then most recently published edition of the RICS Valuation Standards) (effectively, in these circumstances, based on the fact that the properties are subject to existing tenancies but are not restricted to use as social housing let at sub-market rents, and that any Units that become vacant may be sold with vacant possession) or, if the RICS Valuation Standards are no longer published at such time, on a basis agreed between the Borrowers, the Issuer, the Security Trustee and a Valuer;

MV-ST Apportioned Properties means the Apportioned Properties accepted as such in accordance with the provisions of Clause 12.6 (*Valuations*) of the Original Loan Agreement or the corresponding clause in each Additional Loan Agreement;

Retained Proceeds Par Amount means an amount equal to the Retained Proceeds at the time of calculation and, for this purpose:

- (a) where any Retained Proceeds are at that time invested in Permitted Investments, the amount of such Retained Proceeds shall be taken as the purchase price of the relevant Permitted Investments ignoring any gains or losses in respect of those Permitted Investments since the date of purchase; and
- (b) where the source of any Retained Proceeds is the net sale proceeds of any Retained Bonds which were sold at a discount, the amount of such Retained Proceeds shall be taken as the principal amount of such Retained Bonds;

Right to Buy means the right of a tenant of any property to buy or acquire part or all of such property (including, without limitation, by means of a shared ownership lease) from a Borrower under section 180 of the Housing and Regeneration Act 2008 (as amended by the Localism Act 2011 and the Housing and Planning Act 2016) (the **Housing and Regeneration Act**) or Part V of the Housing Act 1985 (or any similar right or scheme replacing or supplementing that right) or where a grant is provided to the relevant Borrower in respect of such a sale under section 35(1) of the Housing and Regeneration Act or any other statute conferring similar rights to buy or acquire to tenants of Registered Providers with which the relevant Borrower is obliged to comply or under any contract or other voluntary arrangement conferring such a right (and including, without limitation, such rights preserved notwithstanding any previous transfer of such property from any local authority); and

Value means, at any time and in relation to the Apportioned Properties, the value of those properties as shown in the then latest Valuation Report on the basis of EUV-SH or, as the case may be, MV-ST (provided that if any Apportioned Property or part thereof is sold pursuant to a Right to Buy, the Value of the relevant Apportioned Property shall, for the purposes of this definition and with effect from the date of the relevant sale or release, be zero (if the entire relevant Apportioned Property has been sold) or (if only part of the relevant Apportioned Property has been sold) shall be the proportion of the value of the Apportioned Property which has not been sold pursuant to the relevant Right to Buy).

Apportionment Basis

The Apportioned Properties securing the obligations of the Borrowers under the Loan Agreements shall be apportioned on the Numerical Apportionment Basis (subject to the rights of the Issuer to require the Specific Apportionment Basis to apply in limited circumstances after the occurrence of an Enforcement Event in accordance with the terms of the Security Trust Deed).

Addition, Substitution and Release of Apportioned Properties and Charged Cash

Addition of Apportioned Properties

Subject as set out below, each Borrower may charge (or may procure that any Eligible Group Member charges) additional Properties as Apportioned Properties provided that such Borrower and/or Eligible Group Member:

- (a) provides to the Issuer and the Security Trustee the condition precedent documents specified in Schedule 2 to the Security Trust Deed in respect of the charging of such Properties;
- (b) delivers to the Issuer and the Security Trustee a completed Additional Property Certificate certifying that, *inter alia*, such Properties are residential properties of a type and nature that are usually owned by Registered Providers of Social Housing; and
- (c) provides such other documents as the Security Trustee or the Issuer may require as set out in Part 2 (*Property Conditions Precedent Documents*) of Schedule 1 to the Original Loan Agreement (or the corresponding schedule in any Additional Loan Agreement).

Notwithstanding the foregoing, for so long as the Borrower's obligations under the Loan Agreements are secured on the Numerical Apportionment Basis, the above requirements shall not apply in the event that Properties are added to the Residual Properties solely as a result of them ceasing to be allocated to any Specific Beneficiary on a Specific Apportionment Basis.

Substitution of Apportioned Properties

Subject as set out below, at the request and expense of a Borrower or an Eligible Group Member, the Security Trustee shall release from the relevant Security Documents (and/or reallocate, if applicable) such Apportioned Properties (the **Released Properties**) and substitute for the Released Properties other Properties (each, a **Substitute Property**) as may be selected by such Borrower or Eligible Group Member, provided that such Borrower or Eligible Group Member:

- (a) provides to the Issuer and the Security Trustee the condition precedent documents specified in Schedule 2 to the Security Trust Deed in respect of the charging of the Substitute Properties;
- (b) delivers to the Issuer and the Security Trustee a completed Substitute Property Certificate certifying, *inter alia*, that the relevant Substitute Property is a residential property of a type and nature that is usually owned by Registered Providers of Social Housing, that, immediately following such release (and/or reallocation, if applicable) and substitution, the Asset Cover Test will not be breached as a result of the substitution of the relevant Apportioned Properties and that no Borrower Default or Potential Borrower Default has occurred and is continuing; and
- (c) provides such other documents as the Security Trustee or Issuer may require as set out in Part 2 (*Property Conditions Precedent Documents*) of Schedule 1 to the Original Loan Agreement (or the corresponding schedule in any Additional Loan Agreement).

Notwithstanding the foregoing, for so long as the Borrowers' obligations under the Loan Agreements are secured on the Numerical Apportionment Basis, the above requirements shall only apply in respect of substitutions out of and into the Residual Properties as a whole, and shall not apply in respect of adjustments to the Allocated Parts of NAB Beneficiaries without resulting in change to the Properties comprised within the Residual Properties or to the extent that the provisions described above and below relating to additions and substitutions would not apply to the Substitute Property and the Released Property, respectively.

Release of Apportioned Properties

Subject as set out below, at the request and expense of a Borrower or Eligible Group Member, the Security Trustee shall release from the relevant Security Documents (and/or reallocate, if applicable) such Properties (or Units) forming part of the Issuer's Apportioned Part as may be selected by such Borrower or Eligible Group Member provided that such Borrower or Eligible Group Member delivers to the Issuer and the Security Trustee a completed Property Release Certificate certifying that, immediately following such release (and/or reallocation, if applicable), the Asset Cover Test will not be breached as a result of the release (and/or reallocation, if applicable) of such part of the Issuer's Apportioned Part and that no Borrower Default or Potential Borrower Default has occurred and is continuing.

Notwithstanding the foregoing, for so long as the Borrowers' obligations under the Loan Agreements are secured on the Numerical Apportionment Basis the above requirements shall only apply:

- (a) where the Properties to be released from the Residual Properties do not constitute Unallocated Properties; and/or
- (b) if an adjustment is required in respect of the Issuer's Apportioned Part irrespective of whether any Properties are to be removed from the Residual Properties as a whole.

Statutory Disposals

Each Borrower and Eligible Group Member shall have the right to withdraw Property from the Issuer's Apportioned Part pursuant to any Statutory Disposal and each Borrower or Eligible Group Member shall deliver to the Issuer and the Security Trustee, as soon as reasonably practicable after it has received notice of such Statutory Disposal, a completed Statutory Disposal Certificate, certifying that the relevant withdrawal relates to a Statutory Disposal, and, if the Statutory Disposal would result in a breach of the Asset Cover Test, confirming that it shall procure that Additional Properties are charged pursuant to the Security Trust Deed so as to become part of the Issuer's Apportioned Part and/or moneys are deposited into the Ongoing Cash Security Account, in accordance with the relevant Loan Agreement, such that any breach of the Asset Cover Test will be cured.

Without prejudice to the aforementioned right to withdraw Property from the Issuer's Apportioned Part pursuant to any Statutory Disposal, the Original Borrower has covenanted (and each Additional Borrower will be required to covenant) that, if following such withdrawal the Borrowers will no longer be in compliance with the Asset Cover Test, it shall, as soon as practicable thereafter (and, in any event, prior to the expiry of the applicable grace period, charge (or procure the charging of) additional Properties and/or deposit (or procure the deposit of) money into the Ongoing Cash Security Account in an aggregate amount sufficient to ensure that the Borrowers will be in compliance with the Asset Cover Test.

Charged Cash

Pending the acquisition of any proposed Substitute Property by a Borrower or Eligible Group Member, such Borrower or Eligible Group Member, as applicable, may deposit the proceeds of disposal of the relevant Apportioned Properties which are released from charge under the relevant Security Documents

into the Ongoing Cash Security Account for the purpose of maintaining the Asset Cover Test (for the avoidance of doubt, no Borrower shall be required to monitor the market value of any Permitted Investments). The Charged Cash may be withdrawn from the Ongoing Cash Security Account:

- (a) to be applied by a Borrower or Eligible Group Member (provided, for the avoidance of doubt, that such Borrower or Eligible Group Member continues, at such time, to be a Registered Provider of Social Housing) in the acquisition of a Substitute Property; or
- (b) to the extent that the Asset Cover Test would not be breached immediately after such withdrawal,

and, in any event, if no Borrower Default or Potential Borrower Default has occurred and is continuing.

Notwithstanding the above, any Borrower or Eligible Group Member may, at any time, deposit, or arrange for the deposit of, any other money into the Ongoing Cash Security Account for the purposes of satisfying the Asset Cover Test.

The Original Borrower has acknowledged (and each Additional Borrower will be required to acknowledge) that the money standing to the credit of the Ongoing Cash Security Account shall be charged in favour of the Bond Trustee pursuant to the terms of the Bond Trust Deed. The Original Borrower has also acknowledged (and each Additional Borrower will be required to acknowledge) that:

- (a) the Issuer may invest all or any part of the Charged Cash in Permitted Investments in accordance with the Custody Agreement;
- (b) as a result of any gains or losses made by the Issuer in respect of such Permitted Investments and any income received thereon (which shall, for the avoidance of doubt, be credited to the Ongoing Cash Security Account), the amount of such Charged Cash may be greater or less than the amount deposited in the Ongoing Cash Security Account by such Borrower or Eligible Group Member; and
- (c) it shall not have any recourse to the Issuer in respect of any losses realised by the Issuer in respect of the Charged Cash as a result of investment in any Permitted Investments.

Valuations

Rolling Valuations

Each Borrower shall deliver (or procure the delivery of) a Rolling Valuation Report to the Issuer and the Security Trustee in the period between 10 August and the date falling 60 days thereafter in each year (commencing on 10 August 2021) whereby the Valuer values:

- (a) not less than 20 per cent. of the Apportioned Properties on a Full Valuation Basis; and
- (b) the remaining Apportioned Properties on a Desk Top Valuation Basis.

For these purposes:

- (i) the Apportioned Properties to be valued on a Full Valuation Basis in any year must not include any Apportioned Properties which have been valued on a Full Valuation Basis in the preceding two years; and
- (ii) in any five year period, 100 per cent. of Apportioned Properties must be valued on a Full Valuation Basis, taking into account any additions and withdrawals of Apportioned Properties in accordance with the Loan Agreements.

Full and Desktop Valuations

Notwithstanding the above, the Borrowers may elect, by notice to the Issuer and the Security Trustee, to provide Valuations as follows:

- (a) the Borrowers shall deliver (or procure the delivery of) a Full Valuation to the Issuer and the Security Trustee at least once in every period of five calendar years. The first Full Valuation must be delivered in the period between 10 August next following an election made in accordance with the Loan Agreements and the date falling 60 days thereafter, and subsequent Full Valuations must be delivered in the period between 10 August and the date falling 60 days after 10 August in each fifth year after the previous Full Valuation delivered in accordance with this paragraph (or within the same period in any prior calendar year); and
- (b) the Borrowers shall deliver (or procure the delivery of) a Desk Top Valuation to the Issuer and the Security Trustee in the period between 10 August and the date falling 60 days thereafter in each year (beginning in the year following the year in which a Full Valuation is first produced in accordance with (a) above) other than a year in respect of which a Full Valuation is required to be delivered under (a) above.

Loan Events of Default and Enforcement

Borrower Default

Each of the following (set out in more detail in Clause 14 (*Borrower Default*) of the Original Loan Agreement and will be set out in more detail in the corresponding clause in any Additional Loan Agreement) is a **Borrower Default**:

- (a) **Non-payment:** The Borrower does not pay on the due date any amount payable by it under the Finance Documents in the manner required under the Finance Documents, unless the non-payment continues for a period of not more than seven days in the case of principal and not more than 14 days in the case of interest.
- (b) **Breach of other obligations:** The Borrower or any Eligible Group Member fails to perform or observe any of its obligations under the Finance Documents (other than as referred to in (a) above and (l) below) and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days next following the service by the Security Trustee on such Borrower or Eligible Group Member of notice requiring the same to be remedied.
- (c) **Other non-payment:**
 - (i) Any other present or future indebtedness of the Borrower or any Eligible Group Member for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual default, event of default or the like (howsoever described);
 - (ii) any such indebtedness is not paid when due or, as the case may be, within any originally applicable grace period; or
 - (iii) the Borrower or any Eligible Group Member fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised,

provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned in (i), (ii) or (iii) above in this paragraph (c) have occurred equals or exceeds £15,000,000 or its equivalent in other currencies (as reasonably determined by the Security Trustee) (and provided further, for the avoidance of doubt, that the amounts mentioned in (i), (ii) or (iii) above in this paragraph (c) shall exclude the amount of any Public Sector Subsidy except for any Public Sector Subsidy which is or becomes due and payable to the relevant grant making body or organisation).

- (d) **Enforcement Event:** An Enforcement Event occurs under a Relevant Document.
- (e) **Winding-up:** Any order is made by any competent court or resolution passed for the winding up or dissolution of the Borrower or any Eligible Group Member save for the purposes of a Permitted Reorganisation or a reorganisation on terms previously approved in writing by the Security Trustee.
- (f) **Cessation of Business:** The Borrower or any Eligible Group Member ceases or threatens to cease to carry on the whole or, as determined by the Security Trustee, substantially the whole of its business, save for the purposes of a Permitted Reorganisation or a reorganisation on terms previously approved in writing by the Security Trustee.
- (g) **Failure or inability to pay debts:** The Borrower or any Eligible Group Member stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due, or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law, or is adjudicated or found bankrupt or insolvent.
- (h) **Insolvency:** Any of the insolvency related events occurs or proceedings are taken as referred to in Clause 14.1(h) of the Original Loan Agreement or the corresponding clause in the relevant Additional Loan Agreement, respectively (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Trustee).
- (i) **Insolvency Proceedings:** The Borrower initiates or consents to the proceedings referred to in Clause 14.1(i) of the Original Loan Agreement or the corresponding clause in the relevant Additional Loan Agreement, as applicable (which exclude, or will exclude, any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Trustee).
- (j) **Arrangement with creditors:** The Borrower or any Eligible Group Member makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors) (which exclude any Permitted Reorganisation or reorganisation on terms previously approved in writing by the Security Trustee).
- (k) **Unlawfulness:** It is or becomes unlawful for the Borrower or any Eligible Group Member to perform any of its obligations under the Finance Documents to which they are, respectively, a party.
- (l) **Breach of the Asset Cover Test:** The Borrower fails to perform its obligations under Clause 10 (*Asset Cover Ratio*) of the Original Loan Agreement (or the corresponding clause in the relevant Additional Loan Agreement, as applicable) and (except in any case where, in the opinion of the Security Trustee, the failure is incapable of remedy when no such continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 60 days next following the service by the Security Trustee on the Borrower of notice requiring the same to be remedied.

For these purposes, **Permitted Reorganisation** means any amalgamation, merger, consolidation or transfer of engagements (whether entering into or acceptance thereof) of the whole of any Borrower's or any Eligible Group Member's property (including, for the avoidance of doubt, any statutory procedure as provided for under the Co-operative and Community Benefit Societies Act 2014 (if applicable)) made between such Borrower or such Eligible Group Member, as the case may be, (**Party A**) and any other entity (**Party B**) provided that (i) Party B is a Registered Provider of Social Housing and any new amalgamated entity to be created as a result thereof will be a Registered Provider of Social Housing; (ii) following any such amalgamation, merger, consolidation or transfer of engagements in respect of which the property of Party A (including, for the avoidance of doubt, any liabilities) shall become vested in Party B or a new amalgamated entity, Party B or such new amalgamated entity will thereafter be responsible for all the liabilities of Party A pursuant to the Co-operative and Community Benefit Societies Act 2014 or otherwise; and (iii) a certificate executed by two authorised signatories of Party A or Party B confirming the above is provided to the Bond Trustee.

Obligation to Notify the Issuer and the Security Trustee

Each Borrower shall notify the Issuer and the Security Trustee of any Borrower Default (and the steps, if any, being taken to remedy it) or potential Borrower Default in respect of its Loan Agreement promptly upon becoming aware of the same. The Issuer shall also notify the Security Trustee of any Borrower Default or potential Borrower Default promptly upon becoming aware of the same (unless the Issuer is aware that a notification has already been provided by the relevant Borrower) including, but not limited to, the non-payment by a Borrower of any amounts owing to the Issuer under its Loan Agreement on the due date for payment thereof.

Borrower Default Notice

Following the occurrence of a Borrower Default (but in the case of the happening of any of the events described in paragraphs (b) (*Breach of other obligations*), (c) (*Other non-payment*) and (k) (*Unlawfulness*) above, only if the Security Trustee shall have certified in writing to the relevant Borrower that such event is, in its opinion, materially prejudicial to the interests of the Issuer), the Issuer may declare by notice to the relevant Borrower either:

- (a) that the security for the relevant Loan has become, whereupon the security for the relevant Loan shall become, immediately enforceable (and the Issuer shall notify the Security Trustee of the same in accordance with Clause 6 (*Default procedure*) of the Security Trust Deed); and/or
- (b) (irrespective of whether a notice to the effect set out in (a) shall have already been given) that the Loan has become due and repayable, whereupon that Loan shall become immediately due and repayable at the outstanding balance thereof together with accrued interest, premium (if any) and any other amounts and the security therefor shall become immediately enforceable.

Enforcement

If the security constituted under any Security Documents for the benefit of the Issuer becomes enforceable as a result of the service of a notice pursuant to Clause 14.4 of the Original Loan Agreement (or the corresponding clause in any Additional Loan Agreement), then the Security Trustee or any Receiver (where appropriate) shall hold the monies arising from any sale, calling in, collection or conversion under, or otherwise arising from the exercise of, the powers of conversion contained in the Security Documents after the security has become enforceable upon trust to apply the same:

- (a) first, in payment or retention of all costs, charges, expenses and liabilities incurred in or about the exercise of such powers or otherwise in accordance with the Security Documents and payments made by the Security Trustee, any Appointee or any Receiver in accordance with the Security Documents and of all remuneration payable to the Security Trustee, any Appointee or

any Receiver in accordance with the Security Documents with interest thereon as provided in the Security Documents;

- (b) second, in or towards payment to the Issuer of all interest then due and remaining unpaid on the relevant Loan and all commitment fees then due and remaining unpaid;
- (c) third, in or towards payment to the Issuer of all principal and premium (if any) then due and remaining unpaid in respect of the relevant Loan; and
- (d) fourth, in or towards payment to the Issuer of all other amounts then due and remaining unpaid under the relevant Loan Agreement.

Taxes

Each Borrower must make all payments to be made by it to the Issuer under, *inter alia*, its Loan Agreement, the Legal Mortgages and the Security Trust Deed, without any deduction or withholding for or on account of tax, unless a deduction or withholding is required by law.

If a deduction or withholding from any such payment is required by law to be made by a Borrower, the amount of the payment due from such Borrower shall be increased to an amount which (after making such deduction or withholding) leaves an amount equal to the payment which would have been due if no deduction or withholding had been required.

If, as a result of any actual or proposed change in tax law, the Issuer determines (in its reasonable commercial judgement) that it would on the next following Interest Payment Date be required to make a withholding or deduction in respect of payments to be made by the Issuer to the Bondholders pursuant to the Conditions (other than in respect of a Bondholder Specific Withholding), it shall notify each Borrower of the same. Each Borrower may (but, for the avoidance of doubt, shall not be obliged to), in its sole discretion, pay to the Issuer its *pro rata* share of such additional amounts as will enable the Issuer (after such withholding or deduction) to pay to the Bondholders the amounts of principal and interest which they would have received in respect of the Bonds in the absence of such withholding or deduction. Each Borrower shall continue to pay such additional amounts to the Issuer unless and until such Borrower delivers to the Issuer a notice stating that it shall cease to make such additional payments with effect from the next following Interest Payment Date.

In the event that one or more Borrowers does not choose to make such additional payments (or indicates that it intends to cease to make such additional payments), the remaining Borrowers may (but, for the avoidance of doubt, shall not be obliged to), in their sole discretion, pay to the Issuer such increased amount as will enable the Issuer (after such withholding or deduction) to pay to the Bondholders the amounts of principal and interest which they would have received in respect of the Bonds in the absence of such withholding or deduction. If the remaining Borrowers (either collectively or individually) do not choose to make such payments and as a result the Issuer will not have sufficient funds to pay the additional amounts in respect of the Bonds, the Issuer shall not opt to pay such additional amounts (or, having so opted, will notify the Bond Trustee and the Bondholders of its intention to cease paying such additional amounts) and the Bonds shall be redeemed in accordance with Condition 9.3 (*Early Redemption for Tax Reasons*), whereupon each Borrower shall be required to prepay the outstanding balance of its Loan, together with accrued interest and accrued commitment fee thereon up to and including the date of redemption.

Governing Law

Each Loan Agreement, and any non-contractual obligations or matters arising from or connected with it, are governed by and shall be construed in accordance with English law.

DESCRIPTION OF THE LEGAL MORTGAGES AND THE SECURITY TRUST DEED

The Issuer's obligations in respect of the Bonds are secured pursuant to the Bond Trust Deed in favour of the Bond Trustee for the benefit of itself, the Bondholders and the other Secured Parties by the Issuer Security, which includes an assignment by way of security of the Issuer's rights, title and interest arising under the Legal Mortgages and the Security Trust Deed.

The following description of the Legal Mortgages and the Security Trust Deed consists of a summary of certain provisions of the Legal Mortgages and the Security Trust Deed and is qualified by reference to the detailed provisions thereof. The Legal Mortgages and the Security Trust Deed are not, however, incorporated by reference into, and therefore do not form part of, these Admission Particulars.

Definitions used in this section but not otherwise defined in these Admission Particulars have the meanings given to them in the Legal Mortgages and/or the Security Trust Deed.

LEGAL MORTGAGES

The Original Borrower has, in relation to the initial Apportioned Properties, entered into two Legal Mortgages dated 10 August 2020 (the **Original Legal Mortgages**).

The Borrowers shall, in relation to any additional properties to be charged as underlying security for the Bonds, enter into further Legal Mortgages substantially in the form set out in the Security Trust Deed (each, an **Additional Legal Mortgage** and, together with the Original Legal Mortgages, the **Legal Mortgages**).

Fixed Charges

Pursuant to each Legal Mortgage, the Original Borrower has charged, and each other Borrower and/or Eligible Group Member, as applicable, will charge with full title guarantee, as security for the payment of all Secured Obligations in favour of the Security Trustee for the benefit of itself and, *inter alios*, the Issuer:

- (a) by way of a first fixed legal mortgage all the property specified therein together with all buildings and Fixtures, erections and structures thereon or in the course of construction thereon, the proceeds of sale of all or any part thereof and (so far as the same are capable of being mortgaged) the benefit of any covenants for title given or entered into by any predecessor in title of such Borrower or Eligible Group Member and any monies paid or payable in respect of such covenants;
- (b) by way of first fixed charge:
 - (i) all plant and machinery (except for the Fixtures within paragraph (a) above) now or in the future owned by such Borrower or Eligible Group Member and its interest in any plant and machinery in its possession which form part of or are operated on the property specified therein;
 - (ii) all benefits in respect of the Insurances and all claims and returns of premiums in respect thereof;
 - (iii) the benefit of all present and future licences, consents and authorisations (statutory or otherwise) held in connection with the Security Assets and the use of any of the Security Assets specified in paragraphs (a) and (b)(i) above and the right to recover and receive all compensation which may at any time become payable to it in respect thereof; and

- (iv) if and in so far as the legal mortgage set forth in paragraph (a) above or the assignments set forth in the section entitled "*Assignment*" below shall for any reason be ineffective as legal mortgages or assignments, the assets referred to therein.

Assignment

Pursuant to each Legal Mortgage, the Original Borrower has covenanted each other Borrower and/or Eligible Group Member, as applicable, will covenant with full title guarantee, as security for payment of the Secured Obligations, that on the request of the Security Trustee, it shall following the occurrence of an Enforcement Event which is continuing (unremedied or unwaived and is not remedied within any applicable grace period) assign to the Security Trustee for the benefit of itself and, *inter alios*, the Issuer (to the fullest extent assignable or capable of assignment without first infringing any contracted provision restricting the same) all of its rights, title and interest in and to:

- (a) the personal agreements and covenants (still subsisting and capable of being enforced) by the tenants, lessees, licensees or other parties under the Letting Documents and by all guarantors and all security held by such Borrower or Eligible Group Member from time to time whether present or future in respect of the obligations of the tenants, lessees, licensees or other parties under the Letting Documents (including, without limiting the generality of the foregoing, all monies due and owing to such Borrower or Eligible Group Member or which may become due and owing to such Borrower or Eligible Group Member at any time in the future in connection therewith and any rent arrears or service charges due at any time from any tenants, lessees, licensees or other parties under the Letting Documents. regardless of whether such amounts became due before or after the date of such Legal Mortgage);
- (b) all agreements now or from time to time entered into or to be entered into to enable the charging of the Security Assets and for the sale, letting or other disposal or realisation of the whole or any part of the Security Assets (including, without limiting the generality of the foregoing, all monies due and owing to such Borrower or Eligible Group Member or which may become due and owing to such Borrower or Eligible Group Member at any time in the future in connection therewith);
- (c) all agreements, contracts, deeds, licences, undertakings, guarantees, covenants, warranties, representations and other documents (including all documents entered into now or in the future so as to enable such Borrower or Eligible Group Member to perfect its rights under such Legal Mortgage or any such agreement, contract, deed, licence, undertaking, guarantee, covenant, warranty, representation or other documents) now or hereafter entered into by or given to such Borrower or Eligible Group Member in respect of the properties specified therein and all claims, remedies, awards or judgments paid or payable to such Borrower or Eligible Group Member (including, without limitation, all liquidated and ascertained damages payable to such Borrower or Eligible Group Member under the above) in each case relating to the properties specified therein;
- (d) all licences held now or in the future in connection with the properties specified therein and also the right to recover and receive all compensation which may at any time become payable to such Borrower or Eligible Group Member in relation to the properties specified therein;
- (e) all rights and claims to which such Borrower or Eligible Group Member is now or may hereafter become entitled in relation to any development, construction project, redevelopment, refurbishment, repair or improvement of or on the properties specified therein;
- (f) all guarantees, warranties, bonds and representations given or made now or hereafter by, and any rights or remedies against, all or any of the designers, builders, contractors, surveyors,

valuers, professional advisers, sub-contractors, manufacturers, suppliers and installers of any Fixtures in respect of the properties specified therein; and

- (g) all rental income and disposal proceeds in each case relating to the properties specified therein which has not been assigned as set out in (a), (b) or (c) and the right to make demand for and receive the same.

Representations, Warranties and Undertakings

The Original Borrower makes (and each other Borrower and Eligible Group Member shall make) various representations in respect of the properties specified in the relevant Legal Mortgage including as to ownership, planning permission, covenants and security interests. In addition, the Original Borrower undertakes (and each other Borrower and Eligible Group Member shall undertake) to, *inter alia*, repair, insure, pay taxes in respect of and comply with all leases in respect of, such properties.

Enforcement of Security

Each Legal Mortgage provides, or will provide, that at any time after an Enforcement Event has occurred and is continuing, the security created by or pursuant to such Legal Mortgage will be immediately enforceable and the Security Trustee may enforce all or any part of such security.

The Legal Mortgages further entitle, or shall entitle, the Security Trustee and, *inter alios*, the Issuer to be indemnified in respect of, *inter alia*, all liabilities incurred by them in the execution or purported execution of any of the powers vested in them pursuant to the Legal Mortgages.

Governing Law

Each Legal Mortgage and any non-contractual obligations arising out of or in connection with it are, or will be, governed by and construed in accordance with English law.

SECURITY TRUST DEED

The benefit of the security created by the Borrowers and the Eligible Group Members pursuant to the Legal Mortgages shall be held by the Security Trustee on trust for the benefit of itself and, *inter alios*, the Issuer on the terms of the Security Trust Deed.

The Security

Division of Properties and Related Security Assets

The Original Loan Agreement specifies (and each Additional Loan Agreement will specify) that the Charged Property is to be apportioned to the Issuer in respect of the Borrowers' obligations thereunder on a "Numerical Apportionment Basis". The Security Trust Deed provides that, where Numerical Apportionment Basis is specified as the basis for apportionment, a specific number of units within the portfolio of Residual Properties will be designated to the relevant Beneficiary (each, a **NAB Beneficiary**) as agreed between a Borrower and such Beneficiary (being, in the case of the Loan Agreements, the Issuer).

Where Numerical Apportionment Basis is specified as the apportionment basis, a Beneficiary in respect thereof is entitled to change its basis of apportionment to "Specific Apportionment Basis" only in the limited circumstances and in accordance with the procedures specified in the Security Trust Deed.

In the event that the apportionment basis is changed to Specific Apportionment Basis, the apportioned part of the Charged Properties shall be as selected and notified to the Issuer in accordance with the terms of the Security Trust Deed.

Additions and releases of Apportioned Properties

On or prior to creating a Legal Mortgage in respect of any Property, the relevant Borrower or Eligible Group Member, as applicable, is required to deliver to the Security Trustee (or such person as shall be nominated by the Security Trustee, to be held by such person to the order of the Security Trustee) the documents listed in Schedule 2 to the Security Trust Deed, such documents to be in form and substance satisfactory to the Issuer (and, for so long as the Apportioned Properties are the Residual Properties, the other NAB Beneficiaries).

The Security Trustee shall release the benefit of any Security Interest, rights or obligations held by it over the Apportioned Property as security for all or any of the Secured Obligations:

- (a) subject to the instruction the Issuer and, for so long as the Apportioned Properties are the Residual Properties, the other NAB Beneficiaries (or, where the Properties to be released constitute Unallocated Properties, the relevant Borrower or Eligible Group Member); and
- (b) provided, in each case, that the relevant Borrower or Eligible Group Member, as applicable, shall have paid to the Security Trustee, or provided for to the satisfaction of the Security Trustee, all Trustee Costs which relate to the Residual Properties.

The Issuer's instructions shall be subject to satisfaction with the requirements of the Loan Agreements as regards such additions and releases (see "*Description of the Loan Agreements*" above).

Application of Proceeds

The Security Trustee shall, upon the enforcement of the Rights, and after satisfying claims which at law rank in priority to sums owing under or in respect of any of the Relevant Documents, apply all Proceeds and all money derived therefrom:

- (a) in respect of the Security Assets comprised in the Residual Properties:
 - (i) first, in or towards payment of all NAB Trustee Costs;
 - (ii) second, by allocating the balance among the NAB Beneficiaries by reference to their NAB Security Percentages so that the amount allocated to each NAB Beneficiary shall be applied in satisfaction when due of the Relevant Liabilities owed to such NAB Beneficiary arising under or in connection with each Relevant Document to which such NAB Beneficiary is a party in the order of priority set out therein (deducting for its own account, where appropriate, any Valuer's Expenses from the relevant NAB Beneficiary's allocation) (and so that, in each case, any surplus remaining after payment of all such Relevant Liabilities shall be reallocated among the remaining NAB Beneficiaries *mutatis mutandis* in accordance with the foregoing provisions). For the avoidance of doubt, no surplus amounts shall be reallocated by the Security Trustee until all Relevant Liabilities have been fully discharged in connection with the relevant Relevant Document;
 - (iii) third, by allocating the balance among the Beneficiaries whose Relevant Liabilities have not been fully discharged under (a)(ii) above or (b)(ii) below *pro rata* to their unpaid liabilities so that the amount allocated to each Beneficiary shall be applied in satisfaction when due of the Relevant Liabilities owed to such Beneficiary arising in connection with the relevant Relevant Document in the order of priority set out therein (and so that, in

each case, any surplus remaining after payment of all such Relevant Liabilities when due shall be re-allocated among the remaining Beneficiaries *mutatis mutandis* in accordance with the foregoing provisions);

- (iv) fourth, to the extent not recovered under (a)(i) above or (b)(i) below, in or towards payment of all Trustee Costs; and
 - (v) fifth, the balance, if any, to the relevant Borrower or Eligible Group Member; and
- (b) in respect of the Security Assets comprised in a Specific Apportioned Part:
- (i) first, in or towards payment of all Relevant Trustee Costs;
 - (ii) second, in or towards satisfaction of all Relevant Liabilities of the Specific Beneficiary (other than Relevant Trustee Costs) in accordance with the Relevant Documents in respect of the Relevant Liabilities (deducting for its own account, where appropriate, any Valuer's Expenses from the relevant Specific Beneficiary's allocation);
 - (iii) third, by allocating the balance among the Beneficiaries whose Relevant Liabilities have not been fully discharged under (a)(ii) or (b)(ii) above *pro rata* to their unpaid liabilities so that the amount allocated to each Beneficiary shall be applied in satisfaction when due of the Relevant Liabilities owed to such Beneficiary arising in connection with the relevant Relevant Document in the order of priority set out therein (deducting for its own account, where appropriate, any Valuer's Expenses from the relevant Specific Beneficiary's allocation) (and so that, in each case, any surplus remaining after payment of all such Relevant Liabilities when due shall be re-allocated among the remaining Beneficiaries *mutatis mutandis* in accordance with the foregoing provisions);
 - (iv) fourth, to the extent not recovered under (a)(i) or (b)(i) above, in or towards payment of all Trustee Costs; and
 - (v) fifth, the balance, if any, to the relevant Borrower or Eligible Group Member.

Enforcement of Security

Pursuant to Clause 6 (*Default procedure*) of the Security Trust Deed, the Security Trustee shall only be required to take action to enforce or protect the security created by, or rights arising under, the Loan Agreement if instructed to do so by the Issuer (and/or the other NAB Beneficiaries for so long as the Underlying Security is apportioned to it on the Numerical Apportionment Basis) (and then only if it has been indemnified and/or secured and/or pre-funded to its satisfaction).

In respect of instructions given by the Issuer, the Issuer has assigned its rights under, *inter alia*, the Security Trust Deed and the Legal Mortgages to the Bond Trustee and, pursuant to Condition 6.3, has covenanted not to take any action or direct the Security Trustee to take any action pursuant thereto except with the prior consent of the Bond Trustee. The Bond Trustee may, but is not obliged to, seek the consent of the Bondholders in accordance with the Bond Trust Deed prior to giving any such consent.

In enforcing the Underlying Security (including the Issuer's rights, title and interests in the Security Trust Deed and the Legal Mortgages insofar as they relate to the Bonds) the Bond Trustee may act in its discretion. It is, however, required to take action, pursuant to Condition 12.2, where so directed by the requisite majority of the Bondholders provided, however, that it is secured and/or indemnified and/or pre-funded to its satisfaction.

Governing Law

The Security Trust Deed and any non-contractual obligations arising out of or in connection with it will be governed by and construed in accordance with English law.

DESCRIPTION OF THE ACCOUNT AGREEMENT, THE CUSTODY AGREEMENT AND THE RETAINED BOND CUSTODY AGREEMENT

The Issuer has appointed HSBC Bank plc as its account bank, its custodian in relation to Permitted Investments and its custodian in relation to Retained Bonds pursuant to the Account Agreement, the Custody Agreement and the Retained Bond Custody Agreement, respectively, in relation to the issue of the Bonds.

HSBC Bank plc and its subsidiaries form a group providing a range of banking products and services.

HSBC Bank plc (formerly Midland Bank plc) was formed in England in 1836 and subsequently incorporated as a limited company in 1880. In 1923 the company adopted the name Midland Bank Limited, which it held until 1982 when it re-registered and changed its name to Midland Bank plc. In 1992, Midland Bank plc became a wholly owned subsidiary undertaking of HSBC Holdings plc, whose Group Head Office is at 8 Canada Square, London E14 5HQ. HSBC Bank plc adopted its current name, changing from Midland Bank plc, in 1999.

HSBC Holdings plc, the parent company of the HSBC Group, is headquartered in London. As at the date of these Admission Particulars, the Group serves customers worldwide across 64 countries and territories in Europe, Asia, North America, Latin America, the Middle East and North Africa. With assets of U.S.\$2,918 billion at 31 March 2020, HSBC is one of the world's largest banking and financial services organisations.

The short term senior unsecured and unguaranteed obligations of HSBC Bank plc are, as at the date of these Admission Particulars, rated "P-1" by Moody's and "A-1" by S&P and HSBC Bank plc has a short term issuer default rating of "F1+" from Fitch. The long term senior unsecured and unguaranteed obligations of HSBC Bank plc are rated "Aa3" by Moody's and "A+" by S&P and HSBC Bank plc has a long term issuer default rating of "AA-" from Fitch.

HSBC Bank plc is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority. HSBC Bank plc's principal place of business in the United Kingdom is 8 Canada Square, London E14 5HQ.

The following description of the Account Agreement, the Custody Agreement and the Retained Bond Custody Agreement consists of a summary of certain provisions of the Account Agreement, the Custody Agreement and the Retained Bond Custody Agreement and is qualified by reference to the detailed provisions thereof. The Account Agreement, the Custody Agreement and the Retained Bond Custody Agreement are not, however, incorporated by reference into, and therefore do not form part of, these Admission Particulars.

Definitions used in this section but not otherwise defined in these Admission Particulars have the meanings given to them in the Account Agreement, the Custody Agreement and the Retained Bond Custody Agreement.

ACCOUNT AGREEMENT

Accounts

The Account Bank shall maintain three accounts for the Issuer in respect of the Bonds: the Transaction Account, the Initial Cash Security Account and the Ongoing Cash Security Account.

Initial Deposits

Pursuant to the Account Agreement, the Issuer shall on the Issue Date:

- (a) credit the Initial Cash Security Account with the Retained Proceeds (if any), to the extent that such amount is not invested directly in Permitted Investments which are deposited in the Initial Cash Security Custody Sub-Account; and
- (b) credit the Transaction Account with the net issue proceeds of the Bonds less the Retained Proceeds (if any) to the extent that such amount is not paid directly to or to the order of the Original Borrower pursuant to, and in accordance with, the Original Loan Agreement.

The Issuer shall, upon receipt, credit to the Ongoing Cash Security Account all amounts received from a Borrower or an Eligible Group Member pursuant to Clause 11.7 (*Addition, Substitution and Release of Apportioned Properties and Charged Cash*) of the Original Loan Agreement (or the corresponding clause in any Additional Loan Agreement).

Retained Bond Deposits

Pursuant to the Account Agreement, the Issuer shall, upon the sale of any Retained Bonds:

- (a) credit the Initial Cash Security Account with the net sale proceeds of such Retained Bonds (less any Retained Bond Premium Amount), to the extent that such amount is not paid directly to a Borrower pursuant to, and in accordance with, a Loan Agreement; and
- (b) credit the Transaction Account with the Retained Bond Premium Amount (if any), pending application in accordance with the Conditions.

Future Deposits and Withdrawals

The Issuer has covenanted, pursuant to the Bond Trust Deed that:

- (a) prior to the enforcement of the Issuer Security, payments from the Initial Cash Security Account shall only be made to fund:
 - (i) the Commitments pursuant to, and in accordance with the terms of, the Loan Agreements;
 - (ii) payment to a Borrower or any other member of the Group (other than the Issuer) in respect of any Bonds surrendered for cancellation in accordance with a Loan Agreement;
 - (iii) the purchase of Permitted Investments pursuant to the Custody Agreement; or
 - (iv) redemptions of the Bonds in accordance with the Conditions;
- (b) prior to the enforcement of the Issuer Security, payments from the Ongoing Cash Security Account shall only be made to a Borrower pursuant to, and in accordance with the terms of, the relevant Loan Agreement or to purchase Permitted Investments pursuant to, and in accordance with, the Custody Agreement; and
- (c) no payments from the Transaction Account will be made other than in accordance with the Conditions and the Issuer has undertaken to procure that amounts are paid into and out of the Transaction Account only in accordance with the Conditions, the Account Agreement and the Agency Agreement.

The Account Bank is under no obligation to monitor compliance with the above covenants.

Interest

Any monies standing to the credit of the Transaction Account, the Initial Cash Security Account and/or the Ongoing Cash Security Account will, subject to the Account Agreement, earn interest at the positive, negative or zero rate(s) set by the Account Bank from time to time.

Pursuant to the Account Agreement, interest accrued on the Transaction Account and the Initial Cash Security Account shall be credited to, or debited from, the Transaction Account and interest accrued on the Ongoing Cash Security Account shall be credited to, or debited from, the Ongoing Cash Security Account.

Change of Account Bank

The appointment of the Account Bank may, with the prior written approval of the Bond Trustee, be terminated upon 45 days' written notice (subject to the appointment of a replacement account bank) or forthwith at any time the Account Bank is adjudged bankrupt or insolvent. The appointment of the Account Bank may also be terminated in the event that the short-term senior, unsecured and unguaranteed indebtedness rating of the Account Bank as assigned by any Relevant Rating Agency falls below the Minimum Rating Requirement or is withdrawn and there are amounts standing to the credit of the Initial Cash Security Account or the Ongoing Cash Security Account (subject to the appointment of a replacement account bank).

The Account Bank may resign its appointment upon giving at least 45 days' written notice (subject to the appointment of a replacement account bank, provided that if the Account Bank shall resign due to a change in any applicable law or regulation to which the Account Bank may be subject and such change causes the performance by the Account Bank of its duties under the Account Agreement to be in violation of such law or regulation, such resignation shall take place immediately).

Pursuant to the Account Agreement, the appointment of any replacement Account Bank shall be subject to the prior written approval of the Bond Trustee, be on substantially the same terms as the Account Agreement and be subject to the condition that it must have a short-term senior, unsecured and unguaranteed indebtedness rating from each Relevant Rating Agency of no less than the Minimum Rating Requirement.

For these purposes:

Minimum Rating Requirement means a short-term senior, unsecured and unguaranteed indebtedness rating of "A-1" or equivalent assigned by a Relevant Rating Agency; and

Relevant Rating Agency means S&P and/or such other rating agency which has assigned a solicited rating to the Bonds at the relevant time.

CUSTODY AGREEMENT

Custody Account

Pursuant to the Custody Agreement, the Custodian shall, subject to receipt of such documents as it may require, open, in the name of the Issuer, the Ongoing Cash Security Custody Sub-Account and the Initial Cash Security Custody Sub-Account (the **Custody Sub-Accounts**) and the Ongoing Cash Security Cash Sub-Account and the Initial Cash Security Cash Sub-Account (the **Cash Sub-Accounts** and, together with the Custody Sub-Accounts, the **Custody Account**).

Payments and Delivery

The Issuer has authorised the Custodian to make payments and delivery out of the Custody Account only for the purpose of any acquisition or sale of Permitted Investments or as provided below.

Pursuant to the Custody Agreement, unless otherwise instructed pursuant to Instructions to make a payment out of the proceeds of any Distributions in respect of Permitted Investments held by the Issuer in the settlement of an acquisition of other Permitted Investments on or prior to the date of receipt of such Permitted Investments (subject as provided below), the Issuer has agreed to give Instructions to the Custodian, forthwith upon receipt by the Custodian of any Distributions to transfer:

- (a) all Distributions credited to the Ongoing Cash Security Cash Sub-Account to the Ongoing Cash Security Account;
- (b) all Distributions (including any amount representing Permitted Investment Profit (if any)) credited to the Initial Cash Security Cash Sub-Account (other than Distributions which represent redemption and/or sale proceeds less any Permitted Investment Profit (if any)) to the Transaction Account; and
- (c) all Distributions credited to the Initial Cash Security Cash Sub-Account (other than those to be credited to the Transaction Account pursuant to (b) above) to the Initial Cash Security Account,

subject, in each case, to any withholding as required by applicable tax laws.

The Issuer has agreed that it shall not instruct the Custodian pursuant to Instructions to make a payment out of the proceeds of any Distributions standing to the credit of the Initial Cash Security Cash Sub-Account other than Distributions which represent redemption and/or sale proceeds (but excluding any amount representing Permitted Investment Profit (if any)) and that such amounts shall forthwith upon receipt be transferred to the Transaction Account in accordance with (b) above.

Interest

Any monies standing to the credit of the Ongoing Cash Security Cash Sub-Account and the Initial Cash Security Cash Sub-Account will, subject to the Custody Agreement bear or charge interest at the prevailing deposit interest rate (whether negative or positive) as offered by the Custodian from time to time.

Change of Custodian

Either the Issuer (with the prior written approval of the Bond Trustee) or the Custodian may terminate the Custody Agreement by giving at least 45 days' written notice to the other party (subject to the appointment of a replacement custodian).

Either of the Issuer (with the prior written approval of the Bond Trustee) or the Custodian may further terminate the Custody Agreement with immediate effect by giving notice to the other parties if the Custodian or the Issuer, as applicable, has committed a material breach of the terms of the Custody Agreement which is not remedied within 30 days of notice of the same or upon the occurrence of an insolvency event with respect to that party.

The Issuer (with the prior written approval of the Bond Trustee) shall terminate the appointment of the Custodian in the event that the short-term senior, unsecured and unguaranteed indebtedness rating of the Custodian as assigned by any Relevant Rating Agency falls below the Minimum Rating Requirement or is withdrawn and there are Permitted Investments standing to the credit of the Custody Account (subject to the appointment of a replacement custodian).

Pursuant to the Custody Agreement, the appointment of any replacement custodian shall be subject to the prior written consent of the Bond Trustee, be on substantially the same terms as the Custody Agreement and be subject to the condition that it must have a short-term senior, unsecured and unguaranteed indebtedness rating from each Relevant Rating Agency of no less than the Minimum Rating Requirement.

RETAINED BOND CUSTODY AGREEMENT

Retained Bond Custody Account

Pursuant to the Retained Bond Custody Agreement, the Retained Bond Custodian shall, subject to receipt of such documents as it may require, open, in the name of the Issuer, the Retained Bond Custody Sub-Account and the Retained Bond Cash Sub-Account (together with the Retained Bond Custody Sub-Account, the **Retained Bond Custody Account**).

Payments and Delivery

The Issuer has authorised the Retained Bond Custodian to make payments and delivery out of the Retained Bond Custody Account only as provided below.

Pursuant to the Retained Bond Custody Agreement, the Retained Bond Custodian shall not effect a transfer of any Retained Bonds except with the prior written consent of the Bond Trustee in the form of a Retained Bond Consent Letter which has been countersigned on behalf of the Bond Trustee.

Pursuant to the Retained Bond Custody Agreement, unless otherwise instructed pursuant to Instructions to make a payment out of any Sale Proceeds (other than any Retained Bond Premium Amount) to a Borrower in satisfaction of the Issuer's obligation to make an advance pursuant to a Loan Agreement, the Issuer shall give Instructions to the Retained Bond Custodian, forthwith upon receipt by the Retained Bond Custodian of any Sale Proceeds to transfer:

- (a) all Sale Proceeds (other than any Retained Bond Premium Amount) to the Initial Cash Security Account; and
- (b) all Retained Bond Premium Amounts to the Transaction Account,

in each case, subject to any withholding as required by applicable tax laws.

Payment Waiver

Notwithstanding any other provision of the Retained Bond Custody Agreement to the contrary and subject to the following paragraph, the Issuer has, pursuant to Clause 3.1 (*Waiver of Distributions and Transfer Restrictions*) of the Retained Bond Custody Agreement, unconditionally and irrevocably:

- (a) waived its rights to receive payments of interest, principal or other amounts in respect of the Retained Bonds and, for the avoidance of doubt, such waiver by the Issuer of such rights will continue to be effective following the occurrence of an Event of Default or Potential Event of Default;
- (b) authorised the Retained Bond Custodian to disclose the waiver referred to in (a) above in respect of the Retained Bonds (and the Retained Bonds position with the Retained Bond Custodian) to the Principal Paying Agent and any applicable international clearing system for the Retained Bonds to ensure that the waiver of the right to receive payments of interest, principal or otherwise in respect of the Retained Bonds is effected; and

- (c) directed the Retained Bond Custodian, in respect of each Retained Bond held by the Retained Bond Custodian on behalf of the Issuer in the Retained Bond Custody Sub-Account in definitive form:
 - (i) on each Interest Payment Date, to surrender the interest coupon for such Retained Bond corresponding to such Interest Payment Date to the Principal Paying Agent for cancellation; and
 - (ii) to surrender the definitive bond representing such Retained Bond to the Principal Paying Agent for cancellation on any date on which the Retained Bonds are to be redeemed in full.

The Retained Bond Custodian and the Issuer have each acknowledged and agreed that the waiver, authorisation and direction provided by the Issuer as described above are irrevocable except with the prior written consent of the Bond Trustee in the form of a Retained Bond Consent Letter which has been countersigned on behalf of the Bond Trustee.

Interest

Any monies standing to the credit of the Retained Bond Cash Sub-Account will, subject to the Retained Bond Custody Agreement bear or charge interest at the prevailing deposit interest rate (whether negative or positive) as offered by the Retained Bond Custodian from time to time.

Termination of Retained Bond Custody Agreement

Either the Issuer or the Retained Bond Custodian may terminate the Retained Bond Custody Agreement by giving at least 30 days' written notice to the other party.

Either of the Issuer or the Retained Bond Custodian may further terminate the Retained Bond Custody Agreement with immediate effect by giving notice to the other parties if the Retained Bond Custodian or the Issuer, as applicable, has committed a material breach of the terms of the Retained Bond Custody Agreement which is not remedied within 30 days of notice of the same or upon the occurrence of an insolvency event with respect to that party.

Pursuant to the Retained Bond Custody Agreement, the Issuer has covenanted for the benefit of the Bond Trustee that, in the event that the Retained Bond Custody Agreement is terminated, it shall appoint a successor custodian to hold the Retained Bonds on substantially the same terms as the Retained Bond Custody Agreement, in particular, but without limitation, with respect to the payment waiver and transfer restrictions applicable to the Retained Bonds, as described above.

DESCRIPTION OF THE ISSUER

Incorporation and Status

Platform HG Financing plc (the **Issuer**) is a public limited company incorporated in England and Wales with registered number 12743517 on 15 July 2020 under the Companies Act 2006. The principal legislation under which the Company operates is the Companies Act 2006.

The registered address of the Issuer is 1700 Solihull Parkway, Birmingham Business Park, Solihull B37 7YD. The telephone number of its registered address is 0333 200 7304. The Issuer has no subsidiaries.

Principal Activities of the Issuer

The Issuer is a special purpose vehicle established for the purpose of issuing bonds (and incurring other indebtedness (including other secured indebtedness but subject to the covenant set out in Condition 6.1 (*General Covenants*))) and lending the proceeds thereof to members of the Group to be applied in accordance with their respective constitutional documents.

Directors

The directors of the Issuer and their other principal activities are:

Name	Other Principal Activities
John Weguelin	Chairman, Group Parent and the Original Borrower Director and Member of board of trustees of Longleigh Foundation Non-Executive Director, Griffin Financial Technology Limited
Elizabeth Froude	Group Chief Executive and Director, the Group Parent and the Original Borrower Non-Executive Director, Settle Group Director of Executive Directions Limited
Rosemary Farrar	Chief Finance Officer of the Group Non-Executive Director, Settle Group Non-Executive Director, Oxford City Housing Limited Non-Executive Director, White City Enterprise Ltd Non-Executive Director, Soho Housing Association Director, Rosemary Farrar Associates Limited

The business address of each of the directors is 1700 Solihull Parkway, Birmingham Business Park, Solihull B37 7YD.

The Secretary of the Issuer is Andrew Bush whose business address is 1700 Solihull Parkway, Birmingham Business Park, Solihull, B37 7YD.

Subject as follows, there are no potential conflicts of interest between any duties to the Issuer of the directors of the Issuer and their private interests and/or duties. John Weguelin and Elizabeth Froude are also board members of the Group Parent and the Original Borrower and Elizabeth Froude and Rosemary Farrar are also employees and members of the board of management of the Group Parent. As such there may be circumstances where these duties conflict with their duties as directors of the Issuer. The articles of association of the Issuer and the registered rules of the Group Parent and the Original Borrower allow for such conflicts provided the relevant director or board member has disclosed the nature and extent of any interest to the relevant board.

The Issuer has no employees but has available to it the treasury and business resources of the Group to enable it to administer its business and perform its obligations.

Share Capital and Major Shareholders

The entire issued share capital of the Issuer comprises 50,000 ordinary shares of £1 each, all of which are currently paid up to 25 pence each.

The Group Parent holds directly all 50,000 shares of the Issuer currently in issue.

The Group Parent exercises control over the Issuer through a procedure agreement and a group services agreement in place between the Group Parent and the Issuer.

Operations

Since the date of incorporation, the Issuer has not commenced operations.

Recent Developments

There have been no recent events particular to the Issuer that are, to a material extent, relevant to the evaluation of the Issuer's solvency.

DESCRIPTION OF THE GROUP AND THE ORIGINAL BORROWER

Incorporation and Status

Platform Housing Group Limited (the **Group Parent**) is the parent entity of the Platform Housing Group (the **Group**) which is one of the largest groups of Registered Providers of Social Housing (**Registered Providers**) in the United Kingdom, owns over 45,000 units of accommodation. The Group's principal operating subsidiary is Platform Housing Limited (the **Original Borrower**) which is a Registered Provider and owns the vast majority of the Group's housing units (over 99.9 per cent.). As at 31 March 2020, it is also the borrower under all of the Group's existing external debt financing. The Group is unique for a social housing business of its scale in having an exclusive focus on the Midlands region of England.

As a Registered Provider, the Original Borrower is regulated by the Regulator of Social Housing (the **Regulator**), which monitors the quality of service provided and has powers to intervene where it feels the organisation is being inappropriately managed or is in financial difficulty. The Original Borrower is a registered society with charitable objects.

The Group has a strong social purpose and is run as a business, although it does not distribute its profit and all surplus is reinvested back into the organisation to maintain existing homes, to help finance new properties and to deliver relevant related services.

The Group provides a varied range of rented housing including general needs, housing for older people and retirement living schemes, as well as supported housing schemes for young people, disabled people and homeless families. The Group also provides access to home ownership in the form of 'shared ownership' but does not at present develop housing for outright market sale. Complementing this core activity, a limited number of legacy intermediate and market rent properties are also provided. It also works closely with customers and stakeholders to understand and respond to local needs and to help create successful and resilient local communities. This is achieved through:

- firstly, end-to-end housing services such as site identification and acquisition, housing construction and residential property letting and maintenance;
- secondly, the provision of services supporting its broader social agenda such as debt prevention services, energy advice, benefits advice and employment support; and
- thirdly, strategic partnerships with contractors, Homes England and local authorities in the Group's areas of operation.

Background and History

The Group was established in its current form in October 2018 through the combination of Waterloo Housing Group Limited (**Waterloo Housing**) and Fortis Living Limited (**Fortis Living**). These two businesses, in turn, had grown over the years through a series of strategic mergers and their respective development programmes.

Waterloo Housing was formed as a result of various mergers including most recently and substantively the merger of Eastern Shires Housing Group (itself the result of the combination of, amongst others, de Montfort Housing Society and New Linx Housing Trust between 1996 and 2006) with Waterloo Housing in 2008 and Acclaim Housing Group with Waterloo Housing in 2016. Prior to the merger with Fortis Living, Waterloo Housing operated in the east Midlands region, in Leicestershire, Nottinghamshire and Lincolnshire, as well as in Worcestershire. Fortis Living was formed as a result of various mergers including most recently and substantively the merger of Festival Housing and Worcester Community

Housing in 2014. Prior to becoming part of the Group, it operated primarily in the west Midlands region, in Worcestershire, Herefordshire, Gloucestershire and Warwickshire.

The Group owns more than 45,000 properties that are home to over 96,000 people. Currently, the heaviest concentration of its housing stock is in Worcestershire and Lincolnshire. A breakdown of the number of properties owned by the Group as at 31 March 2020 in its largest markets (by number of homes owned) is provided below.

Area	County	Number of homes owned	Proportion of total homes owned by the Group
East Lindsey	Lincolnshire	6,996	14.7%
Worcester	Worcestershire	5,425	11.9%
Malvern Hills	Worcestershire	4,429	9.7%
Wychavon	Worcestershire	3,841	8.4%
Derbyshire Dales	Derbyshire	3,354	7.4%
Harborough	Leicestershire	2,632	5.8%
Herefordshire	Herefordshire	2,033	4.5%
Other	n/a	17,100	37.6%
Total	n/a	45,510	100.0%

The Group's strategy is to become a "truly modern housing association" using technology to improve the service to its residents and providing modern and 'green' homes.

Operational profile

The Group has a strong focus on its core social housing lettings business and its current stock reflects this. Of the 45,510 homes owned by the Group (45,508 owned by the Original Borrower) at 31 March 2020, 28,062 homes were for general needs rental, 6,645 homes were for affordable rent, 5,321 were under shared ownership, 3,326 homes were for supported living and housing for older people and the remaining 2,156 homes were for a variety of other niche tenures.

The Group has a relatively modern housing portfolio with an average age of 37 years, given approximately 64 per cent. of housing association homes in England are more than 40 years old (source: Statista). The Group also has very low exposure to high rise buildings that have come under significant additional scrutiny since the Grenfell Tower disaster in 2017 with just 6 buildings that are more than 6 storeys high in its portfolio and no plans to build any more. Nearly 75 per cent. of its homes also have 2 or more bedrooms.

Merger of Waterloo Housing and Fortis Living

The merger of Waterloo Housing and Fortis Living in October 2018 brought together two organisations that were high performing, customer focused, financially strong, social housing businesses that provided strong foundations for defining the following strategic priorities of the post-merger business:

- to deliver more homes so that the Group can play an even more influential role in addressing the UK's housing shortage, including building 18,000 homes in the 10 years post-merger and up to 2,000 homes per year by 2023;
- to be a strong, efficient and influential organisation, driving operational efficiencies to be reinvested in building more homes and enhancing customer service, increasing investment in its existing housing stock to make its existing homes great places to live in and providing a stronger

platform to engage with local authorities, other governmental organisations and other strategic partners;

- to transform customer service through a combination of enhancing digitisation, improving customer engagement and insight, delivering services that support local communities and improve life chances and focusing on locally accountable service delivery;
- to provide excellent asset management by insourcing more of its maintenance activities; and
- to be a great place to work and an employer of choice.

Development programme

The Group is a significant owner and developer of housing in the UK social housing sector, currently owning over 45,000 units of accommodation across the Midlands region of England. It has over 50 years' experience of developing affordable homes for rent and more than 40 years of helping people step on the property ladder principally through its shared ownership offering, branded Platform Home Ownership. It works closely with a variety of strategic partners to deliver its development programme, particularly:

- Homes England that provides the Group with significant grant funding;
- a diverse range of third party contractors that play a critical role in delivering the Group's development programme by providing housebuilding services to the Group; and
- local authorities and other housing associations typically on joint developments where the Group ultimately sells on to these parties a small proportion of the properties it develops (none were developed in the year ended 31 March 2020 but 149 homes were developed in the year ended 31 March 2019 out of a total of 1,598 homes developed).

The Group is one of the larger strategic partners of Homes England, currently benefitting from £72 million in grant funding over the period to March 2023 to enable the Group to deliver an additional 1,800 affordable homes. In addition, the Group also has a current allocation under Homes England's Affordable Homes Programme which supports delivery of new homes until 2021.

ESHA (Developments) Limited, a subsidiary of the Group Parent and sister company of the Original Borrower (which was part of the Fortis Living business prior to the merger in 2018 referred to above), provides construction and development services to the Group. The Group also contracts with a range of third party delivery partners to fulfil its housing construction programme.

In the year ended 31 March 2020, the Original Borrower invested £208.5 million (2019: £198.0 million) and completed 1,449 new homes (2019: 1,598 homes). These homes included 441 homes for affordable rent, 522 homes for social rent and 486 homes for shared ownership.

One of the key strategic objectives in combining Waterloo Housing and Fortis Living was the focus on growth in the form of a much expanded home development programme based on the realisation of significant cost savings in order that the Group can play an even more influential role in addressing the UK's housing shortage.

More specifically, the Group intends to accelerate its development programme in a measured and incremental way to up to 2,000 homes per annum from the current 1,500 homes by developing in areas where demand is strong. The medium term intention is to deliver a cumulative total of 18,000 new homes in the 10 years following the combination of Waterloo Housing and Fortis Living. To enable this growth, the development strategy aims to leverage the Group's status as a Homes England strategic

partner and allow the Group to have better control of delivery which will mean evolving towards fewer, larger sites. In order to ensure consistent high quality in its new homes, the Group is concentrating on land-led developments rather than providing growth through Section 106 agreements with third party developers. The Group's development strategy is also intended to enable its ambition to move forward on its carbon reduction journey.

For the foreseeable future, the Group expects its development activities to remain concentrated in the Group's current core geographic areas of operation across the Midlands region of England with some modest expansion of the geographical reach of the Group in areas adjacent to its existing geographic footprint. The Group also expects its new housing stock to be focused on core social and affordable housing with modest amounts of commercial activity to help increase its social housing development.

The Group's development activities are subject to robust investment appraisal and broader governance oversight by the Board and its Asset and Development Committee. See "*Corporate Governance – Asset and Development Committee*".

Asset management

The Group has a strong focus on investing in its existing housing stock to maintain and enhance the quality and safety of homes for customers whilst delivering property maintenance and asset management effectively and efficiently.

Key to the Group's activities in this area is the ongoing roll out of its in-house maintenance business, Platform Property Care Limited (**PPC**), originally part of the Fortis Living business, across all geographic areas of operation and delivering both day to day and major investment works to existing properties. The insourcing of maintenance activities is one of the key priorities of the post-merger business as it is expected to enhance financial efficiency and customer satisfaction. The intention is to complete the transfer of all external maintenance contracts to PPC during the year ending 31 March 2021 with the exception of a small number of specialist skill contracts. This strategy is supported by PPC's long standing strong customer satisfaction ratings and its quality focus, demonstrated partly by its ISO 9001, 14001 and 45001 accreditations.

Services provided by PPC include responsive repairs, planned major programme works (such as bathroom and kitchen refurbishment), repairs to properties during void periods, gas servicing and maintaining communal areas and green spaces. PPC also provides its services to Rooftop Housing Group (**RHG**) and in the year ended 31 March 2020, PPC generated £7 million in turnover from such contracts. RHG is a 3 per cent. shareholder in PPC. PPC has over 300 employees, a significant proportion of the Group's employees, with all trades covered including recent investment in green technology skills. PPC's workforce is fully mobile and recruited from areas where they need to work, generating employment, training and apprenticeships in the heart of the Group's communities.

Since the merger of Waterloo Housing and Fortis Living, the Group has enhanced its knowledge of the condition of its collective housing stock and established a programme to ensure that it continues to maintain and improve its existing homes. This programme is expected to involve over £50 million major works investment over the period to 31 March 2022. During the year ended 31 March 2020, the Group invested £24.6 million on major works in its existing homes.

External ratings

Shortly following the combination of Waterloo Housing and Fortis Living, in November 2018 the Regulator confirmed that the "G1" for governance and "V1" for viability ratings previously held by both parties to the merger would be maintained by the Group Parent. The "G1" and "V1" ratings mean that the Group Parent meets the requirements on governance and viability respectively set out in the

Regulator's Governance and Financial Viability standard and that the Group has the capacity to mitigate its exposures effectively.

On 26 March 2020, S&P assigned an "A+" credit rating to the Group with a stable outlook. It is expected that the Bonds will also be rated "A+" by S&P. S&P is established in the European Union and is registered under the CRA Regulation. As such, S&P is included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation.

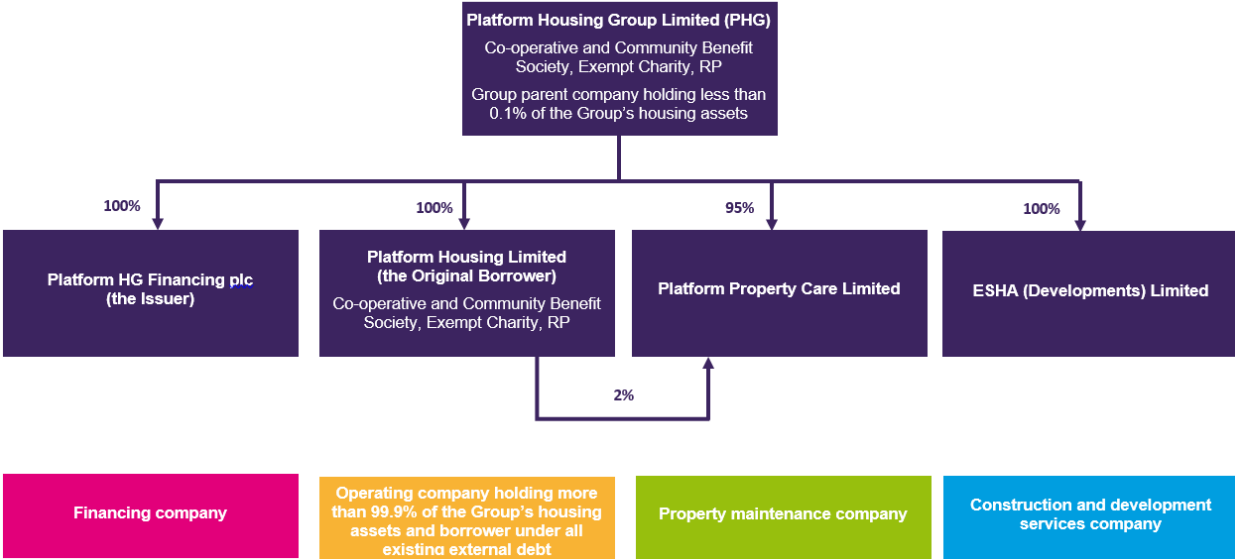

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation.

Constitutional details of the Group Parent and structure of the Group

The Group Parent is the parent of the Original Borrower and of the Group and has a number of subsidiaries including the Issuer and the Original Borrower that are both direct wholly owned subsidiaries of the Group Parent.

The Group Parent was incorporated on 11 November 2013 and is registered in England with limited liability under the Co-operative and Community Benefit Societies Act 2014 (with registered number 32239R) and is registered with the Regulator (with registered number 4789).

The legal structure of the Group is set out in the chart below:

The remaining 3% shareholding in Platform Property Care Limited is held by Rooftop Housing Association, an organisation otherwise unrelated to the Group
Excludes dormant company, Waterloo Homes Limited

Corporate Governance

The Group is led and governed by a common board for both the Group Parent and the Original Borrower (the **Board**) that is responsible for directing the Group's affairs in accordance with its objects and rules and ensuring that its functions are properly performed. Members of the Board are all non-executive other than Elizabeth Froude. They are drawn from a wide background, bringing together professional, commercial and local experience. Membership of the Board has been refreshed and strengthened recently with the appointment in January 2020 of John Weguelin, former chief executive officer of Zenith Bank, who became Chair of the Board on 29 July 2020 and the appointments in May 2020, both as non-executive directors, of Sebastian Bull, former chief financial officer (CFO) of Associated British Ports, and Paula Smith, current CFO of Plusnet who also previously had senior finance roles at Openreach

and RWE npower. Finally, in July 2020, Heena Prajapat, Global Vice President and Chief Information Officer of Harsco Environmental, was appointed as a further non-executive director.

Details of the board members and their principal activities outside the Group Parent and the Original Borrower, are as follows:

Name	Principal activities outside Group Parent/ the Original Borrower
Dennis Sleath <i>Chair (retires on 28 July 2020)</i>	Director of Stonewold Homes Limited, Stonewold Properties Limited and Secondrebel Limited
John Weguelin <i>Chair designate (from 29 July 2020)</i>	Director of the Issuer Director and Member of board of trustees of Longleigh Foundation Non-Executive director, Griffin Financial Technology Limited
Elizabeth Froude <i>Group Chief Executive</i>	Director of the Issuer Non-Executive Director – Settle Group Director of Executive Directions Limited
Sebastian Bull	Managing Director, ABP Property Development
Steve Dyson	Director of Dyson Media Ltd Trustee – The GAP Youth Arts Charity
Heena Prajapat	Global Vice President and Chief Information Officer, Harsco Environmental
Paula Smith	Chief Financial Officer of Plusnet
Helen Southwell	Stroke Association – National Lead
Jennifer Wood	Director of Platform Property Care Limited Independent Programme Board Member, AAP programme for the House of Lords Independent Programme Board Member for the R&R Programme, Palace of Westminster

The business address of each of the above board members is 1700 Solihull Parkway, Birmingham Business Park, Solihull B37 7YD.

The company secretary of the Group Parent and the Original Borrower is Andrew Bush whose business address is 1700 Solihull Parkway, Birmingham Business Park, Solihull B37 7YD.

Subject as follows, there are no potential conflicts of interest between any duties to the Group Parent and the Original Borrower of the board members of the Group Parent and the Original Borrower and their private interests and/or duties. John Weguelin and Elizabeth Froude are directors of the Issuer. A conflict of interest could therefore arise between their duties as board members of the Original Borrower and their duties as directors of the Issuer. The articles of association of the Issuer and the registered rules of the Group Parent and the Original Borrower allow for such conflicts provided the relevant director or board member has disclosed the nature and extent of any interest to the relevant board.

The Board meets a minimum of 5 times each year for regular business. The Secretary may call a meeting at any time provided that two clear days' written notice is given, or at such shorter notice as all the members may agree.

The main responsibilities of the Board include:

- setting the overall strategy and business plan of the Group;
- ensuring the Executive Team is working effectively and has access to the resources it needs;
- ensuring any risks to the Group are identified and controlled; and
- monitoring the performance, service delivery and financial viability of the Group.

The Board delegates some of its responsibilities to the 4 standing committees it has in operation.

Group Audit and Risk Committee

The Group Audit and Risk Committee's role is to support and advise the Board on internal and external audit activities, risk management, compliance and assurance. The Committee meets at least 3 times per year.

In relation to internal audit, the Committee's responsibilities include (a) ensuring the Group has adequate internal audit arrangements that provide the Board with sufficient assurance that risks and controls are effectively managed by the Group (b) considering and approving the internal audit plan and programme for each financial year and (c) receiving and reviewing internal audit reports and implementation of actions related to those.

In relation to external auditors, the Committee's responsibilities include considering the annual audit plan with the auditor, the selection and remuneration of the Group's external auditor, assessing the performance and independence of the external auditor and monitoring policies regarding use of the external auditor for non-audit and consultancy work.

In relation to risk management, the Committee's responsibilities include the systemic overview and assurance of the Group's approach to risk management, reviewing the Group's corporate risk assurance framework and significant changes to individual risks and reviewing and recommending the Group's risk policy for approval by the Board.

In relation to financial reporting, the Committee's responsibilities include the review of the annual financial statements for all Group companies prior to consideration and approval by the Board.

In relation to compliance assurance, the Committee's responsibilities include monitoring, overseeing and reviewing the range of statutory compliance risks including gas, electrical and lift safety, legionella, asbestos and fire risk assessment and ensuring that required actions in these areas are carried out within the agreed timescales. The Committee also provides the Board with an annual controls assurance report.

Asset and Development Committee

The Asset and Development Committee's role is to support and advise the Board on growth ambition, development strategy and asset investment. The Committee meets at least 4 times per year. The Committee's responsibilities include considering and recommending to the Board the Group's development strategy and related 5 year programme, evaluating, recommending and monitoring the performance of partnerships involving grant funding, approving smaller development contractual

commitments and recommending to the Board larger contractual commitments, recommending for approval by the Board any development related joint ventures, setting exposure limits to third party contractors and reviewing and taking appropriate actions where adverse variances from plan arise on development schemes.

Finance Committee

The Finance Committee's role is to support and advise the Board on treasury management activities. The Committee meets at least 4 times per year. The Committee's responsibilities include considering updates to the treasury management policy, the treasury strategy and the annual treasury plan and recommending these to the Board for approval; considering the financial performance, viability and stability of the Group by regularly monitoring reports detailing compliance with borrowing covenants and the golden rules and considering the Group's long-term financial business plan and stress testing and recovery plan and recommending these plans to the Board for approval.

People and Governance Committee

The People and Governance Committee's role is to support and advise the Board on all employee and governance related matters. The Committee meets at least 4 times per year. Its responsibilities include informing and reviewing the development and delivery of the Group's people strategy, the appointment and remuneration of the Board (and members of the various committees of the Board), the Group Chief Executive and Group Executive Team as well as reviewing the ongoing performance of the Group Chief Executive and the effectiveness of the Board and its committees. Its role also includes supporting the Board in relation to the Group's Strategic HR, Governance and succession planning.

Day-to-day management and implementation of the strategy is delegated to the Group Executive Team, the members of which are detailed below.

Name and role	Background	Principal activities outside the Group Parent /the Original Borrower
Elizabeth Froude <i>Group Chief Executive</i>	Elizabeth joined the Group in July 2019. She has an extensive business change background working for large FTSE companies both in UK and across Europe; these have been mostly in operationally focussed roles involving process improvement, mergers and buy outs. Her housing career began in 2005 and includes working for Notting Hill Genesis and before that Radian, having been involved in its creation via the only 3-way merger in social housing to this day. Prior to the housing association sector, Elizabeth gained extensive business change experience working for a variety of large FTSE companies both in UK and across Europe, mostly in operationally focussed roles involving process improvement, mergers and buy outs, including	Director of the Issuer Non-Executive Director – Settle Group Director of Executive Directions Limited

Name and role	Background	Principal activities outside the Group Parent /the Original Borrower
	Carlton Communications, Kingfisher and Diageo.	
Jon Cocker <i>Chief Information Officer</i>	Jon originally joined the Group in 2011 as Director of Business Technology at Waterloo Housing Group.	None
Marion Duffy <i>Chief Operations Officer</i>	Marion originally joined the Group in 1996 as Director of Operations at Waterloo Housing Group.	None
Clare Durnin <i>Executive Director (Corporate Resources)</i>	Clare originally joined the Group in 2009 as Human Resources and Business Services Director at Waterloo Housing Group.	None
Dennis Evans <i>Executive Director (Property Management)</i>	Dennis joined the Group in October 2018 and is managing director of Platform Property Care Limited. He has extensive experience in property maintenance and assurance and planning roles principally in the social housing sector, having previously worked in senior roles in these areas at London & Quadrant Housing Trust, Guinness Partnership, Sanctuary and Places for People.	None
Rosemary Farrar <i>Chief Finance Officer</i>	Rosemary joined the Group in March 2020, initially as Interim Chief Finance Officer and took up her role permanently in June 2020. She has 35 years' experience in the social housing sector, particularly in numerous interim or permanent CFO roles, including for Riverside, Southern Housing Group, Circle Anglia (now part of Clarion Housing) and Notting Hill Housing Trust (now Notting Hill Genesis).	Non-Executive Director – Settle Group Non-Executive Director – Soho Housing Association Non-Executive Director – Oxford City Housing Limited Non-Executive Director – White City Enterprise Ltd Director – Rosemary Farrar Associates Limited
Gerraint Oakley <i>Executive Director (Growth & Development)</i>	Gerraint joined the Group in June 2020 and has over 30 years' experience in property, estate and asset management, development and urban regeneration.	Director – Linc Cymru Housing Association Limited

Capital Resources and Treasury

As at 31 March 2020, the Original Borrower had, in aggregate, total debt facilities of £1,556 million (all figures are nominal value), of which £394 million were undrawn. At the same date the Original Borrower also had available cash and cash equivalents totalling £81 million. As at 30 June 2020, the Original Borrower had, in aggregate, total debt facilities of £1,655 million, of which £494 million were undrawn. At the same date the Original Borrower also had available cash and cash equivalents totalling £76 million. At 30 June 2020, this debt comprised £1,298 million in bank loans, £80 million in institutional private placements and £277 million in public capital markets debt raised via industry aggregators, primarily bLEND Funding plc (£180 million) and Affordable Housing Finance Plc (£77 million).

The Original Borrower maintains a range of treasury policies designed to ensure it operates at a level of risk commensurate with the appetite of the Board. These policies include:

- maintaining diverse debt maturities in order to mitigate refinancing risk such that no more than 25 per cent. of the Original Borrower's current drawn term debt should mature in any one year;
- maintaining sufficient liquidity, in the form of either cash and cash equivalents or undrawn committed debt facilities, to meet a minimum of 18 months of projected cash flows;
- maintaining total drawn fixed rate debt as a proportion of total drawn debt in the range of 60-100 per cent.;
- ensuring that the Original Borrower operates with levels of interest cover, gearing and asset cover ratios that leave headroom to relevant debt facility agreements; and
- requiring minimum credit ratings of its financial counterparties in relation to investment of its surplus cash and parties with which it enters into borrowing facilities and derivative transactions.

As at 31 March 2020, the Original Borrower's largest annual debt maturity was £190 million in the year ending 31 March 2048. Further, as at 31 March 2020, the Original Borrower's drawn nominal gross debt consisted of 78 per cent. fixed rate debt and 22 per cent. variable rate debt.

The weighted average life of the Original Borrower's nominal gross debt as at 31 March 2020 was 19 years. The debt maturity profile of the Original Borrower's nominal gross drawn debt as at 31 March 2020 is set out in the table below.

Period to maturity	Amount of debt maturing (£m)
Less than 1 year	89
Between 1 and 2 years	13
Between 2 and 5 years	156
Between 5 and 10 years	81
Between 10 and 20 years	241
Between 20 and 30 years	507
More than 30 years	75
Total	1,162

The Group's weighted average cost of debt at 31 March 2020 was 3.80 per cent.

The Group currently has no standalone derivative financial instruments outstanding.

Description of the Original Borrower

Platform Housing Limited (the **Original Borrower**) was incorporated on 31 December 2019 as the resultant entity of the amalgamation of Fortis Living and Waterloo Housing (the **Amalgamation**). The Original Borrower is registered in England with limited liability under the Co-operative and Community Benefit Societies Act 2014 (with registered number 8288) and is a Registered Provider whose activities are regulated by the Regulator (with registered number 5084). As such, the Original Borrower has charitable status but is exempt from registration with the Charity Commission.

The registered address of the Original Borrower is 1700 Solihull Parkway, Birmingham Business Park, Solihull, B37 7YD. The telephone number of its registered address is 0333 200 7304. The Original Borrower has no subsidiaries.

The website address of the Original Borrower is www.platformhg.com. The information on such website does not form part of these Admission Particulars, except where that information has been incorporated by reference into these Admission Particulars.

The members of the Original Borrower's Board and their principal activities outside the Original Borrower and the Group Parent are the same as set out above under the heading "*Corporate Governance*".

Recent Developments

There have been no recent events particular to the Original Borrower that are, to a material extent, relevant to the evaluation of the Original Borrower's solvency.

ALTERNATIVE PERFORMANCE MEASURES

The Original Borrower believes that certain financial measures that are not recognised by the Original Borrower Accounting Standards, but are derived from the information provided in its Financial Statements, provide additional useful information regarding the Group's ongoing operating and financial performance.

These measures are not recognised measures under the Original Borrower Accounting Standards, do not have standardised meanings prescribed by the Original Borrower Accounting Standards and should not be considered in isolation or construed to be alternatives to measures pursuant to the Original Borrower Accounting Standards including revenues, net income (loss) and comprehensive income (loss) for the period determined in accordance with the Original Borrower Accounting Standards. The Original Borrower's method of calculating these measures may differ from the method used by other entities, including other Registered Providers of Social Housing. Accordingly, certain of the financial performance measures presented in these Admission Particulars may not be comparable to similarly titled measures used by other entities or in other jurisdictions, including other Registered Providers of Social Housing. Consequently, these measures should not be considered substitutes for the information contained in the financial statements set out in the section headed "*Financial Statements of the Original Borrower*" below and should be read in conjunction therewith.

In particular, the Original Borrower uses the financial measures (as defined below) set out in the table below to evaluate the business performance of the Original Borrower. References in the table below to "Financial Statements" shall have the meaning given to it in the section headed "*Financial Statements*" below.

For the purposes of the tables below:

- **Statement of Financial Position** means the statement of financial position set out in the Financial Statements;
- **SOCI** means the statement of comprehensive income set out in the Financial Statements;
- all references to specific line items taken from the Financial Statements are to the line items in respect of the Original Borrower; and
- all references to **Notes** are to the relevant note in the Financial Statements.

Financial Measure	Definition	Reconciliation	Additional information
Total operating margin	Total operating margin is: Operating surplus less Gain on disposal of property, plant and equipment divided by Turnover	"Operating surplus" is taken from the SOCI. "Gain on disposal of property, plant and equipment" is taken from the SOCI. "Turnover" is taken from the SOCI.	Operating margin is a measure of profitability. This ratio indicates the efficiency of the Original Borrower's financial performance by showing how much of each £1 of revenue is left after operating costs and cost of sales are taken into account.

Social housing lettings margin	<p>Social housing lettings margin is:</p> <p>Operating surplus on social housing lettings</p> <p>divided by</p> <p>Turnover from social housing lettings</p>	<p>"Operating surplus on social housing lettings" is taken from Note 3 (Total operating surplus on social housing lettings)</p> <p>"Turnover from social housing lettings" is taken from Note 3 (Total turnover from social housing lettings)</p>	<p>This measures the profitability of the Original Borrower's social housing lettings activities and provides a measure of how much is available to reinvest in its ongoing business</p>
EBITDA MRI	<p>EBITDA MRI is:</p> <p>Operating surplus</p> <p>after deducting:</p> <p>(1) gain on disposal of housing properties;</p> <p>(2) amortised government grants and other grants taken to income; and</p> <p>(3) cost of capitalised major repairs.</p> <p>and adding</p> <p>interest receivable and similar income; and depreciation charge for the year.</p>	<p>"Operating surplus" is taken from the SOCI.</p> <p>"Gain on disposal of housing properties" is taken from Note 5.</p> <p>"Amortised government grants and other grants" is taken from Note 3.</p> <p>"Cost of capitalised major repairs" is taken from Note 11, Additional disclosure narrative.</p> <p>"Interest receivable and similar income" is taken from Note 6.</p> <p>Depreciation "Charge for the year" is taken from Notes 11 and 12.</p>	<p>This indicates the cash operating performance of the Original Borrower, representing earnings before interest, tax, depreciation and amortisation.</p>
EBITDA MRI Interest Cover	<p>EBITDA MRI Interest Cover is</p> <p>EBITDA MRI</p> <p>divided by</p> <p>Interest payable and financing costs (after adding back capitalised interest).</p>	<p>"EBITDA MRI" – see definition above.</p> <p>"Interest payable and similar costs" is taken from the SOCI.</p> <p>"Capitalised interest" is taken from Note 6 (Interest capitalised on housing properties).</p>	<p>This measures the ability of the Original Borrower to cover its interest payable from its cash operating performance.</p>
Net debt	<p>Net debt is:</p> <p>Creditors (amounts falling due within one</p>	<p>"Creditors (amounts falling due within one year) – Bank loans – principal" is taken from Note 18).</p>	<p>Net Debt is an indicator that shows how much debt is outstanding if the cash and cash equivalents of the</p>

	<p>year) – Bank loans – principal</p> <p>together with</p> <p>Creditors (amounts falling due after more than one year) – Bank and other loans</p> <p>and deducting</p> <p>Cash and cash equivalents</p>	<p>"Creditors (amounts falling due after more than one year) – Bank and other loans" is taken from Note 19.</p> <p>"Cash and cash equivalents" is taken from the Statement of Financial Position</p>	<p>Original Borrower is used to satisfy part of the debt.</p>
Gearing	<p>Gearing is:</p> <p>Net debt</p> <p>divided by</p> <p>Net book value of housing properties</p>	<p>"Net debt" see definition above.</p> <p>"Net book value of housing properties" is taken from Note 11.</p>	<p>This measures the ratio of debt to assets, and therefore the Original Borrower's ability to cover its debt liabilities with its housing properties.</p>
Average cost of debt	<p>Average cost of debt is:</p> <p>the weighted average of interest rates charged on the nominal amount of each tranche of drawn debt, each at the relevant date</p> <p>divided by</p> <p>the total amount of drawn debt facilities at the relevant date</p>	<p>Management information</p>	<p>This measure shows the Original Borrower's cost of debt finance. It is monitored to ensure that financing costs are kept as low as possible.</p>
Reinvestment rate	<p>Reinvestment rate is:</p> <p>Additions to tangible fixed assets relating to new housing properties plus additions to tangible fixed assets related to existing properties plus capitalised interest</p> <p>divided by</p> <p>the total net book value of housing properties at</p>	<p>Additions to tangible fixed assets relating to new properties is taken from Note 11 (Additions)</p> <p>Additions to tangible fixed assets relating to existing properties is taken from Note 11 (Works to existing properties)</p> <p>Capitalised interest is taken from Note 11 (Capitalised interest)</p>	<p>This measures how much the Original Borrower is investing in new and existing homes relative to the value of its existing home portfolio</p>

	the end of the relevant period	"Total net book value of housing properties" is taken from Note 11 (Net Book Value)	
Operating costs per home or Operating costs per unit	Operating costs per home or Operating costs per unit is: "Operating costs" divided by "Homes under management" excluding "social leased", "non-social rented" and "non-social leased"	"Operating costs" is taken from the SOCI. All figures for "Homes under management" are taken from Note 4 and from the column entitled "Total Managed – Number" and the column headed "Owned not Managed – Number" in respect of the relevant financial period end date. See the relevant figures for "Non-social rented" and "Non-social leased" in respect of the relevant financial period end date.	This is a cost indicator that measures the operating costs incurred per unit managed.
Rent arrears	Rent arrears is: Current tenant arrears from social rented properties divided by Turnover from social housing lettings.	Current tenant arrears is derived from management information. Turnover from social housing lettings is taken from Note 3	This is a measure of how effectively the Original Borrower collects rental income on social homes.

DESCRIPTION OF THE REGULATION AND FUNDING ENVIRONMENT APPLICABLE TO THE BORROWERS

The Social Housing Sector

Social housing is housing to rent at below market level rents, or to buy through schemes such as shared ownership, that is made available to those whose needs are not served by the commercial housing market. As at 7 May 2020, the Regulator of Social Housing reported that there were 1,629 Registered Providers in England.

Regulation and the Regulatory Framework

The Housing and Regeneration Act 2008, as amended by the Localism Act 2011 and the Housing and Planning Act 2016 (the **HPA 2016**), (the **HRA 2008**) makes provision for the regulation of social housing provision in England.

Pursuant to the HRA 2008, the Homes and Communities Agency (the **HCA**) acted as the regulator of Registered Providers, including the Original Borrower. Since January 2018, Homes England has operated the non-regulatory arm and the Regulator of Social Housing (the **Regulator**) has taken on the functions of the regulation committee. The Regulator provides economic regulation for Registered Providers in order to ensure that they are financially viable and well governed.

The Regulator regulates Registered Providers in accordance with the regulatory framework for social housing in England (the **Regulatory Framework**), which sets out the standards that apply to Registered Providers of Social Housing (the **Standards**).

The Regulator proactively regulates the three Standards which are classified as 'economic'. These are

- the Governance and Financial Viability Standard;
- the Value for Money Standard; and
- the Rent Standard.

The Regulator has issued two codes of practice: one code to amplify the Governance and Financial Viability Standard and the code for the Value for Money Standard. Furthermore, the Regulator has issued a Rent Standard Guidance.

The remaining four standards are classified as 'consumer' for which the Regulator's role is reactive in response to referrals or other information received. Its role is limited to intervening where failure to meet the standards has caused or could have caused serious harm to tenants. The consumer standards are:

- the Tenant Involvement and Empowerment Standard;
- the Home Standard;
- the Tenancy Standard; and
- the Neighbourhood and Community Standard.

Registered Providers are expected to comply with the Standards and to establish arrangements to ensure that they are accountable to their tenants, the Regulator and relevant stakeholders. The enforcement by the Regulator of the Standards other than those relating to governance and financial viability, rent and value for money is restricted to cases in which there is, or there is a risk of, serious detriment to tenants (including future tenants). The Regulatory Framework includes guidance as to how the Regulator will assess whether serious detriment may arise.

In April 2015 the HCA (as the predecessor of the Regulator) published updates to the Regulatory Framework. These provide for changes in the way the Regulator regulates, including asset and liability registers which are aimed to ensure that social housing assets are not put at risk, to protect the public value in those assets and to ensure that Registered Providers can continue to attract the necessary finance to build new homes.

In March 2019, the Regulator updated its "*Regulating the Standards*" publication which outlines the Regulator's operational approach to assessing Registered Providers' compliance with the economic and consumer standards.

On 14 August 2018 the Ministry of Housing, Communities and Local Government (**MHCLG**) published the green paper titled "*A new deal for social housing*". The paper sets out the UK Government's intention to carry out a review of regulation of social housing to ensure it remains fit for purpose, reflects changes in the social housing sector and drives a focus on delivering a good service for residents. A "call for evidence" which marks the first stage in the review process was launched which asked interested parties such as residents, landlords and lenders for information on how the regulatory regime is meeting its current objectives – both what works well and what does not. Alongside questions in the green paper it marks the first stage in the review process. The deadline for responses was 6 November 2018 and, as at the date of these Admission Particulars, the UK Government has not yet published its feedback and the proposed next steps.

The UK Government is establishing a new building safety regulator, which will be entirely run by the Health and Safety Executive. The building safety regulator will oversee the design and management of buildings, with a strong focus on ensuring the new regime for higher-risk buildings is enforced effectively and robustly. It will also have the power to apply criminal sanctions to building owners who do not obey the new regime.

Housing Grant

Grant funding is a critical part of the funding mix for Registered Providers, sustaining their ability to provide housing to rent at below market level rents. Grant funding is allocated by central government in periodic affordable homes programmes with the allocation of grants to Registered Providers administered by Homes England, an executive non-departmental public body, sponsored by the MHCLG. This allocation of funding includes Homes England appointing strategic partners that are typically amongst the larger Registered Providers.

Grant funding for Registered Providers has, in recent years, undergone significant and material change. Under the 2011–2015 Affordable Homes Programme, the level of capital grant made available to fund new affordable homes was reduced to £4.5 billion compared to £8.4 billion under the previous review period. To compensate for this, Registered Providers of Social Housing are able to charge Affordable Rents where a Framework Delivery Agreement with Homes England has been entered into.

The 2015-2018 Affordable Homes Programme (the **New Framework**) was launched in January 2014. In December 2014 the Chancellor announced that the grant programme would be extended to 2020 with additional grant being made available. The primary change brought about under the New Framework is that all of the available funding is not allocated from the outset. The New Framework allows bidders the opportunity to bid for the remaining funding for development opportunities as these arise during the programme, where they can be delivered within the programme timescales.

In April 2016, the HCA announced that it was making available £4.7 billion of capital grant between 2016- 2021 under the Shared Ownership and Affordable Homes Programme 2016-2021 (**SOAHP 2016 to 2021**). That marked a decisive shift towards support for home ownership in England. However, the Autumn Statement 2016 announced that an additional £1.4 billion would be made available to build 40,000 affordable homes and that the SOAHP 2016 to 2021 will support a variety of tenures which now includes affordable rent, shared ownership and rent to buy. This, together with the publication of the

Housing White Paper "*Fixing our broken housing market*" published in February 2017, has marked a shift of emphasis in UK Government investment priorities back towards rented housing.

In the 2020 budget, the UK Government announced a new £12 billion Affordable Homes Programme that is expected to start in 2021 and is intended to support the delivery of 180,000 new affordable homes, including for social housing and shared ownership, across England.

Social Housing Rents

As part of the 2012 spending round, the UK Government confirmed, through its policy "*Guidance on Rents for Social Housing*" published in May 2014, that from 2015-2016, rents in the social sector should increase by up to the Consumer Price Index (**CPI**) at September of the previous year plus 1 per cent. annually, for ten years.

The relevant rent standard guidance for Registered Providers is contained within the Regulatory Framework.

In the 2015 Summer Budget, the UK Government announced that rents for social housing (as defined in Part 2 of the HRA 2008) in England would reduce by 1 per cent. annually for four years. This change was introduced on 1 April 2016 pursuant to Section 23 of the Welfare Reform and Work Act 2016 (the **WRWA 2016**).

In the WRWA 2016 and associated amendment regulations there is provision for exceptions to the rent reduction requirement and MHCLG has regulation making powers to introduce other exemptions. For example, reductions do not apply to rents payable by residents in low cost home ownership and shared ownership properties. Furthermore, the WRWA 2016 also gives the Regulator the power, by direction, to exempt a Registered Provider of Social Housing from the rent reduction requirement but only where compliance with the requirement would jeopardise that Registered Provider's financial viability.

On 4 October 2017, the UK Government announced that social housing rents would be restored to the CPI plus 1 per cent. formula for five years from April 2020. Rent reductions continued to apply until then. A "*Policy Statement on Rents for Social Housing*" was issued by MHCLG on 26 February 2019 and confirmed the CPI plus 1 per cent. limit for five years from April 2020. A contemporaneous "*Direction to the Regulator*" was issued which prompted the Regulator to publish a new rent standard (incorporating the Policy Statement on Rents for Social Housing) that took effect from 1 April 2020.

Welfare Benefit Reform

Background

A substantial proportion of social housing tenants rely on one or more welfare benefits for at least part of their income according to research in 2014 by the Joseph Rowntree Foundation on the impact of welfare reform on social landlords and tenants. 90 per cent. of social housing tenants received some form of income support through the welfare benefit system. As a result, changes to the welfare benefit system can impact materially the ability of social housing tenants to meet their housing costs. There have been a range of reforms of the welfare benefit system in recent years including capping the overall amount of benefits households can receive, consolidating multiple benefits into a single payment (**Universal Credit**) and other reforms specific to housing such as the Occupation Size Criteria that have had and still have the potential to impact housing affordability for social housing tenants.

Household Benefit Cap

The Summer Budget 2015 announced, and the Spending Review and Autumn Statement 2015 confirmed, that the total household benefit cap (the combined income from a number of welfare benefits for those receiving housing benefit or Universal Credit and that are of working age) would be reduced to £20,000 per year for couples or parents (or £23,000 in Greater London) and £13,400 per year for

single people without children (or £15,410 in Greater London). Measures to implement the lowering of the threshold were included in the WRWA 2016 which applies to Registered Providers of Social Housing.

Exemptions to the total household benefit cap can apply to those tenants who qualify for working tax credit; are above the qualifying age for pensions credit; obtain certain benefits for sickness and disability; or claim a war pension. The benefit cap will not apply in circumstances where a tenant or a tenant's partner is in receipt of, or is responsible for a child or young person who is in receipt of, benefits such as disability living allowance, personal independence payment or carer's allowance. Housing benefit will not be included when calculating total benefit income where tenants are housed in specified accommodation including supported housing.

Occupation Size Criteria

The Welfare Reform Act 2012 (the **WRA 2012**) introduced a size criterion for working age social housing tenants in receipt of housing benefit known as the "removal of the spare room subsidy" or "bedroom tax". The arrangements allow each of certain defined categories of people (such defined categories being: (a) a couple, (b) an adult (over 16), (c) two children of the same sex, (d) two children under the age of 10, (e) any other child, (f) those with a disability, and (g) a non-resident overnight carer) to be entitled to one bedroom. Exemptions are applied to supported housing tenants. Where a household has one extra bedroom, housing benefit is reduced by 14 per cent. of the rent charge. Where a household has two or more extra rooms, the reduction to housing benefit is 25 per cent.

Universal Credit

Universal Credit, introduced under the WRA 2012, replaces six existing means-tested benefits and tax credits for working-age families, namely income support, income-based jobseeker's allowance, income-related employment and support allowance, housing benefit, child tax credit and working tax credit with a single monthly payment, transferred directly into a household bank account of choice, and is currently in an extended "roll out" phase across the UK which is expected to last until 2023.

There are three types of alternative payment arrangements available for claimants:

- (a) direct payment of the housing cost element to landlords (known as managed payments);
- (b) splitting of payments between members of a couple; and
- (c) more frequent payment of benefit where a claimant is in arrears with their rent for an amount equal to, or more than, two months of their rent or where a claimant has continually underpaid their rent over a period of time, and they have accrued arrears of an amount equal to or more than one month's rent.

If the Department of Work and Pensions (the **DWP**) does not set up a managed payment, Registered Providers of Social Housing can request a managed payment and inform the DWP of other reasons why a managed payment might be needed. Landlords can request deductions from a claimant's Universal Credit to repay existing rent arrears, known as third party deductions. Deductions will be a minimum of 10 per cent. and a maximum of 20 per cent. of a claimant's Universal Credit standard allowance.

Right to Buy

The introduction of the right to buy to assured tenants of Registered Providers of Social Housing was a manifesto commitment by the Conservative party for the 2015 and 2017 general elections. An announcement from the Secretary of State for Communities and Local Government on 24 September 2015 confirmed a proposal made by the National Housing Federation (**NHF**) to introduce the right to buy voluntarily. The voluntary arrangement is based on four key principles:

- (a) tenants would have the right to purchase a home at right to buy discounts (maximum discount of £77,900 (£103,900 in London)) subject to government funding for the scheme;

- (b) Registered Providers of Social Housing will have the final decision about whether to sell an individual property;
- (c) Registered Providers of Social Housing will receive the full market value of the properties sold, with the value of the discount funded by the UK Government; and
- (d) nationally, for every home sold under the agreement a new affordable property would be built, thereby increasing supply.

The Prime Minister confirmed on 7 October 2015 that the NHF's proposal had been accepted by the UK Government. This means that, rather than including the right to buy extension in the HPA 2016 as a statutory obligation, there is an agreement by the social housing sector to deliver the extension voluntarily. The HPA 2016 establishes a statutory framework to facilitate the implementation of the voluntary right to buy scheme and makes provision for grants to be paid to Registered Providers of Social Housing to cover the cost of selling housing assets at a discount. The HPA 2016 states that such grant may be made on any terms and conditions the MHCLG considers appropriate.

The UK Government ran an initial pilot scheme in January 2016 involving five housing associations and launched a further regional pilot in August 2018. The latest pilot is currently underway and will run for two years (though is now closed for registrations of interest). It will test two aspects of the voluntary agreement that the original pilot did not cover, namely (a) one for one replacement and (b) portability of discounts. The latest pilot will also test the application of the Voluntary Right to Buy guidance, which is the policy that details how the scheme will operate. This policy has been jointly designed by housing associations, the NHF and the UK Government and the Original Borrower is taking part in this pilot.

LHA Cap and Sheltered Rent

In the 2015 Spending Review, the Chancellor outlined plans to cap the amount of rent that housing benefit will cover in the social housing sector to the level of the relevant Local Housing Allowance (LHA) (the LHA Cap). This was to take effect in England only from April 2019 with the key elements being:

- (a) the LHA Cap will apply to all tenants in supported and sheltered housing from April 2019;
- (b) housing cost will continue to be paid through the benefit system up to LHA level;
- (c) no Shared Accommodation Rate - one-bedroom LHA rate for under 35 year olds in supported housing;
- (d) local authority top-up, with ring-fenced funds transferred across from the DWP and allocated by the MHCLG;
- (e) the UK Government believes a different system needs to be worked out for short-term transitional services and it will consult on this; and
- (f) the 1 per cent. rent reduction applies to supported and sheltered housing from April 2017 for three years – except refuges, alms houses and co-ops.

Following a joint DWP/MHCLG select committee inquiry, the UK Government announced on 31 October 2017 that the LHA Cap will not apply to tenants in supported housing, nor to the wider social rented sector, and therefore will not apply to the majority of Registered Providers of Social Housing. It was also announced, on 31 October 2017, that the UK Government will introduce a new sheltered rent for the sheltered housing and extra care sector from April 2020. This will keep funding within the welfare system and acknowledge the higher cost generated by this type of housing in comparison with general needs housing.

After several consultations in August 2018, the UK Government confirmed that housing costs for supported housing will continue to be paid through housing benefit. Additionally, there will be no

introduction of a "sheltered rent" and as a result there will be no cap on services charged in sheltered and extra care schemes.

Moratorium and Housing Administration

In order to protect the interests of tenants and to preserve the housing stock of a Registered Provider of Social Housing within the social housing sector and within the regulatory regime, a 28 day moratorium on the disposal of land (including the enforcement of any security) by a non-profit Registered Provider of Social Housing will apply upon notice being given to the Regulator of certain steps being taken in relation to that provider such as presenting a winding up petition, the appointment of an administrator or the intention to enforce security over its property. The Regulator may then seek to agree proposals about the future ownership and management of the provider's land with its secured creditors. The Security Trustee is required to notify the Regulator of its intention to enforce the security created pursuant to the Security Documents and it cannot enforce its security during the resulting moratorium without the consent of the Regulator.

The Original Borrower is a registered society within the meaning of the Co-operative and Community Benefit Society Act 2014, and is therefore not subject to administration under the Insolvency Act 1986. However, the HPA 2016, the Insolvency of Registered Providers of Social Housing Regulations 2018 and the Housing Administration (England and Wales) Rules 2018 introduced a special administration regime called housing administration which was brought into force on 5 July 2018 and is available in addition to the moratorium regime. This provides for a court to appoint a qualified insolvency practitioner known as a "housing administrator" to manage the affairs, business and property of a Registered Provider of Social Housing, following an application from the Secretary of State or (with the permission of the Secretary of State) the Regulator.

An interim moratorium will run from the date of issue of an application for a housing administration order until the application is either dismissed or a housing administration order takes effect and, upon the making of a housing administration order, a Registered Provider of Social Housing shall become subject to a moratorium, for so long as such Registered Provider of Social Housing is subject to a housing administration order, that prevents secured creditors from enforcing their security without the consent of the housing administrator or the permission of a court.

Each housing administration order will last for 12 months (subject to certain exceptions), but may be extended. In certain circumstances a court may make an order enabling a housing administrator to dispose of property belonging to a Registered Provider of Social Housing which is subject to a fixed charge, albeit only on terms that the fixed charge holder receives the proceeds up to the value of the security and those proceeds are topped up to "market value" if the property is sold for less than this.

FINANCIAL STATEMENTS

The following financial statements are set out below:

- (a) the audited financial statements for the Original Borrower, including the report of the auditors, for the financial year ended 31 March 2020 (the **Original Borrower's Financial Statements**);
- (b) the audited financial statements for Fortis Living, including the report of the auditors, for the financial year ended 31 March 2019 (the **Fortis Living Financial Statements**); and
- (c) the audited financial statements for Waterloo Housing, including the report of the auditors, for the financial year ended 31 March 2019 (the **Waterloo Housing Financial Statements** and, together with the Original Borrower's Financial Statements and the Fortis Living Financial Statements, the **Financial Statements**).

The Original Borrower was formed as a product of the amalgamation of Fortis Living and Waterloo Housing pursuant to section 109 of the Co-operative and Community Benefit Societies Act 2014 (see "*Description of the Group and the Original Borrower*" above) on 31 December 2019. As such, Fortis Living and Waterloo Housing ceased to exist on such date and their assets and liabilities became assets and liabilities of the Original Borrower. Consequently, although financial statements were not prepared for the Original Borrower in its own right for the financial year ended 31 March 2019, the historical financial position of the Original Borrower for such period can be assessed by reference to the amalgamated position of Fortis Living and Waterloo Housing. In respect of the financial year ending 31 March 2020 the Original Borrower prepared its own financial statements which incorporates the assets and liabilities of Fortis Living and Waterloo Housing.

Any documents themselves incorporated by reference in the Financial Statements shall not form part of these Admission Particulars.

Chair's Report

I am pleased to introduce the 2019/20 annual report and financial statements. In this year of challenge and change we have made good progress towards achieving our five year merger plan, laying down the foundations for change and building the new team though there is much work still to be done.

Our Operating Margin for the year remained extremely healthy at 43.3% despite being the final year of government rent cuts and the challenging market conditions reflected in the 30% decline of our first tranche shared ownership sales and in reduced activity in the purchases of further shares by leaseholders. In addition, while at the end of the year the association was locked down as a result of Covid 19 this has not had a negative impact on our 2019/20 performance but has had a huge impact on the way we manage our risk going forward into 2020/21.

During the year we invested £196.3m in the development of new homes with the support of £39.5m grant and in addition to our new build programme we invested a further £13.3m into our existing homes.

We completed 1,449 homes during the year and finished the year with a further 1,323 homes on site. We were left at the end of March 2020 with £17.7m invested in unsold homes, an increase of over £10m on March 2019. However despite the difficult conditions during April, May and June 2020 sales activity has continued during this period.

We do not distribute any dividends and our strong net surplus of £59.2m for the year will all be reinvested in improving our services to our residents and building new homes for lower income households across the Midlands.

Our liquidity position at the end of March 2020 was deliberately large and was increased to cover possible risks arising from Covid - 19. At the end of March 2020 we held £478m in undrawn bank facilities and cash – reflecting the scale of uncertainty in which we operate but also to enable us to move quickly when needed and the operating environment improves.

During the year we said goodbye to David Pickering and welcomed Elizabeth Froude as our new Chief Executive Officer. David played a key role in achieving the merger of two strong and ambitious organisations and led the newly formed organisation during the year. I would like to recognise his tireless contribution and wish him all the best in retirement. Elizabeth joins us with considerable experience of business change both in various FTSE companies and latterly in large housing providers. We also said goodbye to members of the Executive team Catherine Dass, Clare Jackson, Richard Grounds and Andy Howarth. Richard has recently been replaced by Gerraint Oakley as Executive Director of Growth & Development and Andy has been replaced by Rosemary Farrar as Chief Finance Office. Elizabeth and her new team are focused on delivering the benefits of scale achieved through the merger for our residents and for financing a growing development programme.

I would like to take this opportunity to thank the chair of the Group Audit & Risk Committee, Philip Dearing and Jeff Sharnock who will both be retiring from the Board at the AGM in July. In addition my thanks are extended to Chris Huntbach, Denis Thompson and Mark Davis who left the Board during the year. All five made significant contributions during their time with us and were instrumental in the establishment of Platform Housing Group. At the same time I am pleased to welcome Sebastian Bull and Paula Smith who will join the Board at the AGM in July.

Finally I'd like to welcome to John Weguelin who joined the Board in January and who takes over from me as the new chair in July 2020.

Dennis Sleath

Chair

Report of Chair Elect

Firstly I would like to thank Dennis Sleath for piloting the merger and for laying the foundations for such an ambitious organisation which is already one of the largest providers of housing in the Midlands. He has been an outstanding visionary and leader for Platform and its customers.

I would also like to thank our departing colleagues who have made such a valuable contribution to Platform and have been most welcoming.

I am extraordinarily fortunate to be joining Platform at this time. Despite everything that has been happening in the last few months I believe there may never be a more exciting time to be involved in housing and I believe Platform is ideally positioned not just to deliver on the promises of the merger but to transform how we deliver services in the future and build more homes and communities.

Over the next five years we will be investing over £200m a year in new housing and over £10m a year in our existing housing stock while improving services to our customers. We will be building new homes that are modern and green and aim to provide up to date digital services and technology recognising the changing needs of our customers

As Dennis has already said we have had a highly successful first year but this has also been a year of consolidation. With our new team in place and with our strong credit, rated G1, V1 by the Housing Regulator and A+ by Standard & Poor's we will be utilising our financial strength to achieve our growth and improvement ambitions.

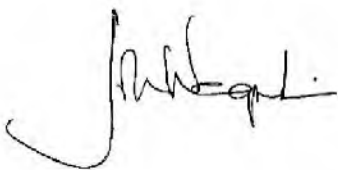

Finally I cannot praise enough our employees and Board members who have continued to work tirelessly through the difficult past few months in order to ensure that services to our residents, tenants, customers and partners have continued and that their homes remained safe and secure. Employees have engaged in numerous initiatives to support our customers affected during this period.

I am particularly proud of two initiatives that Platform has undertaken recently. The first is the establishment of a Hardship Fund which has distributed over £150k to food banks and individual customers across the Midlands.

The second is the establishment of our Customer Experience Panel led by Ella Corbett. This is an important step in our engagement with our customers and their involvement in shaping our services in the future.

Both these initiatives reflect the Values and Culture of Platform.

We face 2020/21 in a strong financial position to enable us to execute our merger plans and our ambitions for building new homes and communities and transforming our services. I very much look forward to meeting many of you in the coming months when hopefully we are able to move around more freely.

John Weguelin

Chair Elect

Report of the Chief Executive

As we close this financial year we find ourselves in a strange new world, having dealt with one of the biggest crises of our generation and never has the role of the social landlord been more critical or visible. It has seen us respond quickly to the needs of not just our own residents but also our wider communities, providing a variety of support, to ensure people's wellbeing and survival through this difficult period.

In the past year I joined Platform and am delighted to join at such an exciting time and to be able to help build an organisation with the capacity and capability to truly be a great and contemporary social landlord. We have continued to move forward with the integration of the two legacy organisations and their synergies have given us a strong financial and geographical base as well as an ambitious customer focused agenda.

The Chair has outlined our strong financial performance during 2019/20 but we aim to do more in the next four years as we deliver on our merger plan and continue to drive efficiencies.

As the largest social housing landlord in the Midlands we remain conscious of our social purpose, but want to extend our well established ability to deliver consistently a significant number of new affordable and social rent homes across our area of operation. We want to increase gradually the number of homes we build, in a way which will leverage our status as a Strategic Partner with Homes England, allow us to have better control of delivery, enable our ambition to improve the quality of our homes and move forward on our carbon reduction journey.

During this year we established a new Customer Experience Panel, who represent residents across our footprint and will help to retain the customer focus as we build our new business and services. They have a dedicated Board member in their numbers and their reports are submitted directly to our Board to ensure the link from customer to Board is as short and transparent as possible.

We have enhanced our knowledge of the condition of our collective housing stock and have put together a planned programme to ensure that we continue to maintain and improve our homes. We have addressed all the fire safety work highlighted over the past two years both in our taller and our timber framed buildings and contained the cost within our annual budget. Key to our overarching maintenance and investment activity is the ongoing roll out of our in-house maintenance business, across all areas of operation and delivering both day to day and investment works to our properties, bringing financial efficiency and great customer satisfaction.

We have built a single technology platform for all staff, to move forward the identity of working as a new single organisation and have already established a path to our new values and behaviours framework to start the culture shift to us all seeing ourselves as Platform people.

In parallel we kicked off our Platform One initiative which will build a single digital environment joining up front end services and customers, with our staff and core business functions, creating a more streamlined and agile business. We started the programme from the customer interface with the objective of enabling more choice for our customers about how and when they interface with us, eventually widening the range of our services accessible electronically. The first test of this environment has been the Covid-19 crisis. Our technology enabled us to continue seamlessly to

Report of the Chief Executive (continued)

provide a service to our customers and to keep them and our employees safe. We are continuing to explore with our employees what we have learned from this that will enable us to create new and more agile ways of working as we come out of the lockdown period.

Finally we continue to invest in our employees as we implement the new shape of the post-merger business including extending our award winning apprentice scheme across the organisation. We have many fantastic and experienced employees and our objective is to support their growth as a core to building our powerful future organisation.

As we move forward in to the new year I have concluded the structure of my Executive team and have a group of very capable and experienced people to assist me as we continue on the integration.

Elizabeth Froude

Group Chief Executive

Strategic Report

The Group Board presents its report and the audited financial statements of Platform Housing Limited ('the Association') for the year ended 31 March 2020.

Our vision, mission and values

A key driver for the formation of the Platform Group was a similarity in vision and culture. Both legacy businesses had a similar Vision, Mission and supporting Values underpinning their ambition to invest in affordable housing delivery in the Midlands in order to meet the regional and national housing crisis.

We are currently reviewing our strategic plan to put in place our ambitions for 2020 onwards but we continue to build on the strategy that brought the two merger partners together:

Deliver More Homes

- We will build 2,000 new homes each year by 2023
- We will deliver over 18,000 new homes in our first 10 years
- We will provide a mixed programme of new homes across a range of tenures for people in housing need

A Strong, Efficient And Influential Organisation

- We will exert a strong presence in our areas of operation
- We will have a commercial approach to generate £12m of efficiencies by 2023 which will be re-invested in more new homes and improved customer services
- We will have an investment programme of £50m over the first 5 years to make our existing homes great places to live in

Great Customer Service

- We will create digital services that enable customers to access services at a time and in a way that best suits them
- We will improve customer engagement and insight to get closer to our customers and better understand and meet their needs
- We will provide high quality services that support local communities and improve life chances
- We will have a sustained local focus and locally accountable service delivery

Excellent Maintenance Services

- We will deliver the majority of our maintenance programmes through the Property Care business
- We will grow annual Property Care turnover to £50m by 2023
- We will achieve £2m of VAT and efficiency savings by 2023
- We will have a more commercial approach to delivering the Property Care business plan

A Great Place To Work and an Employer of Choice

- We will build a culture that retains our best people, attracts the best talent and has high levels of engagement
- We will provide a comprehensive training and development programme that enables our agile workforce to fulfil potential
- We will increase the number of apprenticeships through the business
- We will have a diverse workforce that reflects our communities

Our vision, mission and values (continued)

Our values underpin our strategic objectives and describe our style of leadership and the way our people behave. They set ideal standards, which we apply directly to the way we run our business, recruit our colleagues, manage our performance, and recognise and reward good work.

We pride ourselves on being **open** and **transparent** in how we do business.

We are **responsible** and **reliable** business partners, and will do what we say we will do.

Customers are the very heart of what we are about, and the customer voice is central to this.

Integrity is fundamental to how we work at all times.

We will adopt a **commercial** approach within the context of our broader charitable status and ethos.

We are passionate about our work and want to **inspire** our people to make a difference.

We will at all times show **respect** for our customers, partners and employees.

Performance against objectives

Key Customer Performance Indicators

The key performance indicators are set at Group level and are used to assist the Board in monitoring progress against delivery of the corporate strategy. The results as at the end of March 2020 are shown below. The table shows performance against target, and also against appropriate benchmarking data widely available in the sector.

Measure	Benchmark	Sample*	Source	Target	Actual
Performance against Affordable Homes Programme				100.0%	108.3%
Sales against monthly target				100.0%	90.0%
Number of new homes completions	Ranked 4th	25	Global Accounts	1,634	1,449
Operating margin	Ranked 1st	25	Global Accounts	39.4%	43.3%
Current tenant arrears	Q4	149	Housemark	2.95%	2.87%
Former tenant arrears	Q2	147	Housemark	1.3%	1.28%
% Shared Ownership arrears				0.5%	0.91%
Average re-let time	Q4	147	Housemark	33.3	39.9
Number of available voids at year end	Q3	145	Housemark	200	308
Overall satisfaction with the service provided (STAR)	Q4	14	Housemark	85.0%	60.2%
Complaints responded to within targets	Q1	104	Housemark	85%	93.5%
% of properties with a valid gas safety certificate	Q4	146	Housemark	100.0%	99.6%
Employee satisfaction	Q4	33	Housemark	76.0%	82.2%
Employee turnover rate (Voluntary only)	Q3	90	Housemark	14.0%	12.35%
Average number of days lost to sickness	Q3	130	Housemark	8.0	9.04

* Sample size is the number of organisations either included, or who supplied data for the KPI

Financial

Platform Housing Limited reported an underlying surplus for the year 2019/20 of £59.2m. All of this will be re-invested into the provision of new homes and in improving our services. Our operating margin of 43.3% remains amongst the highest in the sector. Operating margin without sales is also high for the sector at 39.0% which puts us in a strong position to face the next period of economic uncertainty. Welfare reform continues to have an impact on our work and remains an important focus for us. Across the year, we saw a 95% increase in households affected by Universal Credit with one third of new claimants making applications in the last quarter of the year.

Performance against objectives (continued)

However, current arrears in this customer group are continuing to show a downward trend indicating that our range of incentives, advice and practical assistance to help customers cope with the changes does have an impact.

Arrears management performed well during the year with both former tenant arrears and current tenant arrears being ahead of target at the year-end. We have made recent changes to our customer contact strategies and continue to solidify relationships with DWP Partnership Managers for local arrears escalation routes across all key regions within our operating area.

Housing operations

Our long term voids reduced during the year but the successful letting of longer term voids pushed up the average re-let time for general needs and housing for older people which did not meet the target at year-end. The voids figure itself met a challenging target at year-end with only 308 void properties in management across the Association. Average let time – new builds achieved 1.9 days against a target of 3 days.

Complaints and compliments

In December 2019, the new Platform Complaints policy and procedure was introduced. During the year we investigated 269 formal complaints and 26 of these went to the Final Review stage. We also received 601 compliments from customers, 62% were relating to our repairs service.

Our key target for the year was to respond to 85% of all complaints within the policy timescale, this was comfortably exceeded achieving 93.5% at the year end.

Customers

In November 2019 Platform held its first Customer Service Week which saw the launch of key strategies the Customer Experience Strategy and the Customer and Community Engagement Strategy, along with accompanying two year roadmaps for each. Customer Service Week also saw the formal launch of our Customer Commitments, outlining the standards that we aim to deliver across all our services.

In November, Platform launched a brand new Customer Experience Panel, with membership comprising of existing involved customers and Board Members. The Panel is designed to encourage an open exchange of views and discussions to help Platform further improve operational performance and to ensure that the Customer Voice is effectively heard by Boards so that services developed reflect the customer views and experiences as much as possible. The Panel has delegated authority to scrutinise service delivery and to monitor implementation of Customer Strategies and policies to enable Platform to provide a high quality customer experience.

Overall satisfaction with services ended the year at 60.2% which is well below where we would like to be. This is a critical area of attention for the organisation during 2020/21 and the Customer Experience Steering Group and the Customer Experience Panel will be focusing on key areas of dissatisfaction over the next 12 months to ensure we deliver improvements to our customers' experience.

Performance against objectives (continued)

Satisfaction with completed repairs remained consistently high throughout the year, averaging 94% for the year excluding the month of March when the repairs service was reduced at the onset of the Coronavirus pandemic.

This was our first full year in delivering a single point of contact for our customers. Our Platform Hub (Contact Centre), answered 255,235 customer calls, and responded to 78,806 digital contacts throughout the year.

During the year customers have been able to get involved in a range of activities from local events and consultations, to influencing our operational processes through survey feedback and from digital engagement and focus groups to providing strategic direction on our Scrutiny and Customer Experience Panels. This year we have engaged with customers on over 6,000 occasions which has given us valuable insight and feedback to shape our organisation. Across Platform we have five scrutiny panels that have conducted a series of in-depth investigations into our processes, making recommendations on services including how we allocate new homes, repairs timescales, customer service standards and support services for customers who experience difficulty in paying their rent. Following the launch of our Platform Customer and Community Engagement Strategy we are now harmonising our menu of involvement and developing new and exciting ways for our customers to get involved and be central in helping us to design our services for the future.

Property compliance

The Group and Association operates a '3-star' service contract for all gas and fuel burning appliances. The number of properties with a valid landlord's gas safety certificate failed to reach the target of 100% at year-end predominantly caused by 124 properties for which access could not be gained to service gas components. In these cases legal action is under way to access these properties. The effect of COVID-19 has resulted in a large number of our residents self-isolating or shielding for long periods. In such cases servicing appointments have been deferred to accommodate the shielding period with risk assessments being carried out to ensure tenants' safety during the extension period.

Across the Group and Association 1,487 Fire Risk Assessments are in place and up to date. Fire Risk Assessments at our sheltered schemes have been temporarily suspended in order to protect the residents during the COVID-19 pandemic. Desk top reviews are being undertaken on these schemes which are being reviewed on a risk based approach by the Group's Fire Risk Assessor. The rolling programme of risk assessments on our other stock was temporarily suspended but has now recommenced.

Performance against objectives (continued)

Culture and employees

Employee satisfaction has increased over the last year. We changed our approach at the beginning of the year and engaged with employees on a quarterly basis rather than annually. Workshops, focus groups, surveys, conversations and meetings have been held with our employee group, People Platform and with a wide range of additional colleagues to develop the culture, values and behaviours of the group. Employee turnover rate was within target at the year-end point but average number of days lost to sickness was slightly over target.

Community

As part of our commitment to making a positive difference in our local communities, we provide welfare benefits, home energy, employment and debt/budgeting advice to customers. We have expanded this service during the year to cover a wider geographical area and created a Welfare and Tenancy Sustainment Team.

Providing new homes

During 2019/20 Platform has continued to concentrate on delivering a programme of predominantly affordable homes in areas where they are needed the most. We completed 1,448 during the year which places us once again as one of the largest developers of affordable housing in the country and the largest in the Midlands. We purchased 1 additional ESD unit in the year, making 1,449 additions to unit numbers this year.

	Affordable Rent	Social Rent	Shared Ownership	Total
Developed	439	503	486	1,428
Properties purchased	2	19	-	21
Total properties	441	522	486	1,449

The 1,448 completions fell slightly short of our target of 1,634 due to a delay in the handover of schemes in March caused by the effects of Covid-19.

Despite the pandemic, the Group's aspiration for growth remains strong and we have focused on acquiring good quality sites with the necessary risk mitigations in place. These sites are backed by Homes England funding of over £80m (Strategic Partnership and SOAHP programmes) and are being developed together with our key local authorities.

Looking ahead, by utilising new sources of private finance we will not only will increase our output to 2,000 completions by 2023/4 but also expand the geographical reach of the Group. This strategy will be delivered in a measured and incremental way by developing in areas where demand is strong and where our management and in-house maintenance service can provide the best possible landlord service. We will continue to develop a programme of affordable rented and shared ownership housing and will only exceptionally incorporate market sale into our plans which are focusing on land led schemes rather than schemes led by other developers.

Chief Finance Officer's report

I am pleased to present the financial report for Platform Housing Limited. During 2019/20 we generated a healthy overall surplus before tax of £59.2m with an operating margin of 43.3%.

Results

Association turnover decreased from £267.1m in 2018-19 to £250.7m in 2019-20 due to a fall in sales receipts. Social housing rental increased by 2.8% to £215.1m (2018-19 £209.3). A further £27.8m was generated by Shared Ownership first tranche sales, and £7.8m from a number of other activities.

The underlying operating performance continues to be strong with an Operating Surplus of £108.5m and an operating surplus before sales activity of £91.6m. Most of this surplus will be reinvested in new and existing housing stock and the balance retained to secure an increase of loan finance for future growth.

The movement in surplus between 2018/19 and 2019/20 is shown below.

	£000's
Surplus after tax 18/19	67,920
Social housing turnover	5,864
Other and non-social housing turnover	943
Property sales	(3,228)
Operational costs excluding R&M	(6,252)
Repairs and maintenance costs (R&M)	(2,709)
Revaluation of investment properties	(220)
Gain on disposal of fixed assets	4,455
Net funding costs	(7,040)
Tax and gift aid	(539)
Surplus after tax 19/20	59,194

The change between the years principally arose for the following reasons:

- The year 2019-20 is the last year of the 1% rent reduction imposed on the sector. Despite this, rent from new housing has resulted in a net improvement in turnover in social housing lettings.
- In 2018-19, 149 properties were developed and sold to local authority partners. There were no similar sales in 2019-20 which reduced turnover and cost of sales
- Operating costs were higher primarily due to growth and additional service and repairs activity generated by safety and fire risk works.
- The carrying value of investment properties is reviewed annually. The review was undertaken during late March 2020 as the lockdown from COVID-19 began. This resulted in a valuation reduction.
- The association continues to assess property assets and has a disposal program for those that no longer meet retention criteria. These sales generated additional surplus this year. Shared Ownership staircasing sales was in line with expectations.

Chief Finance Officer's report (continued)

- Net funding costs increased in the year due to additional debt raised to support our expanding development programme. In addition a one off break cost of £6.8m was incurred on settlement of one of our legacy loans.

During the year Fortis Living Limited and Waterloo Housing Group Limited undertook a statutory amalgamation to form Platform Housing Limited.

Platform Property Care Limited (formerly Fortis Property Care Limited), whose results are consolidated within the Group, made a gift aid contribution of £0.3m to Platform Housing Limited.

Treasury Management

Treasury Management Policy and Treasury Strategy are reviewed on an on-going basis by the Finance Committee and Board. Treasury activities are also supported by independent professional advice from Centrus Treasury Advisors. The Group and Association maintains a risk-aware approach to its loan portfolio and seeks to ensure that sufficient liquidity is available to meet foreseeable needs, whilst minimising interest on borrowings.

Covenants are calculated at subsidiary level (Platform Housing Limited) and continue to maintain significant headroom. There are two corporate based covenants, interest cover and gearing. In addition minimum asset cover is required on each individual facility. The Group and Association monitors compliance against the most stringent covenants. The business plan is very resilient to these covenants, with a significant degree of headroom forecast throughout the life of the plan.

Year-end corporate covenant performance	Covenant	Actual	Met
1. Interest Cover: To demonstrate by how much net interest costs are covered by operating surplus net of capitalised repairs	1.1	2.6	Yes
2. Gearing: To show the ratio of debt to the value of housing properties	60%	39%	Yes

Interest cover of 2.6 and gearing of 39% in comparison to covenants of 1.1 and 60% demonstrate that the Group and Association has the borrowing capacity to fulfil its ambitious development objectives. In addition to covenant headroom the Group and Association had uncharged housing assets with an estimated value of £480m at the year end. The business plan models the utilisation of this uncharged asset base going forwards as more units are charged to raise debt in support of further development and this new housing adds to the asset base. The plan shows that the Group and Association maintains sufficient uncharged assets to support its strategic development objectives and at the same time maintains headroom to provide further security to existing borrowing should there be any unforeseen deterioration in the asset values.

The Group and Association maintains parameters in which it operates to ensure its activities remain within the risk appetite of the Board. These 'Golden Rules' act as a buffer over and above financial loan covenant thresholds.

Chief Finance Officer's report (continued)

The Group and Association has a policy to maintain liquidity that covers at least 18 months of projected cash flows. At March 2020 facilities of £1,556m existed, providing £394m headroom over the year end debt position of £1,162m. When added to unrestricted cash balances of £81m and an overdraft of £3m, this provided total liquidity of £478m.

Loan facilities	Facility £m	Drawn £m	Available £m	Fixed £m	Variable £m
Bond finance	357	357	-	357	-
Bank finance	1,199	805	394	551	648
Total facilities	1,556	1,162	394	908	648
Funding mix				58.4%	41.6%

The Group and Association is financed through a mixture of bank and bond finance. During the year revolving credit facilities of £300m were arranged with Santander UK Plc, National Australia Bank and MUFG Bank Limited. The latter of these two facilities contain £50m of unsecured borrowing.

An external credit rating of A+ (stable) from Standard and Poors was achieved during the year, making the Group one of the most highly rated credits in the sector. The rating will help the Group and Association to access debt capital markets directly, enabling it to raise funding at the most competitive cost. The possibility of obtaining further ratings will be reviewed in the forthcoming year.

Refinancing risk is managed through the Group's Treasury Management Policy, which ensures maturities are not concentrated:

	Facility £m
0-1 years	112
1-2 years	13
2-5 years	527
5-10 years	81
10-20 years	241
20-30 years	507
30+ years	75
Total	1,556

Interest rate risk is managed by limiting exposure to floating rate, inflation linked and callable debt facilities as detailed within the Group's Treasury Management Policy.

Chief Finance Officer's report (continued)

Business Health: Trend Analysis

The Association's results over the last two years is shown in the table below.

	2020	2019
	£m	£m
Turnover	250.7	267.1
Operating Surplus	108.5	109.4
Net Surplus	59.2	67.9
Operating Margin	43.3%	41.0%
Net margin	23.6%	25.4%
Housing & other net assets	2,514.3	2,499.2
Creditors after more than one year	(1,534.9)	(1,579.8)
Pension Provision	(47.9)	(65.9)
Other Provisions	(0.1)	(0.1)
Net Assets	931.4	853.4
Income & Expenditure Reserve	710.6	632.1
Revaluation Reserve	220.8	221.4
Total Reserves	931.4	853.4
Return on Net Assets	11.6%	12.8%

The Association's turnover and operating surplus by social housing activity is shown below.

	2020	2019	2020	2019	2020
	Turnover £m		Surplus £m		Margin
General Needs Housing	177.9	172.6	77.9	79.8	43.8%
Supported Housing	19.3	21.1	3.7	4.5	19.2%
Shared Ownership	17.9	15.6	9.5	10.4	53.1%
Social Housing	215.1	209.3	91.1	94.7	42.3%
Other Activities	7.8	27.6	0.6	0.0	7.7%
Shared Ownership Sales	27.8	30.2	6.1	8.8	21.9%
Total	250.7	267.1	97.8	103.1	39.0%
Gain on disposals			10.7	6.3	
Total	250.7	267.1	108.5	109.4	43.3%

The overall social housing margin was **42.3%** for the year, operating margin net of disposal of property, plant and equipment was **39.0%** and including disposal of property plant and equipment was **43.3%**,

Chief Finance Officer's report (continued)

Business Health: Trend Analysis (continued)

which is an excellent result for the Association and demonstrates that the core financial performance is complemented by, but not dependent on, property sales.

The following table compares the Association's performance using a number of financial indicators, benchmarked against the 2019 Global Accounts for the sector with a sample of associations with stock holding of over 30,000 homes. The total sample size for comparison is 24 organisations including both LSVTs and traditional HAs. The sample was chosen in order to benchmark with larger organisations and to ensure that the sample was sufficiently large to enable a balanced comparison.

Key Financial Ratios:	Benchmark	2019/20	2018/19
Operating Margin*	24.4%	39.0%	38.6%
EBITDA Interest Cover	1.9	2.3	2.7
EBITDA (MRI) Interest Cover*	1.4	2.0	2.4
Cost of funds	4.0%	3.8%	4.0%
Gearing Ratio*	47.5%	43.4%	43.4%
Return on Capital Employed*	3.4%	4.3%	4.4%
Void Rent Loss/Turnover	1.3%	1.2%	1.0%
Bad Debts/Turnover	0.7%	1.1%	0.8%

*Calculated in accordance with the VFM metrics methodology.

Business Health: Ratio Analysis

Operating margin overall is **43.3%**, but after excluding the surplus made on the sale of housing fixed assets and the disposal of investment properties to benchmark with our peers, this reduces to **39.0%**. This is considerably better than the benchmark and shows that the organisation withstood the compounding effect of four years of 1% cuts to social housing rental income imposed on the sector by the Government.

Core operating margin on social housing activities remains strong at **42.3%**, but shared ownership first tranche sales generate a margin of **21.9%**. Margins on property sales are expected to be lower than margins on other areas of the organisation. A small number of first tranche sales failed to complete by the year end due to COVID-19 lockdown. These sales have now completed.

The interest cover ratio has deteriorated since last year due to the increase in total debt, but the average cost of funds, which is calculated on drawn funds, has improved. All are favourable in comparison to benchmark. The Group has taken advantage of the current low interest rate environment to secure facilities at attractive rates and the cost of funds will further improve as variable rate facilities are drawn.

The Association has invested in the development of new social housing in the year, developing 1,448 new properties for rent and sale and has purchased 1 additional home taking total new units to 1,449.

Return on capital employed (ROCE) of 4.3% has reduced against the prior year figure of 4.4% but is over the benchmark figure of 3.4%. ROCE is calculated as operating surplus divided by net assets at

Chief Finance Officer's report (continued)

Business Health: Ratio Analysis (continued)

the end of the year. A full year of income is not generated by properties completed during the year on which the full capital cost has been added to assets.

Void levels have improved slightly on the prior years' performance and are in line with the benchmark. Resources have been deployed to improve void performance and the number of empty properties at the year-end was 308. This number was higher than we anticipated as we were unable complete lettings in progress towards the end of March due to the lockdown strategy for COVID-19.

A greater value of resident debt has been written off during the year mainly relating to former residents. The year-end current tenant rent arrears at 2.87% compares well against the target of 2.95%. Considerable resources have been redirected to help support the Associations tenants manage the impact of COVID-19.

Effective Asset Management

The following table sets out the level of investment in existing and new stock.

	BENCHMARK	2019/20	2018/19
Major Works Revenue £M	7.7	11.9	12.4
Major Works Capitalised £M	37.9	12.7	14.9
Total Investment £M	45.6	24.6	27.3
New Homes completed	1,039	1,449	1,598
New Homes Investment £M	146	209	201
Reinvestment*	5.9%	9.2%	9.4%

*Sector Scorecard measure

The investment in existing homes shown above represents larger items of expenditure on replacing key structural components such as kitchens and bathrooms. When added to the routine and planned expenditure of £35.7m a total of £60.3m was spent on maintaining properties (£59.8m in 2018/19).

The Association is committed to investing in both existing stock and in the provision of new homes. This is demonstrated by the reinvestment rate of 9.2% (a Sector Scorecard measure), which is higher than the benchmark sample (as a percentage of total housing properties at cost, shown in Note 0) but has decreased marginally on the prior year. The Association is regularly reviewing and updating stock condition data and component costs and these planning future work programmes inform the long term business plan. This work assists in the Group's objective of internalising maintenance activity where it can be demonstrated that efficiencies can be made. The reviews completed in the next year will also consider the impact of COVID-19 on the investment plan.

The number of new units completed as a percentage of total units (a Sector Scorecard measure) was 3.2%, which matches the global benchmark and is greater than the benchmark group values shown in the VFM metrics table below. It is lower than the previous year of 3.6%. The COVID-19 lockdown reduced the number of new properties that were planned to complete during March 2020.

Chief Finance Officer's report (continued)

Efficiency: Social Housing Cost per Unit (SHCPU)

These benchmarks are taken from the sector global accounts 2018/19 with a sample comprising associations with more than 30,000 homes, using the average values for comparison.

Benchmark	Platform		
	2018/19	2019/20	
Benchmark			
Actual	Actual	Actual	
£	£	£	
Total social	4,369	2,360	2,449
Management	1,049	504	595
Service charge	750	369	371
Maintenance	1,163	759	812
Major repairs	932	638	561
Other social	475	90	110
Specialist units:			
Supported Housing	3.5%	0.6%	0.6%
Housing for Older People	10.3%	6.8%	6.6%
Total Social Units	48,889	42,759	43,898

The Association outperforms the benchmark in each category of spend delivering a total SHCPU of £2,449 for the year. In comparison to the prior year, SHCPU has increased by only £89.

The RSH has identified that one of the drivers for lower CPUs across the sector is the percentage of supported and housing for older people stock. Only 7.2% of the Association's total units are of this type which is considerably lower than the benchmark of 13.8% and could partly explain why the Association outperforms the benchmark average.

The Association also owns and manages 5,327 shared ownership homes (12.1% of the total social units) where management costs are less than General Needs rented homes and where maintenance costs are the responsibility of the shared owner.

The Group and Association regularly reviews and updates the stock condition data across all of its homes and will be reviewing its asset investment assumptions during 2020/21 particularly in relation to any impact from COVID-19. Any increase in requirement will factor into future business plan reviews and could impact on the cost forecasts shown above.

Chief Finance Officer's report (continued)

Value for Money (VFM)

The Group regularly reviews the Value for Money strategy to ensure that it remains fit for purpose and continues to underpin the current Strategic Plan. Achieving VFM in all that we do is an essential part of achieving our charitable objective of providing affordable housing and ensures we make the best use of our resources.

The Group Board recognises its responsibility for meeting the requirements of the RSH's Value for Money standard and in particular, to take a strategic approach in managing the performance of the Group's assets and the utilisation of the Group's resources.

Costs and performance continue to be benchmarked against relevant external sources making use of tools provided by Housemark and the Housing Quality Network (HQN) and by referencing data published by the RSH such as the global accounts and cost per unit reports. Benchmarks have been selected to compare data with a sample of similar organisations in terms of size and activity.

Targets are set for improved financial and operational performance through the annual budget and business plan and a standard set of performance indicators. Board members review performance on a quarterly basis and revise the targets on an annual basis or following a significant change in the operating environment.

VFM Metrics

The Regulator has defined seven VFM metrics which enable us to compare us against the whole global accounts sample and also against the benchmark group of organisations with more than 30,000 homes. Both samples are taken from the sector global accounts 2018/19 published by the RSH.

	Metric	2018/19	2018/19	2018/19	2019/20
		Global	Benchmark	Actual	Actual
		UQ	UQ		
1	Reinvestment	11.4%	5.9%	9.4%	9.2%
2	a New Supply SH	3.2%	1.6%	3.6%	3.2%
	b New Supply Non SH	0.6%	0.5%	0.0%	0.0%
3	Gearing	23.6%	47.6%	43.4%	43.4%
4	EBITDA MRI	281%	136%	239%	204%
5	Headline Social Housing Cost per Unit	£2,910	£4,369	£2,360	£2,449
6	a Operating Margin – SH	39.5%	31.7%	45.1%	42.3%
	b Operating Margin - Overall	35.6%	24.4%	38.6%	39.0%
7	Return on Capital Employed (ROCE)	5.6%	3.4%	4.4%	4.3%

Chief Finance Officer's report (continued)

Value for Money Achievements 2019/20

The Association's performance when compared to the benchmark is significantly better as measured by most metrics. Gearing is higher than the global measure due to the Association having a long history of design and build developments. EBITDA MRI has been impacted this year by the one off loan break costs incurred but still outperforms the sample benchmark. The Group and Association is firmly committed to the development of affordable homes and has a sector leading record on the supply of new homes at social rents. The Association is not currently developing non-social units as the focus has been on the supply of social housing however this may change in future years.

The Association has a clear idea of the capacity available for its future investment, as demonstrated by gearing, interest cover and operating margins and has an excellent track record of investing in both new supply and in the improvement of existing assets.

As well as showing a commitment to new investment, the Association's efficiency is clearly demonstrated by its strong margins and low unit costs.

VFM highlights for the year are listed below:

- Achieving an operating margin of 39.0% which was boosted to 43.3% by £10.7m surplus on disposals of non-core stock.
- Achieving a social housing operating margin of 42.3%;
- Achieving a net surplus after tax of £59.2 million, achieved through business growth, effective asset management and tight cost control, and despite a reduction of 1% in ongoing rental income;
- Reinvesting free cash surpluses to deliver 1,449 new homes across a range of types and tenures, representing growth of 3.2%;
- Increasing employee satisfaction to 82.2%;
- Invested £24.6 million in major works to our existing housing stock;
- Maintaining a realistic level of reinvesting surpluses in both development and existing assets;
- Managed void losses at 1.2%;
- Achieved a year end position on current tenant rent arrears of 2.87%;
- Achieved a social housing cost per unit of £2,449 for the year (Sector Scorecard measure);

Future VFM Priorities

In this year of transition, the Board has agreed a set of high level performance indicators and set targets for each indicator. Performance against these indicators is closely monitored and achievement of these targets represents a contribution to value added by the business.

The Board is also monitoring the delivery of the merger business case which will achieve savings of £12m a year by 2023/24. 80% of this saving will be invested in the new homes programme which will provide completions of 2,000 homes per year by 2023/24.

Key VFM projects are supported by a central project management team.

Chief Finance Officer's report (continued)

VFM initiatives over the next 12 months include:

- Completion of the process to transfer all external maintenance contracts to the in house Property Care business;
- Extension of the mobile working solution for all business areas across the Group;
- Sourcing low cost funding to reduce the weighted average cost of borrowing;
- Delivering 1% minimum per annum efficiency savings target on all operating budgets;
- Integration of staffing teams from two legacy organisations;
- Harmonisation of working practices across the Group;
- Integration and harmonisation of key ICT applications across the Group through the delivery our PlatformONE project;
- Apply the HACT wellbeing valuation methodology to assign a social value to resident services for the whole group supported by our PlatformONE project;
- Further strengthen our performance management by extending the use of Business Intelligence solutions;

Overall VFM assessment

The information provided in this strategic report demonstrates that Platform Housing Group complies with the Regulator's VFM standard.

We have:

- VFM embedded in our strategic plan;
- Robust decision making on the use of resources;
- An understanding of the costs and outcomes of delivering our services; and
- Commentary included within the financial statements against elements of the Value for Money Standard

The added value that we achieve is used to improve services and support the delivery of more sustainable homes for our communities.

Events after Year-End

No event that has taken place after year end will have a material impact on the financial statements. The impact of the COVID-19 pandemic has been further examined below on page 25 but it has been concluded that this will not cause a material adverse effect on the financial health of the business.

Going Concern

After making all appropriate enquiries the Board has a reasonable expectation that the Association has adequate resources to continue in operation for the foreseeable future. For this reason the Board continues to adopt the going concern basis in preparing the Associations financial statements.

Chief Finance Officer's report (continued)

Risk Management

Risks that prevent the Group and Association achieving its objectives are considered and reviewed regularly by the Executive Team, the Boards and Group Audit and Risk Committee as part of the corporate planning process. The risks are assessed in terms of their impact and probability. The key strategic risks for the Group are considered below:-

Business Area	Risk	Mitigation Strategies
Growth	Failure to deliver new homes target or to deliver homes funded by grant as part of Homes England Strategic Partnership.	Effective business planning with an approved envelope of expenditure. Work closely with developers in relation to potential opportunities. Scheme identification, appraisal and monitoring. Retention of key development teams.
Income	Less predictable income, Welfare Reform leads to reduced income. Potential impact of pandemic.	Review of all rent collection processes and teams. Business Plan includes sensitivities to anticipate potential increase in arrears and bad debts. Increased resource deployed to assist customers moving to Universal Credit.
Business Continuity	Risk of failure by accident. Ensuring the Group has appropriate business continuity arrangements in place.	Resilience through business continuity and disaster recovery plans coupled with regular review.
Data loss/Cybersecurity	Inappropriate use or malicious activity. Ensuring compliance with GDPR and data protection legislation.	Regular training and communication to employees around risks, combined with internal testing exercises.
Health and Safety	Failure to comply with health and safety obligations as a landlord and employer.	Health and Safety policies and procedures are in place, risk assessments are carried out effectively, employees are trained in H&S risk, backed up by an appropriate asset management strategy. All aspects of landlord compliance and asset management fall within a single directorate.
Legal/reputational	Failure to maintain compliance with legal and regulatory framework.	Focus on robust property compliance reporting internally which overlaps with customer health and safety compliance. Ongoing review of customer complaints and outcomes.

Chief Finance Officer's report (continued)

Economic Uncertainty	Failure to effectively monitor, anticipate and respond to changes in the external environment.	Managers across the organisation have well-developed systems in place to keep them abreast of the impact of external changes affecting their areas of responsibility. High level economic risk is modelled in business plan stress tests which inform business planning. These are reviewed to take account of key sector issues such as economic impact of pandemic.
Governance	Board has appropriate skills to meet new Regulatory requirements during Board renewal. Group has robust governance arrangements in place.	Board appraisals and performance reviews are carried out annually. Robust succession, recruitment, induction and training of new Board members. Recruitment of new Board members underway with three having been recruited this year, including Chair Designate. New Board Committee structure in place.
Customers	Failure to consider the customer voice, or deliver effective services	New customer experience strategy Customer Commitments in place supported by a Customer Experience Panel which includes board involvement.
Integration	Failure to deliver expected benefits from integration.	Close performance monitoring has ensured that 'business as usual' performance has been maintained but the focus will is now delivering merger efficiencies. Significant integration projects such as PlatformONE underway.
Pandemic	Ensuring the Group responds effectively to the current pandemic.	Business continuity arrangements reviewed and ongoing oversight by Boards and Executive Team. Regular communication to Boards, employees and key stakeholders. Maintenance of core services and additional liquidity.

Chief Finance Officer's report (continued)

Risk management (continued)

A new dedicated Executive Risk Committee has been established which meets monthly and provides a key focus on risk, assurance and corporate compliance which in turn informs the Group Audit and Risk Committee.

Group wide at Leadership Group level there is a second tier Risk and Performance Group consisting of senior managers which also ensures that operational risks are reviewed regularly and monitored. Responsibility for individual risk management is firmly embedded through the roles and responsibilities of the relevant Risk Leads and owners who each take responsibility for the control environment within their functions.

Further assurance of the adequacy of the Group risk register has been provided by Internal Auditors who attend each meeting of the Group Audit & Risk Committee and who provide an annual report on risk and controls assurance. Each board committee now also reviews at the end of each meeting any risk impact/actions arising from the decisions or recommendations made at the meeting.

There remains a clear focus on ensuring that we deliver on our growth commitments arising out of our partnership with Homes England, and a sustained focus on ensuring that we collect income through having robust processes in place to let homes and collect rental and service charge income. The Group has a number of KPIs which are monitored closely by Boards and Executive Team.

The business plan is subject to a number of stress tests, each of which represents a combination of risks from the risk register, to determine whether they would cause 'significant financial distress' under the Regulator's Governance and Financial Viability Standard. The stresses are chosen to represent a range of extreme variations in the operating environment, and have been reviewed with the Group's Finance Committee and Boards to take account of the potential consequences of the current Coronavirus pandemic. A 'Perfect Storm' scenario is also analysed which combines a number of individual tests.

A series of mitigating activities has also been tested for their impact against the stress tests, but the most significant variable remains the Group's development programme. Mitigation actions can include changing the mix within the development programme and/or reducing the number of homes to be delivered.

Emerging Risk

Following a robust process, the legal amalgamation of the operating entities was completed at the end of December 2019 to form Platform Housing Limited as the Group's registered provider landlord.

The Board has noted the continued uncertainty created by Brexit trade talks and discussed extensively the potential economic consequences of the current pandemic, which in turn has informed the business planning process. In accordance with the Group Risk Management Policy approved by Boards in March 2019, all reports to Boards include a context specific 'risk assessment' with commentary signposted to the relevant section(s) of the Corporate Risk and Assurance Framework. Boards, Executive Team and the Leadership Group have also all recently undertaken update briefings from an external provider on risk and assurance.

Chief Finance Officer's report (continued)

COVID-19

The Group and Association is continuing to respond to the current Coronavirus pandemic which has had a significant impact on our residents and continues to challenge the delivery of services. During the 2019-20 financial year we have implemented ICT hardware and software technology to allow most of our colleagues to work flexibly and remotely. When the country entered the lockdown phase of the pandemic on 24 March 2020 we responded with the following actions:

- We immediately suspended all repairs and planned works except essential emergency repairs and compliance actions;
- All offices were closed and colleagues were asked to work from home;
- We reviewed our vacant roles and paused most of our recruitment;
- Where possible, ongoing development sites were paused and new development sites were halted;
- All social lettings were paused but some Shared Ownership sales continued to completion due to the installation of key safes at the properties which allowed for non-contact sales completions.

Since the end of March 2020 we have had regular communications with colleagues, local authority partners, home owners and residents and have responded to the ongoing situation as follows:

- Undertaken 61,000 welfare checks and made £120k in hardship payments;
- Supported local food banks and domestic abuse charities, delivered meals, food parcels, provided shopping services to vulnerable residents and delivered over 200 virtual activity sessions;
- Purchased significant amounts of PPE for colleagues and provided some additional office equipment such as chairs to help colleagues whilst at home;
- Let properties to the most vulnerable;
- Brought some essential repairs services back on line and also some services such as grounds maintenance;
- Continued to sell Shared Ownership homes to home owners achieving 74% of the sales volume achieved in May 2019 by the end of May 2020 demonstrating continued demand supported by the ability to sell homes remotely;
- Re-commenced property viewings where safe to do so and launched virtual property tours;
- Worked with developers to re-start paused sites where safe to do so and continued with new developments;
- Completed multiple stress testing of the business plan and revised the 2020/21 budget to incorporate harder assumptions on areas such as rent collection, bad debt provision and property sales whilst removing non-essential operating expenditure and capital works;
- Increased available liquidity and continued with our financing plan to access capital markets and further funding;

Chief Finance Officer's report (continued)

- Continued with some recruitment for essential roles but implemented a pay freeze with a review later in the year.

The impact of the pandemic restrictions on our residents and home owners has been mixed. April 2020 showed an increase in arrears as residents and home owners cancelled direct debits and were unable to access payment facilities in post offices and shops. Cancelled direct debits were 569 higher in number for the period March 2020 to May 2020 than new direct debits. Volumes of payments have begun to increase in May 2020, with arrears reducing and payments increasing through all channels.

Corporate Governance

The Association is governed by a common Board across Platform Housing Group Limited and Platform Housing Limited.

Although not directly part of the Common Board arrangements two Board members are also members of the Board of Platform Property Care Limited. Platform Property Care Limited has some independent members that do not sit on the Platform Housing Group or Platform Housing Limited Boards, as well as a member who represents the cost sharing vehicle partner association.

Board Terms of Reference are reviewed annually for the Board and its Committees.

A number of Board members have retired during the year or will retire at the AGM:

During the year		At the AGM	
Chris Huntbatch	21/11/2019	Dennis Sleath	28/07/2020
Denis Thompson	17/09/2019	Philip Dearing	28/07/2020
Mark Davies	17/09/2019	Jeff Sharnock	28/07/2020

The Chair designate John Weguelin, was appointed on 1 January 2020 and will take over from the outgoing Chair, Dennis Sleath at the AGM on the 28 July 2020. A Group Audit and Risk Chair designate Sebastian Bull, was appointed on the 27 May 2020 and will take over from the outgoing Group Audit and Risk Chair, Philip Dearing at the AGM on 28 July 2020. An additional Board Member Paula Smith was also appointed from 27 May 2020. All new Board members have financial backgrounds.

Board Members are non-executive and are Directors for legal purposes. They are drawn from a wide background, bringing together professional, commercial and local experience, and are remunerated for services performed for the Group. Insurance policies indemnify Board Members and Officers against liability when acting for the Group. In addition to the non-executive Board Members and shareholders, the Group Chief Executive is an Executive non shareholding member of the Common PHG/PHL Board.

The Executive Directors act as executives within the authority delegated by the Board, and the remuneration of the Executive Directors is reviewed by the People and Governance Committee and Board.

Corporate Governance (continued)

During and at the end of the 2019/20 financial year, none of the Group's directors had an interest in any material transaction in relation to the Group's business and none have an interest in any presently proposed material transactions.

Regulatory Compliance

The Regulatory Framework includes a requirement that all RPs remain compliant with the Governance and Financial Viability Standard, assess their compliance with the Standard at least once a year and certify compliance in their Financial Statements.

All Boards are fully aware of the principles of co-regulation and of the need to ensure the protection of social housing assets.

The Intra Group Agreement includes detailed information on the respective roles and Terms of Reference of the Group Board, subsidiary boards and individual roles such as that of the Chairs and Group Chief Executive. Clear lines of authority and delegations are included in the Group's Standing Orders, Financial Regulations and respective Committee Terms of Reference. These were reviewed fully prior to the merger to form Platform Housing Group, with all being formally approved upon the formation of the Group in October 2018.

A detailed self-assessment against the Standard was considered by the Platform Board in June 2019 and the Board approved Platform Housing's compliance with all areas of the Standard.

The Assets & Liabilities Register is constantly updated and has been reviewed as part of the Board Assurance Programme to confirm that the Register continues to meet the requirements of the Governance and Financial Viability Standard.

The Group considers that it has taken reasonable measures to assure itself that it meets the Standard.

Following its formation in October 2018, the Group received confirmation from the RSH that it had maintained its Regulatory Judgements, as follows:-

- Governance G1 - The provider meets the requirements on governance as set out in the Governance and Viability Standard.
- Viability V1 - The provider meets the requirements on viability set out in the Governance and Financial Viability Standard and has the capacity to mitigate its exposures effectively.

Code of Governance

The Regulatory Framework makes it clear that responsibility for meeting the regulatory standards lies with the Board and that the Board is under an obligation to adopt and comply with a recognised Governance Code.

The Board has adopted and complies with the principal recommendations of both the NHF Code of Governance (2015) and Code of Conduct in all material respects except that the terms of office for a small number of Board Members was extended for a short period in order to maintain the continuity of key skills during the initial stages of merger. Recruitment of new Board Members is in progress with the aforementioned recruitment of an incoming Chair Designate in January 2020 and the recent recruitment of two additional Board Members from May 2020, including a Chair Designate of Group Audit and Risk Committee who will take over the role of Chair fully upon the retirement of the current

Corporate Governance (continued)

postholder at the July AGM. We are also in the process of recruiting up to four additional board members to fill any gaps in skills, including those gaps as a consequence of those board members retiring in 2020, as well as two further retirements due in 2021. The Board has also adopted the NHF Voluntary Code for housing association mergers, group structures and partnerships.

The Board has four standing committees in operation.

The Group Audit & Risk Committee's role is to monitor the Group's arrangements for internal control, risk management and assurance and to oversee the work of internal and external auditors. The Committee meets at least four times per year and is responsible for the review of the annual financial statements for all Group companies prior to consideration and approval by the Boards.

The People and Governance Committee's responsibilities include informing and reviewing the development and delivery of the Group's People strategy and associated policies, considering the composition of the Group's Boards and Committees, including succession planning, undertaking an annual review of the effectiveness of the Group's Boards and Committees; and making recommendations to the Board on remuneration for Board members and independent Committee members.

The Finance Committee is responsible for key treasury decisions in between Board Meetings, as delegated by the Board, as well as to facilitate good treasury management practice, primarily by enabling prompt decision taking on interest rate risk management transactions, as well as to support and advise the Platform Housing Board in relation to certain treasury activities.

The Asset and Development Committee's role is to support and advise the Platform Boards on the growth ambition and development strategy, critically evaluating at a programme level committed and uncommitted development, sales and commercial activity to monitor delivery performance; as well as the asset investment strategy.

We are committed to customer engagement and scrutiny of our services and have recently reviewed our customer engagement model to ensure that there are even more ways for customers to share their views and feedback with us and get involved in ways that suit them. As a consequence the Group has established a **Customer Experience Panel** chaired by a resident member, with input and support from board members.

Customer feedback is used in policy development and was specifically used for the review of our Complaints, Keeping Pets and Animals, Leasehold, Diversity and Inclusion, Arrears Recovery, Antisocial Behaviour and Hate Crime policies.

Health and Safety

The Board is aware of its responsibilities on all matters relating to health and safety, and detailed policies have been prepared. These are reviewed annually and employee training and education on health and safety matters is regularly provided. The Group seeks to ensure, as far as is reasonably possible, the health, safety and welfare of all employees.

Internal Control Statement

The Board has overall responsibility for establishing and maintaining the whole system of internal control and reviewing its effectiveness.

The Board recognises that no system of internal control can provide absolute assurance against material misstatement or loss or eliminate all risk of failure to achieve business objectives. The system of internal control is designed to manage key risks and to provide reasonable, but not absolute, assurance that planned business objectives and expected outcomes are achieved. It also exists to give reasonable assurance about the preparation and reliability of financial information and the safeguarding of the Group's assets and interests.

In meeting its responsibilities, the Board has adopted a risk-based approach to internal controls, which are embedded within the normal management and governance processes. This approach includes the regular evaluation of the nature and extent of risks to which the Group is exposed and is consistent with good practice.

The Group Audit & Risk Committee is responsible for monitoring the risk management and internal control processes and reports to the Group Board on the efficacy of the process.

The process adopted by the Board in reviewing the effectiveness of the system of internal control, together with some of the key elements of the control framework includes:

Identification and Evaluation of Key Risks

Management responsibility has been clearly defined for the identification, evaluation and control of significant risks. There is a formal and ongoing process of management review in each area of the Group's activities. Both the Executive Risk Committee and second tier Risk and Performance Group regularly consider reports on significant risks facing the Group and the Board and Group Audit and Risk Committee receive regular reports on changes affecting key risks.

Environment and Control Procedures

The Board retains responsibility for a defined range of issues covering strategic, financial and compliance issues including treasury management and new investment projects. There are governance arrangements in place, including policies and procedures, which cover issues such as delegated authority, segregation of duties, accounting, treasury management, health and safety, data and asset protection, and fraud prevention and detection.

Information and Financial Reporting Systems

Financial reporting procedures include detailed annual budgets, detailed management accounts including forecasts for the year, and detailed treasury reports. These are reviewed in detail by the Group Executive Team and considered and approved by the Board each quarter. The Board also regularly reviews key performance indicators to assess progress towards the achievement of key business objectives, targets and outcomes.

Internal Control Statement (continued)

Business Planning, Budgeting and Reporting

The Platform Housing Group Strategic Plan for the period 2018-23, which was approved by Boards in October 2018, sets out clear targets for the Group. This is supported by a 30- year financial plan which is updated at least twice each year and in response to extraordinary events. Economic assumptions are approved by the Boards and are subject to sensitivity testing. The plan is then subjected to comprehensive stress tests that are linked to the Group's risk register. The Boards have also considered mitigation strategies to deal with the materialisation of any stress factors.

Monitoring and Corrective Action

The internal control framework and risk management process is subject to regular review and is supported by internal and external auditors who are responsible for providing independent assurance to the Group Executive Team and Group Audit & Risk Committee and Board Members respectively. There is a formal process for the reporting and correction of significant control weaknesses. The Group Audit & Risk Committee considers internal control, risk and fraud at each of its meetings during the year.

The Group Audit & Risk Committee conducts an annual review and produces an annual report for the Board of the effectiveness of the system of internal control and considers any changes needed to maintain the effectiveness of the risk management and control process. The Board has received this report and confirms that there is a robust and on-going process for identifying, evaluating and managing significant risks faced by the Group. This process has been in place throughout the year under review, up to the date of the annual report, and is regularly reviewed by the Board.

Statement of the Responsibilities of the Board for the Financial Statements

The Board is responsible for ensuring that the Report of the Board is prepared in accordance with the Statement of Recommended Practice 2018: 'Accounting by registered social housing providers'.

The Co-operative and Community Benefit Societies Act 2014 and registered social housing legislation require the Board to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Association and of the Income and Expenditure for the period of account. In preparing these financial statements, the Board is required to:

1. Select suitable accounting policies and then apply them consistently,
2. Make judgements and estimates that are reasonable and prudent,
3. State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
4. Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Association will continue in business.

The Board is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Association and enable it to ensure that the financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Co-operative and Community Benefit Societies (Group Accounts) Regulations 1969, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2019. It has general responsibility for taking reasonable steps to safeguard the assets of the Association and to prevent and detect fraud and other irregularities, by establishing and maintaining a satisfactory system of control over the Association's accounting records, cash holdings, receipts and remittances.

Disclosure of Information to Auditors

The Board Members who held office at the date of approval of this board report confirm that, so far as they are each aware, there is no relevant audit information of which the Association's auditors are unaware and each Board Member has taken all the steps that they ought to have taken as a Board Member to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

External Auditors

A resolution to reappoint Beever and Struthers, Chartered Accountants will be proposed at the annual general meeting.

Public Benefit Entity

As a Public Benefit Entity, The Group has applied the public benefit entity 'PBE' prefixed paragraphs of FRS102.

Statement of Compliance

The Board confirms that this Strategic Report has been prepared in accordance with the principles set out in the 2018 Update of the SORP for Registered Social Housing Providers.

The Strategic Report of the Board was approved by the Board on 21 July 2020 and signed on its behalf by:

DENNIS SLEATH (Chair)

Independent Auditor's Report to the Members of Platform Housing Limited

Opinion

We have audited the financial statements of Platform Housing Limited 'the association' for the year ended 31 March 2020 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Reserves and notes to the financial statements including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Association's affairs as at 31 March 2020 and of its surplus for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Cooperative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2019.

Basis for opinion

We conducted our audit in accordance with International Standards on auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the association in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report to you in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Board of Management's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Board of Management have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the association's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Independent Auditor's Report to the Members of Platform Housing Limited

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The Board of Management is responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which Cooperative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- a satisfactory system of control over transactions has not been maintained; or
- the association has not kept proper accounting records; or
- the financial statements are not in agreement with the books of account; or
- we have not received all the information and explanations we require for our audit.

Independent Auditor's Report to the Members of Platform Housing Limited

Responsibilities of the Board of Management

As explained more fully in the Statement of Board's Responsibilities set out on page 31, the Board are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Board of Management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Management are responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Management either intend to liquidate the association or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's web-site at <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the association's members, as a body, in accordance with section 87 of the Cooperative and Community Benefit Societies Act 2014. Our audit work has been undertaken so that we might state to the association's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the association and the association's members as a body for our audit work, for this report, or for the opinions we have formed.

Beever and Struthers, Statutory Auditor

St George's House

Notes to the Financial Statements 2020

Legal Status

Platform Housing Limited is incorporated in England under the Co-operative and Community Benefit Societies Act 2014 and is registered with the Regulator of Social Housing as a Private Registered Provider of Social Housing. The registered office is 1700 Solihull Parkway, Birmingham Business Park, Solihull, B37 7YD. The principal activity of Platform Housing Limited is to provide social housing.

Platform Housing Limited is part of the Platform Housing Group.

1. Principal Accounting Policies

Basis of Accounting

The Association's financial statements have been prepared in accordance with applicable United Kingdom Accounting Generally Accepted Accounting Practice (UK GAAP), the Statement of Recommended Practice for registered housing providers: Housing SORP 2018 update and Financial Reporting Standard 102 ('FRS 102').

The financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2019. Following the implementation of FRS 102, housing properties are stated at deemed cost at the date of transition and additions are recorded at cost. Investment properties are recorded at valuation. The accounts are presented in sterling and are rounded to the nearest £1,000.

As a Public Benefit Entity, the Association has applied the 'PBE' prefixed paragraphs of FRS102.

Basis of consolidation

The financial statements do not consolidate the results of Worcestershire Telecare or Central Housing Investment Consortium, as the Association has no direct rights to assets or surpluses of these companies and limited liability as regards debts or losses. Details of the arrangements can be found in note 29 to the Financial Statements.

Going concern

The Association's financial statements have been prepared on a going concern basis which assumes an ability to continue operating for the foreseeable future. Government's announcements in July 2015 impacting on the future income of the Association have led to a reassessment of the Association's business plan as well as an assessment of imminent or likely future breach in borrowing covenants. No significant concerns have been noted and it is considered appropriate to continue to prepare the financial statements on a going concern basis.

1. Principal Accounting Policies (continued)

Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the Statement of Financial Position date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

- a. Overhead Apportionment.** The overhead allocation methodology is consistent with previous years and has the aim to disclose the full cost per activity. There is capitalisation of some overheads to Development and some to Maintenance.
- b. Categorisation of housing properties.** The Association has undertaken a detailed review of the intended use of all housing properties. In determining the intended use, the Association has considered if the asset is held for social benefit or to earn commercial rentals. The Association has determined that market rented property and student accommodation are investment properties. Following the implementation of FRS 102, housing properties that were formerly owned by Fortis Living Limited, have been stated at a 'deemed cost' at the date of transition based on the 2014 valuation and additions are recorded at cost. All other properties are held at historic cost.
- c. Pension and other post-employment benefits.** The cost of defined benefit pension plans and other post-employment benefits are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and the long term nature of these plans, such estimates are subject to significant uncertainty. In determining the appropriate discount rate, management considers the interest rates of corporate bonds in the respective currency with at least AA rating, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation. The underlying bonds are further reviewed for quality, and those having excessive credit spreads are removed from the population bonds on which the discount rate is based, on the basis that they do not represent high quality bonds. The mortality rate is based on publicly available mortality tables for the specific sector. Future salary increases and pension increases are based on expected future inflation rates for the respective sector. Further details are given in note 23.
- d. Development expenditure.** The Association capitalises development expenditure in accordance with the accounting policy described on page 44. Initial capitalisation of costs is based on management's judgement that a development scheme is confirmed. In determining whether a project is likely to cease, management monitors the development and considers if changes have occurred that result in impairment.
- e. Financial Instruments.** The Association has adopted the recognition and measurement requirements of IAS 39 plus the disclosure requirements of FRS 102 sections 11 and 12 for all of its financial instruments.

1. Principal Accounting Policies (continued)

Other key sources of estimation and assumptions

- a. **Tangible fixed assets.** Other than investment properties, tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.
- b. **Revaluation of investment properties.** The Association carries its investment property at fair value, with changes in fair value being recognised in the Statement of Comprehensive Income. The Association engaged independent valuation specialists to determine the value which was based on a discounted cash flow model. The determined fair value of the investment property is most sensitive to the estimated yield as well as the long term vacancy rate. The key assumptions used to determine the fair value of investment property are further explained in note 13.
- c. **Impairment of non-financial assets.** A review for impairment indicators of housing properties is carried out annually and any impairment loss is recognised by a charge to the Statement of Comprehensive Income. Impairment is recognised where the carrying value of a cash generating unit exceeds the higher of its net realisable value or its value in use.
- d. **Impairment of Financial Assets.** Financial assets are assessed at each reporting date to determine whether there is any objective evidence that a financial asset or group of financial assets is impaired. If there is objective evidence of impairment, an impairment loss is recognised in the Statement of Comprehensive Income immediately. The impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate.
- e. **Provision for Bad Debts.** A provision is made for rent, service charges and other income based on the age and type of the debt.

Current Tenants	Provision
<i>Average age of arrears</i>	
Less than 30 days	0%
30 to 60 days	10%
60 to 90 days	25%
90 to 120 days	50%
120 days to 150 days	75%
150 days to 180 days	85%
Greater than 180 days	100%
Former Tenants	100%
Other Income over 180 days	100%

1. Principal Accounting Policies (continued)

Acquisition accounting

Stanhope Court (Worcester) Housing Association Limited has been included in the financial statements using the acquisition method of accounting. Accordingly the statement of comprehensive income and statement of cash flows include the results and cash flows of Stanhope Court (Worcester) Housing Association Limited from its acquisition on 21 July 2017. The purchase consideration has been allocated to the assets and liabilities on the basis of fair value at the date of acquisition.

Goodwill

Goodwill arising on an acquisition of a subsidiary undertaking is the difference between the fair value of the consideration paid and the fair value of the assets and liabilities acquired. Subsequently goodwill is carried at cost less accumulated amortisation and impairment losses.

Amortisation of the fair value uplift is calculated on the straight line basis over the estimated useful life. The Association establishes a reliable estimate of the useful life of the fair value uplift arising on business combinations based on a variety of factors such as the expected use of the acquired business, the expected useful life of the cash generating units to which the fair value uplift is attributed, any legal, regulatory or contractual provisions that can limit useful life and assumptions that market participants would consider in respect of similar businesses. The useful economic life of the fair value uplift is 100 years. The excess of assets over liabilities is recognised as income in the year of acquisition.

Turnover

Turnover represents rental income receivable, amortised capital grant, revenue grants from local authorities and Homes England, income from shared ownership first tranche sales and other properties developed for outright sale and other income and are recognised in relation to the period when the goods or services have been supplied.

Rental income is recognised when the property is available for let, net of voids. Income from property sales is recognised on legal completion.

Sales of properties developed for outright sale are included in Turnover and Cost of Sales.

Service charges

Service charge income and costs are recognised on an accruals basis. The Association operates both fixed and variable service charges on a scheme by scheme basis. Where variable service charges are used the income will include the surplus or deficit from prior years. Until these are returned or recovered they are held as creditors or debtors in the Statement of Financial Position.

Where periodic expenditure is required a sinking fund or reserve fund may be built up over the years; until these costs are incurred this liability is held in the Statement of Financial Position within long term creditors.

Holiday pay accrual

A liability is recognised to the extent of any unused holiday pay entitlement which has accrued at the Statement of Financial Position date and carried forward to future periods, where material. This is measured at the undiscounted salary cost of the future holiday entitlement so accrued at the year end.

1. Principal Accounting Policies (continued)

Apportionment of overheads to group members

Central overheads are recharged at cost from Platform Housing Limited to Platform Property Care Limited using the apportionment methods detailed below:

Cost Category	Apportionment Method
Corporate Services	Time allocation
Finance	Time allocation
ICT	Number of devices
Human Resources	Employee headcount

Retirement benefits

The cost of providing retirement pensions and related benefits is charged over the periods benefiting from the employees' services. The disclosures in the accounts follow the requirements of Section 28 of FRS102 in relation to multi-employer funded schemes in which the Association has a participating interest.

Leased Assets

Where assets are financed by leasing agreements that give rights approximating to ownership (finance leases), they are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable over the term of the lease. The corresponding leasing commitments are shown as obligations to the lessor in creditors. They are depreciated over the shorter of the lease term and their economic useful lives.

Lease payments are analysed between capital and interest components so that the interest element of the payment is charged to the Statement of Comprehensive Income over the term of the lease and is calculated so that it represents a constant proportion of the balance of capital repayments outstanding. The capital part reduces the amounts payable to the lessor.

Other leases are treated as operating leases and payments are charged to the Statement of Comprehensive Income on a straight-line basis over the term of the lease.

Property Sales

Under shared ownership arrangements, the Association disposes of a long lease of shared ownership housing units to persons who occupy them, at a lease premium equal to between 25% and 75% of open market value. The occupier has the right to purchase further proportions at the then current valuation up to 100%. Subsequent tranches sold ('staircasing sales') are reflected in the Statement of Comprehensive Income as a surplus or deficit on sale of fixed assets.

Under right to buy arrangements the Association disposes of properties outright to qualifying tenants and the resulting surplus is reflected in the Statement of Comprehensive Income.

There are clawback agreements with City of Worcester, Malvern Hills District Council and Wychavon District Council, whereby the surplus or deficit is calculated by comparing the net proceeds received by the Association with the book value of the property sold.

1. Principal Accounting Policies (continued)

Financing costs

Finance interest, transaction costs and associated premium or discount are charged to the Statement of Comprehensive Income using either the effective interest rate (EIR) method or on a straight line basis where not materially different. The EIR method spreads all associated costs over the life of the instrument by comparing the borrowing amount at initial recognition and amount at maturity.

Financial assets

Financial assets are defined as cash or any asset that is a contractual right to receive cash or another financial asset from another entity, or a contractual right to exchange financial instruments with another entity under conditions that are potentially favourable, or an equity instrument of another entity. The Association categorises its financial assets as:

- Loans and receivables; and
- Available-for-sale financial assets.

Loans and receivables are assets with fixed or determinable payments that are not quoted on an active market. These are initially recognised at fair value plus transaction costs and subsequently at amortised cost. Examples of loans and receivables include tenant arrears, unlisted investments, sundry debtors and cash at bank and in hand.

Available-for-sale financial assets are initially recognised at fair value plus transaction costs, which is effectively historical cost. At each Statement of Financial Position date they are re-measured at fair value and movements are recorded in equity reserves and in the Statement of Comprehensive Income when the reserves are fully utilised. Listed investments are considered to be available-for-sale assets.

Financial liabilities

Financial liabilities are defined as any liability that is a contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial instruments with another entity under conditions that are potentially unfavourable. The financial liabilities of the Association are classed as:

- Financial liabilities at fair value through profit and loss; and
- Other financial liabilities.

Other financial liabilities are all financial liabilities that have value to the supplying party, for instance debt finance, trade creditors, other creditors and accruals. They are valued at fair value at inception and then amortised cost subsequently.

Categorisation of debt

The Association's debt has been treated as 'basic' in accordance with paragraphs 11.8 and 11.9 of FRS 102. The Association has some fixed rate loans which have a two-way break clause (i.e. in addition to compensation being payable by a borrower to a lender if a loan is prepaid where the prevailing fixed rate is lower than the existing loan's fixed rate, compensation could be payable by the lender to the borrower in the event that a loan is prepaid and the prevailing fixed rate is higher than the existing loan's fixed rate).

1. Principal Accounting Policies (continued)

Categorisation of debt (continued)

The Financial Reporting Council (FRC) issued a statement on 2 June 2016 in respect of such loans with no prescriptive direction as to whether they should be classified as 'basic' or 'non basic'. On the grounds that the Association believes the recognition of each debt liability at cost provides a more transparent and understandable position of the Association's financial position and that each loan still satisfies the requirements of paragraphs 11.8 and 11.9 of FRS 102, the Association has retained its 'basic' treatment of its debt following the FRC announcement.

Taxation

- a. Value Added Tax (VAT).** The Association is registered for VAT and charges VAT on some of its income and is able to recover part of the VAT it incurs on expenditure. The financial statements include VAT to the extent that it is suffered by the Association and not recoverable from HM Revenue and Customs. The balance of VAT payable or recoverable at the year end is included as a current liability or asset.
- b. Deferred Taxation.** Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:
- deferred tax is not recognised on timing differences arising on revalued properties unless the Association has entered into a binding sale agreement and is not proposing to take advantage of rollover relief; and
 - the recognition of deferred tax assets is limited to the extent that the Association anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Deferred tax balances are not disclosed.

Housing properties

Tangible fixed assets are stated at cost, less accumulated depreciation. Housing properties under construction are stated at cost and are not depreciated. These are reclassified as housing properties on practical completion of construction. Freehold land is not depreciated.

Where a housing property comprises two or more major components with substantially different useful economic lives (UELs), each component is accounted for separately and depreciated over its individual UEL. Expenditure relating to subsequent replacement or renewal of components is capitalised as incurred. Expenditure incurred on responsive and cyclical repairs to the housing stock is expensed to the Statement of Comprehensive Income in the year in which it is incurred.

1. Principal Accounting Policies (continued)

Housing properties (continued)

The Association depreciates freehold housing properties by component on a straight-line basis over the estimated UELs of the component categories. UELs for identified components are as follows:

Component	Useful Economic Life
Housing structure	100 years
Housing structure (non-traditional)	20 years
Cladding	40 years
Bathrooms	30 years
Heating systems	30 years
Kitchens	20 years
Lifts	20 to 25 years
Roofs	70 years
Windows and Doors	30 to 40 years
Gutters and Fascias	25 years
Door entry and security systems	15 years
Electrics	30 years
Boilers, Air source heat pumps and solar panels	15 years
Photo-voltaic panels	20 years

The Association depreciates housing properties held on long leases in the same manner as freehold properties, except where the unexpired lease term is shorter than the longest component life envisaged, in which case the unexpired term of the lease is adopted as the useful economic life of the relevant component category.

Shared ownership properties

All completed properties are split proportionally between fixed and current assets in line with the expectation relating to the first tranche sale percentage. The expected first tranche proportion is classified as a current asset until the point of the first tranche sale. The current asset is then transferred to cost of sale and matched against sales proceeds to generate the surplus on disposal within the Statement of Comprehensive Income. The remaining element of the asset is classified as a fixed asset and included within housing properties.

Capitalisation of interest and administration costs

Interest on loans financing development is capitalised up to the date of the completion of the scheme and only when development activity is in progress.

Administration costs relating to development activities are capitalised only to the extent that they are incremental to the development process and directly attributable to bringing the property into its intended use.

1. Principal Accounting Policies (continued)

Property managed by agents

Where the Association carries the majority of the financial risk on property managed by agents, all income and expenditure arising from the property is included in the Statement of Comprehensive Income.

Where the agency carries the majority of the financial risk, the Statement of Comprehensive Income includes only that income and expenditure that relates solely to the Association.

In both cases, the assets and associated liabilities are included in the Association's Statement of Financial Position.

Other tangible fixed assets

Depreciation is charged on a straight line basis over the asset's useful economic life as shown below:

Other fixed asset	Useful economic life
Office premises	100 years
Office premises components	Between 15 and 50 years
Furniture, fixtures and fittings	Between 4 and 10 years
Computer equipment	3 to 4 years
Computer software	5 years
Mobile office	7 years
Motor vehicles	Between 5 and 7 years
Plant and machinery	Between 4 and 30 years

Other tangible fixed assets under construction are stated at cost and are not depreciated. Freehold land is not depreciated.

Investment property

Investment property includes commercial and other properties not held for the social benefit of the Association. Investment property is measured at cost on initial recognition, which includes purchase cost and any directly attributable expenditure, and subsequently at fair value at the reporting date. Fair value is determined annually by external valuers and derived from the current market rents and investment property yields for comparable real estate, adjusted if necessary for any difference in the nature, location or condition of the specific asset. No depreciation is provided. Changes in fair value are recognised in the Statement of Comprehensive Income.

Homebuy

Homebuy loans are treated as concessionary loans and are initially recognised at the amount paid to the purchaser and reviewed annually for impairment. The associated Homebuy grant from Homes England is recognised as deferred income until the loan is redeemed.

The Association operated this scheme by lending a percentage of the cost to home purchasers, secured on the property. The loans are interest free and repayable only on the sale of the property. On a sale, the fixed percentage of the proceeds is repaid. The loans are financed by an equal amount of Social Housing Grant (SHG). On redemption:

- The SHG is recycled;
- The SHG is written off, if a loss occurs; and
- The Association keeps any surplus.

1 Principal Accounting Policies (continued)

Festival Property Purchase (FPP)

Following the loss of Zone Agent Status the Association introduced its own equivalent Homebuy product, **Festival Property Purchase**. These transactions were generally not grant aided but provided opportunities to purchasers on a similar basis to the previous Homebuy product. In certain circumstances the loans were funded by local authority grant and where this is the case, these grants are recognised as deferred income until the loan is redeemed. The scheme was closed in 2009/2010.

The Association provided loans of 25% of the purchase price of a property, to qualifying individuals, and the loans are included in Homebuy Loans Receivable. No monthly repayments are made on the loan, however it is only available for a maximum of ten years or until the property is sold, whichever is the sooner. The Association is currently proposing to extend the scheme period for a further ten years.

These loans are secured by second charges on the properties and therefore, falls in the value could directly affect the recoverability of these loans. Because of this exposure, the loan balance is reviewed against property values annually and where required, a provision for losses is made in the Statement of Comprehensive Income.

Fixed asset investments

Investments held as fixed assets are stated at cost less provision for any permanent diminution in value. Investments held as current assets are stated at the lower of cost and net realisable value. Any investments listed on a recognised stock exchange are stated at market value.

Stocks and properties held for sale

Stocks of materials are stated at the lower of cost and net realisable value being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads. Properties developed and intended for outright sale are included in current assets, at the lower of cost or estimated selling price less costs to complete and sell.

At each reporting date, stock and properties held for sale are assessed for impairment. If there is evidence of impairment, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in the Statement of Comprehensive Income.

Current asset investments

Current asset investments include cash and cash equivalents invested for periods of more than 24 hours. They are recognised initially at cost and subsequently at fair value at the reporting date. Any change in valuation between reporting dates is recognised in the Statement of Comprehensive Income.

Short-term debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the Statement of Comprehensive Income in other operating expenditure.

1. Principal Accounting Policies (continued)

Social Housing Grant (SHG) and other government grants

Where developments have been financed wholly or partly by Social Housing Grant (SHG) and other grants, the amount of the grant received has been included as deferred income and recognised in turnover over the estimated useful life of the associated asset structure (not land), under the accruals model. SHG received for items of cost written off in the Statement of Comprehensive Income is included as part of turnover. Grants received prior to FRS 102 transition date have been recognised in the Income and Expenditure Reserve.

When grant in respect of housing properties in the course of construction exceeds the total cost to date of those housing properties, the excess is shown as a current liability.

SHG must be recycled by the Association under certain conditions, if a property is sold, or if another relevant event takes place. In these cases, the SHG can be used for projects approved Homes England. However, SHG may have to be repaid if certain conditions are not met. If grant is not required to be recycled or repaid, any unamortised grant is recognised as turnover.

Grants for revenue expenditure are credited to the Statement of Comprehensive Income as they become receivable.

Recycling of Capital Grant Fund (RCGF)

Where Social Housing Grant is recycled, as described above, the SHG is credited to a fund which appears as a creditor until used to fund the acquisition of new properties.

Disposal Proceeds Fund (DPF)

Receipts from the sale of SHG funded properties less the net book value of the property and the costs of disposal were credited to the DPF. This creditor is carried forward until it is used to fund the acquisition of new social housing. Following the Housing and Planning Act 2016, disposals made after 6 April 2017 are no longer accounted for through the DPF.

Non-government grants

Grants received from non-government sources are recognised under the performance model. If there are no specific performance requirements the grants are recognised when received or receivable. Where grant is received with specific performance requirements it is recognised as a liability until the conditions are met and then it is recognised as turnover.

Haven bond premium and Affordable Housing Finance (AHF) bond premium

The premiums on the issue of the Haven Bond and AHF Bond are included in creditors and are being written off over the period of the loans.

Provisions

The Association will make a provision for contractual liabilities and where there is a reasonable probability for a potential loss.

Revaluation Reserve

The revaluation reserve represents the difference on transition between the fair value of social housing properties and other assets and the historical cost carrying value, where deemed cost transitional relief was taken. In addition the reserve contains any increase in the fair value of listed investments.

Notes to the Financial Statements 2020

2. Turnover, Cost of Sales, Operating Expenditure and Operating Surplus

	2020			
	Turnover	Cost of Sales	Operating Expenditure	Operating Surplus / (Deficit)

At 31 March 2020	1,958,670	112,683	351,649	55,483	2,478,485
At 31 March 2019	1,884,166	79,104	316,022	45,772	2,325,064

Works to existing properties that were capitalised in the year were £13.318m (2019: £14.860m). Works charged to income and expenditure were £12.615m (2019: £5.176m).

Additions to housing properties include development administrative costs of £5.617m (2019: £6.029m) which have been capitalised. A rate of 3.8% (2019: 3.90%) has been used to capitalise interest.

Fixed assets with restricted title or pledged as security for liabilities have a carrying value of £1,684m (2019: £1,428.3m) for the Association.

Notes to the Financial Statements 2020

11. Tangible Fixed Assets – Housing Properties (continued)

Impairment losses

Housing properties are assessed at each reporting date to determine whether an indicator of impairment exists. Where there is evidence of impairment, an assessment is carried out to estimate the recoverable amount of the asset. The recoverable amount is the higher of the fair value less costs to sell and value in use.

The current COVID – 19 pandemic has been determined to be an indicator for impairment. A full review of assets has been undertaken but no evidence of impairment has been found. At 31 March 2020 no impairment loss was incurred (2019: nil).

12. Tangible Fixed Assets – Other

	Freehold Land & Offices £000	Fixtures & Fittings £000	Computer Equipment & Software £000	Motor Vehicles £000	Plant & Machinery £000	Total £000
Cost						
At 1 April 2019	16,973	2,940	12,483	347	983	33,726
Additions	586	98	2,195	-	8	2,887
Disposals	-	-	-	(70)	-	(70)
At 31 March 2020	17,559	3,038	14,678	277	991	36,543
Depreciation						
At 1 April 2019	2,917	2,584	9,104	215	734	15,554
Charge for the year	185	27	1,152	49	113	1,526
Disposals	-	-	-	(52)	-	(52)
At 31 March 2020	3,102	2,611	10,256	212	847	17,028
Net Book Value						
At 31 March 2020	14,457	427	4,422	65	144	19,515
At 31 March 2019	14,056	356	3,379	132	249	18,172

Included in Freehold Offices is freehold land in respect of the offices amounting to £1.517m (2019: £1.517m), which is not depreciated.

13. Investment Properties

	2020 £000	2019 £000
At 1 April	16,800	16,705
Additions	-	-
Disposals	(900)	-
(Loss) / gain from adjustment in value	(125)	95
At 31 March	15,775	16,800

	2020 £000	2019 £000
Proceeds of sale	933	-
Less costs of sale	(905)	-
Total gain recognised in Statement of Comprehensive Income	28	-

Investment properties are stated at a value based on vacant possession which is annually determined by external valuers derived from the current market conditions. Due to the unknown impact of COVID-19 on the property market, the valuation has been reported on the basis of 'material valuation uncertainty' as per VPS 3 and VPGA 10 of the RICS Red Book Global.

14. Homebuy Loans Receivable

	2020 £000	2019 £000
At 1 April	8,940	9,623
Loans redeemed	(202)	(683)
Provisions against non-recoverable items	-	-
At 31 March	8,738	8,940

15. Fixed Asset Investments

	2020 £000	2019 £000
Investments at valuation		
Listed investments	4,925	4,585
Unlisted investments	10,464	4,913
	15,389	9,498
Historic cost of investments	14,735	9,298

The valuation of the unlisted investments is the Board's best estimate of their fair value.

16. Stocks

	2020 £000	2019 £000
Properties held for sale		
Shared ownership properties		
Completed	17,654	7,719
Work in progress	17,347	21,323
Outright sale properties		
Completed	-	-
Work in progress	418	418
Other stock (General materials)	15	15
	35,434	29,475

There is no material difference between the replacement cost of stocks and the amounts stated above.

17. Trade and other debtors

	2020 £000	2019 £000

22. Disposals Proceeds Fund

	2020 £000	2019 £000
At 1 April		
Funds recycled	297	495
Net PRTB receipts	-	-
Interest accrued	-	-
Transfer from other PRRPs	-	-
Use / allocation of funds		
New build	(297)	(198)
Major repairs and works to existing properties	-	-
Transfer to other PRRPs	-	-
Other	-	-
Repayment of funds to RSH/GLA	-	-
At 31 March	-	297
Amount three years or older where repayment may be required	-	-

23. Pension

The Association participates in 6 (2019: 6) funded defined benefit pension schemes. All schemes' assets are held in separate funds administered by the Trustees of each scheme. The schemes are as follows:

Scheme Name	Employer contributions	Member contributions
	2020	2020
Lincolnshire Pension Fund (LGPS)	26.00%	5.50% to 12.50%
Leicestershire County Council Pension Fund (LGPS)	25.59%	5.50% to 12.50%
Derbyshire Pension Fund (LGPS)	28.10%	5.50% to 12.50%
Worcestershire County Council (LGPS)	16.40%	5.50% to 12.50%
The Pensions Trust 2016 Waterloo Housing Association Benefits Plan	N/A	N/A
The Social Housing Pension Scheme	7.06% to 9.30%	7.10% to 14.50%

Scheme Name	Employer contributions	Member contributions
	2019	2019
Lincolnshire Pension Fund (LGPS)	24.25%	5.50% to 12.50%
Leicestershire County Council Pension Fund (LGPS)	25.59%	5.50% to 12.50%
Derbyshire Pension Fund (LGPS)	28.10%	5.50% to 12.50%
Worcestershire County Council (LGPS)	15.50%	6.80%
The Pensions Trust 2016 Waterloo Housing Association Benefits Plan	N/A	N/A
The Social Housing Pension Scheme	7.06% to 9.30%	7.30% to 11.70%

All of the funded defined benefit pension schemes that the Association participates in can be separately identified and therefore the Association recognises in full the Schemes' surpluses or deficits on the Statement of Financial Position.

Local Government Pension Schemes (LGPS)

The LGPS is a funded defined benefit scheme, with the assets held in separate funds administered by the relevant Local Authority. The total contributions made for the year ended 31 March 2020 were £3,215,000 of which employer's contributions totalled £2,761,000 and employees' contributions totalled £454,000.

23. Pension (continued)

The Pensions Trust 2016 Waterloo Housing Association Benefits Plan

The Waterloo Housing Association Benefits Plan is a defined benefit scheme in the UK. On 31 March 2016, the scheme was closed to future accrual for all of its existing members but with those members still employed by the company retaining the final earnings link on their benefits. There were no contributions made to this scheme in 2020 (2019: nil) in respect of further pensionable service. The employer has agreed with the trustees that it will aim to eliminate the deficit over a period of 7 years 6 months from 30 September 2017 by the payment of annual contributions of £831,000 payable monthly (£782,000 paid monthly to March 2019). In addition and in accordance with the actuarial valuation, the employer has agreed with the trustees that it will meet expenses of the scheme and levies to the Pension Protection Fund.

The Social Housing Pension Scheme (SHPS)

The Association participates in the Social Housing Pension Scheme (SHPS), a defined benefit multi-employer pension scheme administered by TPT retirement solutions (TPT).

The total contributions made for the year ended 31 March 2020 were £2,016,000 of which employer's contributions totalled £1,807,000 and employees' contributions totalled £209,000.

The Association also contributes to defined contribution schemes, also with the Social Housing Pension Scheme operated by the Pensions Trust.

23. Pension (continued)

Principal actuarial assumptions

The following information is based upon a full actuarial valuation of the fund updated to 31 March 2020 by qualified independent actuaries.

	2020	Lincolnshire	Leicestershire	Derbyshire	Worcestershire	WHA benefits plan	SHPS
Future salary increases		2.20%	2.40%	2.60%	3.60%	3.60%	2.6%
Future pension increases		1.90%	1.90%	1.90%	2.20%		
RPI						2.6%	2.6%
CPI						1.40%	1.6%
Discount rate		2.30%	2.30%	2.30%	2.40%	2.35%	2.37%
Commutation of pensions to lump sums (of max allowance)		50% pre-2008 75% post 2008	50% pre-2008 75% post 2008	50% pre-2008 75% post 2008	Not disclosed	75%	75%
	2019	Lincolnshire	Leicestershire	Derbyshire	Worcestershire	WHA benefits plan	SHPS
Future salary increases		2.90%	3.50%	3.00%	3.70%	4.20%	3.24% to 3.30%
Future pension increases		2.50%	2.50%	2.50%	2.30%		
RPI						3.05%	3.24% to 3.30%
CPI						1.70%	2.24% to 2.30%
Discount rate		2.40%	2.40%	2.40%	2.40%	2.45%	2.36% to 2.30%

Net benefits paid	(6,093)	(6,059)
	<hr/>	<hr/>
Closing value of the scheme assets	168,151	173,259

Projected defined benefit costs for the period to 31 March 2021

The Association expects to contribute the following amounts to the defined benefit schemes during the year ended 31 March 2021:

	£000
Lincolnshire Pension Fund	707
Leicestershire County Council Pension Fund	91
Derbyshire Pension Fund	77
Worcestershire County Council Pension Fund	1,045
TPT 2016 Waterloo Housing Association Benefits Plan	831
SHPS	1,800
Total	<hr/> 4,551 <hr/>

Defined Contribution Scheme

The Association joined the SHPS Defined Contribution scheme to satisfy its commitment to auto-enrolment, a government pension initiative.

The amount recognised in surplus as an expense for defined contribution plans for the year ended 31 March 2020 is £1,570k (2019: £626k).

Notes to the Financial Statements 2020

23. Provision for Liabilities and Charges

	2020	2019
	£000	£000
At 1 April	100	100
Released in the year	-	-
At 31 March	100	100

24. Share Capital

	2020	2019
	£	£
At 1 April	13	11
Issued during the year	9	5
Cancelled during the year	(13)	(3)
At 31 March	9	13

The shares have a nominal value of £1 each and provide members with the right to vote at general meetings, but do not provide a right to dividends or distributions on winding up. The issue of shares is authorised as required throughout the year. Shares in issue cannot be repaid or transferred and when a shareholder ceases to be a member, the share is cancelled and the amount paid up becomes the property of the Association.

25. Capital Commitments

	2020	2019
	£000	£000
Capital expenditure contracted for but not provided for in the financial statements	182,937	254,506
Capital expenditure authorised by the Board but has not yet been contracted	823,615	233,371
Total	1,006,552	487,877

The Association plans to finance these commitments with:

Social housing grant	191,245	70,271
Proceeds from sales of properties	53,795	61,898
Surpluses and committed loan facilities	761,512	355,708
	1,006,552	487,877

Notes to the Financial Statements 2020

26. Operating Leases

The Association was committed to making lease payments as follows:

	2020		2019	
	Land and Buildings £000	Other £000	Land and Buildings £000	Other £000
In less than one year	208	325	208	305
Between two and five years	336	76	544	314
In more than five years	-	-	-	-
	544	401	752	619

27. Grants

Total accumulated government grant receivable at 31 March:

	2020 £000	2019 £000
Held as deferred capital grant (note 20)	454,312	433,180
Recognised as income in Statement of Comprehensive Income	145,524	140,838
	599,836	574,018

Notes to the Financial Statements 2020

28. Transactions with Non-regulated Group Members

In accordance with FRS102 Related Party Disclosures, Section 33.1A, Platform Housing Ltd has not disclosed transactions entered into between two or more members of the Group, where each party to the transaction is 100% owned.

Transactions with non-registered elements of the business

In accordance with the Accounting Direction 2019, transactions between private registered providers and other non-registered entities in the Group are disclosed as follows:

	2020	Turnover	Operating expenses	Interest receivable	Other creditors	Other debtors
		£000	£000	£000	£000	£000
ESHA Developments Limited		60,786	(60,761)	-	(11,265)	
Platform Property Care Limited		20,201	(20,616)	-	-	1,771
	2019	Turnover	Operating expenses	Interest receivable	Other creditors	Other debtors
		£000	£000	£000	£000	£000
ESHA Developments Limited		60,264	(60,243)	-	(10,706)	
Platform Property Care Limited		18,814	(18,476)	-	-	342

During the year Platform Housing Limited received £1,000k for the provision of central services (2019: £1,016k), such as Finance and Human Resources, from Platform Property Care Limited (formerly Fortis Property Care), a non-regulated group member. Further detail on apportionment of overheads can be found on page 42.

A Gift Aid payment of £275k was made by Platform Property Care Limited to Platform Housing Limited (2019: £809k).

A Gift Aid payment of £23k was made by ESHA (Developments) Limited to Platform Housing Limited (2019: £25k).

29. Related Party Transactions

Worcestershire Telecare

The Association is a shareholding member of Worcestershire Telecare, a Co-operative and Community Benefit Society. This organisation's core purpose is to provide community alarms and related services to people with support needs.

	Unaudited Accounts	Audited Accounts
	2020	2019
	£000	£000
Income	2,250	1,704
Expenditure	(2,146)	(1,659)
Operating profit for the year	104	45

29. Related Party Transactions (continued)

The above results have not been consolidated into the Group Financial Statements because the Group has no direct rights to assets or surpluses of the Co-operative and Community Benefit Society and limited liability as regards debts or losses.

Central Housing Investment Consortium Limited (CHIC)

Platform Housing Limited is one of seven founder members of CHIC, a 'not for profit' company limited by guarantee. The principal activity of the Association is based on a joint management arrangement to procure multi-client contracts for the provision of asset management works, services and materials. These contracts are available to the consortium's current and future membership, who can join the consortium to benefit from the efficiencies yielded through joint procurement and collaborative working.

The members have no direct rights to assets or surpluses of the Association and the liability of each member is limited to £1. The following results have not, therefore, been consolidated into the Association's Financial Statements. CHIC has changed its financial year end to be June.

	Audited Accounts	Unaudited
	15 Months to	Accounts
	30 June 2019	March 2018
	£000	£000
Turnover	1,221	1,044
Costs	(1,219)	(1,042)
Profit for the year	<u>2</u>	<u>2</u>

30. Financial Instruments and Risk Management

The Treasury function is responsible for controlling liquidity, interest rate and other risks associated with the effective management of day to day cash flows and longer term funding requirements of the Association. Other financial risks, for example tenant rental arrears, are overseen by other teams as part of the overall risk control framework within the Association. Treasury and other activities are governed in accordance with Board approved policies, and the management of associated risks is reviewed and approved by the Audit and Risk Committee. There is further explanation of the approach to risk management in the Strategic Report of the Board.

The Association has been given the highest governance and viability ratings of 'G1/V1', by the Regulator of Social Housing.

Notes to the Financial Statements 2020

30. Financial Instruments and Risk Management (Continued)

Liquidity

The Association had total borrowing facilities of £1,556m (2019: £1,401m) at 31 March 2020, of which £394m (2019: £238m) were undrawn.

Borrowings are broken down by lender and type:

	Facility £000	Drawn £000	Available £000	Fixed £000	Variable £000
Bond Finance					
Affordable Housing Finance Plc	77,000	77,000	-	77,000	-
Haven Funding (32) Plc	5,752	5,752	-	5,752	-
Private Placement	80,000	80,000	-	80,000	-

Santander UK Plc	170,248	45,248	125,000	40,000	130,248
	<u>1,199,146</u>	<u>805,286</u>	<u>393,860</u>	<u>551,034</u>	<u>648,112</u>
	<u>1,555,898</u>	<u>1,162,038</u>	<u>393,860</u>	<u>907,786</u>	<u>648,112</u>

* Include £25m of unsecured debt facilities in each, all of which were undrawn as at 31st March 2020.

The Association is financed through a mixture of bank and bond finance. During the year the Association arranged £300m of revolving credit facilities with Santander UK Plc, National Australia Bank and MUFG Bank Limited, the latter two of which contained £50m of unsecured borrowing.

Refinancing risk is managed through the Association's Treasury Management Policy, which ensures maturities are not overly concentrated.

With the exception of the £50m unsecured loan mentioned above, all borrowings are secured by specific charges on the Association's individual housing properties.

Notes to the Financial Statements 2020

30. Financial Instruments and Risk Management (continued)

Liquidity (continued)

Maturity profile of outstanding borrowing at 31 March:

	2020	2019
	£000	£000
Loans repayable by instalments		
Within one year	4,266	4,210
In one year or more but less than two years	3,396	9,706
In two years or more but less than five years	12,465	12,742
In five years or more	111,359	149,478
Loans not repayable by instalments		
Within one year	84,852	16,236
In one year or more but less than two years	10,000	84,852
In two years or more but less than five years	189,250	150,120
In five years or more	746,450	734,915
Total repayable	1,162,038	1,162,259
Less loan issue costs	(9,936)	(9,011)
Adjustment for premium on issue	7,974	8,322
Total drawn borrowings (included in Notes 18 and 19)	1,160,076	1,161,570

Interest rate risk

Interest rate risk is defined as the risk that unexpected fluctuations in the levels of interest rates adversely impacts the cash flows of the Association, as a result of the Association failing to protect itself adequately. Interest rate risk is managed by limiting its exposure to floating rate debt facilities as detailed within the Association's Treasury Management Policy.

The interest rate exposure of the Association's debt at 31 March 2020 was:

	2020			2019		
	£000	Weighted average rate	Weighted average term	£000	Weighted average rate	Weighted average term
Fixed rate	907,786	4.48%	23 years	972,769	4.48%	22 years
Variable rate	254,252	1.38%	4 years	189,490	1.65%	6 years
Total drawn	1,162,038	3.80%	19 years	1,162,259	4.02%	19 years

Notes to the Financial Statements 2020

30. Financial Instruments and Risk Management (continued)

Currency risk

The Association only trades in sterling, and holds no foreign currency denominated assets or liabilities, and is therefore not exposed to any currency risks. It has no overseas subsidiaries.

Credit risk

Credit risk applies to debtor balances, including treasury related assets and others, such as rental debtors.

Treasury related credit risk is the risk that a counterparty to a treasury asset fails to discharge an obligation to the Association. It is the Association's policy not to take, or place funds with any financial institution which is not accepted as a counterparty. Such counterparties are restricted to minimum credit ratings and maximum exposures as set out in the Association's Treasury Management Policy.

The majority of other debtors relate to the tenants of the Association. These debts are reported to the Board on a monthly basis and recovery of debts is coordinated through the Housing management function.

Covenant compliance

Covenant compliance is monitored by the Treasury department on a monthly basis. There were no breaches in the year.

The following financial covenants are assessed on an annual basis at Association level:

	2020	2019
Interest cover	257%	320%
Gearing	39%	38%

Interest cover is calculated by dividing earnings before interest, tax, depreciation and amortisation (including capitalised repairs) by net interest payable. Gearing is calculated as total net borrowings divided by housing assets at cost.

The Association has thresholds in relation to interest cover and gearing as set within its debt facility arrangements. In addition, the Association has adopted 'Golden rules' which act as buffers to loan thresholds, to ensure it operates at a level of risk that is commensurate with the appetite of the Board.

Notes to the Financial Statements 2020

31. Statutory Amalgamation

On 31 December 2019, Fortis Living Limited and Waterloo Housing Group Limited undertook a statutory amalgamation to form Platform Housing Limited. This statutory amalgamation has been accounted for using the merger method.

The detail of the total comprehensive income for the period 1 April 2019 to 31 March 2020

		Fortis Living	Waterloo Housing Group	Platform Housing	Total for the year

Chair's Report

2018 Was A Milestone Year. Waterloo Housing and Fortis Living joined forces as two strong and ambitious businesses, with a clear synergy and alignment in culture and vision, to create Platform Housing Group (**PHG**). On behalf of the Board, the employees, our partners and our customers I would like to take this opportunity to recognise the contribution of our two retiring Chief Executives, Guy Weston and Dave Pickering, whose vision led to the creation of the Group. We wish them both a long and happy retirement.

A Strong, Efficient and Influential Organisation. Fortis living is part of one of the UK's biggest housing associations with a combined portfolio of 44,000 homes. With a significant affordable homes development programme, the Company is well placed to play a lead role in helping the local communities where we work to flourish and grow. Financial security was the prime driver in the creation of the new group. It enabled us to continue our investment in services that are more efficient and achieve an exceptional Group surplus of £67m in 2018/19. This financial strength also saw the Group invest over £169 million in new homes, alongside over £59 million in our existing homes. Across the board, our teams have maintained operational performance, ending the year with current arrears at 2.6% and with 162 unlet homes.

Delivering More Homes. We have the financial capacity to borrow money to facilitate further development and last year we built 1,598 new homes, directly contributing to national growth of affordable housing. We were also proudly confirmed as a strategic partner to Homes England. The partnership will bring £71 million of grant funding to enable us to start work on an additional 1,800 affordable homes over the next three years, helping us to work towards our goal of 2,000 new homes every year.

Great Customer Service. Managing homes for over 44,000 customers takes a lot of work and we have a team of over 1,200 talented people who are committed to delivering the best they can and we remain committed to the development of an improved customer experience. Our keystone for the delivery of this is our PlatformOne programme. This is an integrated IT approach to the way we manage, present and action our business data. This will give us the foundations we need to enable customers to access appropriate services, when and where they want, 24 hours a day.

Property Care. We continue to invest in our in-house maintenance and repairs teams and plan to extend their services across the whole Group. They ended the year with 100% gas safety compliance, contributing to the Group result of 99.8%, and an overall satisfaction rating for repairs of 90.45%.

A Great Place to Work. Against a backdrop of unprecedented change, we have retained our customer focus and continued to drive financial and operational performance. I'd like to thank our Boards and Executive Team, as well as all our employees, who are delivering our promises.

Looking To The Future. As we look to the future, I'd like to welcome Elizabeth Froude as our new Group Chief Executive. Elizabeth brings extensive experience of integrating businesses and delivering large transformation programmes. We are sure to benefit from her fresh thinking and new ideas as we work to continue to make a difference to local homes and local lives.

Dennis Sleath
Chair

Strategic Report

The Board presents its report and the audited financial statements of Fortis Living Limited (“the Company”) for the year ended 31 March 2019.

Business Overview

The Company is a Community Benefit Society and a charitable registered provider of social housing, and is a member of the Platform Housing Group which was formed in October 2018 from the merger of Fortis Living Group and Waterloo Housing Group. The new Group will become a leading provider of affordable new homes in the region owning 44,000 homes across the Midlands serving over 120,000 customers. The combined financial strength and operating efficiencies to be derived will ensure that more new homes continue to be delivered.

The Company is a leading provider of affordable housing in the West Midlands and its business is to deliver the *Vision* to create **Better Homes, Better Lives**. The Company’s activities primarily fall within Worcestershire and Herefordshire, and its core business is the management, maintenance and development of high quality affordable homes for people in housing need, together with improving services to customers and communities.

Our healthy financial position, with an operating margin of 42% and net surplus of £34m, allows us to continue to operate a simple business model that reinvests surpluses in order to deliver the Company’s *Mission* to **Build a Better Future by investing in homes, people and communities**. During the year 864 new homes were developed and the total number under management at the year-end increased to 15,335 rented homes, 1,279 shared ownership homes, as well as holding the freehold for 475 leasehold properties.

The Company is registered with, and regulated by, the Regulator of Social Housing (RSH) and works within the regulatory framework for social housing. The latest independent Regulatory Judgement, received in December 2017, confirmed that the organisation is properly governed and managed (G1), and continues to be financially viable (V1). This was again confirmed with a judgement provided for Platform Housing Group shortly after merger. The Company receives capital grant from Homes England towards the development of new homes.

The Company provides a varied range of housing including general needs, housing for older people and retirement living schemes, as well as supported housing schemes for young people, disabled people and homeless families. Complementing this core activity, a limited number of intermediate, student and market rent properties are also provided.

We want to be regarded as the leading housing brand for customers, partners, stakeholders and communities across the regions in which we work. This commitment is not purely to customers, as tenants, leaseholders or shared owners, but also to the wider community.

The Company has a strong social purpose with teams that work closely with customers and stakeholders to understand and respond to local needs and to help create successful and resilient local communities. We currently invest in debt prevention services, energy advice, benefits advice and employment support, all of which generate a significant social return on investment.

Strategic Report

Strategic Plan 2018-2023

Building on the strategic plans of the merger partners, the Group's first combined strategic plan sets out how we will deliver on our mission through our new strategic priorities, each with a series of supporting goals that set out exactly what we are planning to achieve.

Deliver More Homes

- Up to 2,000 new homes each year by 2023
- Over 18,000 new homes in our first 10 years
- A mixed programme of new homes across a range of tenures for people in housing need

A Strong, Efficient And Influential Organisation

- A new partnership with greater influence
- A commercial approach to achieve £12m efficiencies by 2023 which will be re-invested in more new homes and improved customer services
- An investment programme of £50m over the first 5 years to make our existing homes great places to live in

Great Customer Service

- Digital services that enable customers to access services at a time and in a way that best suits them
- Improved customer engagement and insight to get closer to our customers and better understand and meet their needs
- High quality services that support local communities and improve life chances
- A sustained local focus and locally accountable service delivery

Excellent Maintenance Services

- Deliver the majority of our maintenance programmes through the Property Care business
- Grow annual Property Care turnover to £50m by 2023
- £2m of VAT and efficiency savings by 2023

A Great Place to Work and an Employer of Choice

- A culture that retains our best people, attracts the best talent and has high levels of engagement
- A comprehensive training and development programme that enables our agile workforce to fulfil potential
- An increase in the number of apprenticeships through the business
- A diverse workforce that reflects our communities

Our values underpin our strategic objectives and describe our style of leadership and the way our people behave. They set ideal standards, which we apply directly to the way we run our business, recruit our colleagues, manage our performance, and recognise and reward good work.

We pride ourselves on being **open** and **transparent** in how we do business.

We are **responsible** and **reliable** business partners, and will do what we say we will do.

Customers are the very heart of what we are about, and the customer voice is central to this.

Integrity is fundamental to how we work at all times.

We will adopt a **commercial** approach within the context of our broader charitable status and ethos.

We are passionate about our work and want to **inspire** our people to make a difference.

We will at all times show **respect** for our customers, partners and employees.

Strategic Report

Review of the Year

Key Customer Performance Indicators

Following the merger in October 2018, the Group Board has reviewed historic targets and performance across the Group and adopted a suite of high level measures with which to monitor performance against the 2018-23 strategic plan. Targets are set at Group level and results as at the end of March 2019 are shown below. The Board sets annual targets for the next three financial years in order to deliver continuous improvement. Performance is monitored against all targets on a monthly basis. The following table shows performance against target, and also against appropriate benchmarking data widely available in the sector.

Measure	Benchmark	Sample*	Source	Target	Actual
Sales against monthly target				100.0%	103.0%
Number of new homes completions	Ranked 5th	50	Top 50**	725	864
Operating margin	Ranked 1st	10	Top 50***	41.0%	41.4%
Current tenant arrears	Q2	163	Housemark	3.2%	2.6%
Former tenant arrears	Q3	162	Housemark	1.3%	1.3%
% Shared Ownership arrears				0.4%	0.5%
Average re-let time	Q4	149	Housemark	33	48
Number of available voids at year end	Q2	156	Housemark	100	78
Overall satisfaction with the service provided (STAR)	Q3	19	Housemark	86.0%	90.7%
Complaints responded to within targets	Q4	112	Housemark	94.0%	85.0%
% of properties with a valid gas safety certificate				100.0%	100.0%
Staff satisfaction	Q4	39	Housemark	76.0%	74.9%
Staff turnover rate (Voluntary only)	Q2	98	Housemark	14.0%	12.0%
Average number of days lost to sickness	Q2	143	Housemark	8.0	7.2

* Sample size is the number of organisations either included, or who supplied data for the KPI

** Source data was Inside Housing annual 2019 analysis of the top 50 developers, where the combined group total of 1,598 ranked 5th

*** Source data was the accounts of the top 10 developers in the Inside Housing article, Fortis, Waterloo and the combined Group result were all better than the sample.

The six months post-merger has been a period of exploration and understanding in relation to the new Group's performance. Work to harmonise policies, processes and procedures aims to deliver consistent and improving performance throughout 2019/20, supported by unified data and reporting methods. A new Group-wide Risk and Performance Forum has been established which will have an integral role in managing these activities and ensuring a holistic and effective approach is taken to risk, compliance and performance.

Strategic Report

Review of the Year (continued)

Development

During the year, Platform was confirmed as a strategic partner with Homes England, securing £71m grant funding for an additional 1,800 affordable homes over the next three years. These funds are in addition to the current allocation under the Affordable Homes Programme (AHP) contract which supports delivery of new homes until 2021. All three metrics relating to development exceeded targets consistently throughout the year and at the year-end. The Group target for 2019/20 has been set at 1,634 new homes focussing on mainstream affordable rent and shared ownership. A new Group Development Strategy was approved by the Board in June 2019.

The development numbers mainly comprise newly developed homes, but there is a small programme to purchase existing properties, which are often homes formerly sold under the right to buy scheme. The mix of new homes delivered is shown below:

	Affordable Rent	Social Rent	Shared Ownership	Total
Developed	152	441	238	831
Purchased existing homes	20	13		33
Total new homes	172	454	238	864

Financial

We reported a record underlying surplus for the year of £34m. This will be re-invested into the provision of more new homes and improving services; Our operating margin of 42.9% remains amongst the highest in the sector. Welfare reforms continue to have an impact on our work and remain an important focus for us. Across the year, we saw an increase in households affected by Universal Credit. However, current arrears in this customer group are showing a downward trend indicating that our range of incentives, advice and practical assistance to help customers cope with the changes is beginning to have an impact. Arrears management performed well during the year. Ongoing work will focus on improving processes, automating data and removing duplication and other inefficiencies in this area.

Housing operations

Average re-let time (for general needs and housing for older people) did not meet the target at year-end but the key measure of number of voids available at month end has improved. The successful letting of longer term voids pushes the average re-let time higher. The voids figure itself met a challenging target at year-end with only 78 void properties. Average re-let time – new builds, will work to a target of 3 days during 2019/20.

Complaints and compliments

The method for processing complaints has been harmonised as part of the development of a Customer Experience Strategy. Performance for Complaints responded to within targets, whilst not meeting target at year-end, is expected to improve during 2019/20 as procedures become more aligned.

Feedback is essential learning for us and helps us to improve for the future. Across the whole Group we investigated 286 formal complaints, welcomed 477 compliments (63% of which were for our Repairs Teams) and responded to 1,469 comments.

Customers

Across the Group, there are 5 active customer scrutiny panels. During the year, they have worked to review and make recommendations on key service areas including customer service standards, support for Universal Credit, repairs satisfaction, repairs timescales and monitoring.

Our extensive menu of involvement activities has seen 584 involved customers helping to shape services. We increased our online involvement opportunities this year to include software testing, community conversation blogs and online engagement communities.

Customer satisfaction with services ended the year at 83.2%. This is slightly below where we would like to be and we are already working to improve this. The approach to customer satisfaction has previously differed between WHG and Fortis Living, with annual STAR surveys and monthly outbound contacts being made respectively. Some inconsistencies therefore were evident in the year, as illustrated by Overall satisfaction with the service provided. Work has now been completed to harmonise the approach for 2019/20, with monthly customer satisfaction surveys being conducted.

The future is digital! Last year we actioned 73,236 digital contacts alongside 312,648 phone calls.

Property compliance

The Group operates a '3-star' service contract for all gas and fuel burning appliances. Properties with a valid gas safety certificate performed to the target of 100% at year-end by successfully managing the properties for which access could not be gained to service gas components. Work is progressing to align WHG and Fortis Living processes and the automation of data should enable a more dynamic and effective servicing response.

Across the Group all Fire Risk Assessments are in place and up to date.

Culture and employees

Staff satisfaction has been within tolerance for the year, only failing to meet target by 1.1%. During 2019/20 satisfaction will be gauged on a quarterly basis to inform the work to develop the culture, values and behaviours of the new Group. Staff turnover rate and Average number of days lost to sickness were both within target at the year-end point.

Community

As part of our commitment to making a positive difference in our local communities, we provided welfare benefits, home energy, employment and debt/budgeting advice to customers which yielded a Housing Associations' Charitable Trust (HACT) social value figure of £4,587,481.

Over the past 12 months, The wider Group has awarded £106,802 for environmental projects, scheme improvements and external funding and sponsorship. This has enabled some fantastic community projects to come to fruition.

Strategic Report

Finance Review

Statement of Comprehensive Income (page 30)

Despite the impact on existing rents of the 1% rent reduction imposed on the sector, rent from new development has resulted in a net improvement in turnover in social housing lettings, which contribute £84.0m. A further £16.7m derived from Shared Ownership first tranche sales and £5.3m from a number of other activities, take the total turnover to £106m.

The underlying operating performance continues to be strong with an Operating Surplus of £43.9m, and net surplus of £33.7m. This surplus will be reinvested in new and existing housing stock.

The Company's turnover and operating surplus by social housing activity is shown below.

	2019	2018	2019	2018	2019
	Turnover £m		Surplus £m		Margin
General Needs Housing	67.8	64.4	32.7	33.2	48.9%
Supported Housing	12.3	12.5	1.6	2.8	13.9%
Shared Ownership	3.9	3.3	2.8	2.4	72.3%
Social Housing	84.0	80.2	37.1	38.4	44.2%
Other Activities	5.3	4.0	0.3	0.2	5.9%
Shared Ownership Sales	16.7	10.3	5.9	3.3	35.4%
Total	106.0	94.5	43.3	41.9	40.9%
Gain on disposals			0.6	0.5	
Total	106.0	94.5	43.9	42.4	41.4%

The overall social housing margin was **44.2%** for the year, operating margin net of other fixed asset sales was **40.9%** and including sales was **41.4%**, which is an excellent result for the Company and demonstrates that the core financial performance is complemented by, but not dependent on, property sales. Further analysis of social housing operating costs is shown below in the Cost per Unit section and in the notes to the accounts.

Interest and financing costs have increased in comparison to the prior year due to additional debt raised in support of the expanding development programme.

Year-end revaluation of pension assets and liabilities resulted in a charge of £6.8m which is reflected in a movement in the pension provision in the Statement of Financial Position.

Going Concern

After making all appropriate enquiries, the Board has a reasonable expectation that the Company has adequate resources to continue in operation for the foreseeable future. For this reason, the Board continues to adopt the going concern basis in preparing the Company's financial statements.

Strategic Report

Finance Review (continued)

Statement of Financial Position (page 31)

The Statement of Financial Position demonstrates the strength and capacity of the Company to continue to deliver its strategic objectives.

New development can be seen in the movement in the net book value of housing assets from £834m to £937m. The Board remains committed to delivering the Strategic Plan, particularly the target to continually add new homes against which we achieved 864 completions, bringing the combined total over the last four years to 2,477 new homes. The year-end balance includes nearly £30m relating to properties that are already on site and will contribute to future completed home targets.

Other fixed assets have increased from £41m to £50m, whilst properties held for sale have increased from £8m to £12m. Cash has increased from £13m to £27m and short term creditors have increased from £16m to £17m.

New facilities arranged in the year, together with some matched cancellation of existing facilities resulted in a net increase in long term debt of £90m.

The Pensions provision has increased by £9.6m to £33m.

The estimated value of the Company's stock on an existing use for social housing basis (EUV-SH), amounted to £831m at the year end.

Movement in the reserves balances is further explained in the [Statement of Changes in Reserves \(page 32\)](#), which shows how the net surplus for the year of £33.7m has been recorded.

There is a movement of £0.4m between the Income and Expenditure Reserve and the Revaluation Reserve resulting from Right to Buy sales and Shared Ownership Staircasing.

Events after Year-End

No events after year end have occurred which would have a material impact on the financial statements.

Strategic Report

Finance Review (continued)

Business Health: Trend Analysis

The Company's results over the last five years

	2019	2018	2017	2016	2015

Total Reserves	566.2	539.2	500.8	474.0	444.4
Return on Net Assets	7.7%	7.9%	7.9%	7.66%	7.9%

The following table highlights the Group's performance for a number of financial indicators, benchmarked against the 2018 Global Accounts for the sector using a sample of associations with stock holding of over 20,000 homes. The total sample size for comparison is 39 organisations including both LSVTs and traditional HAs. The sample was chosen to benchmark with larger organisations and to ensure that the sample was sufficiently large to enable a balanced comparison.

Key Financial Ratios:	Benchmark	2018/19	2017/18	2016/17	2015/16
Operating Margin*	28.0%	40.9%	44.3%	43.6%	41.2%
EBITDA Interest Cover	2.4	4.1	4.9	4.6	4.2
EBITDA (MRI) Interest Cover*	1.9	3.1	3.9	3.8	3.6
Cost of funds	4.3%	3.7%	3.9%	4.1%	4.1%
Gearing Ratio*	45.9%	37.7%	33.3%	31.6%	30.4%
Return on Capital Employed*	4.3%	4.3%	4.8%	5.0%	4.7%
Void Rent Loss/Turnover	1.3%	1.7%	1.3%	1.3%	1.5%
Bad Debts/Turnover	0.8%	1.1%	0.9%	0.6%	1.3%

*Calculated in accordance with Sector Scorecard / VFM metrics methodology.

Business Health: Ratio Analysis

Operating margin has reduced slightly to **41.4%**, but excluding the surplus made on the sale of housing fixed assets and disposal of investment properties, this reduces further to **40.9%**. Producing margins at these levels is a good outcome, particularly when considering the compounding effect of four years of 1% cuts to social housing rental income imposed on the sector by the Government.

Core operating margin on social housing activities remains strong at **44.2%**, but shared ownership first tranche sales only generate a margin of **35.4%**. As the proportion of shared ownership sales increases there will be a positive impact on operating surplus and cash flow, but the net operating margin will reduce due to the contribution of the lower relative margin.

Interest cover ratios have deteriorated slightly since last year due to increased debt costs, but cost of funds, which is calculated on drawn funds, has improved. All are favourable in comparison to benchmark. The Group has taken advantage of the current low interest rate environment to secure facilities at attractive rates, and the cost of funds will improve as variable rate facilities are drawn.

The Company has invested in the development of new social housing in the year, developing 864 new homes for rent and sale as mentioned above. To support this there has been an increase in debt of £70m. This has resulted in an increase in gearing in the year, but this indicator remains very favourable to benchmark and loan covenant thresholds.

Return on capital employed (ROCE) of 4.3% has reduced against the prior year figure of 4.8% but is in line with the benchmark figure of 4.3%. ROCE is calculated as operating surplus divided by net assets. As seen in the analysis above, surplus is at a similar level to the prior year but the asset base has increased with the addition of newly developed units. A full year of income has yet to be experienced on properties completed during the year, on which the full capital cost has been added to assets.

The Company's operating margins are amongst the best in the sector and considerably higher than benchmark. Despite the introduction of FRS102, there is still not a standard methodology for the presentation of asset value in statutory accounts with historical differences between valuation and historical cost bases having been embedded in the transition to FRS 102.

Void levels are slightly higher than prior years performance but are in line with the benchmark. Resources have been deployed to improve void performance and the number of empty properties at the year end was only 78.

Bad debts have increased in the year, but year end current tenant rent arrears at 2.6% compare well against the benchmark. Staffing has been increased to help support the Group's tenants manage the challenge of Universal Credit.

Strategic Report

Finance Review (continued)

Loan Covenants

Covenants are calculated at company level and continue to maintain significant headroom. There are two corporate based covenants, interest cover and gearing. In addition a minimum asset cover is required on each individual facility. Each lender determines how the loan covenant should be calculated, and the Group always monitors compliance against the most stringent covenants. The business plan is very resilient to these covenants with a significant degree of headroom now and throughout the life of the plan.

Year-end corporate covenant performance	Covenant	Actual	Met
1. Interest Cover: To demonstrate by how much net interest costs are covered by operational surplus	1.1	3.1	Yes
3. Gearing: To show the ratio of debt to the value of housing properties	65%	37%	Yes

Interest Cover

The EBITDA-MRI interest cover of 3.1 in comparison to a minimum requirement of 1.1 shows that the Company has a high level of cover and has capacity to borrow more in support of its future forecast capital expenditure. This cover has moved in from the prior year value of 3.9, which is consistent with increased debt leading to an increased cost of finance.

Gearing

The maximum amount of debt that the Group can borrow is limited by the gearing covenants shown above. The gearing measure is included in the Sector Scorecard and has been used previously to benchmark our efficiency.

Gearing has increased in the year as a result of movements in net debt and the balance sheet value of housing properties, increasing the ratio to 37.7%.

Capacity

As mentioned above the Company has stock with an estimated value of £831m on a EUV-SH basis against loan facilities of £476m. The business plan models the utilisation of the uncharged asset base going forwards, as more units are charged to raise debt in support of further development, and this new development adds to the asset base. The plan shows that the Group maintains sufficient uncharged assets to support its strategic development objectives, but also to provide further security to existing borrowing should there be any unforeseen deterioration in the asset values.

Strategic Report

Finance Review (continued)

Treasury Management

The Treasury Management Policy and strategy are reviewed annually and approved by the Board. Treasury activities are also supported by independent professional advice from Centrus Treasury Advisors. The Group maintains a risk-aware approach to its loan portfolio and seeks to ensure that sufficient liquidity is available to meet foreseeable needs whilst minimising interest on borrowings.

Liquidity

Current cash and facilities provide a high level of liquidity. Facilities of £476m are available, providing £100m headroom over the year end debt position of £376m. When added to unrestricted cash balances of £27m this provides total liquidity of £127m. The Company has a policy to maintain a minimum liquidity balance that covers 18 months of committed cash flows.

Loan Facilities	Facility	Drawn	Available	Fixed	Variable
	£M	£M	£M	£M	£M
Bond Finance	153	153	-	153	-
Bank Finance	323	135	100	198	125
Total Facilities	476	376	100	351	125
Funding mix				74%	26%

The global 'all-in' effective interest rate including margins, offset of premium, arrangement and other fees is 3.74%.

During 2019/20 further revolving Credit Facilities will be added, followed by a requirement for further funding during 2020/21. The Company is investigating the possibility of raising this from the capital markets either directly through an own-named bond.

The business plan has been subject to rigorous stress testing to ensure that the business remains resilient to future challenges. The Board has also discussed and agreed a number of mitigation strategies that can be enacted if required.

Strategic Report

Finance Review (continued)

Effective Asset Management

The following table highlights the level of investment in existing and new stock.

KPI:	BENCHMARK	2018/19	2017/18	2016/17	2015/16
Major Works Revenue £M	2.3	5.0	4.0	4.0	3.8
Major Works Capitalised £M	6.4	11.9	10.9	8.4	7.2
Total Investment £M	8.7	16.9	14.9	12.4	11
New Homes completed	162	864	733	527	353
New Homes Investment £M	29.2	103.4	78.8	57.1	39.8
Reinvestment*	7.3%	12.6%	10.76%	8.64%	6.66%

*Sector Scorecard measure

The investment in existing homes represents larger items of expenditure on replacing key structural components such as kitchens and bathrooms. This is in addition to the routine and planned expenditure of £12.9m, which takes total maintenance expenditure to £29.8m.

The indicators show the Company is committed to investing in both existing stock and in the provision of new homes. This is demonstrated by the reinvestment rate of 12.6% (a Sector Scorecard measure), which is higher than the prior year due to a relative increase in expenditure on both new and existing homes (as a percentage of total housing properties at cost, shown in Note 11). The Company has undertaken a review of a number of its schemes for older people in the year and is committed to refurbishing and in some cases, remodelling these. In addition work has commenced on one of the Company's strategic objectives to regenerate its estates and neighbourhoods. Both of these things have increased the level of capitalised major works.

The Group has reviewed the useful life expectations for key housing components and has standardised these across the Group. Work is currently ongoing to review and update stock condition data and component costs and the results of this exercise will be reflected in planning future work programmes and in updating the long term business plan. This work will also assist in the Group objective of internalising maintenance activity where it can be demonstrated that efficiencies can be made.

Units completed in the year of 864 were on target for the year and the three year total of 2,477 is in line with strategic plan objectives. The number of new units completed as a percentage of total units (a Sector Scorecard measure) was 5.0% in comparison to 4.6% in the previous year.

Strategic Report

Finance Review (continued)

Efficiency: Social Housing Cost per Unit (SHCPU)

The benchmarks are again taken from the sector global accounts 2017/18 with a sample comprising associations with more than 20,000 homes, and using the average values for comparison.

	Benchmark	Fortis	
	2017/18	2017/18	2018/19
	Benchmark		
	Actual	Actual	Actual
	£	£	£
Total social	3,882	2,666	2,803
Management	1,015	444	514
Service charge	556	450	435
Maintenance	982	755	776
Major repairs	808	946	1,015
Other social	520	71	63
Specialist units:			
Supported Housing	7.5%	0.8%	0.8%
Housing for Older People	9.6%	11.3%	10.7%
Total Social Units Managed*	37,486	15,787	16,614

*The calculations above are based on units in management. The VFM KPI on page 17 has been calculated in line with the VFM technical guidance note and uses a total of units owned and / or managed (16,662), producing a social housing cost per unit of £2,741.

The total SHCPU of £2,803 has increased by £137 in comparison to the prior year. However, the Company still outperforms the benchmark in each category except major repairs, but total maintenance spend remains within the benchmark.

As mentioned above the Company is committed to investing in its existing stock, for example by going beyond decent home standard to ensure all of its properties are energy efficient. In future years this trend is unlikely to reverse as the Company is committed to investing in some of its schemes for older people and in estate regeneration.

The RSH has identified that one of the drivers for lower CPUs across the sector is the percentage of supported and housing for older people stock. This could only partly explain why the Company outperforms the benchmark average, as 11.5% of the Company's total units were of this type, which is slightly lower than the benchmark average of 17.1%. However, 11.1% of the best quartile units were of these types, which shows that the Company has outperformed the best quartile, despite having a higher percentage of these units.

The Group is currently reviewing and updating stock condition data across all of its homes and will be updating its asset investment assumptions during 2019/20 and any increase in requirement will factor into future business plan reviews and could impact on the unit costs in future years.

Strategic Report

Value for Money (VFM)

Value for Money at Fortis Living

The Company updated the Value for Money strategy during 2016/17 to ensure that it remained fit for purpose and continued to underpin the current Strategic Plan. Achieving VFM in all that we do is an essential part of achieving our fundamental charitable objective of providing affordable housing. Platform Housing Group approved a combined VFM strategy in June 2019.

The Board recognise their responsibility for meeting the requirements of the RSH's Value for Money standard and in particular, to take a strategic approach in managing the performance of the Company's assets and the utilisation of the Company's resources. Once again the Company has met its targets to generate an increased surplus, invest in more new homes, and maintain customer satisfaction with homes and services, demonstrating the efficiency and effectiveness of the business.

Costs and performance continue to be benchmarked against relevant external sources making use of tools provided by Housemark and the Housing Quality Network (HQN) and by referencing data published by the RSH such as the global accounts and cost per unit reports. Benchmarks have been selected to compare data with a sample of similar organisations in terms of size and activity.

Targets are set for improved financial and operational performance through the annual budget and business plan and a standard set of performance indicators. Board members review performance on a quarterly basis and revise the targets on an annual basis.

Value for Money Achievements 2018/19

- Achieving an operating margin of 41% and net surplus of £33.7 million, achieved through business growth, effective asset management and tighter cost control, and despite a reduction of 1% in ongoing rental income;
- Achieving an excellent social housing operating margin of 44%;
- Reinvesting surpluses to build 864 new homes across a range of types and tenures, representing growth of 5.0%;
- Reinvesting surpluses in existing assets at a higher level than the prior year, bucking the trend for the sector to reduce investment;
- Maintaining costs whilst growing stock;
- Achieving overall customer satisfaction of 90.7%;
- Maintaining staff satisfaction at 74%;
- Managed void losses at 1.1%, achieved year end voids of only 78 homes;
- Achieved a year end position on current tenant rent arrears of 2.6%;
- Over £4 million of social gains for tenants through employment support, benefits, energy and debt advice (determined with standard HACT social value measures relating to these activities);
- Achieved an upper quartile social housing cost per unit of £2,741 for the year (Sector Scorecard measure);

Strategic Report

Value for Money (VFM) (continued)

VFM Metrics

In addition to references throughout the analysis above to the Sector Scorecard (a portfolio of standard indicators agreed across the sector to define and explain performance on an annual basis), the Value for Money Standard set by the Regulator of Social Housing sets out the expectation for a similar set of metrics to be included in the statutory accounts, and these are shown below.

The detailed financial analysis elsewhere in this strategic report set out the context for the metrics below and has included comparisons with benchmarks and trends. This section is included to ensure compliance with the revised Standard and to confirm to users of the accounts that the regulatory requirement has been met. Also included is some further benchmarking data which compares the Group results to the Upper Quartile results for the sector, firstly against the whole global accounts sample, and, secondly, against the benchmark group of organisations with more than 20,000 homes. Both samples are taken from the sector global accounts 2017/18 published by the RSH.

	Metric	2017/18	2017/18	2017/18	2018/19
		Global	Benchmark	Actual	Actual
		UQ	UQ		
1	Reinvestment	8.7%	6.7%	10.8%	12.6%
2 a	New Supply SH	2.3%	2.0%	4.6%	5.0%
b	New Supply Non SH	0.1%	0.5%	0.0%	0.0%
3	Gearing	33.1%	35.2%	33.3%	37.7%
4	EBITDA MRI	263%	244%	395%	311%
5	Headline Social Housing Cost per Unit	3,010	3,073	2,666	2,741
6 a	Operating Margin – SH	37%	40%	48%	44%
b	Operating Margin - Overall	34%	32%	44%	41%
7	Return on Capital Employed (ROCE)	5.4%	4.3%	4.8%	4.3%

The strong performance reported above and in the financial statements shows consistency with the prior year. Comparisons have been drawn with a peer group benchmark taken from a cross section of similar organisations as published in the Regulator’s Global Accounts for the sector. Company performance against all metrics, when compared to the benchmark group, is significantly better on all metrics.

The Company has a clear idea of the capacity available for future investment, as demonstrated by gearing, interest cover and operating margins, and has an excellent track record of investment in both new supply and in the improvement of existing assets.

As well as showing a commitment to new investment, the Company’s efficiency is clearly demonstrated by its strong margins and low unit costs.

Strategic Report

Value for Money (VFM) (continued)

Social Value

The Debt Prevention Team provides a holistic approach to some of our most vulnerable tenants, allowing them to cross-refer across a range of services including energy advice, benefits advice, employment support, welfare reform and debt advice. Over the last twelve months their interventions and results are as shown below:

	2018/19	2017/18
ENERGY ADVICE: Warm home discounts and grants	£76,765	£70,495
WELFARE BENEFITS ADVICE: Benefits awarded	£1,966,051	£2,273,761
EMPLOYMENT SUPPORT: Job Outcomes	58	77
EMPLOYMENT SUPPORT: Job Club visits	1,173	941
DEBT ADVICE: Tenants Supported	187	150

The Company participates in the **Experian Rental Exchange** initiative, which aims to tackle the financial, digital and social exclusion challenges that rental tenants often face compared to homeowners. By using rental payment data in the same way as mortgage payment data, rent payment history can count towards an individual's credit history and improve their credit score, thus allowing access to more affordable financial products.

By using the HACT Wellbeing Valuation methodology to improve reporting and clarify the purpose of interventions, the team has been able to assign a Social Value to a number of our activities:

Service	HACT Social Value 2019 (£)	HACT Social Value 2018 (£)
Energy Advice	3,562,906	3,118,918
Benefit Advice	542,157	559,274
Employment Support	455,190	336,140
Debt Advice	27,228	44,852
Total	4,587,481	4,059,184

These results are one of a variety of tools used to measure the value of each service. The values quoted are a perceived social value created on top of the actual financial gains and activity based outcomes reported above.

The total investment in the team is c £200k, net of £50k grant received, which may only amount to a penny in every pound of operating surplus, but this investment in community activities generates a Social Return on Investment (using the HACT Wellbeing Valuation) of £4m, a Social Return of £20 for each £1 invested.

The Company also participates in a lottery funded **Building Better Opportunities** programme, which manages caseloads of 'hard to help tenants' to address significant issues holding them back from work such as criminal records, substance abuse issues or health issues. Desired outcomes include moving into training and seeking or obtaining employment.

Strategic Report

Value for Money (VFM) (continued)

Future VFM Priorities

The Board has agreed a set of high level performance indicators and set targets for each indicator. Performance against these indicators is closely monitored and achievement of these targets represents a contribution to value added by the business. One of the highest priority items is to increase the Group target for new homes completions to 1,640 for 2019/20.

A central project management team has been established to assist and manage the delivery of key projects across the Group, some of which are mentioned in the priority list below.

VFM initiatives over the next 12 months include:

- Deliver against all strategic KPIs;
- Extend the mobile working solution for In House Repairs teams across the Group;
- Review external maintenance expenditure and insource work programmes to the in house Property Care business;
- Extend the mobile working solution for Housing Management teams across the Group;
- Continue to source low cost funding by considering :
 - Funding through an own named bond,
 - Further funding through the bLEND aggregator,
 - Funding through another round of Affordable Housing Finance underwritten by the government;
 - Review of the Private Placement market
- Deliver against the merger business case planned efficiencies by setting a 1% per annum savings target on all operating budgets;
- Continue to integrate teams across the Group;
- Continue to harmonise working practices across the Group;
- Continue to integrate key ICT applications across the Group;
- Further strengthen our performance management with the introduction of more use of Business intelligence solutions;

Overall VFM assessment

The information provided in this strategic report demonstrates that Fortis Living Limited complies with the Regulator's VFM standard.

We have:

- VFM embedded in our strategic plan;
- Robust decision making on the use of resources;
- An understanding of the costs and outcomes of delivering our services; and
- Commentary included within the financial statements against all elements of the Sector Scorecard and the revised Value for Money Standard

The added value that we achieve is used to improve services and support the delivery of more sustainable homes for our communities.

Strategic Report

Risk Management

Risks that prevent the Company achieving its objectives are considered and reviewed regularly by the Management Team and the Board as part of the corporate planning process. The risks are assessed in terms of their impact and probability. The top strategic risks going forward are considered below:-

Business Area	Risk	Mitigation Strategies
Growth	Failure to deliver new homes target or to deliver homes funded by grant	Effective business planning with an approved envelope of expenditure. Work closely with developers in relation to potential opportunities. Scheme identification, appraisal and monitoring. Retention of key development teams.
Income Management	Less predictable income, Welfare Reform leads to reduced income.	Review of all rent collection processes and teams. Business Plan includes sensitivities to anticipate potential increase in arrears and bad debts. Increased resource deployed to assist customers moving to Universal Credit.
Business Continuity and Data Loss	Risk of failure by accident, inappropriate use or malicious activity	Resilience through business continuity and disaster recovery plans coupled with regular training and communication on data issues.
H&S: Housing assets and staff	Failure to comply with health and safety obligations as a landlord and employer.	Health and Safety policies and procedures are in place, risk assessments are carried out effectively, staff are trained in H&S risk, backed up by a funded asset management strategy.
Legal/reputational	Failure to maintain compliance with legal and regulatory framework.	Increased focus on property compliance reporting internally which overlaps with customer health and safety compliance.
Economic Uncertainty	Failure to effectively monitor, anticipate and respond to changes in the external environment.	Managers across the organisation have well-developed systems in place to keep them abreast of the impact of external changes affecting their areas of responsibility. High level economic risk is modelled in business plan stress tests.
Governance	Board has appropriate skills to meet new Regulatory requirements during Board renewal.	Board appraisals and performance reviews are carried out annually. Robust succession, recruitment, induction and training of new Board members. Succession Plan.
Customers	Failure to consider the customer voice, or deliver effective services	New customer experience strategy and review of the Group's promises to customers will be undertaken during 2019/20.
Merger	Failure to deliver expected benefits.	Close performance monitoring has ensured that "business as usual" performance has been maintained but the focus will now be on delivering merger efficiencies.

Strategic Report

Risk Management (continued)

A new Group wide Risk and Performance Group consisting of senior managers ensures that operational risks are reviewed regularly and monitored. Responsibility for individual risk management is firmly embedded through the roles and responsibilities of the relevant Risk Managers who each take responsibility for the control environment within their functions.

Further assurance of the adequacy of the Group risk maps has been provided by Internal Auditors who attend each meeting of the Group Audit & Risk Committee and who provide an annual report on risk and controls assurance.

Welfare Reform and its impact on income is high on our current Risk Register and rent collection processes have again been improved as the previous separate teams have been combined. The focus on increasing the number of tenants who pay rent by direct debit has been continued and the reduction of 1% per annum on rents for the four years 2016/2020 has been accommodated in the business plan. This rent loss is partly mitigated by a strong development programme generating regular new income.

The rent loss through voids continues to be a key efficiency target and longer term asset management decisions may need to be made on some of these sheltered housing schemes with high void levels. One scheme is currently undergoing demolition and re-provision and a number of others are undergoing improvement work to maximise their potential.

In order to test and manage financial risks, the Group has analysed a variety of sensitivity tests against the business plan including; rent inflation, cost inflation, voids/bad debts, interest rates, sales margins and development volumes.

The business plan is subject to a number of stress tests, each of which represents a combination of risks from the risk register, to determine whether they would cause 'significant financial distress' under the Regulator's Governance and Financial Viability Standard. The stresses are chosen to represent a range of extreme variations in the operating environment. A 'Perfect Storm' scenario is also analysed which combines all of the individual tests.

A series of mitigating activities has also been tested for their impact against the stress tests, but the most significant variable is the Group's development programme. Mitigation actions can include changing the mix within the development programme and/or reducing the number of homes to be delivered.

Emerging Risk

Following a due diligence process, the Platform Housing Group merger was completed successfully but there are still risks attached to any failure to deliver against the objectives in the merger business case. The Board will ensure that performance is maintained during the integration process and that the benefits of the new partnership are delivered.

The Board has noted the continued uncertainty created by Brexit and will monitor closely any potential impacts on the sector as a result of the recent change in Prime Minister, and the impact of any Brexit strategy.

In accordance with the new Group Risk Management Policy approved by Boards in March 2019, all reports to Boards include a context specific 'risk assessment' with commentary signposted to the relevant section(s) of the Corporate Risk and Assurance Framework.

Strategic Report

Corporate Governance

The Company is governed by a Common Board across Platform Housing Group Limited, Fortis Living Limited and Waterloo Housing Group Limited. Board Terms of Reference are reviewed annually for the Board and its committees.

The Board Membership comprises former members of the Fortis Living Group and Waterloo Housing Group Boards, all of whom were appointed on 1st October 2018. On formation of Platform Housing Group a number of Board Members from the former Groups retired during September 2018:

Fortis Living Group		Waterloo Housing Group	
Fiona Penhallurick	01/10/2018	Janet Ford	18/09/2018
Aaron John	01/10/2018	Joanne Broderick	18/09/2018
Stuart Allen	01/10/2018		

Board Members are non-executive and are Directors for legal purposes. They are drawn from a wide background, bringing together professional, commercial and local experience, and are remunerated for services performed for the Group. Insurance policies indemnify Board Members and Officers against liability when acting for the Group. The current Board was formed from the membership of the former Fortis Living and Waterloo Boards.

The Executive Directors act as executives within the authority delegated by the Board, and the remuneration of the Executive Directors is reviewed by the Board.

During and at the end of the 2018/19 financial year, none of the Group's directors had an interest in any material transaction in relation to the Group's business and none have an interest in any presently proposed material transactions.

Regulatory Compliance

The Regulatory Framework includes a requirement that all RPs remain compliant with the Governance and Financial Viability Standard, assess their compliance with the Standard at least once a year and certify compliance in their Financial Statements.

A detailed self-assessment against the Standard was considered by the Fortis Living Board in May 2018 and the Board approved Fortis Living's compliance with all areas of the Standard.

The Assets & Liabilities Register is constantly updated and is regularly reviewed as part of the Board Assurance Programme to confirm that the Register continues to meet the requirements of the Governance and Financial Viability Standard.

Fortis Living considers it has taken reasonable measures to assure itself that it meets the Standard.

Following its formation in October 2018, the Group received confirmation from the RSH that it had maintained its Regulatory Judgements, as follows:-

- **Governance G1** - The provider meets the requirements on governance as set out in the Governance and Viability Standard.
- **Viability V1** - The provider meets the requirements on viability set out in the Governance and Financial Viability Standard and has the capacity to mitigate its exposures effectively.

Code of Governance

The Regulatory Framework makes it clear that responsibility for meeting the regulatory standards lies with the Board and that the Board is under an obligation to adopt and comply with a recognised Governance Code.

The Board has adopted, and complies with the principal recommendations of, both the NHF Code of Governance (2015) and Code of Conduct in all material respects except that the terms of office for two Board Members has been extended for a short period until the AGM in September 2019 in order to maintain the continuity of key skills during the initial stages of merger. Recruitment of new Board Members is in progress and there is a planned programme for board renewal. The Board has also adopted the NHF Voluntary Code for housing association mergers, group structures and partnerships.

The Board has three standing committees in operation.

The Group Audit & Risk Committee's role is to oversee the work of internal and external auditors and to monitor the Group's arrangements for internal control, risk management and assurance. The Committee meets at least four times per year and is responsible for the review of the annual financial statements for all Group companies prior to consideration and approval by the Boards.

The Remuneration Committee's responsibilities include appointment and remuneration of the Board, the Group Chief Executive and Group Executive Team.

The Treasury Committee is responsible for key treasury decisions in between Board Meetings, as delegated by the Board.

We are committed to customer engagement and scrutiny of our services and have recently reviewed our customer engagement model to ensure that there are even more ways for customers to share their views and feedback with us and get involved in ways that suit them.

Customer feedback is used in policy development and was specifically used for the review of our Complaints, Keeping Pets and Animals, Leasehold, Diversity and Inclusion, Arrears Recovery, Antisocial Behaviour and Hate Crime policies.

Health and Safety

The Board is aware of its responsibilities on all matters relating to health and safety, and detailed policies have been prepared. These are reviewed annually and staff training and education on health and safety matters is regularly provided. The Group seeks to ensure, as far as is reasonably possible, the health, safety and welfare of all employees.

Strategic Report

Internal Control Statement

The Board has overall responsibility for establishing and maintaining the whole system of internal control and reviewing its effectiveness.

The Board recognises that no system of internal control can provide absolute assurance against material misstatement or loss or eliminate all risk of failure to achieve business objectives. The system of internal control is designed to manage key risks and to provide reasonable, but not absolute, assurance that planned business objectives and expected outcomes are achieved. It also exists to give reasonable assurance about the preparation and reliability of financial information and the safeguarding of the Group's assets and interests.

In meeting its responsibilities, the Board has adopted a risk-based approach to internal controls, which are embedded within the normal management and governance processes. This approach includes the regular evaluation of the nature and extent of risks to which the Group is exposed and is consistent with good practice.

The Group Audit & Risk Committee is responsible for monitoring the risk management and internal control processes and reports to the Group Board on the efficacy of the process.

The process adopted by the Board in reviewing the effectiveness of the system of internal control, together with some of the key elements of the control framework includes:

Identification and Evaluation of Key Risks

Management responsibility has been clearly defined for the identification, evaluation and control of significant risks. There is a formal and ongoing process of management review in each area of the Group's activities. An internal Risk Management Review Group regularly considers and delivers reports on significant risks facing the Group and the Board receives regular reports on changes affecting key risks.

Environment and Control Procedures

The Board retains responsibility for a defined range of issues covering strategic, financial and compliance issues including treasury management and new investment projects. There are governance arrangements in place, including policies and procedures, which cover issues such as delegated authority, segregation of duties, accounting, treasury management, health and safety, data and asset protection, and fraud prevention and detection.

Information and Financial Reporting Systems

Financial reporting procedures include detailed annual budgets, detailed management accounts including forecasts for the year, and detailed treasury reports. These are reviewed in detail by the Group Executive Team and considered and approved by the Board each quarter. The Board also regularly reviews key performance indicators to assess progress towards the achievement of key business objectives, targets and outcomes.

Internal Control Statement (continued)

Business Planning, Budgeting and Reporting

The Platform Housing Group Strategic Plan for the period 2018-23, which was approved by Boards in October 2018, sets out clear targets for the Group. This is supported by a 30- year financial plan which is updated at least twice each year. Economic assumptions are approved by the Boards and are subject to sensitivity testing. The plan is then subjected to comprehensive stress tests that are linked to the Group's risk register. The Boards have also considered mitigation strategies to deal with the materialisation of any stress factors.

Monitoring and Corrective Action

The internal control framework and risk management process is subject to regular review and is supported by internal and external auditors who are responsible for providing independent assurance to the Group Executive Team and Group Audit & Risk Committee and Board Members respectively. There is a formal process for the reporting and correction of significant control weaknesses. The Group Audit & Risk Committee considers internal control, risk and fraud at each of its meetings during the year.

The Group Audit & Risk Committee conducts an annual review and produces an annual report for the Board of the effectiveness of the system of internal control and considers any changes needed to maintain the effectiveness of the risk management and control process. The Board has received this report and confirms that there is a robust and on-going process for identifying, evaluating and managing significant risks faced by the Group. This process has been in place throughout the year under review, up to the date of the annual report, and is regularly reviewed by the Board.

Statement of the Responsibilities of the Board for the Financial Statements

The Board is responsible for ensuring that the Report of the Board is prepared in accordance with the Statement of Recommended Practice 2018: "Accounting by registered social housing providers".

The Co-operative and Community Benefit Societies Act 2014 and registered social housing legislation require the Board to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Group and of the Income and Expenditure for the period of account. In preparing these financial statements, the Board is required to:

1. Select suitable accounting policies and then apply them consistently,
2. Make judgements and estimates that are reasonable and prudent,
3. State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
4. Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Board is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and enable it to ensure that the financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2019. It has general responsibility for taking reasonable steps to safeguard the assets of the Company and to prevent and detect fraud and other irregularities, by establishing and maintaining a satisfactory system of control over the Company's accounting records, cash holdings, receipts and remittances.

Disclosure of Information to Auditors

The Board Members who held office at the date of approval of this board report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditors are unaware and each Board Member has taken all the steps that they ought to have taken as a board member to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

External Auditors

A resolution to reappoint Beever and Struthers, Chartered Accountants will be proposed at the annual general meeting.

Public Benefit Entity

As a Public Benefit Entity, The Company has applied the public benefit entity 'PBE' prefixed paragraphs of FRS102.

Statement of Compliance

The Board confirms that this Strategic Report has been prepared in accordance with the principles set out in Para 4.7 of the 2018 SORP for Registered Social Housing Providers.

The Strategic Report of the Board was approved by the Board on 17 September 2019 and signed on its behalf by:

DENNIS SLEATH (Chair)

Independent Auditor's Report to the Members of Fortis Living Limited

Opinion

We have audited the financial statements of Fortis Living Limited "the association" for the year ended 31 March 2019 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Reserves and notes to the financial statements including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Group and Association's affairs as at 31 March 2019 and of its surplus for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Cooperative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2015.

Basis for opinion

We conducted our audit in accordance with International Standards on auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the association in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report to you in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Board of Management's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Board of Management have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the association's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Independent Auditor's Report to the Members of Fortis Living Limited

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The Board of Management is responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which Cooperative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- a satisfactory system of control over transactions has not been maintained; or
- the association has not kept proper accounting records; or
- the financial statements are not in agreement with the books of account; or
- we have not received all the information and explanations we require for our audit.

Independent Auditor's Report to the Members of Fortis Living Limited

Responsibilities of the Board of Management

As explained more fully in the Statement of Board's Responsibilities set out on page 26, the Board are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Board of Management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Management are responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Management either intend to liquidate the association or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's web-site at <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the association's members, as a body, in accordance with section 87 of the Cooperative and Community Benefit Societies Act 2014. Our audit work has been undertaken so that we might state to the association's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the association and the association's members as a body for our audit work, for this report, or for the opinions we have formed.

Beever and Struthers

Beever and Struthers, Statutory Auditor

Notes to the Financial Statements 2019

Legal Status

Fortis Living Limited is incorporated in England under the Co-operative and Community Benefit Societies Act 2014 and is registered with the Regulator of Social Housing as a Private Registered Provider of Social Housing. The registered office is 1700 Solihull Parkway, Birmingham Business Park, Solihull, B37 7YD. The principal activity of Fortis Living Limited is to provide social housing.

Fortis Living Limited is part of the Platform Housing Group.

1. Principal Accounting Policies

Basis of Accounting

The Company's financial statements have been prepared in accordance with applicable United Kingdom Accounting Generally Accepted Accounting Practice (UK GAAP), the Statement of Recommended Practice for registered housing providers: Housing SORP 2014 and Financial Reporting Standard 102 ("FRS 102").

The financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2015. Following the implementation of FRS 102, housing properties are stated at deemed cost at the date of transition and additions are recorded at cost. Investment properties are recorded at valuation. The accounts are presented in sterling and are rounded to the nearest £1,000.

As a Public Benefit Entity, the Company has applied the 'PBE' prefixed paragraphs of FRS102.

Basis of consolidation

The financial statements do not consolidate the results of Worcestershire Telecare or Central Housing Investment Consortium, as the Company has no direct rights to assets or surpluses of these companies and limited liability as regards debts or losses. Details of the arrangements can be found in note 30 to the Financial Statements.

Going concern

The Company's financial statements have been prepared on a going concern basis which assumes an ability to continue operating for the foreseeable future. Government's announcements in July 2015 impacting on the future income of the Company have led to a reassessment of the Company's business plan as well as an assessment of imminent or likely future breach in borrowing covenants. No significant concerns have been noted and it is considered appropriate to continue to prepare the financial statements on a going concern basis.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the Statement of Financial Position date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

- a. Overhead Apportionment.** With closer scrutiny of Social Housing Cost per Unit (SHCPU), and the elements that make up the total SHCPU, the overhead allocation methodology has been reviewed with the result that there has been some re-apportionment of costs previously disclosed within Management Costs. The fundamental purpose is to disclose the full cost per activity, a knowledge of which needs to be demonstrated in order to comply with Viability and VFM standards. The exercise results in the capitalisation of some overheads to Development, and some to Maintenance; and to allocate the balance across categories disclosed in Note 3. The maintenance cost element still appears in analysis of SHCPU since capitalised repairs costs are added back to arrive at Maintenance CPU.
- b. Categorisation of housing properties.** The Company has undertaken a detailed review of the intended use of all housing properties. In determining the intended use, the Company has considered if the asset is held for social benefit or to earn commercial rentals. The Company has determined that market rented property and student accommodation are investment properties. Following the implementation of FRS 102, housing properties have been stated at a “deemed cost” at the date of transition based on the 2014 valuation and additions are recorded at cost.
- c. Pension and other post-employment benefits.** The cost of defined benefit pension plans and other post-employment benefits are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and the long term nature of these plans, such estimates are subject to significant uncertainty. In determining the appropriate discount rate, management considers the interest rates of corporate bonds in the respective currency with at least AA rating, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation. The underlying bonds are further reviewed for quality, and those having excessive credit spreads are removed from the population bonds on which the discount rate is based, on the basis that they do not represent high quality bonds. The mortality rate is based on publicly available mortality tables for the specific sector. Future salary increases and pension increases are based on expected future inflation rates for the respective sector. Further details are given in note 23.
- d. Development expenditure.** The Company capitalises development expenditure in accordance with the accounting policy described on page 39. Initial capitalisation of costs is based on management’s judgement that a development scheme is confirmed. In determining whether a project is likely to cease, management monitors the development and considers if changes have occurred that result in impairment.
- e. Financial Instruments.** The Company has adopted the recognition and measurement requirements of IAS 39 plus the disclosure requirements of FRS 102 sections 11 and 12 for all of its financial instruments.

Notes to the Financial Statements 2019
1. Principal Accounting Policies (continued)
Other key sources of estimation and assumptions

- a. Tangible fixed assets.** Other than investment properties, tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.
- b. Revaluation of investment properties.** The Company carries its investment property at fair value, with changes in fair value being recognised in the Statement of Comprehensive Income. The Company engaged independent valuation specialists to determine the value which was based on a discounted cash flow model. The determined fair value of the investment property is most sensitive to the estimated yield as well as the long term vacancy rate. The key assumptions used to determine the fair value of investment property are further explained in note 13.
- c. Impairment of non-financial assets.** A review for impairment indicators of housing properties is carried out annually and any impairment loss is recognised by a charge to the Statement of Comprehensive Income. Impairment is recognised where the carrying value of a cash generating unit exceeds the higher of its net realisable value or its value in use.
- d. Impairment of Financial Assets.** Financial assets are assessed at each reporting date to determine whether there is any objective evidence that a financial asset or group of financial assets is impaired. If there is objective evidence of impairment, an impairment loss is recognised in the Statement of Comprehensive Income immediately. The impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate.
- e. Provision for Bad Debts.** A provision is made for rent, service charges and other income based on the age and type of the debt.

Current Tenants	Provision
Average age of arrears	
Less than 30 days	0%
30 to 60 days	10%
60 to 90 days	25%
90 to 120 days	50%
120 days to 150 days	75%
150 days to 180 days	85%
Greater than 180 days	100%
Former Tenants	100%
Other Income over 180 days	100%

- f. Accounting for the Social Housing Pension Scheme ('SHPS').** The Board's view, considering the guidance listed in FRED 71 and guidance issued by the National Housing Federation, is that the difference between the deficit funding agreement previously recognised in relation to SHPS, and the net defined benefit deficit, should be recognised in Other Comprehensive Income. The relevant date to apply the adjustment is judged to be 1 April 2018, as TPT Retirement Solutions does not have data to provide sufficient information before the date 31 March 2018.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Acquisition accounting

Stanhope Court (Worcester) Housing Association Limited has been included in the financial statements using the acquisition method of accounting. Accordingly the statement of comprehensive income and statement of cash flows include the results and cash flows of Stanhope Court (Worcester) Housing Association Limited from its acquisition on 21 July 2017. The purchase consideration has been allocated to the assets and liabilities on the basis of fair value at the date of acquisition.

Goodwill

Goodwill arising on an acquisition of a subsidiary undertaking is the difference between the fair value of the consideration paid and the fair value of the assets and liabilities acquired. Subsequently goodwill is carried at cost less accumulated amortisation and impairment losses.

Amortisation of the fair value uplift is calculated on the straight line basis over the estimated useful life. The Company establishes a reliable estimate of the useful life of the fair value uplift arising on business combinations based on a variety of factors such as the expected use of the acquired business, the expected useful life of the cash generating units to which the fair value uplift is attributed, any legal, regulatory or contractual provisions that can limit useful life and assumptions that market participants would consider in respect of similar businesses. The useful economic life of the fair value uplift is 100 years. The excess of assets over liabilities is recognised as income in the year of acquisition.

Turnover

Turnover represents rental income receivable, amortised capital grant, revenue grants from local authorities and Homes England, income from shared ownership first tranche sales and other properties developed for outright sale and other income and are recognised in relation to the period when the goods or services have been supplied.

Rental income is recognised when the property is available for let, net of voids. Income from property sales is recognised on legal completion.

Sales of properties developed for outright sale are included in Turnover and Cost of Sales.

Service charges

Service charge income and costs are recognised on an accruals basis. The Company operates both fixed and variable service charges on a scheme by scheme basis. Where variable service charges are used the income will include the surplus or deficit from prior years. Until these are returned or recovered they are held as creditors or debtors in the Statement of Financial Position.

Where periodic expenditure is required a sinking fund or reserve fund may be built up over the years; until these costs are incurred this liability is held in the Statement of Financial Position within long term creditors.

Holiday pay accrual

A liability is recognised to the extent of any unused holiday pay entitlement which has accrued at the Statement of Financial Position date and carried forward to future periods, where material. This is measured at the undiscounted salary cost of the future holiday entitlement so accrued at the year end.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Apportionment of overheads to group members

Central overheads are recharged at cost from Fortis Living Limited to Fortis Property Care using the apportionment methods detailed below:

Cost Category	Apportionment Method
Corporate Services	Time allocation
Finance and ICT	Time allocation
Human Resources	Employee headcount
Training	Historical spend
Office running costs	Floor area

Retirement benefits

The cost of providing retirement pensions and related benefits is charged over the periods benefiting from the employees' services.

The company participates in the Social Housing Pension Scheme ('SHPS'), a defined benefit multi-employer pension scheme administered by TPT Retirement Solutions ('TPT'). Historically, TPT has not been able to provide sufficient information for each social landlord's share of SHPS to allow defined benefit accounting to be applied. Instead, in accordance with FRS 102 paragraphs 28.11 and 28.11A and Housing SORP paragraphs 15.9 to 15.12, SHPS has been accounted for as a defined contribution scheme and recognised a liability for the present value of the landlord's deficit funding agreement.

Following changes made to systems and processes by TPT, sufficient information is now available for SHPS. In January 2019, the Financial Reporting Council issued FRED 71 ('Draft amendments to FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland – Multi-employer defined benefit plans.') which provides proposed changes to FRS 102 on this issue.

Consistent with the guidance in FRED 71 paragraph 4 (FRS 102 paragraph 28.11B), the difference the deficit funding liability and the net defined benefit deficit for SHPS has been recognised in Other Comprehensive Income. This constitutes a change in accounting policy. Further disclosures on this are included in note 23.

Leased Assets

Where assets are financed by leasing agreements that give rights approximating to ownership (finance leases), they are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable over the term of the lease. The corresponding leasing commitments are shown as obligations to the lessor in creditors. They are depreciated over the shorter of the lease term and their economic useful lives.

Lease payments are analysed between capital and interest components so that the interest element of the payment is charged to the Statement of Comprehensive Income over the term of the lease and is calculated so that it represents a constant proportion of the balance of capital repayments outstanding. The capital part reduces the amounts payable to the lessor.

Other leases are treated as operating leases and payments are charged to the Statement of Comprehensive Income on a straight-line basis over the term of the lease.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Property Sales

Under shared ownership arrangements, the Company disposes of a long lease of shared ownership housing units to persons who occupy them, at a lease premium equal to between 25% and 75% of open market value. The occupier has the right to purchase further proportions at the then current valuation up to 100%. Subsequent tranches sold (“staircasing sales”) are reflected in the Statement of Comprehensive Income as a surplus or deficit on sale of fixed assets.

Under right to buy arrangements the Company disposes of properties outright to qualifying tenants and the resulting surplus is reflected in the Statement of Comprehensive Income.

There are clawback agreements with City of Worcester, Malvern Hills District Council and Wychavon District Council, whereby the surplus or deficit is calculated by comparing the net proceeds received by the Company with the book value of the property sold.

Financing costs

Finance interest, transaction costs and associated premium or discount are charged to the Statement of Comprehensive Income using either the effective interest rate (EIR) method or on a straight line basis where not materially different. The EIR method spreads all associated costs over the life of the instrument by comparing the borrowing amount at initial recognition and amount at maturity.

Financial assets

Financial assets are defined as cash or any asset that is a contractual right to receive cash or another financial asset from another entity, or a contractual right to exchange financial instruments with another entity under conditions that are potentially favourable, or an equity instrument of another entity. The Company categorises its financial assets as:

- Loans and receivables; and
- Available-for-sale financial assets.

Loans and receivables are assets with fixed or determinable payments that are not quoted on an active market. These are initially recognised at fair value plus transaction costs and subsequently at amortised cost. Examples of loans and receivables include tenant arrears, unlisted investments, sundry debtors and cash at bank and in hand.

Available-for-sale financial assets are initially recognised at fair value plus transaction costs, which is effectively historical cost. At each Statement of Financial Position date they are re-measured at fair value and movements are recorded in equity reserves and in the Statement of Comprehensive Income when the reserves are fully utilised. Listed investments are considered to be available-for-sale assets.

Financial liabilities

Financial liabilities are defined as any liability that is a contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial instruments with another entity under conditions that are potentially unfavourable. The financial liabilities of the Company are classed as:

- Financial liabilities at fair value through profit and loss; and
- Other financial liabilities.

Other financial liabilities are all financial liabilities that have value to the supplying party, for instance debt finance, trade creditors, other creditors and accruals. They are valued at fair value at inception and then amortised cost subsequently.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Categorisation of debt

The Company's debt has been treated as "basic" in accordance with paragraphs 11.8 and 11.9 of FRS 102. The Company has some fixed rate loans which have a two-way break clause (i.e. in addition to compensation being payable by a borrower to a lender if a loan is prepaid where the prevailing fixed rate is lower than the existing loan's fixed rate, compensation could be payable by the lender to the borrower in the event that a loan is prepaid and the prevailing fixed rate is higher than the existing loan's fixed rate).

The Financial Reporting Council (FRC) issued a statement on 2 June 2016 in respect of such loans with no prescriptive direction as to whether they should be classified as "basic" or "non basic". On the grounds that the Association believes the recognition of each debt liability at cost provides a more transparent and understandable position of the Association's financial position and that each loan still satisfies the requirements of paragraphs 11.8 and 11.9 of FRS 102, the Association has retained its "basic" treatment of its debt following the FRC announcement.

Taxation

- a. Value Added Tax (VAT).** The Company is registered for VAT and charges VAT on some of its income and is able to recover part of the VAT it incurs on expenditure. The financial statements include VAT to the extent that it is suffered by the Company and not recoverable from HM Revenue and Customs. The balance of VAT payable or recoverable at the year end is included as a current liability or asset.
- b. Deferred Taxation.** Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:
- deferred tax is not recognised on timing differences arising on revalued properties unless the Company has entered into a binding sale agreement and is not proposing to take advantage of rollover relief; and
 - the recognition of deferred tax assets is limited to the extent that the Company anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Deferred tax balances are not disclosed.

Housing properties

Tangible fixed assets are stated at cost, less accumulated depreciation. Housing properties under construction are stated at cost and are not depreciated. These are reclassified as housing properties on practical completion of construction. Freehold land is not depreciated.

Where a housing property comprises two or more major components with substantially different useful economic lives (UELS), each component is accounted for separately and depreciated over its individual UEL. Expenditure relating to subsequent replacement or renewal of components is capitalised as incurred. Expenditure incurred on responsive and cyclical repairs to the housing stock is expensed to the Statement of Comprehensive Income in the year in which it is incurred.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Housing properties (continued)

The Company depreciates freehold housing properties by component on a straight-line basis over the estimated UELs of the component categories. UELs for identified components are as follows:

Component	Useful Economic Life
Housing structure	100 years
Housing structure (non-traditional)	20 years
Cladding	40 years
Bathrooms	30 years
Heating systems	30 years
Kitchens	20 years
Lifts	25 years
Roofs	70 years
Windows and Doors	30 years
Gutters and Fascias	25 years
Door entry and security systems	15 years
Electrics	30 years
Boilers, Air source heat pumps and solar panels	15 years
Photo-voltaic panels	20 years

The Company depreciates housing properties held on long leases in the same manner as freehold properties, except where the unexpired lease term is shorter than the longest component life envisaged, in which case the unexpired term of the lease is adopted as the useful economic life of the relevant component category.

Shared ownership properties

All completed properties are split proportionally between fixed and current assets in line with the expectation relating to the first tranche sale percentage. The expected first tranche proportion is classified as a current asset until the point of the first tranche sale. The current asset is then transferred to cost of sale and matched against sales proceeds to generate the surplus on disposal within the Statement of Comprehensive Income. The remaining element of the asset is classified as a fixed asset and included within housing properties.

Capitalisation of interest and administration costs

Interest on loans financing development is capitalised up to the date of the completion of the scheme and only when development activity is in progress.

Administration costs relating to development activities are capitalised only to the extent that they are incremental to the development process and directly attributable to bringing the property into its intended use.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Property managed by agents

Where the Company carries the majority of the financial risk on property managed by agents, all income and expenditure arising from the property is included in the Statement of Comprehensive Income.

Where the agency carries the majority of the financial risk, the Statement of Comprehensive Income includes only that income and expenditure that relates solely to the Company.

In both cases, the assets and associated liabilities are included in the Company's Statement of Financial Position.

Other tangible fixed assets

Depreciation is charged on a straight line basis over the asset's useful economic life as shown below:

Other fixed asset	Useful economic life
Office premises	100 years
Office premises components	Between 15 and 50 years
Furniture, fixtures and fittings	5 years
Computer equipment	4 years
Computer software	5 years
Mobile office	7 years
Motor vehicles	Between 5 and 7 years
Plant and machinery	Between 4 and 30 years

Other tangible fixed assets under construction are stated at cost and are not depreciated. Freehold land is not depreciated.

Investment property

Investment property includes commercial and other properties not held for the social benefit of the Company. Investment property is measured at cost on initial recognition, which includes purchase cost and any directly attributable expenditure, and subsequently at fair value at the reporting date. Fair value is determined annually by external valuers and derived from the current market rents and investment property yields for comparable real estate, adjusted if necessary for any difference in the nature, location or condition of the specific asset. No depreciation is provided. Changes in fair value are recognised in the Statement of Comprehensive Income.

Homebuy

Homebuy loans are treated as concessionary loans and are initially recognised at the amount paid to the purchaser and reviewed annually for impairment. The associated Homebuy grant from Homes England is recognised as deferred income until the loan is redeemed.

The Company operated this scheme by lending a percentage of the cost to home purchasers, secured on the property. The loans are interest free and repayable only on the sale of the property. On a sale, the fixed percentage of the proceeds is repaid. The loans are financed by an equal amount of Social Housing Grant (SHG). On redemption:

- The SHG is recycled;
- The SHG is written off, if a loss occurs; and
- The Company keeps any surplus.

Notes to the Financial Statements 2019

1 Principal Accounting Policies (continued)

Festival Property Purchase (FPP)

Following the loss of Zone Agent Status the Company introduced its own equivalent Homebuy product, **Festival Property Purchase**. These transactions were generally not grant aided but provided opportunities to purchasers on a similar basis to the previous Homebuy product. In certain circumstances the loans were funded by local authority grant and where this is the case, these grants are recognised as deferred income until the loan is redeemed. The scheme was closed in 2009/2010.

The Company provided loans of 25% of the purchase price of a property, to qualifying individuals, and the loans are included in Homebuy Loans Receivable. No monthly repayments are made on the loan, however it is only available for a maximum of ten years or until the property is sold, whichever is the sooner. The Company is currently proposing to extend the scheme period for a further ten years.

These loans are secured by second charges on the properties and therefore, falls in the value could directly affect the recoverability of these loans. Because of this exposure, the loan balance is reviewed against property values annually and where required, a provision for losses is made in the Statement of Comprehensive Income.

Fixed asset investments

Investments held as fixed assets are stated at cost less provision for any permanent diminution in value. Investments held as current assets are stated at the lower of cost and net realisable value. Any investments listed on a recognised stock exchange are stated at market value.

Stocks and properties held for sale

Stocks of materials are stated at the lower of cost and net realisable value being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads. Properties developed and intended for outright sale are included in current assets, at the lower of cost or estimated selling price less costs to complete and sell.

At each reporting date, stock and properties held for sale are assessed for impairment. If there is evidence of impairment, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in the Statement of Comprehensive Income.

Current asset investments

Current asset investments include cash and cash equivalents invested for periods of more than 24 hours. They are recognised initially at cost and subsequently at fair value at the reporting date. Any change in valuation between reporting dates is recognised in the Statement of Comprehensive Income.

Short-term debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the Statement of Comprehensive Income in other operating expenditure.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Social Housing Grant (SHG) and other government grants

Where developments have been financed wholly or partly by Social Housing Grant (SHG) and other grants, the amount of the grant received has been included as deferred income and recognised in turnover over the estimated useful life of the associated asset structure (not land), under the accruals model. SHG received for items of cost written off in the Statement of Comprehensive Income is included as part of turnover. Grants received prior to FRS 102 transition date have been recognised in the Income and Expenditure Reserve.

When grant in respect of housing properties in the course of construction exceeds the total cost to date of those housing properties, the excess is shown as a current liability.

SHG must be recycled by the Company under certain conditions, if a property is sold, or if another relevant event takes place. In these cases, the SHG can be used for projects approved Homes England. However, SHG may have to be repaid if certain conditions are not met. If grant is not required to be recycled or repaid, any unamortised grant is recognised as turnover.

Grants for revenue expenditure are credited to the Statement of Comprehensive Income as they become receivable.

Recycling of Capital Grant Fund (RCGF)

Where Social Housing Grant is recycled, as described above, the SHG is credited to a fund which appears as a creditor until used to fund the acquisition of new properties.

Disposal Proceeds Fund (DPF)

Receipts from the sale of SHG funded properties less the net book value of the property and the costs of disposal were credited to the DPF. This creditor is carried forward until it is used to fund the acquisition of new social housing. Following the Housing and Planning Act 2016, disposals made after 6 April 2017 are no longer accounted for through the DPF.

Non-government grants

Grants received from non-government sources are recognised under the performance model. If there are no specific performance requirements the grants are recognised when received or receivable. Where grant is received with specific performance requirements it is recognised as a liability until the conditions are met and then it is recognised as turnover.

Haven bond premium and Affordable Housing Finance (AHF) bond premium

The premiums on the issue of the Haven Bond and AHF Bond are included in creditors and are being written off over the period of the loans.

Provisions

The Company will make a provision for contractual liabilities and where there is a reasonable probability for a potential loss.

Revaluation Reserve

The revaluation reserve represents the difference on transition between the fair value of social housing properties and other assets and the historical cost carrying value, where deemed cost transitional relief was taken. In addition the reserve contains any increase in the fair value of listed investments.

Disposals	(1,699)	-	(1,288)	-	(2,987)
Schemes completed	66,172	(66,172)	22,860	(22,860)	-
At 31 March 2019	868,689	9,962	87,324	19,852	985,827
Depreciation					
At 1 April 2018	35,871	-	1,073	-	36,944
Charge for the year	11,867	-	461	-	12,328
Disposals	(901)	-	-	-	(901)
Impairment	-	-	-	-	-
At 31 March 2019	46,837	-	1,534	-	48,371
Net Book Value					
At 31 March 2019	821,852	9,962	85,790	19,852	937,456
At 31 March 2018	751,034	8,255	64,679	9,771	833,739

Works to existing properties that were capitalised in the year were £11,871,000 (2018: £10,908,000). Works charged to income and expenditure were £4,663,000 (2018: £3,942,000).

Additions to housing properties include development administrative costs of £3,140,011 (2018: £2,610,853) which have been capitalised. A rate of 3.60% (2018: 4.15%) has been used to capitalise interest.

Fixed assets with restricted title or pledged as security for liabilities have a carrying value of £493,412,729 (2018: £353,854,378) for the Company.

Notes to the Financial Statements 2019
11. Tangible Fixed Assets – Housing Properties (continued)
Impairment losses

Housing properties are assessed at each reporting date to determine whether an indicator of impairment exists. Where there is evidence of impairment, an assessment is carried out to estimate the recoverable amount of the asset. The recoverable amount is the higher of the fair value less costs to sell and value in use.

At 31 March 2019 no impairment loss was incurred (2018: £90,312).

12. Tangible Fixed Assets – Other

23. Pension

The Company participates in 3 (2018: 3) funded defined benefit pension schemes, namely LGPS Worcestershire County Council Pension Fund, Social Housing Pension Scheme (SHPS) Career Average (CARE) 1/60th and SHPS Final Salary. The Company also participates in 1 (2018: 2) SHPS Defined Contribution Scheme (s).

(i) Worcestershire County Council Pension Fund (Defined Benefit)

The LGPS is a funded defined benefit scheme with the assets held in separate funds administered by Worcestershire County Council. The total contributions made for the year ended 31 March 2019 were £1,894,000 of which the employer's contribution totalled £1,523,000 and employees' contributions totalled £371,000.

When the LGPS benefit structure was reformed in 2014, transitional protections were applied to certain older members close to normal retirement age. The benefits accrued from 1 April 2014 by these members are subject to an 'underpin' which means that they cannot be lower than what they would have received under the previous benefit structure. The underpin ensures that these members do not lose out from the introduction of the new scheme by effectively giving them the better of the benefits from the old and new schemes.

In December 2018 the Court of Appeal upheld a ruling ("McCloud/Sargeant") that similar transitional protections in the Judges' and Firefighters' Pension Schemes were unlawful on the grounds of age discrimination. The implications of the ruling are expected to apply to the LGPS (and other public service schemes) as well. The UK government requested leave to appeal to the Supreme Court but this was denied at the end of June 2019. LGPS benefits accrued from 2014 may therefore need to be enhanced so that all members, regardless of age, will benefit from the underpin. Alternatively, restitution may be achieved in a different way, for example by paying compensation. In either case, the clear expectation is that many more members would see an enhanced benefit rather than just those currently subject to these protections. There will therefore be a retrospective increase to members' benefits, which in turn will give rise to a past service cost for the Fund employers.

Quantifying the impact of the judgement at this stage is very difficult because it will depend on the compensation awarded, members' future salary increases, length of service and retirement age and whether (and when) members withdraw from active service. Salary increases in particular can vary significantly from year to year and from member to member depending on factors such as budget restraint, job performance and career progression. The Government Actuary's Department (GAD) has estimated that the impact for the LGPS as a whole would be to increase active member liabilities by 3.2% based on a given set of actuarial assumptions. A full description of the data, methodology and assumptions underlying these estimates is given in GAD's paper, dated 10 June 2019.

The Funds' actuaries have made a best estimate of the impact on Platform Housing Groups' pension liabilities and this estimation is included in the net liability for the LGPS schemes as at 31 March 2019. These numbers are high level estimates based on scheme level calculations and depend on several key assumptions.

The impact on employers' funding arrangements will likely be dampened by the funding arrangements they have in place. However, if the judgement is upheld then there will be unavoidable upward pressure on contributions in future years.

Notes to the Financial Statements 2019
23. Pension (continued)

(ii) The Social Housing Pension Schemes (SHPS) (Defined Benefit)

The company participates in two SHPS defined benefit multi-employer pension schemes administered by TPT Retirement Solutions (TPT). The accounting policy in relation to SHPS is set out on page 34, and as noted in this policy, there has been a change in this accounting policy.

The following adjustments have been made in relation to the change in accounting policy:

- Removal of the liability for the funding of the deficit funding agreement (reduction in creditors of £1,132,000; increase in Other Comprehensive Income £1,132,000).
- Recognition of the net pension deficit (increase in pension liability £3,743,000; reduction in Other Comprehensive Income £3,743,000).

The total contributions made for the year ended 31 March 2019 were £620,000 of which the employer's contribution totalled £389,000 and employees' contributions totalled £231,000.

Employer and member contributions

	Employer contributions 2019	Range of member contributions 2019
Worcestershire County Council Pension Fund	15.5%	6.8%
SHPS CARE 1/60 th	7.8%	7.3% to 9.3%
SHPS Final Salary	9.3%	9.7% to 11.7%
SHPS Defined Contribution	3.0%	3.0% to 20.0%
	Employer contributions 2018	Range of member contributions 2018
Worcestershire County Council Pension Fund	14.7%	6.8%
SHPS CARE 1/60 th	7.8%	7.3% to 9.3%
SHPS Final Salary	9.3%	9.7% to 11.7%
SHPS Defined Contribution	3.0%	3.0% to 20.0%

Notes to the Financial Statements 2019
23. Pension (continued)

Principal actuarial assumptions

The following information is based upon a full actuarial valuation of the fund updated to 31 March 2019 by a qualified independent actuary.

2019	Worcestershire	SHPS CARE 1/60th	SHPS Final Salary
Future salary increases	3.70%	3.24%	3.24%
Future pension increases	2.30%		
RPI		3.24%	3.24%
CPI		2.24%	2.24%
Discount rate	2.40%	2.36%	2.36%
Commutation of pension to lump sums (of the maximum allowance)		75.00%	75.00%
2018	Worcestershire	SHPS CARE 1/60th	SHPS Final Salary
Future salary increases	3.60%	3.14%	3.14%
Future pension increases	2.20%		
RPI		3.14%	3.14%
CPI		2.14%	2.14%
Discount rate	2.60%	2.60%	2.60%
Commutation of pension to lump sums (of the maximum allowance)		75.00%	75.00%

Mortality assumptions

As part of this formal valuation, the actuaries carried out an analysis of the experience of the membership of the scheme. The resulting average expectation of life for a member currently aged 65 was as follows:

2019		Worcestershire	SHPS CARE 1/60th	SHPS Final Salary
Retiring today	Females	25.8	23.5	23.5
	Males	22.8	21.8	21.8
Retiring in 20 years	Females	28.2	24.7	24.7
	Males	25.1	23.2	23.2

Net benefits paid	<u>(2,719)</u>	<u>(1,843)</u>
Closing value of scheme assets	<u>79,161</u>	<u>66,936</u>

The Company's best estimate of the contribution expected to be paid in the year beginning 1 April 2019 is £1,368,000 (2018: £1,399,000).

Defined Contribution Scheme

The Company joined the SHPS Defined Contribution scheme to satisfy its commitment to auto-enrolment, a government pension initiative.

The amount recognised in surplus as an expense for defined contribution plans for the year ended 31 March 2019 is £115,073 (2018: £91,952).

Notes to the Financial Statements 2019
24. Provision for Liabilities and Charges

	2019	2018
	£000	£000
At 1 April	150	150
Released in the year	(50)	-
At 31 March	100	150

25. Share Capital

	2019	2018
	£	£
At 1 April	9	11
Issued during the year	5	-
Cancelled during the year	(3)	(2)
At 31 March	11	9

The shares have a nominal value of £1 each and provide members with the right to vote at general meetings, but do not provide a right to dividends or distributions on winding up. The issue of shares is authorised as required throughout the year. Shares in issue cannot be repaid or transferred and when a shareholder ceases to be a member, the share is cancelled and the amount paid up becomes the property of the Company.

26. Capital Commitments

	2019	2018
	£000	£000
Capital expenditure contracted for but not provided for in the financial statements	137,111	124,894
Capital expenditure authorised by the Board but has not yet been contracted	31,748	89,349
Total	168,859	214,243

The company plans to finance these commitments with:

Social housing grant	9,657	4,727
Proceeds from sales of properties	35,816	47,416
Surpluses and committed loan facilities	123,386	162,100
	168,859	214,243

Notes to the Financial Statements 2019
27. Operating Leases

The Company was committed to making lease payments as follows:

	2019		2018	
	Land and Buildings £000	Other £000	Land and Buildings £000	Other £000
In less than one year	-	52	12	83
Between two and five years	-	55	-	92
In more than five years	-	-	-	2
	<u>-</u>	<u>107</u>	<u>12</u>	<u>177</u>

28. Grants

Total accumulated government grant receivable at 31 March:

	2019 £000	2018 £000
Held as deferred capital grant (note 20)	29,895	25,199
Recognised as income in Statement of Comprehensive Income	<u>87,092</u>	<u>86,909</u>
	<u>116,987</u>	<u>112,108</u>

Notes to the Financial Statements 2019

29. Transactions with Non-regulated Group Members

During the year Fortis Living Limited received £1,016,000 for the provision of central services (2018: £1,018,000), such as Finance and Human Resources, from Fortis Property Care Limited, a non-regulated group member. Further detail on apportionment of overheads can be found on page 37.

A Gift Aid payment of £808,622 was made by Fortis Property Care Limited to Fortis Living Limited (2018: £825,683).

30. Related Party Transactions

Worcestershire Telecare

The Company is a shareholding member of Worcestershire Telecare, a Co-operative and Community Benefit Society. The organisation's core purpose is to provide community alarms and related services to people with support needs.

	Unaudited Accounts	Audited Accounts
	2019	2018
	£000	£000
Income	1,698	1,693
Expenditure	(1,626)	(1,649)
Operating profit for the year	<u>72</u>	<u>44</u>

The above results have not been consolidated into the Group Financial Statements because the Group has no direct rights to assets or surpluses of the Co-operative and Community Benefit Society and limited liability as regards debts or losses.

Central Housing Investment Consortium Limited (CHIC)

Fortis Living Limited is one of seven founder members of CHIC, a 'not for profit' company limited by guarantee. The principal activity of the company is based on a joint management arrangement to procure multi-client contracts for the provision of asset management works, services and materials. These contracts are available to the consortium's current and future membership, who can join the consortium to benefit from the efficiencies yielded through joint procurement and collaborative working.

The members have no direct rights to assets or surpluses of the company and the liability of each member is limited to £1. The following results have not, therefore, been consolidated into the Company's Financial Statements.

	Unaudited Accounts	Audited Accounts
	2019	2018
	£000	£000
Turnover	845	1,044
Costs	(939)	(1,042)
Profit for the year	<u>(94)</u>	<u>2</u>

Notes to the Financial Statements 2019

31. Financial Instruments and Risk Management

The Company is financed through a mixture of bank and bond finance. The bond finance has largely been raised over the last three years, with the majority of bank debt initially arranged on historical stock transfers. The main source of finance over the last three years has been arranged through the Affordable Housing Finance Plc, who have been issuing bonds to the capital markets and arranging loans with the European Investment Bank and on-lending to Registered Providers of Affordable Housing. All of these loans have been guaranteed by the Government, producing very low margins.

The treasury function is responsible for the management of treasury risks and ensuring that the Company has sufficient liquidity. A treasury assurance report is presented monthly to the Executive Director, Finance and quarterly to the Group Board. This report details how the Company is managing each of the key risk areas detailed in the Treasury Management Policy (TMP). Both the TMP and treasury strategy are updated on an ongoing basis as required by the Company, and formally reviewed at least once a year.

The Company has been given the highest governance and viability ratings, 'G1/V1', by the Regulator of Social Housing. The possibility of obtaining an external credit rating was reviewed in the year and at present one has not been sought.

Liquidity

The Company had total borrowing facilities of £476m (2018: £396m) available at 31 March 2019, of which £100m (2018: £112m) were undrawn.

Borrowings are broken down by lender and type:

	Facility £000	Drawn £000	Available £000	Fixed £000	Variable £000
Bond Finance

Barclays Bank Plc	135,000	135,000	-	135,000	-
European Investment Bank	20,000	20,000	-	20,000	-
European Investment Bank	43,000	43,000	-	43,000	-
Lloyds Bank Plc	125,000	25,000	100,000	-	125,000
	475,904	375,904	100,000	350,904	125,000

Debt facilities with bLend (£70m) and Lloyds Bank Plc (£75m) were completed in the year.

Notes to the Financial Statements 2019
31. Financial Instruments and Risk Management (continued)
Liquidity (continued)

Maturity profile of outstanding borrowing at 31 March 2019:

	2019	2018
	£000	£000
Loans repayable by instalments		
Within one year	152	142
In one year or more but less than two years	163	152
In two years or more but less than five years	561	523
In five years or more	103,028	103,228
Loans not repayable by instalments		
Within one year	-	-
In one year or more but less than two years	-	-
In two years or more but less than five years	25,000	-
In five years or more	247,000	180,000
Total repayable	375,904	284,045
Less loan issue costs	(3,740)	(2,493)
Adjustment for premium on issue	8,322	8,671
Total drawn borrowings (included in Notes 18 and 19)	380,486	290,223

Refinancing risk is managed through the Treasury Policy that ensures maturities are not overly concentrated.

All of the loans are secured by specific charges on the Company's individual housing properties.

Interest rate risk

The Company manages volatility of cash flows and interest payments in relation to interest rate risk via limiting its exposure to variable interest rate risk. Interest rate risk policy managed by Treasury and approved by the Board states that variable rate borrowings shall not exceed more than 50% of total outstanding borrowings.

Company fixed and variable rate outstanding borrowing at 31 March:

	2019			2018		
	£000	Weighted average rate	Weighted average term	£000	Weighted average rate	Weighted average term
Fixed rate	350,904	3.88	28	284,045	3.91%	29 years
Variable rate	25,000	1.79	0.3	-	-	-
Total drawn	375,904	3.74	28	284,045	3.91%	29 years

The Company also enters into standalone hedging agreement which manage exposure to variable rate risk.

31. Financial Instruments and Risk Management (continued)

Currency risk

The Company only trades in sterling and holds sterling balances so is not exposed to any currency risks. It has no overseas subsidiaries.

Credit risk

Credit risk is the risk that a counterparty to a financial instrument fails to discharge an obligation to the Company. Credit risk policy is managed by Treasury and approved by the Board.

Covenant compliance

Covenant compliance is monitored by the Treasury department on a monthly basis. There were no breaches in the year.

The following financial covenants are assessed on an annual basis at corporate level:

	2019	2018
Interest cover	380%	372%
Gearing	37%	33%

Interest cover is calculated by dividing operating surplus by financing costs and must be at least 110%. Gearing is calculated as total net borrowings divided by Housing Assets at NBV and cannot be more than 65%.

Notes to the Financial Statements 2019
31. Financial Instruments and Risk Management (continued)
Financial Instruments

The Company's financial instruments are analysed as follows:

Financial Assets

	2019	2018
	£000	£000
Loans and receivables at amortised cost		
a) Cash at bank and in hand	27,252	12,598
b) Rents and service charges receivable	4,347	4,004
c) SHG and other grants receivable	1,231	144
d) Accrued income	68	47
e) Other debtors	468	668
f) Homebuy loans	8,883	9,566

Chair's Report

2018 Was A Milestone Year. Waterloo Housing and Fortis Living joined forces as two strong and ambitious businesses, with a clear synergy and alignment in culture and vision, to create Platform Housing Group (**PHG**). On behalf of the Board, the employees, our partners and our customers I would like to take this opportunity to recognise the contribution of our two retiring Chief Executives, Guy Weston and Dave Pickering, whose vision led to the creation of the Group. We wish them both a long and happy retirement.

A Strong, Efficient and Influential Organisation. Waterloo Housing Group is part of one of the UK's biggest housing associations with a combined portfolio of 44,000 homes. With a significant affordable homes development programme, the Association is well placed to play a lead role in helping the local communities where we work to flourish and grow. Financial security was the prime driver in the creation of the new Group. It enabled us to continue our investment in services that are more efficient and achieve an exceptional Group surplus of £67m in 2018/19. This financial strength also saw the group invest over £169 million in new homes, alongside over £59 million in our existing homes. Across the board, our teams have maintained operational performance, ending the year with current arrears at 2.6% and with 162 unlet homes.

Delivering More Homes. We have the financial capacity to borrow money to facilitate further development and last year we built 1,598 new homes, directly contributing to national growth of affordable housing. We were also proudly confirmed as a strategic partner to Homes England. The partnership will bring £71 million of grant funding to enable us to start work on an additional 1,800 affordable homes over the next three years, helping us to work towards our goal of 2,000 new homes every year.

Great Customer Service. Managing homes for over 44,000 customers takes a lot of work and we have a team of over 1,200 talented people who are committed to delivering the best they can and we remain committed to the development of an improved customer experience. Our keystone for the delivery of this is our PlatformOne programme. This is an integrated IT approach to the way we manage, present and action our business data. This will give us the foundations we need to enable customers to access appropriate services, when and where they want, 24 hours a day.

Property Care. We continue to invest in our in-house maintenance and repairs teams and plan to extend their services across the whole Group. They ended the year with 100% gas safety compliance, contributing to the Group result of 99.8%, and an overall satisfaction rating for repairs of 90.45%.

A Great Place to Work. Against a backdrop of unprecedented change, we have retained our customer focus and continued to drive financial and operational performance. I'd like to thank our Boards and Executive Team, as well as all our employees, who are delivering our promises.

Looking To The Future. As we look to the future, I'd like to welcome Elizabeth Froude as our new Group Chief Executive. Elizabeth brings extensive experience of integrating businesses and delivering large transformation programmes. We are sure to benefit from her fresh thinking and new ideas as we work to continue to make a difference to local homes and local lives.

Dennis Sleath
Chair

Strategic Report

The Board presents its report and the audited financial statements of Waterloo Housing Group Limited (“the Association”) for the year ended 31 March 2019.

Business Overview

The Association is a Community Benefit Society and a charitable registered provider of social housing, and is a member of the Platform Housing Group, which was formed in October 2018 from the merger of Fortis Living Group and Waterloo Housing Group. The new Group will become a leading provider of affordable new homes in the region owning 44,000 homes across the Midlands serving over 120,000 customers. The combined financial strength and operating efficiencies to be derived will ensure that more new homes continue to be delivered.

The Association is a leading provider of affordable housing in the Midlands and it works with over 60 local authority partners. Our core business is the management, maintenance and development of high quality affordable homes for people in housing need, together with improving services to customers and communities.

Our healthy financial position, with an operating margin of over 40% and net surplus of £34m, allows us to continue to operate a simple business model that reinvests surpluses in order to deliver the Association’s *Mission* to **Build a Better Future by investing in homes, people and communities**. During the year, 734 new homes were developed and the total number under management at the year-end increased to 22,287 rented homes, 3,665 shared ownership homes, as well as holding the freehold for 600 leasehold properties.

The Association is registered with, and regulated by, the Regulator of Social Housing (RSH) and works within the regulatory framework for social housing. The latest independent Regulatory Judgement again confirmed that the organisation is properly governed and managed (G1), and continues to be financially viable (V1). This was again confirmed with a judgement provided for the Platform Housing Group shortly after merger in October 2018. The Association receives capital grant from Homes England towards the development of new homes.

The Association provides a varied range of housing including general needs, housing for older people and retirement living schemes, as well as supported housing schemes for young people, disabled people and homeless families. Complementing this core activity, a limited number of intermediate, student and market rent properties are also provided.

We want to be regarded as the leading housing brand for customers, partners, stakeholders and communities across the regions in which we work. This commitment is not purely to customers, as tenants, leaseholders or shared owners, but also to the wider community.

The Association has a strong social purpose with teams that work closely with customers and stakeholders to understand and respond to local needs and to help create successful and resilient local communities. We currently invest in debt prevention services, energy advice, benefits advice and employment support, all of which generate a significant social return on investment.

Strategic Report

Strategic Plan 2018-2023

Building on the strategic plans of the merger partners, the Group's first combined strategic plan sets out how we will deliver on our mission through our new strategic priorities, each with a series of supporting goals that set out exactly what we are planning to achieve.

Deliver More Homes

- Up to 2,000 new homes each year by 2023
- Over 18,000 new homes in our first 10 years
- A mixed programme of new homes across a range of tenures for people in housing need

A Strong, Efficient And Influential Organisation

- A new partnership with greater influence
- A commercial approach to achieve £12m efficiencies by 2023 which will be re-invested in more new homes and improved customer services
- An investment programme of £50m over the first 5 years to make our existing homes great places to live in

Great Customer Service

- Digital services that enable customers to access services at a time and in a way that best suits them
- Improved customer engagement and insight to get closer to our customers and better understand and meet their needs
- High quality services that support local communities and improve life chances
- A sustained local focus and locally accountable service delivery

Excellent Maintenance Services

- Deliver the majority of our maintenance programmes through the Property Care business
- Grow annual Property Care turnover to £50m by 2023
- £2m of VAT and efficiency savings by 2023

A Great Place to Work and an Employer of Choice

- A culture that retains our best people, attracts the best talent and has high levels of engagement
- A comprehensive training and development programme that enables our agile workforce to fulfil potential
- An increase in the number of apprenticeships through the business
- A diverse workforce that reflects our communities

Our values underpin our strategic objectives and describe our style of leadership and the way our people behave. They set ideal standards, which we apply directly to the way we run our business, recruit our colleagues, manage our performance, and recognise and reward good work.

We pride ourselves on being **open** and **transparent** in how we do business.

We are **responsible** and **reliable** business partners, and will do what we say we will do.

Customers are the very heart of what we are about, and the customer voice is central to this.

Integrity is fundamental to how we work at all times.

We will adopt a **commercial** approach within the context of our broader charitable status and ethos.

We are passionate about our work and want to **inspire** our people to make a difference.

We will at all times show **respect** for our customers, partners and employees.

Strategic Report

Review of the Year

Key Customer Performance Indicators

Following the merger in October 2018, the Group Board has reviewed historic targets and performance across the Group and adopted a suite of high level measures with which to monitor performance against the 2018-23 strategic plan. Targets are set at group level and results as at the end of March 2019 are shown below. The Board sets annual targets for the next three financial years in order to deliver continuous improvement. Performance is monitored against all targets on a monthly basis. The following table shows performance against target, and also against appropriate benchmarking data widely available in the sector.

Measure	Benchmark	Sample*	Source	Target	Actual
Sales against monthly target				100.0%	103.0%
Number of new homes completions	Ranked 5th	50	Top 50**	725	734
Operating margin	Ranked 1st	10	Top 50***	41.0%	40.7%
Current tenant arrears	Q2	163	Housemark	3.2%	2.7%
Former tenant arrears	Q3	162	Housemark	1.3%	2.4%
% Shared Ownership arrears				0.4%	0.3%
Average re-let time	Q4	149	Housemark	33	29
Number of available voids at year end	Q2	156	Housemark	100	84
Overall satisfaction with the service provided (STAR)	Q3	19	Housemark	86.0%	75.6%
Complaints responded to within targets	Q4	112	Housemark	94%	100%
% of properties with a valid gas safety certificate				100.0%	99.6%
Staff satisfaction	Q4	39	Housemark	76.0%	74.4%
Staff turnover rate (Voluntary only)	Q2	98	Housemark	14.0%	9.4%
Average number of days lost to sickness	Q2	143	Housemark	8.0	7.8

* Sample size is the number of organisations either included, or who supplied data for the KPI

** Source data was Inside Housing annual 2019 analysis of the top 50 developers, where the combined group total of 1,598 ranked 5th

*** Source data was the accounts of the top 10 developers in the Inside Housing article, Fortis, Waterloo and the combined Group result were all better than the sample.

The six months post-merger has been a period of exploration and understanding in relation to the new Group's performance. Work to harmonise policies, processes and procedures aims to deliver consistent and improving performance throughout 2019/20, supported by unified data and reporting methods. A new Group-wide Risk and Performance Forum has been established which will have an integral role in managing these activities and ensuring a holistic and effective approach is taken to risk, compliance and performance.

Strategic Report

Review of the Year (continued)

Development

During the year, Platform was confirmed as a strategic partner with Homes England, securing £71m grant funding for an additional 1,800 affordable homes over the next three years. These funds are in addition to the current allocation under the Affordable Homes Programme (AHP) contract which supports delivery of new homes until 2021. All three metrics relating to development exceeded targets consistently throughout the year and at the year-end. The Group target for 2019/20 has been set at 1,634 new homes focussing on mainstream affordable rent and shared ownership. A new Group Development Strategy was approved by the Board in June 2019.

The mix of new homes delivered is shown below together with homes sold to our local authority and housing association business partner:

	Affordable Rent	Social Rent	Shared Ownership	Total
Developed	509	4	221	734
Sold to partners	147		2	149
Net new homes	362	4	219	585

Financial

We reported an underlying surplus for the year of £34m. This will be re-invested into the provision of more new homes and improving services; our operating margin of 40.7% remains amongst the highest in the sector. Welfare reforms continue to have an impact on our work and remain an important focus for us. Across the year, we saw an increase in households affected by Universal Credit. However, current arrears in this customer group are showing a downward trend indicating that our range of incentives, advice and practical assistance to help customers cope with the changes is beginning to have an impact. Arrears management performed well during the year with only former tenant arrears falling outside of target at the year-end. Ongoing work will focus on improving processes, automating data and removing duplication and other inefficiencies in this area.

Housing operations

Average re-let time (for general needs and housing for older people) did not meet the target at year-end but the key measure of number of voids available at month end has improved. The successful letting of longer term voids pushes the average re-let time higher. The voids figure itself met a challenging target at year-end with only 84 void properties. Average re-let time – new builds, will work to a target of 3 days during 2019/20.

Complaints and compliments

The method for processing complaints has been harmonised as part of the development of a Customer Experience Strategy. Performance for Complaints responded to within targets, whilst not meeting target at year-end, is expected to improve during 2019/20 as procedures become more aligned.

Feedback is essential learning for us and helps us to improve for the future. Across the whole Group we investigated 286 formal complaints, welcomed 477 compliments (63% of which were for our Repairs Teams) and responded to 1,469 comments.

Strategic Report

Review of the Year (continued)

Customers

Across the Group, there are 5 active customer scrutiny panels. During the year, they have worked to review and make recommendations on key service areas including customer service standards, support for Universal Credit, repairs satisfaction, repairs timescales and monitoring.

Our extensive menu of involvement activities has seen 584 involved customers helping to shape services. We increased our online involvement opportunities this year to include software testing, community conversation blogs and online engagement communities.

Customer satisfaction with services ended the year at 75.6%. This is slightly below where we would like to be and we are already working to improve this. The approach to customer satisfaction has previously differed between WHG and Fortis Living, with annual STAR surveys and monthly outbound contacts being made respectively. Some inconsistencies therefore were evident in the year, as illustrated by Overall satisfaction with the service provided. Work has now been completed to harmonise the approach for 2019/20, with monthly customer satisfaction surveys being conducted.

The future is digital! Last year we actioned 73,236 digital contacts alongside 312,648 phone calls.

Property compliance

The Group operates a '3-star' service contract for all gas and fuel burning appliances. Properties with a valid gas safety certificate fell just short of target at 99.6% at year-end due to a handful of homes for which access could not be gained to service gas components. Work is progressing to align WHG and Fortis Living processes and the automation of data should enable a more dynamic and effective servicing response.

Across the Group all Fire Risk Assessments are in place and up to date.

Culture and employees

Staff satisfaction has been within tolerance for the year, only failing to meet target by 1.6%. During 2019/20 satisfaction will be gauged on a quarterly basis to inform the work to develop the culture, values and behaviours of the new Group. Staff turnover rate and Average number of days lost to sickness were both within target at the year-end point.

Community

Over the past 12 months, The wider Group has awarded £106,802 for environmental projects, scheme improvements and external funding and sponsorship. This has enabled some fantastic community projects to come to fruition.

Strategic Report

Finance Review

Statement of Comprehensive Income (page 29)

Despite the impact on existing rents of the 1% rent reduction imposed on the sector, rent from new development has resulted in a net improvement in turnover in social housing lettings, which contribute £125.2m. A further £13.5m derived from Shared Ownership first tranche sales and £22.3m from a number of other activities, take the total turnover to £161m.

The underlying operating performance continues to be strong with an Operating Surplus £65.5m, and net surplus of £34.2m. This surplus will be reinvested in new and existing housing stock.

The Association's turnover and operating surplus by social housing activity is shown below.

	2019	2018	2019	2018	2019
	Turnover £m		Surplus £m		Margin
General Needs Housing	104.7	103.8	46.8	51.0	44.7%
Supported Housing	8.8	7.8	2.8	2.2	32.3%
Shared Ownership	11.7	11.0	7.6	6.9	64.7%
Social Housing	125.2	122.6	57.2	60.1	45.7%
Other Activities	22.3	7.4	(0.3)	0.4	(1.4%)
Shared Ownership Sales	13.5	12.8	2.9	1.7	21.2%
Total	161.0	142.8	59.8	62.3	37.1%
Gain on disposals			5.7	7.5	
Total	161.0	142.8	65.5	69.8	40.7%

The overall social housing margin was **45.7%** for the year, operating margin net of other fixed asset sales was **37.1%** and including sales was **40.7%**, which is an excellent result for the Association and demonstrates that the core financial performance is complemented by, but not dependent on, property sales. Further analysis of social housing operating costs is shown below in the Cost per Unit section and in the notes to the accounts.

Interest and financing costs have increased in comparison to the prior year due to additional debt raised in support of the expanding development programme.

Year-end revaluation of pension assets and liabilities resulted in a charge of £8m which is reflected in a movement in the pension provision in the Statement of Financial Position.

Going Concern

After making all appropriate enquiries the Board has a reasonable expectation that the Association has adequate resources to continue in operation for the foreseeable future. For this reason the Board continues to adopt the going concern basis in preparing the Association's financial statements.

Strategic Report

Finance Review (continued)

Statement of Financial Position (page 30)

The Statement of Financial Position demonstrates the strength and capacity of the Association to continue to deliver its strategic objectives.

New development can be seen in the movement in the net book value of housing assets from £1,344m to £1,387m. The Board remains committed to delivering the Strategic Plan, particularly the target to continually add new homes against which we achieved 734 completions. The year-end balance includes £95m relating to properties that are already on site and will contribute to future completed home targets.

Properties held for sale have increased from £16m to £17m and cash has increased from £62m to £125m. Short term creditors have decreased from £73m to £61m.

New facilities arranged in the year, together with some matched cancellation of existing facilities resulted in a net increase in long term debt of £80m.

The Pensions provision has increased by £11m to £33m.

The estimated value of the Association's stock on an existing use for social housing basis (EUV-SH), amounted to £1,544m at the year end.

Movement in the reserves balances is further explained in the [Statement of Changes in Reserves \(page 31\)](#), which shows how the net surplus for the year of £34.2m has been recorded.

Events after Year-End

No events after year end have occurred which would have a material impact on the financial statements.

Strategic Report

Finance Review (continued)

Business Health: Trend Analysis

The Association's results over the last five years:

	2019	2018	2017	2016	2015
	£m	£m	£m	£m	£m
Turnover	161.0	142.8	134.9	104.6	93.0
Operating Surplus	65.5	69.8	62.4	50.3	44.3
Net Surplus	34.2	40.2	49.5	27.2	22.5
Operating Margin	40.7%	48.9%	46.3%	48.1%	47.7%
Net margin	21.3%	28.2%	36.7%	26.0%	24.2%
Housing & other net assets	1,484.9	1,360.9	1,327.4	1,043.4	653.7
Creditors after more than one year	(1,164.8)	(1,078.1)	(1,089.2)	(858.2)	(499.2)
Pension Provision	(32.9)	(21.9)	(26.7)	(19.2)	(22.3)
Net Assets	287.2	261.0	211.5	166.1	132.2
Total Reserves	287.2	261.0	211.5	166.1	132.2
Return on Net Assets	22.8%	26.7%	29.5%	30.3%	33.5%

The following table highlights the Group's performance for a number of financial indicators, benchmarked against the 2018 Global Accounts for the sector using a sample of associations with stock holding of over 20,000 homes. The total sample size for comparison is 39 organisations including both LSVTs and traditional HAs. The sample was chosen to benchmark with larger organisations and to ensure that the sample was sufficiently large to enable a balanced comparison.

Key Financial Ratios:	Benchmark	2018/19	2017/18	2016/17	2015/16
Operating Margin*	28.0%	37.1%	43.6%	43.8%	42.7%
EBITDA Interest Cover	2.4	2.1	2.4	2.4	2.2
EBITDA (MRI) Interest Cover*	1.9	2.1	2.4	2.5	2.3
Cost of funds	4.3%	4.2%	4.1%	4.1%	4.2%
Gearing Ratio*	45.9%	47.3%	48.3%	50.3%	45.5%
Return on Capital Employed*	4.3%	4.4%	4.6%	4.5%	4.3%
Void Rent Loss/Turnover	1.3%	0.9%	1.0%	1.2%	1.4%
Bad Debts/Turnover	0.8%	0.6%	0.7%	0.3%	0.8%

*Calculated in accordance with Sector Scorecard / VFM metrics methodology.

Strategic Report

Finance Review (continued)

Business Health: Ratio Analysis

Operating margin has reduced to **40.7%** and excluding the surplus made on the sale of housing fixed assets and disposal of investment properties, this reduces further to **37.1%**. Producing margins at these levels is a good outcome, particularly when considering the compounding effect of four years of 1% cuts to social housing rental income imposed on the sector by the Government.

Core operating margin on social housing activities remains strong at **45.7%**, but shared ownership first tranche sales only generate a margin of **21.2%**. As the proportion of shared ownership sales increases there will be a positive impact on operating surplus and cash flow, but the net operating margin will reduce due to the contribution of the lower relative margin.

Interest cover ratios have deteriorated slightly since last year due to increased debt costs, and cost of funds, which is calculated on drawn funds, has also increased slightly. All are favourable in comparison to benchmark. The Group has taken advantage of the current low interest rate environment to secure facilities at attractive rates, and the cost of funds will improve as variable rate facilities are drawn.

The Association has invested in the development of new social housing in the year, developing 734 new homes for rent and sale as mentioned above. To support this there has been an increase in debt of £80m. This has resulted in an increase in gearing in the year, but this indicator remains very favourable to benchmark and loan covenant thresholds.

Return on capital employed (ROCE) of 4.4% has reduced against the prior year figure of 4.6% and is more than the benchmark figure of 4.3%. ROCE is calculated as operating surplus divided by net assets. As seen in the analysis above, surplus is at a lower level than the prior year but the asset base has increased with the addition of newly developed units. A full year of income has yet to be experienced on properties completed during the year, on which the full capital cost has been added to assets.

The Association's operating margins are amongst the best in the sector and considerably higher than benchmark. Despite the introduction of FRS102, there is still not a standard methodology for the presentation of asset value in statutory accounts with historical differences between valuation and historical cost bases having been embedded in the transition to FRS 102.

Void levels are slightly higher than prior years performance but are in line with the benchmark. Resources have been deployed to improve void performance and the number of empty properties at the year end was only 84.

Bad debts have improved in the year but year end current tenant rent arrears at 2.7% compare well against the benchmark. Staffing has been increased to help support the Group's tenants manage the challenge of Universal Credit.

Strategic Report

Finance Review (continued)

Loan Covenants

Covenants are calculated at Association level and continue to maintain significant headroom. There are two corporate based covenants, interest cover and gearing. In addition a minimum asset cover is required on each individual facility. Each lender determines how the loan covenant should be calculated, and the Group always monitors compliance against the most stringent covenants. The business plan is very resilient to these covenants with a significant degree of headroom now and throughout the life of the plan.

Year-end corporate covenant performance	Covenant	Actual	Met
1. Interest Cover: To demonstrate by how much net interest costs are covered by operational surplus	1.1	2.5	Yes
3. Gearing: To show the ratio of debt to the value of housing properties	65%	50%	Yes

Interest Cover

The cover of 2.5 in comparison to a minimum requirement of 1.1 shows that the Association has a good level of cover, and has capacity to borrow more in support of its future forecast capital expenditure. In addition to the interest cover calculation above the Association has also calculated its EBITDA-MRI interest cover as defined by the Sector Scorecard. This alternative measure shows cover of 2.1, which is consistent with the prior year figure of 2.4 and still provides a safe level of headroom over the covenant.

Gearing

The maximum amount of debt that the Group can borrow is limited by the gearing covenants shown above. The gearing measure is included in the Sector Scorecard and has been used widely to benchmark efficiency.

Gearing has improved slightly in the year as a result of movements in net debt and the balance sheet value of housing properties, producing a ratio to 47.3%. Both the calculation required by lenders, and the sector scorecard methodology produce results higher than benchmark, but well within the covenant limit.

Capacity

As mentioned above the Association has stock with an estimated value of £1,544m on a EUV-SH basis against loan facilities of £925m. The business plan models the utilisation of the uncharged asset base going forwards, as more units are charged to raise debt in support of further development, and this new development adds to the asset base. The plan shows that the Group maintains sufficient uncharged assets to support its strategic development objectives, but also to provide further security to existing borrowing should there be any unforeseen deterioration in the asset values.

Strategic Report

Finance Review (continued)

Treasury Management

The Treasury Management Policy and strategy are reviewed annually and approved by the Board. Treasury activities are also supported by independent professional advice from Centrus Treasury Advisors. The Association maintains a risk-averse approach to its loan portfolio and seeks to ensure that sufficient liquidity is available to meet foreseeable needs whilst minimising interest on borrowings.

Liquidity

Current cash and facilities provide a high level of liquidity. Facilities of £925m are available, providing £139m headroom over the year end debt position of £786m. When added to unrestricted cash balances of £125m this provides total liquidity of £264m. The Association has a policy to maintain a minimum liquidity balance that covers 18 months of committed cash flows.

Loan Facilities	Facility	Drawn	Available	Fixed	Variable
	£M	£M	£M	£M	£M
Bond Finance	190	190	-	190	-
Bank Finance	735	596	139	432	303
Total Facilities	925	786	139	622	303
Funding mix				67%	33%

The global 'all-in' effective interest rate including margins, offset of premium, arrangement and other fees is 4.36%.

During 2019/20 further revolving Credit Facilities will be added, followed by a requirement for further funding during 2020/21. The Association is investigating the possibility of raising this from the capital markets either directly through an own-named bond.

The business plan has been subject to rigorous stress testing to ensure that the business remains resilient to future challenges. The Board has also discussed and agreed a number of mitigation strategies that can be enacted if required.

Strategic Report

Finance Review (continued)

Effective Asset Management

The following table highlights the level of investment in existing and new stock.

KPI:	BENCHMARK	2018/19	2017/18	2016/17	2015/16
Major Works Revenue £M	5.3	7.4	4.8	5.3	4.1
Major Works Capitalised £M	24.4	3.0	2.9	1.2	1.7
Total Investment £M	29.7	10.4	7.7	6.5	5.8
New Homes completed	541	734	621	1,027	593
New Homes Investment £M	104	98	103	125	91
Reinvestment*	6.8%	7.3%	9.0%	9.4%	8.1%

*Sector Scorecard measure

The investment in existing homes represents larger items of expenditure on replacing key structural components such as kitchens and bathrooms. This is in addition to the routine and planned expenditure of £19.6m, which takes total maintenance expenditure to £30m.

The indicators show the Association is committed to investing in both existing stock and in the provision of new homes. This is demonstrated by the reinvestment rate of 7.3% (a Sector Scorecard measure), which, although less than the prior year, is greater than the benchmark.

The Group has reviewed the useful life expectations for key housing components and has standardised these across the Group. Work is currently ongoing to review and update stock condition data and component costs and the results of this exercise will be reflected in planning future work programmes and in updating the long term business plan. This work will also assist in the Group objective of internalising maintenance activity where it can be demonstrated that efficiencies can be made.

The Association completed 734 new homes in the year, including 149 homes that were delivered to Local Authority and Housing Association partners. The business partners that benefited from this programme were as follows:

Sold to others	Affordable Rent	Shared Ownership
Warwickshire Rural HA, Wootton	12	2
Lincoln City Council, Ingelby	74	
Lincoln City Council, Lytton	7	
Lincoln City Council, Moorland	46	
Tamworth BC, Dosthill	8	
Total	147	2

The number of new units completed as a percentage of total units (a Sector Scorecard measure) was 2.8% in comparison to 2.4% in the previous year.

Strategic Report

Finance Review (continued)

Efficiency: Social Housing Cost per Unit (SHCPU)

The benchmarks are again taken from the sector global accounts 2017/18 with a sample comprising associations with more than 20,000 homes, and using the average values for comparison.

Average:	Benchmark	Waterloo	
	2017/18	2017/18	2018/19
	Benchmark	Actual	Actual
	£	£	£
Total social	3,882	1,930	2,089
Management	1,015	464	501
Service charge	556	311	329
Maintenance	982	741	754
Major repairs	808	301	401
Other social	520	113	104
Specialist units:			
Supported Housing	7.5%	0.6%	0.6%
Housing for Older People	9.6%	4.8%	4.6%
Total Social Units Managed*	37,486	25,524	25,952

*The calculations above are based on units in management. The VFM KPI on page 17 has been calculated in line with the VFM technical guidance note and uses a total of units owned and / or managed (26,097), producing a social housing cost per unit of £2,077.

The total SHCPU of £2,089 has increased by £159 in comparison to the prior year. However, the Association still outperforms the benchmark in every category.

The RSH has identified that one of the drivers for lower CPUs across the sector is the percentage of supported and housing for older people stock. This could partly explain why the Association outperforms the benchmark average, as only 5.4% of the Association's total units were of this type, which is considerably lower than the benchmark average of 17.1%.

The Association also owns and manages nearly over 3,600 shared ownership homes where management costs are less than General Needs rented homes, and where maintenance costs are the responsibility of the shared owner.

The Group is currently reviewing and updating stock condition data across all of its homes and will be updating its asset investment assumptions during 2019/20 and any increase in requirement will factor into future business plan reviews and could impact on the unit costs in future years.

Strategic Report

Value for Money (VFM)

Value for Money at Waterloo Housing Group

The Association has an approved Value for Money strategy underpinning the Strategic Plan. Achieving VFM in all that we do is an essential part of achieving our fundamental charitable objective of providing affordable housing. Platform Housing Group approved a combined VFM strategy in June 2019.

The Board recognise their responsibility for meeting the requirements of the RSH's Value for Money standard and in particular, to take a strategic approach in managing the performance of the Association's assets and the utilisation of the Association's resources. Once again the Association has met its targets to generate an increased surplus, invest in more new homes, and maintain customer satisfaction with homes and services, demonstrating the efficiency and effectiveness of the business.

Costs and performance continue to be benchmarked against relevant external sources making use of tools provided by Housemark and the Housing Quality Network (HQN) and by referencing data published by the RSH such as the global accounts and cost per unit reports. Benchmarks have been selected to compare data with a sample of similar organisations in terms of size and activity.

Targets are set for improved financial and operational performance through the annual budget and business plan and a standard set of performance indicators. Board members review performance on a quarterly basis and revise the targets on an annual basis.

Value for Money Achievements 2018/19

- Achieving an operating margin of 40.7% and a net surplus of £34.2 million, achieved through business growth, effective asset management and tighter cost control, and despite a reduction of 1% in ongoing rental income;
- Achieving an excellent social housing operating margin of 45.7%;
- Reinvesting surpluses to build 734 new homes across a range of types and tenures, representing growth of 2.8%;
- Reinvesting surpluses in existing assets at a higher level than the prior year, bucking the trend for the sector to reduce investment;
- Maintaining costs whilst growing stock, delivering a very healthy management cost per unit;
- Maintaining staff satisfaction at 74%;
- Managed void losses at 0.9%, achieved year end voids of only 84 empty homes;
- Achieved a year end position on current tenant rent arrears of 2.7%;
- Achieved an outstanding social housing cost per unit of £2,077 for the year (Sector Scorecard measure); and

Strategic Report

Value for Money (VFM) (continued)

VFM Metrics

In addition to references throughout the analysis above to the Sector Scorecard (a portfolio of standard indicators agreed across the sector to define and explain performance on an annual basis), the Value for Money Standard set by the Regulator of Social Housing sets out the expectation for a similar set of metrics to be included in the statutory accounts, and these are shown below.

The detailed financial analysis elsewhere in this strategic report set out the context for the metrics below and has included comparisons with benchmarks and trends. This section is included to ensure compliance with the revised Standard and to confirm to users of the accounts that the regulatory requirement has been met. Also included is some further benchmarking data which compares the Group results to the Upper Quartile results for the sector, firstly against the whole global accounts sample, and, secondly, against the benchmark group of organisations with more than 20,000 homes. Both samples are taken from the sector global accounts 2017/18 published by the RSH.

	Metric	2017/18	2017/18	2017/18	2018/19
		Global	Benchmark	Actual	Actual
		UQ	UQ		
1	Reinvestment	8.7%	6.7%	9.0%	7.3%
2 a	New Supply SH	2.3%	2.0%	2.4%	2.8%
b	New Supply Non SH	0.1%	0.5%	0.0%	0.0%
3	Gearing	33.1%	35.2%	48.3%	47.3%
4	EBITDA MRI	263%	244%	245%	209%
5	Headline Social Housing Cost per Unit	3,010	3,073	£1,930	£2,077
6 a	Operating Margin – SH	37%	40%	48.7%	45.7%
b	Operating Margin - Overall	34%	32%	43.6%	37.1%
7	Return on Capital Employed (ROCE)	5.4%	4.3%	4.6%	4.4%

The strong performance reported above and in the financial statements shows consistency with the prior year. Comparisons have been drawn with a peer group benchmark taken from a cross section of similar organisations as published in the Regulator's Global Accounts for the sector. Association performance against all metrics, when compared to the benchmark group, is significantly better on all metrics.

The Association has a clear idea of the capacity available for future investment, as demonstrated by gearing, interest cover and operating margins, and has an excellent track record of investment in both new supply and in the improvement of existing assets.

As well as showing a commitment to new investment, the Association's efficiency is clearly demonstrated by its strong margins and low unit costs.

Strategic Report

Value for Money (VFM) (continued)

Future VFM Priorities

The Board has agreed a set of high level performance indicators and set targets for each indicator. Performance against these indicators is closely monitored and achievement of these targets represents a contribution to value added by the business. One of the highest priority items is to increase the Group target for new homes completions to 1,640 for 2019/20.

A central project management team has been established to assist and manage the delivery of key projects across the Group, some of which are mentioned in the priority list below.

VFM initiatives over the next 12 months include:

- Deliver against all strategic KPIs;
- Extend the mobile working solution for In House Repairs teams across the Group;
- Review external maintenance expenditure and insource work programmes to the in house Property Care business;
- Extend the mobile working solution for Housing Management teams across the Group;
- Continue to source low cost funding by considering :
 - Funding through an own named bond,
 - Further funding through the bLEND aggregator,
 - Funding through another round of Affordable Housing Finance underwritten by the government;
 - Review of the Private Placement market
- Deliver against the merger business case planned efficiencies by setting a 1% per annum savings target on all operating budgets;
- Continue to integrate teams across the Group;
- Continue to harmonise working practices across the Group;
- Continue to integrate key ICT applications across the Group;
- Further strengthen our performance management with the introduction of more use of Business intelligence solutions;

Overall VFM assessment

The information provided in this strategic report demonstrates that Fortis Living Limited complies with the Regulator's VFM standard.

We have:

- VFM embedded in our strategic plan;
- Robust decision making on the use of resources;
- An understanding of the costs and outcomes of delivering our services; and
- Commentary included within the financial statements against all elements of the Sector Scorecard and the revised Value for Money Standard

The added value that we achieve is used to improve services and support the delivery of more sustainable homes for our communities.

Strategic Report

Risk Management

Risks that prevent the Association achieving its objectives are considered and reviewed regularly by the Management Team and the Board as part of the corporate planning process. The risks are assessed in terms of their impact and probability. The top strategic risks going forward are considered below:-

Business Area	Risk	Mitigation Strategies
Growth	Failure to deliver new homes target or to deliver homes funded by grant	Effective business planning with an approved envelope of expenditure. Work closely with developers in relation to potential opportunities. Scheme identification, appraisal and monitoring. Retention of key development teams.
Income Management	Less predictable income, Welfare Reform leads to reduced income.	Review of all rent collection processes and teams. Business Plan includes sensitivities to anticipate potential increase in arrears and bad debts. Increased resource deployed to assist customers moving to Universal Credit.
Business Continuity and Data Loss	Risk of failure by accident, inappropriate use or malicious activity	Resilience through business continuity and disaster recovery plans coupled with regular training and communication on data issues.
H&S: Housing assets and staff	Failure to comply with health and safety obligations as a landlord and employer.	Health and Safety policies and procedures are in place, risk assessments are carried out effectively, staff are trained in H&S risk, backed up by a funded asset management strategy.
Legal/reputational	Failure to maintain compliance with legal and regulatory framework.	Increased focus on property compliance reporting internally which overlaps with customer health and safety compliance.
Economic Uncertainty	Failure to effectively monitor, anticipate and respond to changes in the external environment.	Managers across the organisation have well-developed systems in place to keep them abreast of the impact of external changes affecting their areas of responsibility. High level economic risk is modelled in business plan stress tests.
Governance	Board has appropriate skills to meet new Regulatory requirements during Board renewal.	Board appraisals and performance reviews are carried out annually. Robust succession, recruitment, induction and training of new Board members. Succession Plan.
Customers	Failure to consider the customer voice, or deliver effective services	New customer experience strategy and review of the Group's promises to customers will be undertaken during 2019/20.
Merger	Failure to deliver expected benefits.	Close performance monitoring has ensured that "business as usual" performance has been maintained but the focus will now be on delivering merger efficiencies.

Strategic Report

Risk Management (continued)

A new Group wide Risk and Performance Group consisting of senior managers ensures that operational risks are reviewed regularly and monitored. Responsibility for individual risk management is firmly embedded through the roles and responsibilities of the relevant Risk Managers who each take responsibility for the control environment within their functions.

Further assurance of the adequacy of the Group risk maps has been provided by Internal Auditors who attend each meeting of the Group Audit & Risk Committee and who provide an annual report on risk and controls assurance.

Welfare Reform and its impact on income is high on our current Risk Register and rent collection processes have again been improved as the previous separate teams have been combined. The focus on increasing the number of tenants who pay rent by direct debit has been continued and the reduction of 1% per annum on rents for the four years 2016/2020 has been accommodated in the business plan. This rent loss is partly mitigated by a strong development programme generating regular new income.

The rent loss through voids continues to be a key efficiency target and longer term asset management decisions may need to be made on some of these sheltered housing schemes with high void levels. One scheme is currently undergoing demolition and re-provision and a number of others are undergoing improvement work to maximise their potential.

In order to test and manage financial risks, the Group has analysed a variety of sensitivity tests against the business plan including; rent inflation, cost inflation, voids/bad debts, interest rates, sales margins and development volumes.

The business plan is subject to a number of stress tests, each of which represents a combination of risks from the risk register, to determine whether they would cause 'significant financial distress' under the Regulator's Governance and Financial Viability Standard. The stresses are chosen to represent a range of extreme variations in the operating environment. A 'Perfect Storm' scenario is also analysed which combines all of the individual tests.

A series of mitigating activities has also been tested for their impact against the stress tests, but the most significant variable is the Group's development programme. Mitigation actions can include changing the mix within the development programme and/or reducing the number of homes to be delivered.

Emerging Risk

Following a due diligence process, the Platform Housing Group merger was completed successfully but there are still risks attached to any failure to deliver against the objectives in the merger business case. The Board will ensure that performance is maintained during the integration process and that the benefits of the new partnership are delivered.

The Board has noted the continued uncertainty created by Brexit and will monitor closely any potential impacts on the sector as a result of the recent change in Prime Minister, and the impact of any Brexit strategy.

In accordance with the new Group Risk Management Policy approved by Boards in March 2019, all reports to Boards include a context specific 'risk assessment' with commentary signposted to the relevant section(s) of the Corporate Risk and Assurance Framework.

Strategic Report

Corporate Governance

The Association is governed by a Common Board Platform Housing Group Limited, Fortis Living Limited and Waterloo Housing Group Limited. Board Terms of Reference are reviewed annually for the Board and its committees.

The Board Membership comprises former members of the Fortis Living Group and Waterloo Housing Group Boards, all of whom were appointed on 1st October 2018. On formation of Platform Housing Group, a number of Board Members from the former Groups retired during September 2018:

Fortis Living Group		Waterloo Housing Group	
Fiona Penhallurick	01/10/2018	Janet Ford	18/09/2018
Aaron John	01/10/2018	Joanne Broderick	18/09/2018
Stuart Allen	01/10/2018		

Board Members are non-executive and are Directors for legal purposes. They are drawn from a wide background, bringing together professional, commercial and local experience, and are remunerated for services performed for the Group. Insurance policies indemnify Board Members and Officers against liability when acting for the Group. The current Board was formed from the membership of the former Fortis Living and Waterloo Boards.

The Executive Directors act as executives within the authority delegated by the Board, and the remuneration of the Executive Directors is reviewed by the Board.

During and at the end of the 2018/19 financial year, none of the Group's directors had an interest in any material transaction in relation to the Group's business and none have an interest in any presently proposed material transactions.

Regulatory Compliance

The Regulatory Framework includes a requirement that all RPs remain compliant with the Governance and Financial Viability Standard, assess their compliance with the Standard at least once a year and certify compliance in their Financial Statements.

A detailed self-assessment against the Standard was considered by the Fortis Living Board in May 2018 and the Board approved Fortis Living's compliance with all areas of the Standard.

The Assets & Liabilities Register is constantly updated and is regularly reviewed as part of the Board Assurance Programme to confirm that the Register continues to meet the requirements of the Governance and Financial Viability Standard.

Fortis Living considers it has taken reasonable measures to assure itself that it meets the Standard.

Following its formation in October 2018, the Group received confirmation from the RSH that it had maintained its Regulatory Judgements, as follows:-

- Governance G1 - The provider meets the requirements on governance as set out in the Governance and Viability Standard.
- Viability V1 - The provider meets the requirements on viability set out in the Governance and Financial Viability Standard and has the capacity to mitigate its exposures effectively.

Strategic Report

Corporate Governance (continued)

Code of Governance

The Regulatory Framework makes it clear that responsibility for meeting the regulatory standards lies with the Board and that the Board is under an obligation to adopt and comply with a recognised Governance Code.

The Board has adopted, and complies with the principal recommendations of, both the NHF Code of Governance (2015) and Code of Conduct in all material respects except that the terms of office for two Board Members has been extended for a short period until the AGM in September 2019 in order to maintain the continuity of key skills during the initial stages of merger. Recruitment of new Board Members is in progress and there is a planned programme for board renewal. The Board has also adopted the NHF Voluntary Code for housing association mergers, group structures and partnerships.

The Board has three standing committees in operation.

The Group Audit & Risk Committee's role is to oversee the work of internal and external auditors and to monitor the Group's arrangements for internal control, risk management and assurance. The Committee meets at least four times per year and is responsible for the review of the annual financial statements for all Group companies prior to consideration and approval by the Boards.

The Remuneration Committee's responsibilities include appointment and remuneration of the Board, the Group Chief Executive and Group Executive Team.

The Treasury Committee is responsible for key treasury decisions in between Board Meetings, as delegated by the Board.

We are committed to customer engagement and scrutiny of our services and have recently reviewed our customer engagement model to ensure that there are even more ways for customers to share their views and feedback with us and get involved in ways that suit them.

Customer feedback is used in policy development and was specifically used for the review of our Complaints, Keeping Pets and Animals, Leasehold, Diversity and Inclusion, Arrears Recovery, Antisocial Behaviour and Hate Crime policies.

Health and Safety

The Board is aware of its responsibilities on all matters relating to health and safety, and detailed policies have been prepared. These are reviewed annually and staff training and education on health and safety matters is regularly provided. The Group seeks to ensure, as far as is reasonably possible, the health, safety and welfare of all employees.

Strategic Report

Internal Control Statement

The Board has overall responsibility for establishing and maintaining the whole system of internal control and reviewing its effectiveness.

The Board recognises that no system of internal control can provide absolute assurance against material misstatement or loss or eliminate all risk of failure to achieve business objectives. The system of internal control is designed to manage key risks and to provide reasonable, but not absolute, assurance that planned business objectives and expected outcomes are achieved. It also exists to give reasonable assurance about the preparation and reliability of financial information and the safeguarding of the Group's assets and interests.

In meeting its responsibilities, the Board has adopted a risk-based approach to internal controls, which are embedded within the normal management and governance processes. This approach includes the regular evaluation of the nature and extent of risks to which the Group is exposed and is consistent with good practice.

The Group Audit & Risk Committee is responsible for monitoring the risk management and internal control processes and reports to the Group Board on the efficacy of the process.

The process adopted by the Board in reviewing the effectiveness of the system of internal control, together with some of the key elements of the control framework includes:

Identification and Evaluation of Key Risks

Management responsibility has been clearly defined for the identification, evaluation and control of significant risks. There is a formal and ongoing process of management review in each area of the Group's activities. An internal Risk Management Review Group regularly considers and delivers reports on significant risks facing the Group and the Board receives regular reports on changes affecting key risks.

Environment and Control Procedures

The Board retains responsibility for a defined range of issues covering strategic, financial and compliance issues including treasury management and new investment projects. There are governance arrangements in place, including policies and procedures, which cover issues such as delegated authority, segregation of duties, accounting, treasury management, health and safety, data and asset protection, and fraud prevention and detection.

Information and Financial Reporting Systems

Financial reporting procedures include detailed annual budgets, detailed management accounts including forecasts for the year, and detailed treasury reports. These are reviewed in detail by the Group Executive Team and considered and approved by the Board each quarter. The Board also regularly reviews key performance indicators to assess progress towards the achievement of key business objectives, targets and outcomes.

Strategic Report

Internal Control Statement (continued)

Business Planning, Budgeting and Reporting

The Platform Housing Group Strategic Plan for the period 2018-23, which was approved by Boards in October 2018, sets out clear targets for the Group. This is supported by a 30-year financial plan which is updated at least twice each year. Economic assumptions are approved by the Boards and are subject to sensitivity testing. The plan is then subjected to comprehensive stress tests that are linked to the Group's risk register. The Boards have also considered mitigation strategies to deal with the materialisation of any stress factors.

Monitoring and Corrective Action

The internal control framework and risk management process is subject to regular review and is supported by internal and external auditors who are responsible for providing independent assurance to the Group Executive Team and Group Audit & Risk Committee and Board Members respectively. There is a formal process for the reporting and correction of significant control weaknesses. The Group Audit & Risk Committee considers internal control, risk and fraud at each of its meetings during the year.

The Group Audit & Risk Committee conducts an annual review and produces an annual report for the Board of the effectiveness of the system of internal control and considers any changes needed to maintain the effectiveness of the risk management and control process. The Board has received this report and confirms that there is a robust and on-going process for identifying, evaluating and managing significant risks faced by the Group. This process has been in place throughout the year under review, up to the date of the annual report, and is regularly reviewed by the Board.

Strategic Report

Statement of the Responsibilities of the Board for the Financial Statements

The Board is responsible for ensuring that the Report of the Board is prepared in accordance with the Statement of Recommended Practice 2018: “Accounting by registered social housing providers”.

The Co-operative and Community Benefit Societies Act 2014 and registered social housing legislation require the Board to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Group and of the Income and Expenditure for the period of account. In preparing these financial statements, the Board is required to:

- a. Select suitable accounting policies and then apply them consistently,
- b. Make judgements and estimates that are reasonable and prudent,
- c. State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- d. Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Association will continue in business.

The Board is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Association and enable it to ensure that the financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2019. It has general responsibility for taking reasonable steps to safeguard the assets of the Association and to prevent and detect fraud and other irregularities, by establishing and maintaining a satisfactory system of control over the Association’s accounting records, cash holdings, receipts and remittances.

Disclosure of Information to Auditors

The Board Members who held office at the date of approval of this board report confirm that, so far as they are each aware, there is no relevant audit information of which the Association’s auditors are unaware and each Board Member has taken all the steps that they ought to have taken as a board member to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

External Auditors

A resolution to reappoint Beever and Struthers, Chartered Accountants will be proposed at the annual general meeting.

Public Benefit Entity

As a Public Benefit Entity, The Association has applied the public benefit entity ‘PBE’ prefixed paragraphs of FRS102.

Statement of Compliance

The Board confirms that this Strategic Report has been prepared in accordance with the principles set out in Para 4.7 of the 2018 SORP for Registered Social Housing Providers.

The Strategic Report of the Board was approved by the Board on 17 September 2019 and signed on its behalf by:

DENNIS SLEATH (Chair)

Independent Auditor's Report to the Members of Waterloo Housing Group Ltd

Opinion

We have audited the financial statements of Waterloo Housing Group Limited "the association" for the year ended 31 March 2019 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Reserves and notes to the financial statements including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Group and Association's affairs as at 31 March 2019 and of its surplus for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Cooperative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2015.

Basis for opinion

We conducted our audit in accordance with International Standards on auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the association in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report to you in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Board of Management's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Board of Management have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the association's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Independent Auditor's Report to the Members of Waterloo Housing Group Ltd

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The Board of Management is responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which Cooperative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- a satisfactory system of control over transactions has not been maintained; or
- the association has not kept proper accounting records; or
- the financial statements are not in agreement with the books of account; or
- we have not received all the information and explanations we require for our audit.

Independent Auditor's Report to the Members of Waterloo Housing Group Ltd

Responsibilities of the Board of Management

As explained more fully in the Statement of Board's Responsibilities set out on page 25, the Board are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Board of Management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Management are responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Management either intend to liquidate the association or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's web-site at <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the association's members, as a body, in accordance with section 87 of the Cooperative and Community Benefit Societies Act 2014. Our audit work has been undertaken so that we might state to the association's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the association and the association's members as a body for our audit work, for this report, or for the opinions we have formed.

Beever and Struthers

Beever and Struthers, Statutory Auditor
St George's House

Notes to the Financial Statements 2019

Legal Status

Waterloo Housing Group Limited is an exempt charity and is incorporated in England under the Co-operative and Community Benefit Societies Act 2014 (registered number 7737). It is also registered with the Regulator of Social Housing as a Private Registered Provider of Social Housing (registration number 4879). The registered office is 1700 Solihull Parkway, Birmingham Business Park, Solihull, B37 7YD. Waterloo Housing Group Limited's principal activity is to provide social housing.

Waterloo Housing Group Limited is part of the Platform Housing Group and comprises the following entities:

Name	Incorporation	Registered/Non-registered
Waterloo Housing Group Ltd	Co-operative and Community Benefit Societies Act 2014	Registered
Acclaim Housing Ltd	Companies Act 2006	De-registered

During the year Acclaim Housing Ltd ceased to trade as it transferred all of its remaining assets and liabilities to Waterloo Housing Group Ltd. The company was de-registered with the Regulator of Social Housing in the year and Companies House registered the Company as dissolved on 25 June 2019.

1. Principal Accounting Policies

Basis of Accounting

The Association's financial statements have been prepared in accordance with applicable United Kingdom Accounting Generally Accepted Accounting Practice (UK GAAP), the Statement of Recommended Practice for registered housing providers: Housing SORP 2014 and Financial Reporting Standard 102 ("FRS 102").

The financial statements comply with the Co-operative and Community Benefit Societies Act 2014, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2015. The financial statements are prepared on the historical cost basis of accounting as modified by the revaluation of fixed asset investments and are presented in sterling and are rounded to the nearest £1,000.

As a Public Benefit Entity, the Association has applied the 'PBE' prefixed paragraphs of FRS102.

Basis of consolidation

The consolidated financial statements incorporate the results of Waterloo Housing Group Limited and all of its subsidiary undertakings as at 31 March 2019 using the acquisition and merger method of accounting as required. Where the acquisition method is used, the results of subsidiary undertakings are included from the date of acquisition, being the date the Group obtains control.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Going concern

The Association's financial statements have been prepared on a going concern basis which assumes an ability to continue operating for the foreseeable future. No significant concerns have been noted in the business plan updated for 2019/20 and therefore we consider it appropriate to continue to prepare the financial statements on a going concern basis.

Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the Statement of Financial Position date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

- a. **Categorisation of housing properties.** The Association undertook a detailed review of the intended use of all housing properties in 2015/16 and regularly reviews housing properties in rotation. In determining the intended use, the Association has considered if the asset is held for social benefit or to earn commercial rentals. The Association holds no investment properties. All housing properties are held for social benefit only
- b. **Pension and other post-employment benefits.** The cost of defined benefit pension plans and other post-employment benefits are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and the long term nature of these plans, such estimates are subject to significant uncertainty. In determining the appropriate discount rate, management considers the interest rates of corporate bonds in the respective currency with at least AA rating, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation. The underlying bonds are further reviewed for quality, and those having excessive credit spreads are removed from the population bonds on which the discount rate is based, on the basis that they do not represent high quality bonds. The mortality rate is based on publicly available mortality tables for the specific sector. Future salary increases and pension increases are based on expected future inflation rates for the respective sector. Further details are given in note 27.

The Association also participates in a defined contribution pension scheme, in respect of which the charge to the Statement of Comprehensive Income represents the total employer liability for service received from the relevant employees in the year.

- c. **Development expenditure.** The Association capitalises development expenditure in accordance with the accounting policy described on page 39. Initial capitalisation of costs is based on management's judgement that the development scheme is confirmed, usually when Board approval has taken place including access to the appropriate funding. In determining whether a project is likely to cease, management monitors the development and considers if changes have occurred that result in impairment.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

- d. Impairment.** The Association has identified a 'cash generating unit' (CGU) for impairment assessment purposes at scheme level. From 1 April 2016 the Association reduced most social housing rents by one percent and will continue to do so each year until 2019/20 in accordance with the requirements of the Welfare Reform and Work Act 2016. Despite planned cost efficiency savings, compliance with the new rent regime has resulted in a loss of net income for certain social housing properties; this was considered a trigger for impairment and a full impairment review was undertaken in 2015/16.

Following a trigger for impairment, the Association perform impairment tests based on fair value less costs to sell or a value in use calculation. The fair value less costs to sell calculation is based on available data from sales transactions in an arm's length transaction on similar CGU's or observable market prices less incremental costs for disposing of the properties. The value in use calculation is based on either a depreciated replacement cost or a discounted cash flow model. The depreciated replacement costs is based on available data of the cost of constructing or acquiring replacement properties to provide the same level of service potential to the Association as the existing property. The cash flows are derived from the business plan for the next 30 years and do not include restructuring activities that the Association is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash flows and the growth rate used for extrapolation purposes.

The Association has estimated the recoverable amount of its housing properties as follows:

- a. Determined that the recoverable amount will be assessed at the CGU;
- b. Estimated the recoverable amount of the CGU;
- c. Calculated the carrying amount of the CGU; and
- d. Compared the carrying amount to the recoverable amount to determine if an impairment loss has occurred.

Triggers for impairment include material changes to Government policy or the regulatory regime deem to cause material detrimental impact to the recoverable amount of housing properties, significant negative movement to the Nationwide Housing Property Index and long term sustained falls in GDP. Other factors such as obsolescence, change in demand or contamination may also trigger impairment.

Following an assessment of impairment, no impairment losses were identified in the reporting period.

- e. Financial Instruments.** The Association has adopted the recognition and measurement requirements of IAS 39 plus the disclosure requirements of FRS 102 sections 11 and 12 for all of its financial instruments.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Other key sources of estimation and assumptions

- a. Tangible fixed assets.** Other than investment properties, tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.
- b. Goodwill and intangible assets.** The Association establishes a reliable estimate of the useful life of goodwill and intangible assets arising on business combinations. This estimate is based on a variety of factors such as the expected use of the acquired business, the expected usual life of the cash generating units to which the goodwill is attributed, any legal, regulatory or contractual provisions that can limit useful life and assumptions that market participant would consider in respect of similar businesses. Where, in exceptional circumstances, the useful life of goodwill cannot be determined, the life will not exceed 10 years.
- c. Impairment of Financial Assets.** Financial assets are assessed at each reporting date to determine whether there is any objective evidence that a financial asset or group of financial assets is impaired. If there is objective evidence of impairment, an impairment loss is recognised in the Statement of Comprehensive Income immediately. The impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate.
- d. Provision for Bad Debts.** A provision is made for rent, service charges and other income based on the age and type of the debt.

Current Tenants	Provision
<i>Average age of arrears</i>	
Less than 30 days	0%
30 to 60 days	10%
60 to 90 days	25%
90 to 120 days	50%
120 to 150 days	75%
150 to 180 days	85%
Greater than 180 days	100%
Former Tenants	100%
Other income	
Less than 30 days	0%
30 to 60 days	25%
60 to 90 days	75%
Greater than 90 days	100%

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

- e. **Accounting for the Social Housing Pension Scheme ('SHPS').** The Board's view, considering the guidance issued in FRED 71 and guidance issued by the National Housing Federation, is that the difference between the deficit funding agreement previously recognised in relation to SHPS, and the net defined benefit deficit, should be recognised in Other Comprehensive Income. The relevant date to apply the adjustment is judged to be 1 April 2018, as TPT Retirement Solutions does not have data to provide sufficient information before the date 31 March 2018.

Merger accounting

Where merger accounting is used, the investment is recorded in the Associations Statement of Financial Position at the nominal value of the shares issued together with the fair value of any additional consideration paid. In the Associations financial statements, merged subsidiary undertakings are treated as if they had already been a member of the Group. The results of such a subsidiary are included for the whole period in the year it joins the Group. The corresponding figures for the previous year include its results for that period, the assets and liabilities at the previous Statement of Financial Position date and the shares issued by the association as consideration as if they had always been in issue.

Acquisition accounting

Where acquisition accounting is used, the group statement of comprehensive income and statement of cash flows include the results and cash flows of the investment from the acquisition date. The purchase consideration has been allocated to the assets and liabilities on the basis of fair value at the date of acquisition.

Goodwill

Goodwill arising on an acquisition of a subsidiary undertaking is the difference between the fair value of the consideration paid and the fair value of the assets and liabilities acquired. Subsequently goodwill is carried at cost less accumulated amortisation and impairment losses.

Amortisation of the fair value uplift is calculated on the straight line basis over the estimated useful life. The Association establishes a reliable estimate of the useful life of the fair value uplift arising on business combinations based on a variety of factors such as the expected use of the acquired business, the expected useful life of the cash generating units to which the fair value uplift is attributed, any legal, regulatory or contractual provisions that can limit useful life and assumptions that market participants would consider in respect of similar businesses. The useful economic life of the fair value uplift is 100 years. The excess of assets over liabilities is recognised as income in the year of acquisition.

Turnover and revenue recognition

Turnover represents rental income receivable, amortised capital grant, revenue grants from local authorities and Homes England, income from shared ownership first tranche sales and other properties developed for outright sale and other income and are recognised in relation to the period when the goods or services have been supplied.

Rental income is recognised when the property is available for let, net of voids. Income from property sales is recognised on legal completion.

Sales of properties developed for outright sale are included in Turnover and Cost of Sales.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Service charges

Service charge income and costs are recognised on an accruals basis. The Association operates both fixed and variable service charges on a scheme by scheme basis. Where variable service charges are used the charges will include an allowance for the surplus or deficit from prior years, with the surplus being returned to residents by a reduced charge and a deficit being recovered by a higher charge. Until these are returned or recovered they are held as creditors or debtors in the Statement of Financial Position.

Where periodic expenditure is required a sinking fund or reserve fund may be built up over the years; until these costs are incurred this liability is held in the Statement of Financial Position within long term creditors.

Financing costs

Finance interest, transaction costs and associated premium or discount are charged to the Statement of Comprehensive Income using either the effective interest rate (EIR) method or on a straight line basis where not materially different. The EIR method spreads all associated costs over the life of the instrument by comparing the borrowing amount at initial recognition and amount at maturity.

Loan finance issue costs

These are amortised over the life of the related loan. Loans are stated in the Statement of Financial Position at the amount of the net proceeds after issue, plus increases to account for any subsequent amounts amortised. Where loans are redeemed during the year, any redemption penalty and any connected loan finance issue costs are recognised in the Statement of Comprehensive Income account in the year in which the redemption took place.

Taxation

- a. **Value Added Tax (VAT).** The Association is registered for VAT and charges VAT on some of its income and is able to recover part of the VAT it incurs on expenditure. The financial statements include VAT to the extent that it is suffered by the Association and not recoverable from HM Revenue and Customs. The balance of VAT payable or recoverable at the year-end is included as a current liability or asset.
- b. **Deferred Taxation.** Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:
 - deferred tax is not recognised on timing differences arising on revalued properties unless the Association has entered into a binding sale agreement and is not proposing to take advantage of rollover relief; and
 - the recognition of deferred tax assets is limited to the extent that the Association anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Deferred tax balances are not disclosed.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Housing properties

Tangible fixed assets are stated at cost, less accumulated depreciation. Donated land/assets or assets acquired at below market value from a government source, i.e. local authority are included as a liability in the Statement of Financial Position at the fair value less consideration paid.

Housing properties under construction are stated at cost and are not depreciated. These are reclassified as housing properties on practical completion of construction. Freehold land is not depreciated.

Where a housing property comprises two or more major components with substantially different useful economic lives (UELs), each component is accounted for separately and depreciated over its individual UEL. Expenditure relating to subsequent replacement or renewal of components is capitalised as incurred. Expenditure incurred on responsive and cyclical repairs to the housing stock is expensed to the Statement of Comprehensive Income in the year in which it is incurred.

The Association depreciates freehold housing properties by component on a straight-line basis over the estimated UELs of the component categories. UELs for identified components are as follows:

Component	Useful Economic Life
Housing structure	100 years
Roofs	70 years
Windows and external doors	40 years
Bathrooms	30 years
Heating systems	30 years
Kitchens	20 years
Lifts	20 years
Central heating boilers	15 years

The Association depreciates housing properties held on long leases in the same manner as freehold properties, except where the unexpired lease term is shorter than the longest component life envisaged, in which case the unexpired term of the lease is adopted as the useful economic life of the relevant component category.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Other tangible fixed assets

Depreciation is charged on a straight line basis, to write them down to their estimated residual values over their expected useful life. No depreciation is provided on freehold land. Component accounting has been adopted for freehold office premises on exactly the same basis as that used for housing properties as set out above. The principal annual rates used for other assets are:

Other fixed asset	Useful economic life
Furniture, fixtures and fittings	4 - 10 years
Computer equipment	3 - 4 years
Motor vehicles	5 years
Freehold office and stores	15 - 100 years (component basis for housing properties)

Other tangible fixed assets under construction are stated at cost and are not depreciated

Shared ownership properties

The costs of low cost home ownership properties are split between current and fixed assets on the basis of the first tranche proportion. The expected first tranche proportion accounted for as a current asset and the sales proceeds shown in turnover. The remaining element of the shared ownership property is accounted for as a fixed asset within housing properties and subsequent sales treated as sales of fixed assets in operating profit.

Capitalisation of interest and administration costs

Interest on loans financing development is capitalised up to the date of the completion of the scheme and only when development activity is in progress.

Administration costs relating to development activities are capitalised only to the extent that they are incremental to the development process and directly attributable to bringing the property into its intended use.

Property managed by agents

Where the Association carries the majority of the financial risk on property managed by agents, all income and expenditure arising from the property is included in the Statement of Comprehensive Income.

Where the agency carries the majority of the financial risk, the Statement of Comprehensive Income includes only that income and expenditure that relates solely to the Association.

In both cases, the assets and associated liabilities are included in the Association's Statement of Financial Position.

Notes to the Financial Statements 2019

a. Principal Accounting Policies (continued)

Leased Assets

Where assets are financed by leasing agreements that give rights approximating to ownership (finance leases), they are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable over the term of the lease. The corresponding leasing commitments are shown as obligations to the lessor in creditors. They are depreciated over the shorter of the lease term and their economic useful lives.

Lease payments are analysed between capital and interest components so that the interest element of the payment is charged to the Statement of Comprehensive Income over the term of the lease and is calculated so that it represents a constant proportion of the balance of capital repayments outstanding. The capital part reduces the amounts payable to the lessor.

Other leases are treated as operating leases and payments are charged to the Statement of Comprehensive Income on a straight-line basis over the term of the lease.

Homebuy

Homebuy loans are treated as concessionary loans and are initially recognised at the amount paid to the purchaser and reviewed annually for impairment. The associated Homebuy grant from Homes England is recognised as deferred income until the loan is redeemed.

The Association operated this scheme by lending a percentage of the cost to home purchasers, secured on the property. The loans are interest free and repayable only on the sale of the property. On a sale, the fixed percentage of the proceeds is repaid. The loans are financed by an equal amount of Social Housing Grant (SHG). On redemption:

- The SHG is recycled;
- The SHG is written off, if a loss occurs; and
- The Association keeps any surplus.

Current asset investments

Current asset investments include cash and cash equivalents invested for periods of more than 24 hours. They are recognised initially at cost and subsequently at fair value at the reporting date. Any change in valuation between reporting dates is recognised in the Statement of Comprehensive Income.

Stocks and properties held for sale

Stocks of materials are stated at the lower of cost and net realisable value being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads.

Properties developed and intended for outright sale are included in current assets, at the lower of cost or estimated selling price less costs to complete and sell.

At each reporting date, stock and properties held for sale are assessed for impairment. If there is evidence of impairment, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in the Statement of Comprehensive Income.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Stock swaps

Where an agreement is entered into with another PRP to swap housing stock, the outgoing stock is treated as a disposal with a gain or loss recorded the Statement of Comprehensive Income. The incoming stock is measured at fair value.

Short-term debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the Statement of Comprehensive Income in other operating expenditure.

Non-government grants

Grants received from non-government sources are recognised under the performance model. If there are no specific performance requirements the grants are recognised when received or receivable. Where grant is received with specific performance requirements it is recognised as a liability until the conditions are met and then it is recognised as turnover.

Fixed asset investments

Investments held as fixed assets are stated at cost less provision for any permanent diminution in value. Any investments listed on a recognised stock exchange are stated at market value.

Social Housing Grant (SHG) and other government grants

Where developments have been financed wholly or partly by Social Housing Grant (SHG) and other grants, the amount of the grant received has been included as deferred income and recognised in turnover over the estimated useful life of the associated asset structure (not land), under the accruals model. SHG received for items of cost written off in the Statement of Comprehensive Income is included as part of turnover. Grants received prior to FRS 102 transition date have been recognised in the Income and Expenditure Reserve.

When SHG in respect of housing properties in the course of construction exceeds the total cost to date of those housing properties, the excess is shown as a current liability.

SHG must be recycled by the Association under certain conditions, if a property is sold, or if another relevant event takes place. In these cases, the SHG can be used for projects approved Homes England. However, SHG may have to be repaid if certain conditions are not met. If grant is not required to be recycled or repaid, any unamortised grant is recognised as turnover. In certain circumstances, SHG may be repayable and in that event, is a subordinated unsecured repayable debt.

Grants for revenue expenditure are credited to the Statement of Comprehensive Income as they become receivable.

Recycling of Capital Grant Fund (RCGF)

Where Social Housing Grant is recycled, as described above, the SHG is credited to a fund which appears as a creditor until used to fund the acquisition of new properties. Where recycled grant is known to be repayable it is shown as a creditor within one year.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Disposal Proceeds Fund (DPF)

Historical receipts from the sale of SHG funded properties less the net book value of the property and the costs of disposal were credited to the DPF up until the year ended 31 March 2017 when due to de-regulatory measures, there are no longer requirements to show new proceeds from relevant disposals in the DPF. This creditor is carried forward until it is used to fund the acquisition of new social housing.

Provisions

The Association will make a provision for contractual liabilities and where there is a reasonable probability for a potential loss.

Retirement benefits

The cost of providing retirement pensions and related benefits is charged to management expenses over the periods benefiting from the employee's services.

The Association participates in the Social Housing Pension Scheme (SHPS), a defined benefit multi-employer pension scheme administered by TPT Retirement Solutions (TPT). Historically, TPT has not been able to provide sufficient information for each social landlord's share of SHPS to allow defined benefit accounting to be applied. Instead in accordance with FRS102 paragraphs 28.11 and 28.11A and Housing SORP paragraphs 15.9 to 15.12, SHPS has been accounted for as a defined contribution scheme and recognised a liability for the present value of the landlord's deficit funding agreement.

Following changes made to systems and processes by TPT, sufficient information is now available for SHPS. In January 2019 the Financial Reporting Council issued FRED71 (draft amendments to FRS102 The Financial Reporting Standard applicable in the UK and Republic of Ireland – Multi-employer defined benefit plans.) which provides proposed changes to FRS102 on this issue.

Consistent with the guidance in FRED71 paragraph 4 (FRS102 paragraph 28.11B), the difference between the deficit funding liability and the net defined benefit deficit for SHPS has been recognised in Other Comprehensive Income. This constitutes a change in accounting policy. Further disclosures in this area are included in note 27.

Financial assets

Financial assets are defined as cash or any asset that is a contractual right to receive cash or another financial asset from another entity, or a contractual right to exchange financial instruments with another entity under conditions that are potentially favourable, or an equity instrument of another entity. The Association categorises its financial assets as:

- Loans and receivables; and
- Available-for-sale financial assets.

Loans and receivables are assets with fixed or determinable payments that are not quoted on an active market. These are initially recognised at fair value plus transaction costs and subsequently at amortised cost. Examples of loans and receivables include tenant arrears, unlisted investments, sundry debtors and cash at bank and in hand.

Notes to the Financial Statements 2019

1. Principal Accounting Policies (continued)

Available-for-sale financial assets are initially recognised at fair value plus transaction costs, which is effectively historical cost. At each Statement of Financial Position date they are re-measured at fair value and movements are recorded in equity reserves and in the Statement of Comprehensive Income when the reserves are fully utilised. Listed investments are considered to be available-for-sale assets.

Financial liabilities

Financial liabilities are defined as any liability that is a contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial instruments with another entity under conditions that are potentially unfavourable. The financial liabilities of the Association are classed as:

- Financial liabilities at fair value through profit and loss; and
- Other financial liabilities.

Other financial liabilities are all financial liabilities that have value to the supplying party, for instance debt finance, trade creditors, other creditors and accruals. They are valued at fair value at inception and then amortised cost subsequently.

Categorisation of debt

The Association's debt has been treated as "basic" in accordance with paragraphs 11.8 and 11.9 of FRS 102. The Association has some fixed rate loans which have a two-way break clause (i.e. in addition to compensation being payable by a borrower to a lender if a loan is prepaid where the prevailing fixed rate is lower than the existing loan's fixed rate, compensation could be payable by the lender to the borrower in the event that a loan is prepaid and the prevailing fixed rate is higher than the existing loan's fixed rate).

The Financial Reporting Council (FRC) issued a statement on 2 June 2016 in respect of such loans with no prescriptive direction as to whether they should be classified as "basic" or "non basic". On the grounds that the Association believes the recognition of each debt liability at cost provides a more transparent and understandable position of the Association's financial position and that each loan still satisfies the requirements of paragraphs 11.8 and 11.9 of FRS 102, the Association has retained its "basic" treatment of its debt following the FRC announcement.

Costs of properties includes £2,889k (2018: £3,198k) for direct administrative costs capitalised during the year. A rate of 4.2025% (2018: 4.2072%) has been used to capitalise interest.

Works to existing properties that were capitalised in the year were £2.989 million (2018: £2.861 million).

Notes to the Financial Statements 2019

11. Tangible Fixed Assets – Housing Properties (continued)

Within the total housing properties at costs there is a fair value adjustment of £42.279 million (2018: £42.668 million) related to negative goodwill arising on the acquisition of the former Acclaim Housing Group properties in April 2016. Accumulated depreciation on this sum is £1.279 million (2018: £856k). The net book value at 31 March 2019 is £41.000 million (31 March 2018: £41.812 million).

Fixed assets with restricted title or pledged as security for liabilities have a carrying value of £934.9 million (2018: £988.8 million).

23. Share Capital

	2019	2018
	£	£
At 1 April	7	12
Issued during the year	5	7
Cancelled during the year	<u>(2)</u>	<u>(12)</u>
At 31 March	<u>10</u>	<u>7</u>

The shares have a nominal value of £1 each and provide members with the right to vote at general meetings, but do not provide a right to dividends or distributions on winding up. The issue of shares is authorised as required throughout the year. Shares in issue cannot be repaid or transferred and when a shareholder ceases to be a member, the share is cancelled and the amount paid up becomes the property of the Association.

24. Capital Commitments

	2019	2018
	£000	£000
Capital expenditure		
Capital expenditure contracted for but not provided for in the accounts	117,395	96,498
Expenditure authorised by the Board of Management but not contracted	201,623	189,179
Total	<u>319,018</u>	<u>285,677</u>

The Association expects these commitments to be contracted within the next year and financed with:

	2019	2018
	£000	£000
Social housing grant	60,614	54,279
Proceeds from sales of properties	26,082	31,254
Surpluses and committed loan facilities	232,322	200,144
Total	<u>319,018</u>	<u>285,677</u>

25. Operating Leases

At 31 March the Association was committed to making the following total payments under non-cancellable operation leases

	2019	2018
	£000	£000
In less than one year	461	432
Between two and five years	803	1,253
In more than five years	-	9
	<u>1,264</u>	<u>1,694</u>

Notes to the Financial Statements 2019

26. Grants

Total accumulated government grant and financial assistance received or receivable at 31 March:

	2019	2018
	£000	£000
Held as deferred capital grant (note 20)	403,285	392,203
Recognised as income in Statement of Comprehensive Income	53,746	49,401
	<u>457,031</u>	<u>441,604</u>

27. Pension

The Association participates in 5 (2018: 5) funded defined benefit pension schemes. All schemes' assets are held in separate funds administered by the Trustees of each scheme. The schemes are as follows:

Scheme Name	Employer contributions	Range of member contributions
	2019	2019
Lincolnshire Pension Fund (LGPS)	24.25%	5.5% to 12.5%
Leicestershire County Council Pension Fund (LGPS)	25.59%	5.5% to 12.5%
Derbyshire Pension Fund (LGPS)	28.10%	5.5% to 12.5%
The Pensions Trust 2016 Waterloo Housing Association Benefits Plan	N/A	N/A
The Social Housing Pension Scheme	7.06%	7.64% to 10.04%

Scheme Name	Employer contributions	Range of member contributions
	2018	2018
Lincolnshire Pension Fund (LGPS)	24.25%	5.5% to 12.5%
Leicestershire County Council Pension Fund (LGPS)	25.59%	5.5% to 12.5%
Derbyshire Pension Fund (LGPS)	28.10%	5.5% to 12.5%
The Pensions Trust 2016 Waterloo Housing Association Benefits Plan	N/A	N/A
The Social Housing Pension Scheme	7.06% to 14.9%	6.1% to 10.04%

All of the funded defined benefit pension schemes that the Association participates in can be separately identified and therefore the Association recognises in full the Schemes' surpluses or deficits on the Statement of Financial Position.

Local Government Pension Schemes (LGPS)

The LGPS is a funded defined benefit scheme, with the assets held in separate funds administered by the relevant Local Authority. The total contributions made for the year ended 31 March 2019 were £1,375,000 of which employer's contributions totalled £1,240,000 and employees' contributions totalled £135,000.

Notes to the Financial Statements 2019

27. Pension (continued)

When the LGPS benefit structure was reformed in 2014, transitional protections were applied to certain older members close to normal retirement age. The benefits accrued from 1 April 2014 by these members are subject to an 'underpin' which means that they cannot be lower than what they would have received under the previous benefit structure. The underpin ensures that these members do not lose out from the introduction of the new scheme by effectively giving them the better of the benefits from the old and new schemes.

In December 2018 the Court of Appeal upheld a ruling ("McCloud/Sargeant") that similar transitional protections in the Judges' and Firefighters' Pension Schemes were unlawful on the grounds of age discrimination. The implications of the ruling are expected to apply to the LGPS (and other public service schemes) as well. The UK government requested leave to appeal to the Supreme Court but this was denied at the end of June 2019. LGPS benefits accrued from 2014 may therefore need to be enhanced so that all members, regardless of age, will benefit from the underpin. Alternatively, restitution may be achieved in a different way, for example by paying compensation. In either case, the clear expectation is that many more members would see an enhanced benefit rather than just those currently subject to these protections. There will therefore be a retrospective increase to members' benefits, which in turn will give rise to a past service cost for the Fund employers.

Quantifying the impact of the judgement at this stage is very difficult because it will depend on the compensation awarded, members' future salary increases, length of service and retirement age and whether (and when) members withdraw from active service. Salary increases in particular can vary significantly from year to year and from member to member depending on factors such as budget restraint, job performance and career progression. The Government Actuary's Department (GAD) has estimated that the impact for the LGPS as a whole would be to increase active member liabilities by 3.2% based on a given set of actuarial assumptions. A full description of the data, methodology and assumptions underlying these estimates is given in GAD's paper, dated 10 June 2019.

The Funds' actuaries have made a best estimate of the impact on Platform Housing Groups' pension liabilities and this estimation is included in the net liability for the LGPS schemes as at 31 March 2019. These numbers are high level estimates based on scheme level calculations and depend on several key assumptions.

The impact on employers' funding arrangements will likely be dampened by the funding arrangements they have in place. However, if the judgement is upheld then there will be unavoidable upward pressure on contributions in future years.

The Pensions Trust 2016 Waterloo Housing Association Benefits Plan

The Waterloo Housing Association Benefits Plan is a defined benefit scheme in the UK. On 31 March 2016, the scheme was closed to future accrual for all of its existing members but with those members still employed by the Association retaining the final earnings link on their benefits. There were no contributions made to this scheme in 2019 (2018: nil) in respect of further pensionable service. The employer has agreed with the trustees that it will aim to eliminate the deficit over a period of 7 years 6 months from 30 September 2017 by the payment of annual contributions of £831,000 payable monthly (£782,000 paid monthly to March 2019). In addition and in accordance with the actuarial valuation, the employer has agreed with the trustees that it will meet expenses of the scheme and levies to the Pension Protection Fund.

Notes to the Financial Statements 2019

27. Pension (continued)

The Social Housing Pension Scheme (SHPS)

The Association participates in the Social Housing Pension Scheme (SHPS), a defined benefit multi-employer pension scheme administered by TPT retirement solutions (TPT). The accounting policy in relation to SHPS is set out on page 44. As noted in the accounting policy, there has been a change in accounting policy in relation to SHPS.

The following adjustments have been made in relation to the change in accounting policy.

- Removal of the liability for the funding of the deficit funding agreement (reduction in creditors of £3,614k; increase in Other Comprehensive Income £3,614k)
- Recognition of the net pension deficit (increase in pension liability £7,403k; reduction in Other Comprehensive Income £7,403k).

The total contributions made for the year ended 31 March 2019 were £1,094,000 of which employer's contributions totalled £826,000 and employees' contributions totalled £268,000.

Principal actuarial assumptions

The following information is based upon a full actuarial valuation of the fund updated to 31 March 2019 by qualified independent actuaries.

	2019	Lincolnshire	Leicestershire	Derbyshire	WHA benefits plan	SHPS
Future salary increases		2.90%	3.50%	3.00%	4.20%	3.30%
Future pension increases		2.50%	2.50%	2.50%		
RPI					3.05%	3.30%
CPI					1.70%	2.30%
Discount rate		2.40%	2.40%	2.40%	2.45%	2.30%
Commutation of pensions to lump sums (of max allowance)		50% pre-2008 75% post 2008	50% pre-2008 75% post 2008	50% pre-2008 75% post 2008	75%	75%

Composition of plan assets

	2019 £000	2018 £000
Equities	61,328	45,944
Other bonds	22,464	15,926
Property	8,345	4,889
Other	1,961	1,297
Total	94,098	68,056

None of the fair values of the assets shown above includes any direct investments in the employers' own financial instruments or any property occupied by, or other assets used by, the employer.

Analysis of the amount charged to operating expenditure in the Statement of Comprehensive Income

	2019 £000	2018 £000
Amount charged to operating surplus:		
Current service cost (net of employee contributions)	(1,197)	(803)
Past service cost	(192)	(77)
Expenses	(104)	(101)
Total operating charge	(1,493)	(981)
Amount charged to finance costs:		
Interest income on plan assets	2,371	1,688
Interest cost on defined benefit obligations	(3,090)	(2,373)
Total amount charged to finance cost	(719)	(685)
Amounts of gains and losses recognised in the Statement of Comprehensive Income		
Returns on plan assets excluding interest	1,985	1,555
Experience gains/losses	(69)	(85)
Other remeasurement (losses)/gains	-	-
Changes in financial assumptions	(7,871)	2,863
Changes in demographic assumptions	373	-
Effect on asset ceiling	-	-
Total remeasurement (losses)/gains	(5,582)	4,333
Total actuarial (loss)/gain recognised	(7,794)	2,667

Notes to the Financial Statements 2019

27. Pension (continued)

Movement in surplus/(deficit) in the year

	2019 £000	2018 £000
(Deficit) in the schemes at 1 April	(27,908)	(26,720)
Movement in year:		
Employer service cost (net of employee contributions)	(1,301)	(904)
Employer contributions	2,848	2,188
Past service cost	(192)	(77)
Net interest/return on assets	(719)	(685)
Remeasurements	(5,582)	4,333
	(32,854)	(21,865)
(Deficit) in the schemes at 31 March	(32,854)	(21,865)

The difference between the closing deficit for 2018 and the opening deficit for April 2019 directly relates to the change in accounting policy for SHPS. The accounting policy in relation to SHPS is set out on page 44.

Reconciliation of the opening and closing balance of the present value of scheme liabilities

	2019 £000	2018 £000
Opening defined benefit obligation	(117,719)	(91,086)
Transfer of engagements	-	-
Current service cost	(1,197)	(803)
Past service cost	(192)	(77)
Expenses	(20)	(101)
Interest cost	(3,090)	(2,373)
Contributions by employees	(403)	(136)
Experience (losses)	(69)	(85)
Changes in financial assumptions	(7,871)	2,863
Changes in demographic assumptions	373	-
Net benefits paid	3,236	1,877
	(126,952)	(89,921)
Closing defined benefit obligation	(126,952)	(89,921)

Notes to the Financial Statements 2019

27. Pension (continued)

Reconciliation of the opening and closing balance of the fair value of the scheme assets:

	2019 £000	2018 £000
Opening fair value of the scheme assets	89,811	64,366
Transfer of engagements	-	-
Interest income on plan assets	2,371	1,688
Effect of asset ceiling	-	-
Return on plan assets (excluding interest)	1,985	1,555
Other remeasurement gains/(losses)	-	-
Contributions by employer	2,848	2,188
Contributions by employees	403	136
Net benefits paid	(3,320)	(1,877)
Closing value of the scheme assets	94,098	68,056

Projected defined benefit costs for the period to 31 March 2020

The Association expects to contribute the following amounts to the defined benefit schemes during the year ended 31 March 2020:

	£000
Lincolnshire Pension Fund	954
Leicestershire County Council Pension Fund	95
Derbyshire Pension Fund	225
TPT 2016 Waterloo Housing Association Benefits Plan	831
SHPS	900
Total	3,005

Notes to the Financial Statements 2019

28. Related Parties

In accordance with FRS102 Related Party Disclosures, Section 33.1A, Waterloo Housing Group Ltd has not disclosed transactions entered into between two or more members of the Group, where each party to the transaction is 100% owned.

Transactions with non-registered elements of the business

In accordance with the Accounting Direction 2015, transactions between private registered providers and other non-registered entities in the Group are disclosed as follows:

	2019	Turnover	Operating expenses	Interest receivable	Other creditors	Other debtors
		£000	£000	£000	£000	£000
Acclaim Housing Limited		--		-	-	-
ESHA Developments Limited		60,264	(60,243)	-	-	10,706
	2018	Turnover	Operating expenses	Interest receivable	Other creditors	Other debtors

ESHA Developments Limited		73,367	(73,338)	-	-	12,562

29. Financial Instruments and Risk Management

The treasury function is responsible for the management of treasury risks and ensuring that the Association has sufficient liquidity. A treasury assurance report is presented monthly to the Group Finance Director and quarterly to the Group Board. This report details how the Association is managing each of the key risk areas detailed in the Treasury Management Policy (TMP). Both the TMP and treasury strategy are updated on an ongoing basis as required by the Association, and formally reviewed at least once a year.

The Association has been given the highest governance and viability ratings, 'G1/V1', by the Regulator of Social Housing.

Liquidity

The Association had total borrowing facilities of £925m (2018: £854m) available at 31 March 2019, of which £139m (2018: £139m) were undrawn.

Notes to the Financial Statements 2019

	924,830	786,355	138,475	621,865	302,804	161

Note the variable amounts above includes undrawn loans available. Debt facilities with Lloyds Bank Plc (£60m) and bLEND Funding Plc (£110m) were completed in the year.

Liquidity (continued)

Maturity profile of outstanding borrowing at 31 March 2019:

	2019 £000	2018 £000
Loans repayable by instalments		
Within one year	4,058	15,113
In one year or more but less than two years	9,543	3,888
In two years or more but less than five years	12,181	23,824
In five years or more	46,450	51,431
Loans not repayable by instalments		
Within one year	16,236	14,715
In one year or more but less than two years	84,852	16,236
In two years or more but less than five years	125,120	129,852
In five years or more	487,915	460,212
Total repayable	786,355	715,271
Less loan issue costs	(5,271)	(3,939)
Adjustment for premium on issue	-	-
Total drawn borrowings (included in Notes 18 and 19)	781,084	711,332

Refinancing risk is managed through the Treasury Policy that ensures maturities are not overly concentrated.

All of the loans are secured or due to be secured by specific charges on the Group's individual housing properties

Notes to the Financial Statements 2019

29. Financial Instruments and Risk Management (continued)

Interest rate risk

The Association manages volatility of cash flows and interest payments in relation to interest rate risk by limiting its exposure to variable interest rate risk. Interest rate risk policy is managed by Treasury and approved by the Board. The policy states that variable rate borrowings shall not exceed more than 40% of total outstanding borrowings.

Association fixed and variable rate outstanding borrowing at 31 March:

	2019			2018		
	£000	Weighted average rate	Weighted average term	£000	Weighted average rate	Weighted average term
Fixed rate	621,865	4.82%	18 yrs	526,006	5.05%	21 yrs
Variable rate*	164,329	1.63%	6 yrs	189,013	1.53%	14 yrs
RPI	161	5.65%	1 yrs	252	5.65%	2 yrs
Total drawn	786,355	4.16%	15 yrs	715,271	4.12%	19 yrs

*variable rate on drawn loans

Currency risk

The Association only trades in sterling and holds sterling balances so is not exposed to any currency risks. It has no overseas subsidiaries.

Credit risk

Credit risk is the risk that a counterparty to a financial instrument fails to discharge an obligation to the Association. Credit risk policy is managed by Treasury and approved by the Board.

Covenant compliance

Covenant compliance is monitored by the Treasury department on a monthly basis. There were no breaches in the year.

The following financial covenants are assessed on an annual basis at subsidiary level:

	2019	2018
Interest cover	245%	271%
Gearing	50%	44%

Interest cover is calculated by dividing operating surplus by financing costs and must be at least 110%. Gearing is calculated as total net borrowings divided by Housing Assets at NBV and cannot be more than 60%

Notes to the Financial Statements 2019

29. Financial Instruments and Risk Management (continued)

Financial Instruments

The Association's financial instruments are analysed as follows:

Financial Assets

	2019 £000	2018 £000
Financial assets measured at historical cost		
Cash at bank and in hand	124,523	61,624
Rents and service charges receivable	1,905	1,701
SHG and other grants receivable	9,328	4,201
Trade debtors	948	2,136
Other debtors and accrued income	578	418
Homebuy loans	57	57
	<u>137,339</u>	<u>70,137</u>

Financial Liabilities

	2019 £000	2018 £000
Financial liabilities measured at amortised cost		
Loans payable	781,084	711,332
Financial liabilities measured at historical cost		
Trade creditors	2,014	3,606
Rents and service charges paid in advance	6,715	5,930
SHG and other grants received in advance	3,758	2,258
Amounts due to group companies	10,705	12,561
Deferred Capital Grant fund	403,285	392,203
Recycled Capital Grant fund	6,288	7,168
Disposal proceeds fund	0	207
Other taxation and social security costs	0	12
SHPS Pension agreement plan	0	3,614
Sinking funds	1,165	1,099
Other creditors and accruals	10,454	11,268
	<u>1,225,468</u>	<u>1,151,258</u>

30. Events After Year End

Disclosure of all events after year end has been made in the Strategic Report.

VALUATION REPORT

The Bonds are secured by, *inter alia*, an allocation of Charged Properties from a shared security pool (the **Apportioned Properties**). On an ongoing basis, the Security Trustee apportions such number of units of the Charged Properties between all the Beneficiaries (including the Issuer) as is appropriate. The following valuation report (the **Valuation Report**) therefore relates to the Apportioned Properties, an appropriate part of which will be apportioned to secure the Bonds, such part as is required to enable the Borrowers to satisfy the Asset Cover Test (as defined in the Loan Agreements) (see the section entitled "*Description of the Loan Agreements*" above)).

The Valuation Report was prepared by Savills Advisory Services Limited, Registered Chartered Surveyors of 33 Margaret Street, London W1G 0JD. The Valuation Report is included in these Admission Particulars, in the form and context in which it is included, with the consent of the Valuer and the Valuer has authorised the contents of this section.

The Valuer does not have a material interest in the Issuer or the Original Borrower.

Summary of valuations

A summary of the values of the Apportioned Properties set out in the Valuation Report is set out below:

EUV-SH or, where appropriate, MV-ST*				Total
Units	EUV-SH is appropriate	Units	MV-ST is appropriate	
1,783	£107,870,000	3,216	£253,000,000	£360,870,000

* A further 125 Units have been attributed a nil value.

Issuer's Apportioned Part

Of the 5,124 units which comprise the Apportioned Properties, 4,796 units will be apportioned to the Issuer on the Issue Date as lender under the Loan Agreements. The Issuer's Security Percentage for the purpose of calculating the Asset Cover Test on the Issue Date is therefore 93.6%.

As at the Issue Date, for the purpose of the Asset Cover Test, the Minimum Value of the Apportioned Properties multiplied by the Issuer's Security Percentage is £302,078,400.

Platform Housing Limited Platform HG Financing plc & Others

Valuation of Housing Stock Relating to the Issue of:

£350,000,000 1.625 per cent. Secured Bonds due 2055

Dear Sirs,

VALUATION OF HOUSING STOCK OF PLATFORM HOUSING LIMITED (THE "ORIGINAL BORROWER") RELATING TO THE ISSUE BY PLATFORM HG FINANCING PLC (THE "ISSUER") OF £350,000,000 1.625 PER CENT. SECURED BONDS DUE 2055 (THE "BONDS").

In accordance with the instructions confirmed in our letter to the Issuer dated 16 July 2020, we have inspected the properties and made such enquiries as are sufficient to provide you with our opinion of value on the bases stated below.

We draw your attention to our accompanying Report together with the General Assumptions and Conditions upon which our Valuation has been prepared, details of which are provided at the rear of our Report. We trust that our Report meets your requirements, however should you have any queries, please do not hesitate to contact us.

Offices and associates throughout the Americas, Europe, Asia Pacific, Africa and the Middle East.

Savills Advisory Services Limited. A subsidiary of Savills plc. Registered in England No. 06215875.

1. Instructions and Terms of Reference

1.1. Instructions & Terms of Reference

This Report is required in connection with the proposed issue by the Issuer of the Bonds.

Further to instructions received from the Issuer and the Reliance Letter dated 16 July 2020 which confirmed our instructions we now have pleasure in reporting the following valuations and advice.

The schedule of properties which are the subject of this valuation (the “Properties”) with apportioned shares of value is attached at **Appendix 1** and relates to 4999 units with value plus 125 nil value units, 5124 units in total.

In completing this exercise, we have:

- a) agreed a full set of property schedule data with the Original Borrower;
- b) discussed details as to our approach and methodology; and
- c) completed our own thorough review, research and analysis.

The above has enabled us to arrive at the valuation assumptions that have enabled us to carry out our valuations and final reported figures herein.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the Original Borrower’s annual accounts. This Report has been prepared in accordance with the RICS Red Book (as defined herein). The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the Properties were enforced as at the Effective Date (as defined herein).

We understand that the values given in the accounts of the Original Borrower are prepared on an historic cost basis, which considers how much the Properties have cost and will continue to cost the Original Borrower. This is an entirely different basis of valuation from that used for loan security purposes. Moreover, the figure in the Original Borrower’s latest published annual accounts represents a valuation based on the going concern of the whole stock, in contrast with the valuation for the Bonds which only represents the value to a funder in possession of a portion of the stock. As such different assumptions would be applied. Consequently, in addition to being impractical, any comparison would not be an accurate comparison.

Our valuations have been carried out on the basis of the General Assumptions and Standard Conditions set out in **Appendix 4**.

1.2. Basis of Valuation MV- stt - Unencumbered Properties

In relation to Properties which may be disposed of by a mortgagee in possession on an unfettered basis (meaning subject to tenancies but otherwise vacant possession and not subject to any security interest option or other encumbrance or to any restriction preventing its sale to, or use by, any person for residential use):-

- The Market Value of such properties for loan security purposes firstly reflecting the fact or (where not the case) making an assumption as to the fact that the properties are subject to existing tenancies that grant security of tenure to the occupational tenant. Our valuation will refer to this basis of value as “MV–stt” or “market value, subject to tenancies”.
- The Existing Use Value – Social Housing (“EUV-SH”) of such properties for loan security purposes attributable to the same unencumbered Properties.

1.3. Basis of Valuation EUV-SH - Encumbered Properties

In relation to Properties other than those specified in paragraph 1.2 above that have restrictions on title, in planning permission or those former LSVT properties that should remain at EUV-SH levels:-

- The Existing Use Value for Social Housing (“EUV-SH”) of such properties for loan security purposes.

1.4. Definition of Basis of Valuations

Existing Use Value for Social Housing is defined by the Royal Institution of Chartered Surveyors (“RICS”) at UK VPGA 7 as:-

“Existing use value for social housing (EUV-SH) is an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- a) a willing seller*
- b) that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the property marketing of the interest for the agreement of the price in terms and for the completion of the sale*
- c) that the state of the market, level of values and other circumstances were on any earlier assumed data of exchange of contracts, the same as on the date of valuation*
- d) that no account is taken of any additional bid by a prospective purchaser with a special interest*
- e) that both parties to the transaction had acted knowledgeably, prudently and without compulsion*
- f) that the property will continue to be let by a body pursuant to delivery of a service for the existing use*
- g) that the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body’s requirements*
- h) that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession and*
- i) that any subsequent sale would be subject to all the same assumptions above”*

Market Value is defined by the Royal Institution of Chartered Surveyors at VPS 4.4 as:-

“The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm’s length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.”

1.5. Freehold & Long-Leasehold Properties

We have valued the freehold and long-leasehold property and listed these separately at **Appendix 1**, splitting the schedules at **Appendix 2** between those valued at EUV-SH and MV- stt.

We confirm that there will be no material difference in the valuations between freehold and long-leasehold interests (on either basis; MV-stt and EUV-SH).

1.6. General Assumptions and Conditions

All our valuations have been carried out on the basis of the General Assumptions and Standard Conditions set out in **Appendix 4** of this Report.

1.7. Valuation Date

Our opinions of value are as at the date of this Report, 6 August 2020 (the “Effective Date”). The importance of the valuation date must be stressed as property values can change over a relatively short period of time.

1.8. Purpose of Valuation

We understand that our valuation is required for loan security purposes in connection with the proposed issue by the Issuer of the Bonds. The Properties will be charged pursuant to Legal Mortgages by the Original Borrower as security in favour of the Security Trustee and held by the Security Trustee on the basis of a Security Trust Deed for the benefit of, inter alios, itself, and the Issuer. The Issuer has, pursuant to the Bond Trust Deed, assigned its rights in respect of the Properties to the Bond Trustee for the benefit of the holders of the Bonds and the other Secured Parties.

This Report is issued for the benefit of the addressees and for the inclusion in the Admission Particulars (the “Admission Particulars”) for the Bonds to be issued by the Issuer and may only be used in connection with the transaction referred to in this Report and for the purposes of the Admission Particulars.

We hereby give consent to the publication of this Report within the Admission Particulars and accept responsibility for the information contained in this Report. Having taken all reasonable care to ensure that such is the case, the information given in this Report is, to the best of our knowledge, in accordance with the facts and contains no omission anything likely to affect the import.

1.9. Conflicts of Interest

We are independent valuers and are not aware of any conflict of interest, either with the Properties or the Issuer or the Original Borrower, preventing us from providing you with an independent valuation of the Properties in accordance with the RICS Red Book. We will value the Properties as External Valuers, as defined in the RICS Red Book.

We confirm that Savills Advisory Services Limited does not have a material connection or involvement with the subject property or any other parties and there are no other factors that could limit the valuer’s ability to provide an impartial and independent valuation. Accordingly, we are reporting on an objective and unbiased basis.

1.10. Valuer Details and Inspection

The due diligence enquiries referred to below were undertaken by David Cotterell FRICS. The valuations have also been reviewed by Andrew Garratt MRICS.

It is not possible under the current restrictions imposed by Government to carry out other than limited inspections of any properties or sites. We are confident that we have thorough knowledge of the stock and a robust understanding of the properties and the markets, and the market in general in which this portfolio is placed. We conducted a sampled external inspection of a selection of the subject properties between 24 June and 31 July 2020.

All those above with MRICS or FRICS qualifications are also RICS Registered Valuers. Furthermore, in accordance with VPS 3.7, we confirm that the aforementioned individuals have sufficient current local and national knowledge of the particular market and the skills and understanding to undertake the valuation competently.

1.11. Extent of Due Diligence Enquiries and Information Sources

The extent of the due diligence enquiries we have undertaken and the sources of the information we have relied upon for the purpose of our valuation are stated in the relevant sections of our Report below.

We have also reviewed the final form certificates of title and top up letters prepared by

- Devonshires Solicitors LLP
- Wright Hassall LLP
- Browne Jacobson LLP

(the "Certificates of Title") to be dated on or about the date of this Report and can confirm that our valuations fully reflect the disclosures contained therein.

1.12. RICS Compliance

This report has been prepared in accordance with the RICS Valuation – Global Standards (incorporating the IVSC International Valuation Standards) effective from 31 January 2020 together, where applicable, with the UK National Supplement effective 14 January 2019, together the "Red Book".

2. Executive Summary of Valuation

2.1. Valuation of All Property

Based on the schedule of Properties provided by the Original Borrower and upon assumptions detailed in this Report, our opinions of value on the bases indicated as at the date of this Report are as follows:

Our opinion of value, in aggregate, of the **3216** rented dwellings as mentioned at **1.2** above, on the basis of

- **Market Value – Subject to Tenancies (MV- stt) is £253,000,000 (Two Hundred & Fifty-Three Million Pounds)**

Our opinion of value, in aggregate, of the **1783** rented dwellings as mentioned at **1.3** above, on the basis of

- **Existing Use Value for Social Housing (EUV-SH) is £107,870,000 (One Hundred & Seven Million Eight Hundred & Seventy Thousand Pounds)**

There are 125 properties which have been ascribed a nil value.

A detailed breakdown of the categories of property concerned and their respective values is given at Section 6 below.

A summary of the valuations split between Freehold and Leasehold property is at **Appendix 1**. A full property schedule with apportioned values is included at **Appendix 2**.

3. The Properties

3.1. The Properties

3.1.1. Location and Description

There are 5124 subject dwellings and units of accommodation comprised in the Properties, including 125 units with a nil value. They are spread across the East & West Midlands, in the locations detailed below.

Table 1: Stock Location

Source: the Original Borrower

The stock is located in a range of mainly residential suburban and rural locations that are for the most part with ready access to transport links and local amenities.

Our knowledge of the stock highlighted some locations of relative social deprivation, and others with very little or no such deprivation. Our analysis of this using multiple deprivation indices provided by the Ministry of Housing, Communities and Local Government (MHCLG) suggests that whilst there are pockets of poverty and affluence within the stock, it is for the most part within the mainstream of national data. The deprivation score is based upon a number of variables such as income, employment, education level, health and disability and crime.

Chart 1 – Stock distribution by decile

Source: MHCLG

1 = Most deprived decile, 10 = least deprived

The following tables and analysis relate to the properties to be charged to the Bonds only, the nil value units are excluded from further analysis. The Properties can be summarised by type and tenure as follows:

Table 2: Property Mix

	Rented	Intermediate	Shared Ownership	Commercial	Leasehold	Grand Total
Non residential				5		5
Bedsit	16	1			1	18

Source: the Original Borrower

Please refer to **Appendix 2** for a full breakdown of all of the units, types and the number of units together with summary rental income data as well as a full list of the Properties.

3.1.2. Condition and Construction

The construction type varies across the portfolio, most are considered to be of conventional construction for their age and category. Houses are mainly of solid brick and block, cavity brick or timber frame construction with roofs being mainly pitched and covered in slate or tile. Some of the more modern flats are mainly of cavity brick, metal or timber frame construction with roofs being pitched and covered in tile or flat and believed to have an asphalt or metal type covering.

The majority of the Properties have double glazed windows of timber, metal or UPVC casement type. In addition the majority of the Properties benefit from all mains services and gas fired central heating systems supplying radiators.

As instructed, we have not carried out a structural survey. However, we would comment, without liability that during the course of our inspections for valuation purposes, we observed that the Properties appear to be generally in reasonable condition, commensurate with their age, upkeep and renewal programmes.

Apart from any matters specifically referred to in this Report, we have assumed that the Properties are free from structural faults, or other defects and are in a good and lettable condition internally. The Report is prepared on this assumption.

3.1.3. Services

No detailed inspections or tests have been carried out by us on any of the services or items of equipment, therefore no warranty can be given with regard to their purpose. We have valued the Properties on the assumption that all services are in full working order and comply with all statutory requirements and standards.

3.2. Environmental Considerations

We have valued the Properties on the assumption that they have not suffered any land contamination in the past, nor are they likely to become so contaminated in the foreseeable future. However, should it subsequently be established that contamination exists at the Properties, or on any neighbouring land, then we may wish to review our valuation advice.

We have assumed there to be no adverse ground or soil conditions and that the load bearing qualities of the site are sufficient to support the building constructed thereon.

3.3. Town Planning

The “Property Documents” means the Certificate of Title and copies of standard tenancy agreements and various planning agreements in respect of the Properties valued in this Report.

We have not made specific planning enquiries for each site. We have therefore assumed for the purposes of this Report, save as set out in the Property Documents, that there are no planning conditions that would adversely affect the valuation.

3.4. Title and Tenure

3.4.1. Title

Our valuation reflects our opinion of value in aggregate of the freehold or long-leasehold interests (in each case) of the Properties owned by the Original Borrower and identified by the subject of this Report and scheduled at **Appendix 2**.

In respect of each Property which we have valued on the basis on MV- stt we confirm that we have reviewed the Certificate of Title and confirm that the relevant Property can be disposed of on an unfettered basis (i.e. subject only to existing tenancies disclosed in the Certificate of Title but not subject to any security interest, option or other encumbrance or to any restriction preventing or restricting its sale to or use by any person for residential use).

3.4.2. Tenancies

We have been supplied with copies of the standard tenancy agreements (Assured Shorthold Tenancy Agreements, an Assured Shared Tenancy Agreement, Assured Tenancy Agreements and a Starter Tenancy Agreement), all of which are in a standard format. Under the assured tenancy agreement rent can be reviewed once a year to an open market level. The tenant has the usual rights of appeal to the local Rent Assessment Committee.

The Assured Shorthold Tenancy Agreement is a weekly tenancy agreement with a continuous weekly term until rolling over into a Non-Shorthold Tenancy Agreement. The tenant has the right to refer the Rent payable to the Rent Assessment Committee in the first 6 months only. The Original Borrower may increase the rent with 4 weeks' notice, each year, in line with a rent formula.

There are versions of the above tenancy agreements that allow rent to be charged at an Affordable rent.

3.5. Rental Income

The rental income currently produced by the Properties, before deductions, is shown in the following table broken down by tenure and property type.

Table 3: Rental Levels 2020/21

Lettings Type	Units	Average Net Rent £ per week net	Annual
Rented	4299	£ 93.57	£ 666,424
Intermediate Rented	122	£ 105.05	£ 20,917,708
Shared Ownership	578	£ 51.56	£ 1,549,597
Grand Total	4999	£ 88.99	£ 23,133,729

Excludes Nil Value

4. Market Commentary

4.1. General Market Commentary

4.1.1. Economy

The coronavirus pandemic will affect all aspects of the UK housing market with a negative impact on earnings, employment and wealth generation. The UK Government has responded with extensive support measures for the economy and business including grants, low cost loans and liquidity injections. This should reduce some of the impact of the pandemic and enable a swift economic recovery.

The central scenario of most economic forecasters is a short sharp economic contraction in Q2 of 2020. Oxford Economics ('OE') are predicting UK GP will fall -2.5% in Q2 2020 and rebound +1.8% in Q4. The Bank of England reduced base rates to 0.1% in March and OE forecast base rates will remain at this level until Q3, only reaching 1.5% by the end of 2024. Unemployment is likely to rise in the short term and return to pre-pandemic levels by Q3 2021.

4.1.2. Housing Market – General

All aspects of the UK housing market – transaction levels, values, rents and development - will be significantly impacted over the next few months as people's movements are restricted. In China property transactions were at or around zero for three weeks following lockdown but have since recovered (two months later) to 50% of the four year average. Suppressed transaction levels are likely to lead a build-up of latent demand in the market.

Based on the expected pace of post-recession recovery predicted by Oxford Economics, Savills Research expect the pandemic to have a more limited and shorter lived impact on the economy than after the Global Financial Crisis. They expect short term price falls to be of the order of 5%-10% on a very low level of transactions. The pace of recovery from that point will depend on the state of the wider economy but on balance Savills expect the five year outlook for prices to remain as predicted last November at around +15%, albeit with a different distribution of growth year to year.

The Government has announced measures to support those in rented housing including a moratorium on evictions for three months, however no direct support for tenants has been given to date. There may be modest falls in private sector rents paid as landlords act to assist tenants in financial difficulty. However for the majority rental payments will continue as normal with no significant short term impact on rent levels. Rental growth, which generally shows a correlation with income growth, is likely to slow over the next year, with growth accelerating again as income growth returns.

4.1.3. Social Housing and Residential Investment Markets

It is too early to assess the full impact on sales transactions between Registered Providers. Registered Providers are working hard to support and safeguard their tenants and staff at this time. RPs have paused their repairs and development programmes and stress testing is being carried out with particular focus on rent arrears and bad debts, voids and operational costs. Sales transactions are unlikely to be a priority, nevertheless we are aware of transactions which have completed at pre-COVID-19 levels in the past two weeks and we will monitor these closely for evidence of an impact on pricing.

The response of investors in the residential investment market to date has been mixed – although some transactions agreed prior to 'lockdown' have been halted, others are still proceeding with a number of investors keen to deploy capital. A small number of transactions have completed in the last two weeks at the pricing expected before the crisis. It is possible that a widespread expectation of house price falls will feed through into investment yields but at present it is too early to tell how pricing will be affected.

4.1.4. Residential Property Forecasts

After steady house price growth in 2019 with the East and West Midlands both recording price increases of around 3%, (2.6% and 3.47% respectively) Savills' most recent house price forecasts show continuing house price growth over 2020-2024. However following a strong start to 2020 it is likely that much of the recent momentum in the market will be dampened by the impact of the coronavirus COVID-19, the extent of which is difficult to predict. The pre-coronavirus forecasts for the mainstream UK and midlands regional markets are shown in the table below together with Savills most recent forecast scenarios taking COVID-19 into account:

Table 4: UK House Price 5-Year Forecasts %pa

Region	2020	2021	2022	2023	2024	5 Year
UK	-7.5	5.0	8.0	5.0	4.5	15.1
East Midlands	-7.5	7.0	7.5	5.5	5.5	18.4
West Midlands	-7.5	2.0	10.0	7.0	6.5	18.3
UK mainstream rental forecasts	-1.5	5.5	3.0	3.0	3.0	13.6

4.2. Local Market Conditions

The sales volume and average sales price in the two main regions where the Properties are concentrated is illustrated by the Land Registry data in **Chart 2** below. They show that despite the slight overall decline in sales volumes regionally post 2014, sales prices continued to gradually increase, only just beginning to flatten from 2018 onwards.

Chart 2: Sum of Sales Volume and Average Property Prices

Sales Volumes:

4.3. Comparable Evidence

In order to provide market values and rental values we have used market sales and asking prices and achieved prices where available on properties in the immediate area to the subject units, including Rightmove, Rightmove plus and agents' own websites and discussions with local agents where necessary.

We undertake detailed research into comparable sales and market lettings and details of these are kept on our files for audit purposes.

All sale values were considered as open and not forced sales, however it must be noted that due to the effective suspension of the sales market, comparable transactions relied upon are pre Covid-19 values. To assess values for resale research was undertaken using readily accessible sources that included:

- Determination of the area of similar properties related to market / social sector
- Land Registry information on recent completed sales for the immediate post code and where necessary those of the adjoining areas
- Review of values for similar size and type of properties being marketed in the area of the actual location

Where possible, discussion with agents and sales personnel on private sites has been completed. A comparison between the particular size, quality and condition of the property viewed was related to that of any known sales values in order to make a judgement made as to what could be considered as a fair value.

4.4. Vacant Possession Values

Table 7 below shows the pre-COVID-19 average vacant possession values for the properties included within the valuation summarised by type and bedroom number. As discussed above it is likely these values will reduce 5%-10% when the crisis is over.

Table 7: Vacant Possession Values

Type	Average
Bedsits	£ 79,000
1 Bed Flats	£ 94,000
2 Bed Flats	£ 114,000
3 Bed Flats	£ 146,000
1 Bed Houses	£ 132,000
2 Bed Houses	£ 158,000
3 Bed Houses	£ 188,000
4 Bed Houses	£ 192,000
5 Bed Houses	£ 212,000

Source: Savills

4.5. Market Rents

Table 8 below shows the average rental values (per calendar month) for the Properties included within the valuation summarised by type and bedroom number, it is expected that rental levels at the lower end of the market will be less affected than vacant values by the COVID-19 crisis, because they are underpinned by a shortage of accommodation and various Government interventions to support incomes.

Table 8: Average Market Rents

Type	Average
Bedsits	£ 112
1 Bed Flats	£ 117
2 Bed Flats	£ 139
3 Bed Flats	£ 159
1 Bed Houses	£ 132
2 Bed Houses	£ 151
3 Bed Houses	£ 175
4 Bed Houses	£ 176
5 Bed Houses	£ 192

Source: Savills

5. Valuation Advice

5.1 Existing Use Value For Social Housing - Valuation Approach

5.1.1 Approach to EUV-SH

EUV-SH for loan security assumes the property will be disposed of by a mortgagee in possession to another registered provider of social housing (“RP”) who will continue the use of the properties for social housing. These organisations will calculate their bid according to their projected income and outgoings profile which they would estimate the properties would produce under their management. This basis assumes rents will remain affordable to those in low paid employment and that all vacant units be managed within the aims and objectives of an RP.

We consider that the appropriate method of valuation is to use a discounted cash flow (“DCF”). The DCF allows us to project rental income and expenditure over the term of the cash flow to arrive at an annual surplus or deficit, which is then discounted to a net present value. However it is also necessary to consider comparable transactional evidence where available.

5.1.2 COVID-19: Impact on DCF Variables

Registered providers are expecting void loss to rise in 2020/21 due to the practical difficulties of reletting property that falls vacant while restrictions persist. A counter-balance to this will be that fewer properties are likely to relet. Arrears and bad debts are also likely to rise as some tenants are unable to pay their rent. We have modelled a doubling in bad debts over 2020/21 returning to our long term assumption in 2021/22. We have also modelled a reduction of 50% in turnover and an increase in void loss of 50%.

Most RPs are only undertaking emergency repairs, and capital programmes and cyclical repairs have been put on hold while the restrictions last. We have assumed that 50% of all repairs spend and is deferred until 2021/22.

Management costs could reduce as a number of employees are furloughed and repairs/regen programmes paused, however a counterbalance to that is the increased support needed by tenants and the practical difficulties in providing such support. We have modelled a 5% increase in management costs in 2020/21 only.

5.1.3 Principal DCF Variables

The DCF assumptions are derived from information received from the Original Borrower and economic data. The table below sets out our principal assumptions. More detailed discussion on discount rate, adopted rent levels and rental growth is contained in the following sections.

Table 9: DCF Variables

DCF Variable	Amount	Year	Variable Unit	Source
Current rent (all rented)	£93.89	2020/21	£ per week	Original Borrower
Maximum affordable “convergence” rent	£105.71	2020/21	£ per week	Savills
Voids and bad debts	1.50%	All	% of Rent	Savills
Management costs	£500	2020/21	£ per unit pa	Savills
Cyclical & Responsive maintenance. costs	£950	2020/21	£ per unit pa	Savills
Programmed Maintenance costs	£1050	2020/21	£ per unit pa	Savills
Rental Inflation	1.00%	Long Term	real pa	Savills
Maintenance cost inflation	0.5%	Long Term	% real pa	Savills
Programmed cost inflation	0.75%	Long Term	% real pa	Savills

5.1.4 Discount Rate

There is no hard-and-fast rule for determining the most appropriate rate to be adopted in a discounted cash flow. The discount rate is probably the most important variable in the model since it determines the net present value of future predicted income and expenditure flows for the property in question. Our role as valuers is to interpret the way in which potential purchasers of the stock would assess their bids. The market for this stock will be within the RP sector.

Effectively, the discount rate is representative of both the long-term cost of borrowing for an acquiring organisation and the risks implicit in the property portfolio concerned. The current level of long-term interest rates and the overall cost of funds must be reflected in our valuation. In addition to considering the cost of funds, we also need to make an allowance for the risk which attaches to our cashflow assumptions – some of which may be subject to a higher degree of risk than those generally made in the business plans. The margin for risk needs to be considered on a case-by-case basis, having regard to the nature of the stock.

Currently the yield on 30 year Gilts is around 0.54%. This is in effect the risk free discount rate. Yields on Housing Association long dated, rated and unrated bonds are typically around 2.7% to 3.58% (Source: Social Housing, February 2020).

The most recent activity in the bond market include the public rated issues during the first week in April 2020 from Optivo with a coupon of 2.857% (2.3% spread) and Sanctuary at 2.375% (1.7% spread) and more recently The Guinness Partnership with a 2% coupon (1.45% spread).

During October 2019 of Sovereign 2.375% (1.27% spread), Wrekin Housing Group 2.50% (1.48% spread) and LiveWest 2.25% (1.40% Spread). Prior to that, Accent Group in July 2019 2.625% (1.30% spread), Home Group in March 2019 3.25% (1.70% spread), Incommunities in March 2019 3.29% (1.57% spread), Futures Housing Group (with a coupon of 3.375% (1.68% spread)) in February 2019 and Notting Hill Genesis (with a coupon of 2.875% (1.73% spread)) and Clarion ((with a coupon of 2.625% (1.47% spread)) both in January 2019. The MORHomes aggregator also issued its first series of bonds in February 2019 (with a coupon of 3.476% (1.90% spread)).

The supply of traditional long term (25 or 30 year) funding has diminished and is only available from a handful of lenders. Shorter term traditional funding (5–7 years) and funding with in-built options to re-price margins at a future date are commonplace, introducing a new level of re-financing risk to business plans.

Notwithstanding this, many business plans are typically being run at nominal interest rates at 'all-in' long term (30 year) cost of funds including margin of around 5%, reflecting the availability of long term finance from the capital markets but also future refinancing risk.

Given the sustained reduction in funding costs our view is that for good quality, generally non-problematical stock, a discount rate between 4.75% and 5.5% real is appropriate (over a long-term CPI inflation rate of 2%). A greater margin for risk will be appropriate in some cases. We would expect to value poorer stock at rates around 5.5% to 6.25% real. On the other hand, exceptional stock could be valued at rates around 4.25% to 4.75% real. We would stress our cashflows are run in perpetuity and not over 30 years.

We have adopted a discount rate of 5.25% real over an assumed CPI inflation rate of 2.0% for the rented units and the affordable rented units. This is the rate applied over the cashflow run in perpetuity. We consider this reflects the type, age, condition and geographical spread of the stock.

5.1.5 Social Rents - Savills “Convergence” Rents and Rental Growth

Registered Providers are required to set their Social Rents in accordance with Rent Standard Guidance issued by the Regulator of Social Housing. The Guidance sets out a formula for calculating most Social rents which reflects property values, local earnings and bedroom size. From April 2020 the new Rent Policy Statement will apply which allows for existing rents to rise at CPI+1%.

Some latitude is given in that rents for new lettings can be no more than 5% higher than their formula level. For sheltered and supported properties the margin is extended to +10%. The rents produced by the formula are net of service charges. Service charges are expected to be charged over and above the rents and to reflect what is actually being provided to tenants.

Mortgagees in possession and their successors in title are not bound by the provisions of the Rent Standard. In theory, therefore, a purchaser could base a bid for the properties on rents up to open market levels as permitted under the terms of the tenancy agreements. However any RP purchaser would need to set rents that are consistent with its objectives as a social housing provider.

We therefore believe that a purchaser in a competitive transaction is likely to set rents at a level which he considers are the maximum affordable to those in low paid employment locally. We assume they would intend to charge such rents for new tenants and increase existing rents to a sustainable and affordable rent over a reasonable period.

The average rents across the charged stock are set out below, along with the current formula rents and our assessed sustainable affordable rent or “convergence” rent. We have adopted the convergence rents in our valuation.

Table 10: Current, Formula and Convergence Rents 2020/21 (£ pw – 52 Weeks)

Type	Estimated Tenant Household Incomes £	Net Rent £	Formula Rent £	Savills Convergence Rent £	Savills Convergence Rent Afford. Ratio %	Market Rent £
House	£465.72	£100.37	£100.60	£113.08	24.28%	£159.30
Flat	£365.51	£85.64	£85.67	£94.29	25.80%	£124.88
Average	£428.75	£93.89	£94.71	£105.71	21.89%	£145.71

Source: the Original Borrower & Savills

We have assumed all rents will converge to our convergence rent in 11 years’ time. The annual rent increases have been limited to 4% per annum nominal.

We have relied on the current and formula rent supplied by the Original Borrower in carrying out this valuation. We have not carried out any validation of or research into the rents supplied.

5.1.6 Affordable Rents

In certain circumstances, RPs are able to offer new assured tenancies at intermediate rents at up to 80% of the market rent – such rents are known as ‘Affordable’ as opposed to ‘Social’ rents. The ability to charge the higher rents is dependent upon the RP having a Development Framework contract with the Regulator of Social Housing or a Short Form Agreement where they are not in the Development Framework.

There are currently 122 Affordable Rent Properties. The current average rent for these units is £105.05 per week. These Properties have been included in our valuation at their current Affordable Rent levels.

Under the Rent Standard the rents payable for Affordable Rent tenancies increases annually by CPI plus 1% per annum. Rents are rebased to market rent upon the granting of a new tenancy. We have assumed that a purchaser from a mortgagee would increase existing Affordable Rents in line with movements in market rents over the long term.

5.1.7 Sales Between Registered Providers – Transactional Evidence

Until recently evidence of sales between RPs was extremely limited – most transactions were simple transfers of engagements. However in recent years there has been a growing body of transactional evidence from competitive sales between RPs of tenanted stock. The evidence confirms RPs have a consistent tendency to pay a higher sum for some social housing portfolios than would be suggested by traditional, purely cashflow driven, EUV-SH valuations. We have been heavily involved in this emerging market and have a database of transactions covering circa 50,000 units.

Although the body of evidence is relatively small compared to the total RP stock in the UK and the market is still immature, we are able to derive a view of the prices achieved for certain kinds of stock and lot sizes. Assuming a sensible lotting of units in smaller batches of circa 100 units, bids between 5% to 30% above traditional EUV-SH levels are common for more modern stock in reasonable proximity to amenities. In addition it can be seen that gross yields of between 5% and 9% were consistently achieved on such sales prior to the coronavirus pandemic. Please see section 4.1.2 for market commentary.

In contrast it is apparent that for lots exceeding around 200 properties the prices achieved appear to be in line with the traditional, cashflow approach to EUV-SH.

5.2 Market Value Subject to Tenancies (MV-stt) General Properties - Valuation Approach

5.2.1 Valuation Methodology - MV-stt of the Non-LSVT Stock

We assess the MV- stt in two ways; firstly by applying a discount to Market Value with Vacant Possession (“MV-VP”) and secondly by applying a yield to rental income.

The valuation of properties and portfolios subject to Assured and Secure Tenancies is carried out with direct reference to comparable evidence, gleaned from the sales of similar tenanted portfolios and individual units, and sold subject to Protected Tenancies and on Assured Shorthold Tenancies. There is an established body of evidence from portfolios traded on the open market to which we can refer.

Investors tend to base their bid on their ability to “trade out” individual units at Market Value assuming vacant possession over time. In locations where there is a limited market or where a property is difficult to trade, owing to style or market conditions, investors will base their bid on rental return compared to capital cost.

The discount to MV-VP ranges from 10% for prime property to 50% where market conditions are difficult. Typical rates are around a 20% to 35% discount to MV-VP for properties subject to AST tenancies.

The yield applied to net income varies from 5% or less for prime property, to 7% or more for poorer locations. This equates to a yield on gross income (after deductions for management, maintenance & voids) of between 7% and 10% and possibly higher for Sheltered accommodation.

5.2.2 COVID-19: Impact on MV- stt Assumptions

The COVID-19 crisis means that less weight can be placed on evidence of individual property or residential investment sales which completed prior to March 2020. As discussed in section 4 above, markets have largely stalled at present and vacant values are expected to have modest falls in the short term. We have adopted a cautious approach and have reduced our assessed vacant values in line with the Savills central forecast of a 5% reduction in 2020.

Void loss and management costs are likely to rise in the short term, although we expect this to be balanced as landlords take mitigating action and reduce repairs expenditure. We have assumed a modest increase in outgoings of 0.25% of rent debit.

We consider it likely that in the short term yields will be affected and our valuation reflects an increase in net initial yield adopted of 0.25%.

5.2.3 Principal Assumptions – MV- STT

We have considered the above in arriving at our valuation. The yield and other principal assumptions adopted are set out below.

Table 12: MV- STT Assumptions Rented Properties

Variable	Variable	Year	Amount
Gross Annual Rental Income*	£	Current Year	£34,051,000
Voids	% of Rent Debit p.a.	Current Year	2.5%
Management	£	Current Year	£425
Maintenance	£	Current Year	£1550
Average Resultant Gross Yield	%	Current Year	9.08%
Average Resultant Net Yield	%	Current Year	6.69%

6. Valuations

6.1. Valuation of Freehold and Leasehold Property that may be disposed at MV-stt

Properties that may be disposed of by a mortgagee in possession at MV-stt, that is on an unfettered basis (meaning subject to existing tenancies but otherwise with vacant possession and not subject to any security interest, option or other encumbrance or to any restriction preventing its sale to, or use by, any person for residential use) as referred to in paragraph 1.2 above.

Our opinion of value as at the date of this report and for the stated purpose, in aggregate and as a single lot, of the 3216 rented dwellings as mentioned at 1.2 above, on the basis of Market Value – Subject to Tenancies (MV-stt) is:

£253,000,000
(Two Hundred & Fifty-Three Million Pounds)

For information purposes only, our opinion of value, of those 3216 dwellings referred to above, valued on the basis of EUV-SH is **£184,415,000 (One Hundred & Eighty-Four Million, Four Hundred & Fifteen Thousand Pounds)**

Table 13: Valuation of Freehold and Leasehold Property that may be disposed at MV-stt:

Category of Property	Number of Dwellings	Market Value – Subject to Tenancies (MV-stt)
Freehold	3208	£252,510,000
Leasehold	8	£490,000
Total	3216	£253,000,000

6.2. Valuation of Freehold and Leasehold Property that may be disposed at EUV-SH

Our opinion of value as at the date of this report and for the stated purpose, in aggregate and as a single lot of the 1783 rented dwellings as mentioned at 1.3 above on the basis of Existing Use for Social Housing (EUV-SH) is

£107,870,000
(One Hundred & Seven Million,
Eight Hundred & Seventy Thousand Pounds).

Table 14: Valuation of Freehold and Leasehold Property that may be only by disposed at EUV-SH:

Category of Property	Number of Dwellings	Existing Use Value for Social Housing (EUV-SH) £
Freehold	1764	£106,715,000
Leasehold	19	£1,155,000
Total	1783	£107,870,000

6.3. Properties at a Nil Value

There are 125 properties which have been ascribed a nil value.

6.4. Additional Advice

6.4.1. Lending Against MV-stt

With reference to **paragraph 3.4** on Tenure, it is essential that before lending on MV-stt the lender confirms that the development or valuation group is capable of being let at a Market Rent, or disposed of free from restrictions, should the lender take possession. If there are enforceable "Housing Restrictions" in title, planning approval, s.106 agreements or by separate Nomination agreements, that, for example, limit disposal to RPs only or binding contractual nominations then the relevant valuation basis is likely to be EUV-SH and not MV-stt.

We must also stress that it is up to investors to assess the terms of the Bonds and the amount of lending based on the valuations herein. We have set out the current rental income at Appendix 2 but make no warranty that the current income is sufficient to support lending against MV-stt either on individual valuation groups or against the whole portfolio.

It is up to investors to assess what level of lending against MV-stt is prudent based on an RP's asset and income cover. Savills makes no recommendation of the maximum level of borrowing the Original Borrower is capable of supporting globally based on MV-stt.

6.5. Lotting and Value Disaggregation

We have valued the Properties in appropriate lots. As a result we have not assessed individual valuations for each Property. We have, however, provided a disaggregation of the overall valuation figures by reference to the appropriate rent and these figures are shown on the property schedule at **Appendix 2**.

The investors must be aware that the per unit figures shown in the schedule should not be regarded as individual valuations of the Properties. They are provided as indicative figures for administrative purposes only.

7. Suitability and Verification

7.1. Suitability as Loan Security

7.1.1. Investor's Responsibility

It is usual for a valuer to be asked to express an opinion as to the suitability of a property as security for a loan, debenture, bonds or mortgage. However, it is a matter for the investors to assess the risks involved and make their own assessment in fixing the terms of the bonds, such as the percentage of value to be advanced, the provision for repayment of the capital, and the interest rate.

In this Report we refer to all matters that are within our knowledge and which may assist you in your assessment of the risk. We have made subjective adjustments during our valuation approach in arriving at our opinion and whilst we consider these to be both logical and appropriate they are not necessarily the same adjustments which would be made by a purchaser acquiring the properties.

Where we have expressed any reservations about any Property we have reflected these in the valuation figure reported. However it may be that the purchasers in the market at the time the property is marketed might take a different view.

7.1.2. Suitability as Security

We have considered each of the principal risks associated with the Properties within the context of the wider property market and these risks are reflected in our valuation calculations and reported figures as appropriate.

Overall, we consider that the Properties provide good security for bonds secured upon it, which reflects the nature of the Properties, our reported opinions of value and the risks involved.

7.2. Verification

This Report contains many assumptions, some of a general and some of a specific nature. Our valuations are based upon certain information supplied to us by others. Some information we consider material may not have been provided to us. All of these matters are referred to in the relevant sections of this Report.

We recommend that the investors satisfy themselves on all these points, either by verification of individual points or by judgement of the relevance of each particular point in the context of the purposes of our valuations. Our Valuations should not be relied upon pending this verification process. We trust that the above is acceptable for your purposes. Should you have any queries, please do not hesitate to contact us.

Yours faithfully

APPENDIX 1

Executive Summary of Properties

Executive Summary of Properties

1 Location & Stock Mix

The 5124 properties are located across the East and West Midlands and comprise a mix of houses and flats, for the most parts in developments of varying ages, in the ownership of Platform Housing Group Ltd and used by them to provide affordable housing of rented and shared ownership tenures.

ES Table 1: Tenures Provided

Category of Property	Number of Dwellings
Commercial	5
Intermediate Rented	122
Leasehold	120
Rented	4299
Shared Ownership	578
Grand Total	5124

Source : Original Borrower

1 Bed Flat	964	44	19		31	1058
2 Bed Flat	597	54	37		84	772
3 Bed Flat	5					5
1 Bed House	285	2	5			292
2 Bed House	1119	20	319		3	1461
3 Bed House	1244	1	198		1	1444
4 Bed House	62					62
5 Bed House	7					7
Grand Total	4299	122	578	5	120	5124

The properties are grouped in most cases within schemes of varying sizes, located generally in established residential locations with access to local services and amenities, and public transport networks.

In many cases the properties are former local authority-developed dwellings that have been the subject of Large Scale Voluntary Transfer out of council ownership. This is reflected in the geographic distribution : over half of the properties are situated in Derbyshire Dales, East Lindsey, Malvern, and Harborough Districts, and Leicester City, representing the original LSVT transfer authorities.

2 Scale

Individual development scheme are variable, but with a concentration of older Transfer properties in larger groups and more recent development at smaller scale.

Source : Original Borrower

3 Age

The dwellings' age ranges are as follows :

ES Table 3: Property Age

Scheme Size	Occurrence
Pre 1950	12%
1951 - 1960	7%
1961 - 1970	8%
1971 - 1980	12%
1981 - 1990	11%
1991 – 2000	20%
2001 – 2010	14%
2011 – 2020	16%

Source : Original Borrower

The properties are all the subject of programmed maintenance programmes and in our sampled inspection we observed that the Properties appear to be generally in reasonable condition, commensurate with their age, upkeep and renewal programmes

4 Title

The properties' titles are described in detail in solicitors' reports on title to which we have had regard in our valuations. The overwhelming majority of titles are freeholds and title encumbrances where they occur appear generally in line with social housing property elsewhere, with planning conditions and planning agreements among other limitations restricting value in some cases.

Map of Properties

Stock Location Map

APPENDIX 4

General Assumptions

BASES OF VALUE & GENERAL ASSUMPTIONS AND CONDITIONS

1. Basis of Valuation - definitions

Depreciated Replacement Cost: The current cost of replacing an asset with its modern equivalent asset less deductions for physical deterioration and all relevant forms of obsolescence and optimisation.

Existing Use Value: The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had acted knowledgeably, prudently and without compulsion, assuming that the buyer is granted vacant possession of all parts of the asset required by the business and disregarding potential alternative uses and any other characteristics of the asset that would cause its market value to differ from that needed to replace the remaining service potential at least cost.

Existing Use Value is to be used only for valuing property that is owner occupied by a business, or other entity, for inclusion in financial statements.

Existing Use Value For Social Housing: an opinion of the best price at which the sale of an interest in a property would have been completed unconditionally for a cash consideration on the valuation date, assuming:

- a) a willing seller
- b) that prior to the valuation date there had been a reasonable period (having regard to the nature of the property and the state of the market) for the proper marketing of the interest for the agreement of the price and terms and for the completion of the sale
- c) that the state of the market, level of values and other circumstances were on any earlier assumed date of exchange of contracts, the same as on the date of valuation
- d) that no account is taken of any additional bid by a prospective purchaser with a special interest
- e) that both parties to the transaction had acted knowledgeably, prudently and without compulsion
- f) that the property will continue to be let by a body pursuant to delivery of a service for the existing use
- g) that the vendor would only be able to dispose of the property to organisations intending to manage their housing stock in accordance with the regulatory body's requirements
- h) that properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession and
- i) that any subsequent sale would be subject to all the same assumptions above.

Fair Value: Valuations based on Fair Value will adopt one of two definitions – depending upon the purpose, namely:

The IVS 2013 definition: The estimated price for the transfer of an asset or liability between identified knowledgeable and willing parties that reflects the respective interests of those parties, or

The IFRS 13 definition: The price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.

Gross development value (GDV) - The aggregate Market Value of the proposed development assessed on the special assumption that the development is complete as at the date of valuation in the market conditions prevailing at that date.

Bases of Value & General Assumptions and Conditions

Investment value: Investment value is the value of an asset to the owner or prospective owner for individual investment or operational purposes.

Market Rent: The estimated amount for which an interest in real property should be leased on the valuation date between a willing lessor and a willing lessee on appropriate lease terms in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.

Market Value: The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion.

2. General assumptions and conditions applicable to all valuations

Unless otherwise agreed in writing, our Valuation will be carried out on the basis of the following general assumptions and conditions in relation to each Property that is the subject of our Report. If any of the following assumptions or conditions are not valid, this may be that it has a material impact on the figure(s) reported and in that event we reserve the right to revisit our calculations.

1. That the Property is not subject to any unusual or especially onerous restrictions, encumbrances or outgoings contained in the Freehold Title. Should there be any mortgages or charges, we have assumed that the property would be sold free of them. We have not inspected the Title Deeds or Land Registry Certificate.
2. That we have been supplied with all information likely to have an effect on the value of the Property, and that the information supplied to us and summarised in this Report is both complete and correct.
3. That the building(s) has/have been constructed and is/are used in accordance with all statutory and bye-law requirements, and that there are no breaches of planning control and any future construction or use will be lawful.
4. That the Property is not adversely affected, nor likely to become adversely affected, by any highway, town planning or other schemes or proposals, and that there are no matters adversely affecting value that might be revealed by a local search, replies to usual enquiries, or by any statutory notice (other than those points referred to above).
5. That the building(s) is/are structurally sound, and that there are no structural, latent or other material defects, including rot and inherently dangerous or unsuitable materials or techniques, whether in parts of the building(s) we have inspected or not, that would cause us to make allowance by way of capital repair (other than those points referred to above). Our inspection of the Property and our Report do not constitute a building survey or any warranty as to the state of repair of the Property.
6. That the Property is connected, or capable of being connected without undue expense, to the public services of gas, electricity, water, telephones and sewerage.
7. That in the construction or alteration of the building(s) no use was made of any deleterious or hazardous materials or techniques, such as high alumina cement, calcium chloride additives, woodwool slabs used as permanent shuttering and the like (other than those points referred to above). We have not carried out any investigations into these matters.
8. That the Property has not suffered any land contamination in the past, nor is it likely to become so contaminated in the foreseeable future. We have not carried out any soil tests or made any other investigations in this respect, and we cannot assess the likelihood of any such contamination.
9. That any lessee(s) is/are capable of meeting its/their obligations, and that there are no arrears of rent or undisclosed breaches of covenant.

10. In the case of a Property where we have been asked to value the site under the special assumption that the Property will be developed, there are no adverse site or soil conditions, that the Property is not adversely affected by the Town and Country Planning (Assessment of Environmental Effects) Regulations 1988, that the ground does not contain any archaeological remains, nor that there is any other matter that would cause us to make any allowance for exceptional delay or site or construction costs in our Valuation.
11. We will not make any allowance for any Capital Gains Tax or other taxation liability that might arise upon a sale of the Property.
12. Our Valuation will be exclusive of VAT (if applicable).
13. No allowance will be made for any expenses of realisation.
14. Excluded from our Valuation will be any additional value attributable to goodwill, or to fixtures and fittings which are only of value in situ to the present occupier.
15. When valuing two or more properties, or a portfolio, each property will be valued individually and no allowance will be made, either positive or negative, should it form part of a larger disposal. The total stated will be the aggregate of the individual Market Values.
16. In the case of a Property where there is a distressed loan we will not take account of any possible effect that the appointment of either an Administrative Receiver or a Law of Property Act Receiver might have on the perception of the Property in the market and its/their subsequent valuation, or the ability of such a Receiver to realise the value of the property(ies) in either of these scenarios.
17. No allowance will have been made for rights, obligations or liabilities arising under the Defective Premises Act 1972, and it will be assumed that all fixed plant and machinery and the installation thereof complies with the relevant UK and EEC legislation.
18. Our Valuation will be based on market evidence which has come into our possession from numerous sources, including other agents and valuers and from time to time this information is provided verbally. Some comes from databases such as the Land Registry or computer databases to which Savills subscribes. In all cases, other than where we have had a direct involvement with the transactions being used as comparables in our Report, we are unable to warrant that the information on which we have relied is correct.

3. Further General Assumptions applicable to residential Valuations only

The following general assumptions apply to residential property valuations. For the avoidance of doubt, these are in addition to the general assumptions at Appendix 2.

1. Where the Property comprises leasehold flats or maisonettes, unless instructed or otherwise aware to the contrary, we will assume that:
 - a) The costs of repairs and maintenance of the building and grounds are shared equitably between the flats and maisonettes.
 - b) There are suitable enforceable covenants between all leaseholders or through the landlord or the owner.
 - c) There are no onerous liabilities outstanding.
 - d) There are no substantial defects or other matters requiring expenditure (in excess of the current amount of assumed service charge payable on an annual basis), expected to result in charges to the leaseholder, or owner of the Property, during the next five years, equivalent to 10% or more of the reported Market Value.

2. Where the dwelling is leasehold and it is not possible to inspect the lease or details have not been provided to us, the following further assumptions will be made, unless instructed to the contrary:
 - a) The unexpired term of the lease is 70 years, and no action has been taken by any eligible party with a view to acquiring the freehold or to extending the lease term.
 - b) That there are no exceptionally onerous covenants upon the leaseholder.
 - c) The lease cannot be determined except on the grounds of a serious breach of covenants in the existing lease agreement.
 - d) If there are separate freeholders, head and/or other sub-head leaseholders, the terms and conditions of all the leases are in the same form and contain the same terms and conditions.
 - e) The lease terms are mutually enforceable against all parties concerned.
 - f) There are no breaches of covenants or disputes between the various interests concerned.
 - g) The leases of all the properties in the building/development are materially the same.
 - h) The ground rent stated or assumed is not subject to review and is payable throughout the expired lease term.
 - i) In the case of blocks of flats or maisonettes of over six dwellings, the freeholder manages the property directly or there is an appropriate management structure in place.

- j) There is a dutyholder, as defined in the Control of Asbestos Regulations 2006, and there are in place an asbestos register and effective management plan, which does not require any immediate expenditure, pose a significant risk to health or breach of the Health and Safety Executive (HSE) regulations.
 - k) Where the Property forms part of a mixed residential or commercially used block or development, there will be no significant changes in the existing pattern of use.
 - l) Where the Property forms part of a development containing separate blocks of dwellings, the lease terms of the Property apply only to the block. There will be no requirement to contribute towards costs relating to the other parts of the development, other than in respect of common roads, paths, communal grounds and services.
 - m) Where the Property forms part of a larger development, the ownership of which has since been divided, all necessary rights and reservations have been reserved.
 - n) There are no unusual restrictions on assignment or sub-letting of the Property for residential purposes.
 - o) There are no outstanding claims or litigation concerning the lease of the Property or any others within the same development.
 - p) Where the Property benefits from additional facilities within a development, the lease makes adequate provision for the lessee to continue to enjoy them with exceptional restriction, for the facilities to be maintained adequately, and that there are no charges over and above the service charge for such use and maintenance.
3. In respect of insurance the following assumptions will be made, unless instructed otherwise:
- a) The Property can be insured under all-risks cover for the current reinstatement cost and is available on normal terms.
 - b) There are no outstanding claims or disputes.
 - c) Where individuals in a block make separate insurance arrangements, the leases make provision for mutual enforceability of insurance and repairing obligations
 - d) Any landlord responsible for insurance is required to rebuild the Property with the alterations that may be necessary to comply with current Building Regulations and planning requirements.

Savills Advisory Services Limited

TAXATION

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of Bonds and is a summary of the Issuer's understanding of current United Kingdom law and HM Revenue & Customs' published practice relating to certain aspects of United Kingdom taxation as at the date of these Admission Particulars. References to "interest" refer to interest as that term is understood for United Kingdom purposes. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Bondholders depends on their individual circumstances and may be subject to change at any time in the future, possibly with retrospective effect. Prospective Bondholders may be subject to tax in a jurisdiction other than the United Kingdom.

This is not intended to constitute a complete analysis of all tax consequences relating to the ownership of the Bonds and it is not intended to be, nor should it be considered to be, legal or tax advice. Prospective Bondholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

A. Interest on the Bonds

1 Payment of interest on the Bonds

Payments of interest by the Issuer on the Bonds may be made without deduction of or withholding on account of United Kingdom income tax provided that the Bonds continue to be admitted to trading on a "multilateral trading facility" operated by an "EEA-regulated recognised stock exchange" within the meaning of section 987 of the Income Tax Act 2007 (the **ITA 2007**). The ISM is a multilateral trading facility for this purpose. The ISM is operated by the London Stock Exchange, which is an EEA-regulated recognised stock exchange. Provided, therefore, that the Bonds remain so admitted to trading, interest on the Bonds will be payable without withholding or deduction on account of United Kingdom tax.

In other cases, an amount must generally be withheld from payments of interest on the Bonds that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Bondholder, HM Revenue & Customs (**HMRC**) can issue a notice to the Issuer to pay interest to the Bondholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

2 Further United Kingdom Income Tax Issues

Interest on the Bonds that constitutes United Kingdom source income for tax purposes may, as such, be subject to income tax by direct assessment even where paid without withholding.

However, interest with a United Kingdom source received without deduction or withholding on account of United Kingdom tax will not be chargeable to United Kingdom tax in the hands of a Bondholder (other than certain trustees) who is not resident for tax purposes in the United Kingdom unless that Bondholder carries on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency in connection with which the interest is received or to which the Bonds are attributable (and where that Bondholder is a company, unless that Bondholder carries on a trade in the United Kingdom through a permanent establishment in connection with which the interest is received or to which the Bonds are

attributable). There are exemptions for interest received by certain categories of agent (such as some brokers and investment managers). The provisions of an applicable double taxation treaty may also be relevant for such Bondholders.

B. United Kingdom Corporation Tax Payers

3 In general, Bondholders which are within the charge to United Kingdom corporation tax will be charged to tax as income on all returns, profits or gains on, and fluctuations in value of, the Bonds (whether attributable to currency fluctuations or otherwise) broadly in accordance with their statutory accounting treatment.

C. Other United Kingdom Tax Payers

4 Taxation of Chargeable Gains

The Bonds will constitute "qualifying corporate bonds" within the meaning of section 117 of the Taxation of Chargeable Gains Act 1992. Accordingly, a disposal by a Bondholder of a Bond will not give rise to a chargeable gain or an allowable loss for the purposes of the UK taxation of chargeable gains.

5 Accrued Income Scheme

On a disposal of Bonds by a Bondholder, any interest which has accrued since the last interest payment date may be chargeable to tax as income under the rules of the accrued income scheme as set out in Part 12 of the ITA 2007, if that Bondholder is resident in the United Kingdom or carries on a trade in the United Kingdom through a branch or agency to which the Bonds are attributable.

D. Stamp Duty and Stamp Duty Reserve Tax

6 No United Kingdom stamp duty or stamp duty reserve tax is payable on the issue of the Bonds or on a transfer by delivery of the Bonds.

The Proposed Financial Transactions Tax (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 (as amended or superseded) are expected to be exempt.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the Commission's Proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional Member States of the European Union may decide to participate.

It is not clear how the FTT would apply to the UK following the UK's withdrawal from the European Union.

Prospective holders of the Bonds are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

The Joint Bookrunners have, in a subscription agreement (the **Subscription Agreement**) dated 6 August 2020, jointly and severally agreed to subscribe or procure subscribers for the Bonds (other than the Retained Bonds) at the issue price of 97.872 per cent. of the principal amount of the Bonds (other than the Retained Bonds), less a combined selling, management and underwriting commission. The Issuer will also reimburse the Joint Bookrunners in respect of certain of their expenses and has agreed to indemnify each of the Joint Bookrunners against certain liabilities, incurred in connection with the issue and offering of the Bonds. The Subscription Agreement may be terminated in certain circumstances prior to payment to the Issuer.

United States

The Bonds have not been and will not be registered under the Securities Act or the securities laws of any state and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act.

The Bonds are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder.

Each of the Joint Bookrunners has represented and agreed that, except as permitted by the Subscription Agreement, it will not offer, sell or deliver Bonds (a) as part of its distribution at any time or (b) otherwise until 40 days after the later of the commencement of the offering and the Issue Date within the United States or to, or for the account or benefit of, U.S. persons.

Until 40 days after the commencement of the offering of the Bonds, an offer or sale of Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Terms used above have the meanings given to them by Regulation S under the Securities Act.

United Kingdom

Each of the Joint Bookrunners has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the **FSMA**)) received by it in connection with the issue or sale of any Bonds in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Bonds in, from or otherwise involving the United Kingdom.

Prohibition of Sales to EEA and UK Retail Investors

Each of the Joint Bookrunners has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Bonds to any retail investor in

the European Economic Area or in the UK. For the purposes of this provision, the expression retail **investor** means a person who is one (or both) of the following:

- (a) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
- (b) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

General

Each of the Joint Bookrunners has agreed that it will, to the best of its knowledge and belief, comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Bonds or possesses or distributes these Admission Particulars and will obtain any consent, approval or permission which is, to the best of its knowledge and belief, required by it for the purchase, offer, sale or delivery by it of Bonds under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries.

None of the Issuer, the Original Borrower, the Bond Trustee and the Joint Bookrunners represents that Bonds may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

GENERAL INFORMATION

Authorisation

The issue of the Bonds has been approved by a resolution of the Board of Directors of the Issuer dated 21 July 2020.

Admission to trading of the Bonds

The admission of the Bonds to trading on the ISM is expected on or about 11 August 2020 subject only to the issue of the Temporary Global Bond.

Documents Available

For the period of 12 months following the date of these Admission Particulars, copies of the following documents will, when published, be available for inspection from the registered office of the Issuer and from the specified office of the Paying Agent for the time being in London:

- (a) the constitutional documents of the Issuer and each Borrower;
- (b) the Financial Statements (the Original Borrower currently prepares audited accounts on an annual basis);
- (c) the most recently published audited annual financial statements (if any) of the Issuer and each Borrower and the most recently published unaudited interim financial statements (if any) of the Issuer and each Borrower, in each case, together with any audit or review reports prepared in connection therewith;
- (d) the Bond Trust Deed, the Agency Agreement, the Account Agreement, the Custody Agreement, the Retained Bond Custody Agreement, the Loan Agreements, the Security Trust Deed and the Legal Mortgages;
- (e) the Valuation Report;
- (f) a copy of these Admission Particulars; and
- (g) any future admission particulars, offering circulars, prospectuses, information memoranda and supplements to these Admission Particulars and any other documents incorporated therein by reference.

Clearing Systems

The Bonds have been accepted for clearance through Euroclear and Clearstream, Luxembourg.

The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels and the address of Clearstream, Luxembourg is Clearstream Banking, 42 Avenue JF Kennedy, L-1855 Luxembourg.

Identification Codes

The LEI of the Issuer is 213800UCFCI3SEDD1530.

The LEI of the Original Borrower is 213800IYWA1TT6GDLK71.

The ISIN for the Bonds is XS2210002189.

The Common Code for the Bonds is 221000218.

The CFI for the Bonds is DAFNFB or as set out on the website of the Association of National Number Agencies (**ANNA**).

The FISN for the Bonds is PLATFORM HG FIN/1.625ASST BKD 20550 or as set out on the website of the ANNA.

Characteristics of underlying assets

The Original Loan Agreement has, and each Additional Loan Agreement will have, characteristics that demonstrate capacity to produce funds to service any payments due and payable on the Bonds.

Significant Change

There has been no significant change in the financial or trading position of the Issuer since 15 July 2020, being the date of its incorporation.

There has been no significant change in the financial or trading position of the Original Borrower or the Group since 31 March 2020.

Material Change

There has been no material adverse change in the financial position or prospects of the Issuer since 15 July 2020, being the date of its incorporation.

Other than as set out below in relation to the COVID 19 outbreak, there has been no material adverse change in the financial position or prospects of the Original Borrower since 31 March 2020.

The prospects of the Original Borrower may be impacted by the ongoing COVID-19 outbreak. As referred to in the risk factor entitled "*Disruption due to outbreak of COVID-19 (Coronavirus)*" in the section headed "*Risk Factors*". As at the date of these Admission Particulars, the Original Borrower is not aware of the full extent of the outbreak or the impact, if any, on its operations, but has taken and continues to take preparations and precautions to address its potential impact.

Litigation

The Issuer is not and has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened) of which the Issuer is aware since the date of its incorporation which may have or have had in the recent past, a significant effect on its ability to meet its obligations to Bondholders.

The Original Borrower is not and has not been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened) of which the Original Borrower is aware in the 12 months preceding the date of these Admission Particulars which may have, or have had in the recent past, a significant effect on its ability to meet its obligations to Bondholders.

Auditors

The auditors of the Issuer and the Original Borrower are Beaver and Struthers of St George's House, 215-219 Chester Road, Manchester M15 4JE. Beaver and Struthers has audited (a) the Original Borrower's accounts, without qualification, in accordance with generally accepted accounting standards in the United Kingdom for the financial year ended on 31 March 2020, (b) Fortis Living's accounts, without qualification, in accordance with generally accepted accounting standards in the United Kingdom for the financial year ended on 31 March 2019 and (c) Waterloo Housing's accounts, without

qualification, in accordance with generally accepted accounting standards in the United Kingdom for the financial year ended on 31 March 2019. Beever and Struthers had no material interest in Fortis Living and Waterloo Housing and has no material interest in the Issuer or the Original Borrower.

Post-issuance information

The Issuer does not intend to provide any post-issuance information in relation to the Bonds, the Issuer Security or the Underlying Security, other than as required (and available from the Issuer at the request of any Bondholder) pursuant to Condition 6.2 (*Information Covenants*).

Joint Bookrunners transacting with the Issuer, the Borrowers or the Eligible Group Members

The Joint Bookrunners and each of their respective affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking (including hedging) transactions with, and may perform services for, the Issuer and/or any Borrower and/or any Eligible Group Member and/or their respective affiliates in the ordinary course of business for which they have received or may receive customary fees and commissions. Any or all of the Joint Bookrunners and their affiliates may have positions, deal or make markets in the Bonds, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer, any Borrower and/or any Eligible Group Member and their respective affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Joint Bookrunners and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer, the Borrowers, the Eligible Group Members or their respective affiliates. Any or all of the Joint Bookrunners or their affiliates that have a lending relationship with the Issuer, any Borrower or any Eligible Group Member routinely hedge their credit exposure to the Issuer, such Borrower or such Eligible Group Member consistent with their customary risk management policies. Typically, one or more of the Joint Bookrunners and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Bonds. Any such positions could adversely affect future trading prices of the Bonds. The Joint Bookrunners and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Potential Conflicts of Interest

Each of the Transaction Parties (other than the Issuer) and their affiliates in the course of each of their respective businesses may provide services to other Transaction Parties and to third parties and in the course of the provision of such services it is possible that conflicts of interest may arise between such Transaction Parties and their affiliates or between such Transaction Parties and their affiliates and such third parties. Each of the Transaction Parties (other than the Issuer) and their affiliates may provide such services and enter into arrangements with any person without regard to or constraint as a result of any such conflicts of interest arising as a result of it being a Transaction Party.

Yield

Indication of the yield on the Bonds: 1.706 per cent. (semi-annual). The yield is calculated at the Issue Date on the basis of the Issue Price. It is not an indication of future yield.
